LA JOLLA

Mary does a great job with portraits.

As everyone who knows Mary knows, she has a lively sense of humor. Her identity for this shot of Bill Gordon, Secretary of the Metropolitan District is, "The Lightning Class needs you".

Of this - Crew to Skipper, "What did you have to do that for?"

**Mary's captions might read — "Yeo Heave Ho!"**

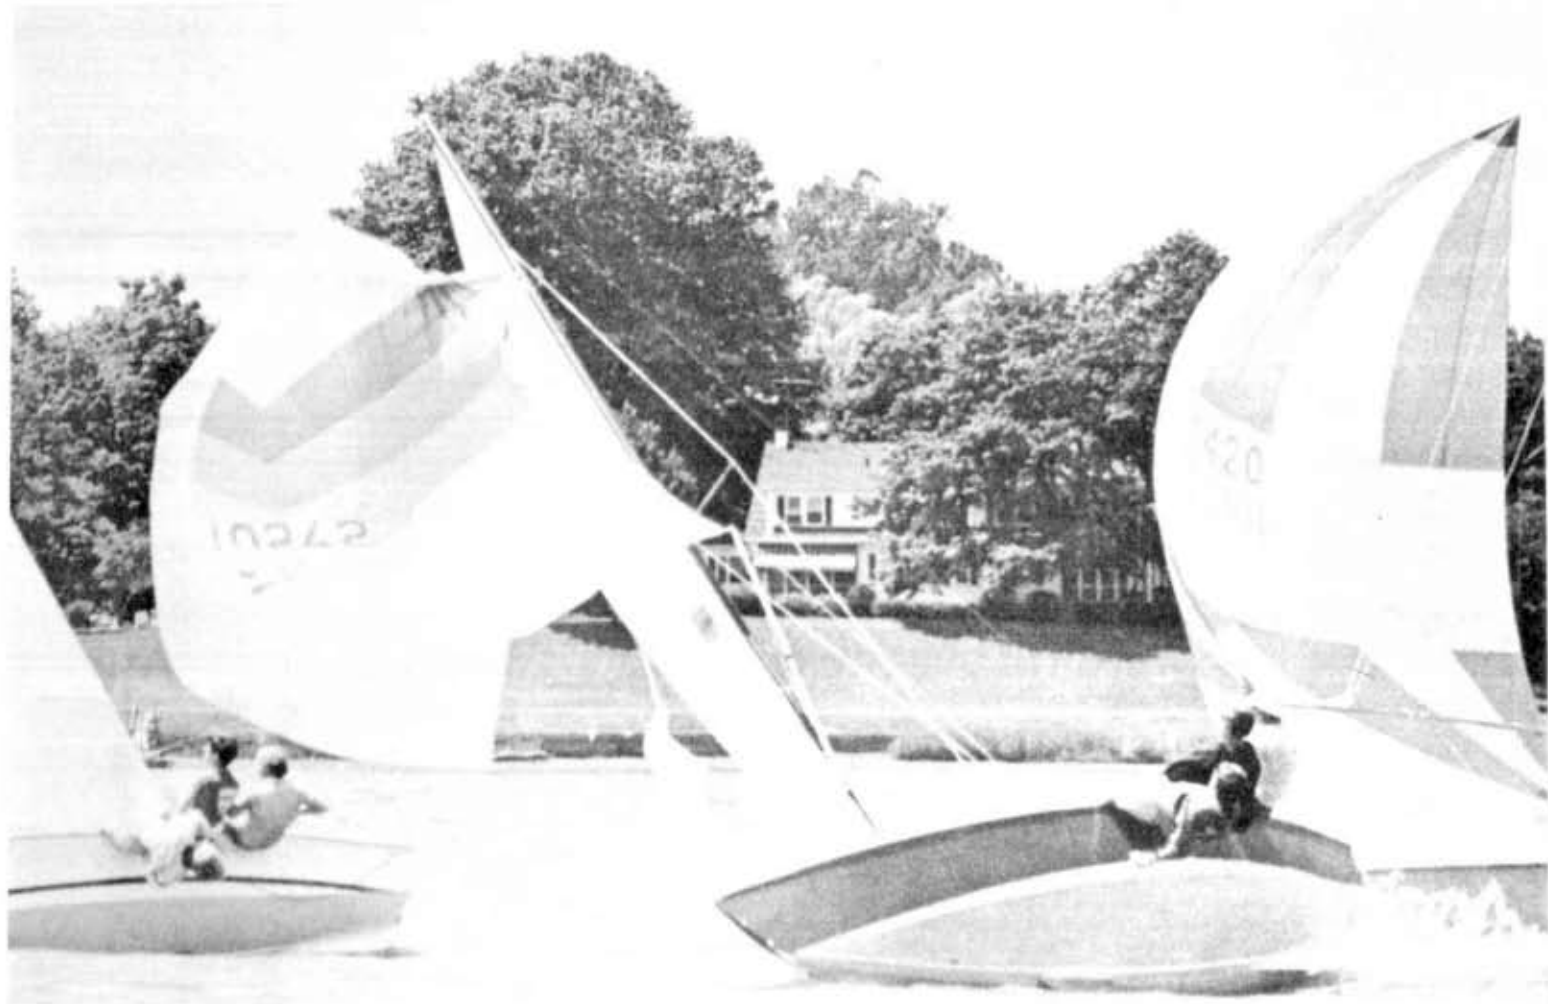

"If you think on it long enough Denis, you'll design a better way to haul 'em out."

