

Amanda Argentina Championship
Buenos Aires, Argentina – Fleet 447
May 24–25, 2014

Armada Argentina Championship

The Armada Argentina Championship was held in the Río de la Plata on the 24 and 25 of May and involved multiple classes: 29er, 420, laser, F18 and Lightning.

The championship organized by the University Club of Buenos Aires, Fleet 446, was attended by Mario Fumagallo, who was fourth at the 2014 games Odessur in Santiago de Chile.

The four races were run with west winds between 10 and 15 knots with the wonderful setting of the city of Buenos Aires view.

Mario Fumagallo was the winner leading two of the four races, followed by Gonzalo Berdes who won the other two. Third and fourth was Daniel Fioritti and Gaby Fernandez with the powerful "Mancarrón."

The Lightning Class continues to grow in Argentina in 2014 and has projected an ambitious program of activities and regattas. They have made the first steps toward building Lightnings in Argentina by the second half of the year.

The next event is in the Laguna Setúbal Championship in August.
