Light and shifty conditions made it challenging for the fleet during the first day of racing. Mandy Hofmeister and her team successfully port tacked the fleet in Race 1 and never looked back. Team Mauk successfully played the right side of the course in race 2 which allowed them to lead around the course and take Race 2.

After Race 2 the fleet was treated to a special fly by the Blue Angels celebrating there 100th Anniversary at the Pensacola Air Station. It was awesome to see these amazing pilots move with such prescision through the air! It was also amazing that no boats hit each other while the planes were flying above as all eyes were looking up to the sky.

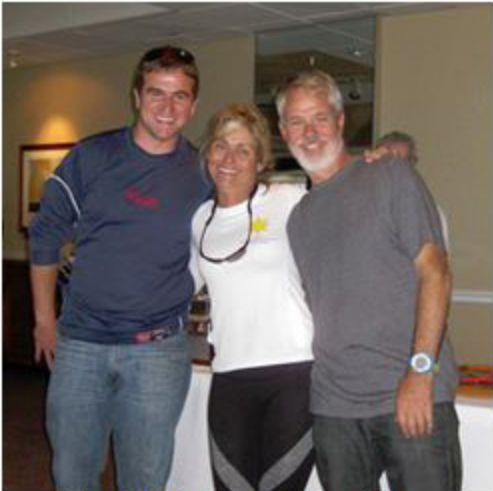

With the sun getting lower in the sky, the third race of the day was just a long, two leg race. Shifty conditions made the beat look like anyones race. Team Mauk made out in the end, rounding the top mark in first followed by Team Hofmeister and Team Jeffers. A tight battle ensued on the run between Hofmeister and Jeffers with Mandy and her team prevailing by only a boat length at the finish.

Racing concluded on Sunday with two more races in light and shifty conditions. Team Mauk took advantage of more pressure and less current over the course to lead around the first mark and the rest of the race. The final race proved to be very exciting as the entire fleet was close at various points during the race. Team Mauk won the first beat, with Meric, Herman, Bernhardt, Jeffers, Hofmeister and Buziak close behind. Capitalizing on a wind shift and a bit more pressure Team Jeffers was able to pass a few boats and get room on Mauk at the leeward mark to take the lead. The second beat brought many lead changes where almost everyone in the fleet lead at one point. Team Jeffers took advantage if a little more pressure on the top left of the course to lround in the lead. Team Hofmeister and Herman were not far behind. They were able to stay in pressure down the leg and sailed over Jeffers. Team Herman took the bullet. The RC was hoping ofor another race but the wind didn't cooperate.

A special thank you goes out to John Buziak for organinzing a terrific regatta and for helping many skippers find local crews and to Robert Bernhardt for hosting a great get together of grill'in, chill'in and football at his home on Saturday evening. Hope to see you all in Pensacola next year!

Team Mauk - First Place

Team Hofmeister - Second Place

Team Jeffers - Third Place
