THE LOST COLUMN

Here following are our missing owners. We want to find them, not only because we need their support, but also, because we believe they should know about the Association and receive the benefits of membership. We urge all members to keep their weather eye open and report any clues to the Secretary. Their reward will be the deep appreciation of their officers and the knowledge that they have helped to strengthen their Association.

Where a "dealer" or "builder" is listed it means that the boat has been sold but the new owner is unknown, because the dealer or builder has not reported the name of the purchaser. The great majority of builders and dealers are very helpful.

THE FINISH LINE!

It was a rough course and we almost missed the buoy, being as how the Skipper and crew were strictly green as to that racing course called the Yearbook. We have worked hard and long working to windward and keeping the deck cleared for further action; it seems at long last we are on the downhill run—spinnaker flying and the finish line in sight. Though strictly an amateur crew, it has been a sail we enjoyed.

The feeling of accomplishment and the hope that our humble efforts will in some way add to your enjoyment of the Lightning Class leaves us with a deep sense of satisfaction as we finish the last page of this book.

Our thanks go to all those District and Fleet Officers who were so co-operative in getting to us the information, the report of District and Fleet activities, and the pictures that go to make up this book.

As a word of help for our successors we would like to urge that not only the stories of your Fleet activities and races be recorded by word and picture but also the stories and pictures of special interest—parties, cruises, sailing classes for Juniors, or in short unusual items that would be of interest to the Lightning Class Association members and the yachting world in general. Get them in to the Association office and on file so that your editor can start his work on time and consequently get the book out to you earlier in the year.

TO OUR ADVERTISERS

Our thanks go to our advertisers without whose support this book would not be possible.

Speaking of advertising reminds me to note that no one publication in the boating world reaches as good a market for boats, sails, and marine supplies as this Year Book. We have at hand only the records of past Lightning owners of two Fleets from which Lightning owners graduated to larger boats from 24 to 52 feet in length. Four of these boats were bought new!

Where can advertisers reach such a good potential group of buyers? This book is not only a directory and record of the past year but is the guide book for old and new Lightning skippers for the coming year. We are still growing! From 4906 the last number in the '51 Year Book to 5234 in registrations and with the addition of ten new organized Fleets this year the Lightning Class is still setting the pace of all the one design Classes!
