Mint ting-a-ling was the 'flavor of the day', as Team Starck won the 2010 Lake Erie District Championships in David's new -mint green colored - boat. In winning the regatta, Team Starck managed to best a gaggle of blue boats, making us wonder whether green is 'the new blue'. One thing is certain - there haven't been this many colored boats on the line since Burt Reynolds and Sally Field were tearing up America's highways in a back and gold 1976 Pontiac Trans-Am.

The event, hosted by the Buffalo Canoe Club on June 26th and 27th, saw nineteen boats turn out for what would prove to be a great (and nearly rain-free!) weekend of sailing. Our capable race committee managed to fit two Saturday races in before the breeze died and the boats were towed to shore. The last race featured some wild wind shifts, as what was left of the southwesterly breeze shut down and the wind swung to the south before pulling a 180 and filling in from the north. making the last downwind leg an interesting tack to the finish line for most boats. At the end of Day 1, Tom Allen, Jr. was leading the fleet.

Sunday morning brought a dead calm that prompted an on-shore postponement. However, just as the fleet was picking teams for a game of no-holds-barred beach rugby ('cause that's the way we roll), the wind gods sent us a nice southwesterly and the postponement flag was dropped - time to race! Team Starck remained consistent for a second straight day of tight racing, bringing them the victory.
