

# CAZ One Day – Dave Bull Memorial

## Willow Bank YC – Fleet 164

September 23, 2018

We had the first race at 11am with 2-3 knots of wind. We finished in less and went in for lunch. Lunch lasted 2 hours as we waited for the wind to fill in. The wind was questionable but we were able to get 2 more races in. The third race started in the best breeze of the day but ended in a drifter. From the deck during lunch the race course looked like an Opti course. The most amazing results were that Dick Tuttle was able to place second without ever using his spinnaker. Congratulations to Jack Jones and crew.

Thanks to Bill Topping for the great photos!