"Good Boy, you haven't lost your mittens."

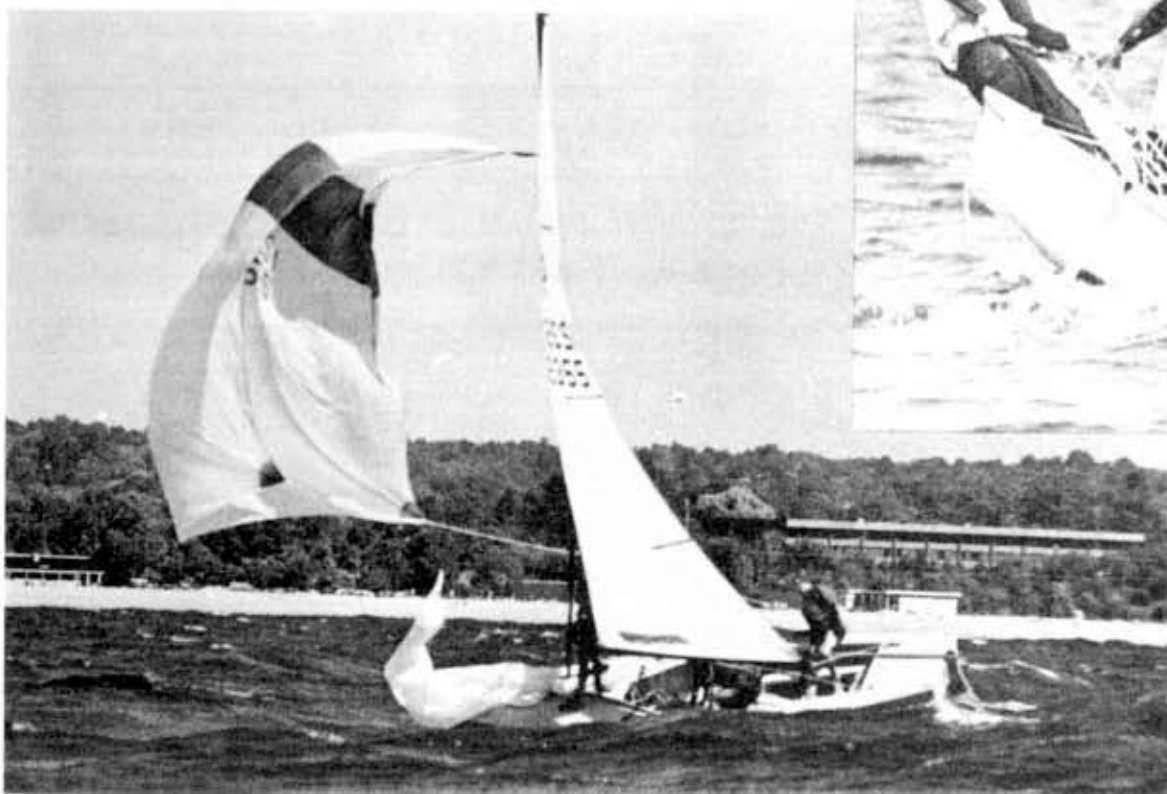

"This is no time to be practicing the two step."

