On the weekend of June 17/18 the waters of Cazenovia Lake were filled with 28 Lightning Class sailboats competing in the Central New York Championship Regatta. Top finishers qualify for the North American Championship in September.

Strong winds gusted over 20 miles per hour. Colorful spinnakers filled the down wind race legs. Several capsizes made for interesting viewing. Except for some broken boat parts, however, all were safe.

Among the top finishing boats were several hotshot teams from Rochester. Teams also travelled from other ports on Lake Ontario, Skaneateles, Ithaca, Lake Erie and Long Island Sound.

This regatta also marked the 70th anniversary of the Cazenovia Lightning Fleet. It so happened that the great grandson, Peter Murphy, of one of the fleet founders crewed on the highest finishing Cazenovia boat.
