The wind this year was lighter than typical for this regatta. We sailed the first race in 5 to 6 kts of breeze that shifted from northeast to northwest. Gary Hurban nailed the start, starting on port tack at the pin and never looking back. He was challenged by Josh Goldman from Cedar Point, but was able to fend him off and open up his lead. The second race was started in a 4-5 knots northwesterly. Ryan Sprole led most of the race, but on the last weather leg, Josh Goldman got farther into a fresh breeze coming down the river on the right side of the course as the wind died to around 2 kts, and he took the lead to nip Ryan out at the finish and win the regatta. Gary Hurban finished second overall with Brian Gibbs in third.
