# JUST WIN, BABY

**\$38**

**\$17**

*One-Design Sailboat Crew*, 40-minute video training tape available in VHS and Beta. Good background for new crew members. Assumes basic knowledge of sailing and goes right to the specifics of the Lightning and one-design racing. Makes it easier for you to get new crew up to speed when hands-on training begins. *One-Design Sailboat Crew* is being used all over the U.S., in Canada, and even Italy, Chile, and Nigeria. Walt Nickerson of Milwaukee says "I've used the video to train new and experienced crew, and it's doing the job." Makes a great gift. For faster delivery use your VISA or MasterCard.

Stop relying on your memory and mental calculations in the heat of battle. Use this multi-color, laminated, waterproof workboard to calculate your best course and favored tack. Also, keep track of wind direction and shifts, and determine favored end of the starting line. The reverse side is a convenient diagram for charting protests – allows you to document the incident immediately after it occurs, rather than trying to remember what happened later. Comes with mechanical crayon marker and complete instructions.

Allow 4 weeks delivery with personal check. Use VISA / MasterCard or money order for faster delivery – about 2 weeks. Add \$3.50 shipping / handling for video, \$2 for **Crew Scratchboard**. Illinois residents add 7% sales tax. Orders outside U.S. and Canada add \$10. **SPECIAL OFFER:** Order both the video and **Crew Scratchboard** and we'll pay shipping / handling on both items.