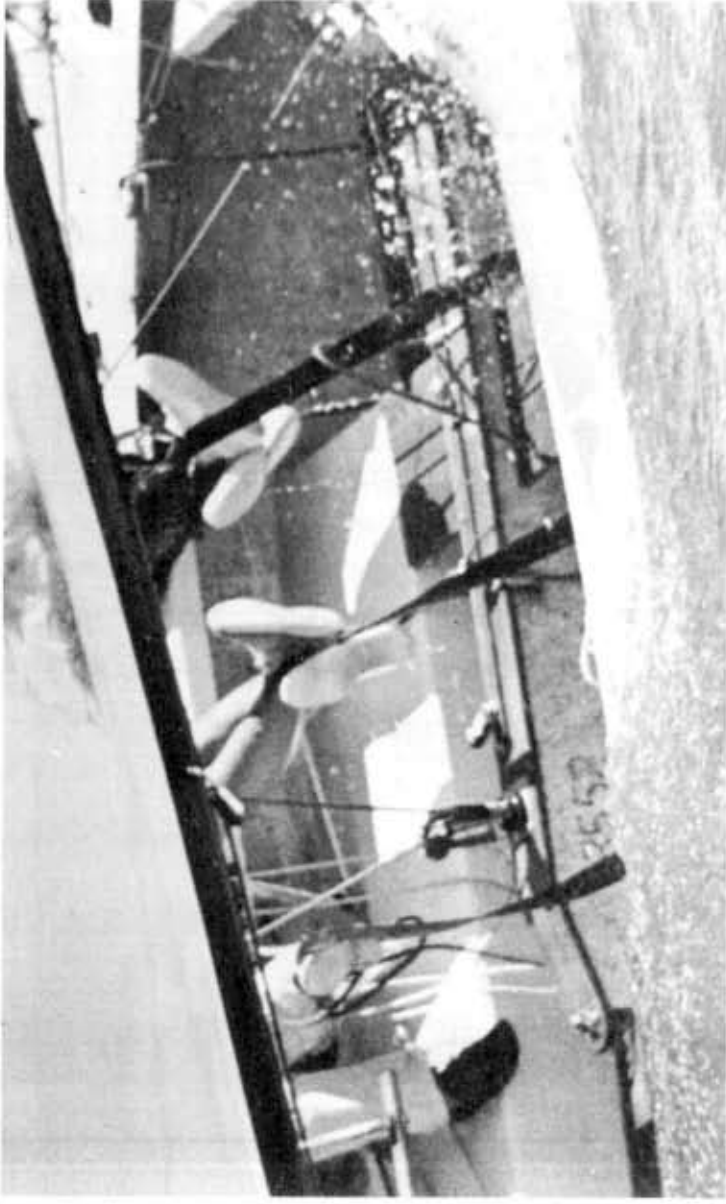

Like Mary says, "Capsizes are beautiful — and so are the near misses."

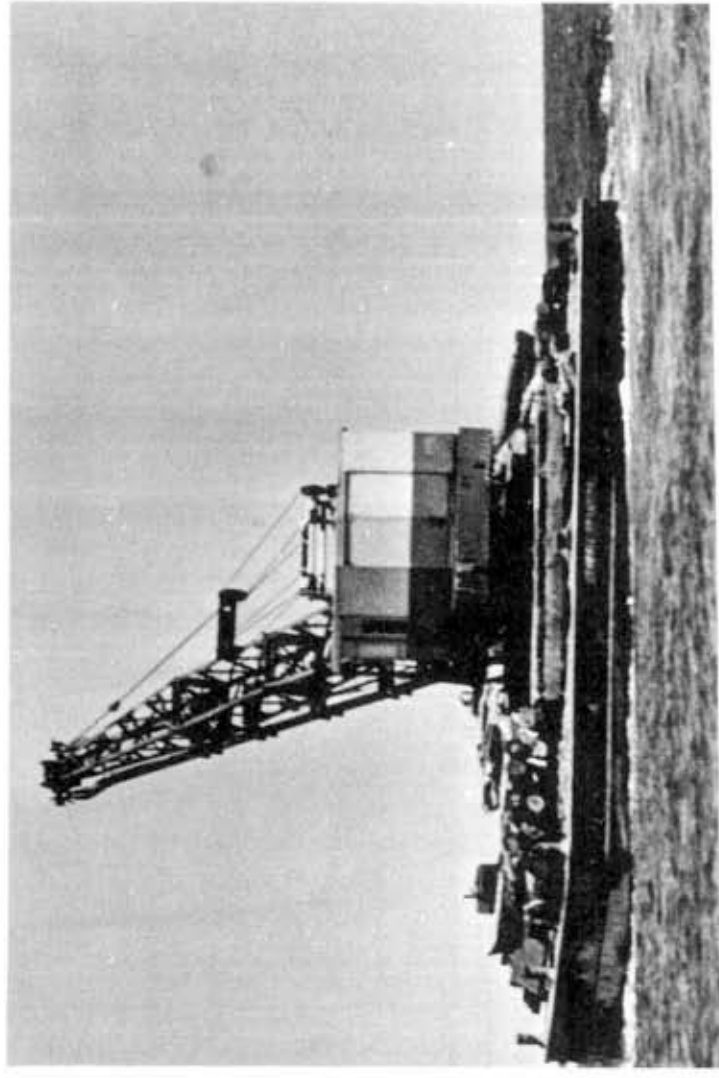

Mary captures  
the weariness/  
intensity/  
happiness/  
and  
"This is it!"

Like all photographers, Mary goofs off and takes random shots of — FEET/FISH/HATS/BARGES....

But most of the time Mary takes super shots of the intense action on the race course and captures the spirit of our sport.
