

International Lightning Class Association Yearbook 1996

What it Takes To Win

At Shore Sails, we know what it takes to win and the Shore Lightning Lightning Team has all the right tools to get you winning.

Blaze upwind with Shore's race winning AP inventory

- America's Cup CAD/CAM design technology
- Thoroughly tested - Regatta proven
- Shore's All condition main effectively adjusts to match the conditions
- The AP Jib works in perfect harmony with our AP main through the entire range

Set the pace off wind with Shore's powerful downwind shapes

- Computer molded designs for smoothness & consistency
- All angle performance with our AP spinnaker
- The best "pole back" Runner available

A winning service team of dedicated Lightning sailors

- Bill Shore
- Bill Fastiggi
- Tim Healy

MEMORIAM FRANK C. "JAKE" JACOBSON

Sailing With Dad

In Wisconsin, you spend nearly three months out of the year sailing your Lightning, and the other nine months thinking about it. I guess it's one way to learn patience.

I was seven. And it was a cold, yet sunny spring morning in 1963 when my father, my sister Kris and I drove out to the barn where our Lightning was stored over the winter. She was number 2225, one of the earlier wood Lightnings that found more time upside down getting her belly sanded than she did on the water. Her name was "Islander".

As I wandered about the barn, I remember how the flies that had been in hibernation all winter were now banging their heads mindlessly against the windows as Dad swept the pigeon droppings off the boat cover. And just as flies that moved mindlessly toward the light, Dad was now exchanging his Paul Elvstrom books, Lightning Flashes and Bruce Goldsmith tapes for the real thing. The musty smell. Last year's regatta instructions wadded up in the bottom of the boat. Rusty pliers and leaves. The mildewed life jackets. The starting line only two weeks and 10 minutes away.

My dad was not a champion Lightning sailor, he was better than that. He was a champion dad. Growing up, the Lightning became a special kind of language for me (and my sister) and my dad. It built a wonderful bond between us that nothing in this world will ever take away.

I remember the first time Dad put the tiller under my little arm and said, "Okay son, steer toward the red lighthouse," and I remember the wonderful feeling of having had his blessing when I kept old Islander on course. And I remember the early years we had pleasure sailing, fleet racing and making new friends at district regattas. And regretfully, I remember the day my dad resigned his position as main-man to coach me from the sidelines when my "know it all" attitude began to get his goat.

Years later, Dad waved to me and my crew as we crossed the starting line of the 1977 Worlds at Lake Thun, Switzerland. In that same World's event, Tom Allen sailed a perfect series, with his son and daughter! We weren't even close, but it took nothing away from the sense of victory we felt when my father, our coach, gave us his blessing.

Like most coaches, Dad had a lot of great one-liners. He would say: "Make your big moves early."; "When the wind goes light, it doesn't matter if you're going the wrong way, just keep moving."; "Be patient with your crew. You need them more than they need you."; "Teach your competition everything you know. It'll help make you better."; "Don't yell, it breaks people's concentration."; "Fall in love your boat. Wash and wax it, trim and tune it. It'll psyche you up and your competition out." And I love this one, "If you can't convince 'em, confuse them." (This one worked great in protest meetings and it's worked well in life, too).

When I was a kid, all of these little one-liners meant something specific on the race course. Now in a somewhat funny, metaphorical way, they mean just as much off the course. "Work with your weight"; "Get the feel" and "Be on the line when the gun goes off"; "If you tip over, stay with the boat"; "Check the bailers before you launch". So all that time I thought he was teaching me about sailing, he was really preparing me for life's challenges. Sailing was his funny way of doing it.

Professionally, my dad was an advertising man, so it was natural that his love for the Lightning took him far beyond the bluffs of Lake Michigan where he watched and took notes and pictures of our local fleet races. Dad was an incredible dreamer and a promoter. When others laughed at the prospect of bringing the Lightning North American Championship to Sheboygan, Dad convinced everybody we could do it... The event was legendary.

As Class Secretary, and during a time when the integrity of the Lightning's design was often put at risk to attract new sailors, my dad worked with others behind the scenes to promote the class through good advertising, enthusiasm and just plain good sportsmanship. He traveled to several major Lightning Championships to capture incredible Lightning moments on film which he later published in a variety of books and posters to help raise money for the class.

My dad died on December 28th at the age of 75. The time we actually sailed together spanned maybe 15 years at the most, but I feel we've been sailing together for a lifetime. Perhaps its because so many of the things I learned on the boat were lessons that have helped me in so many other areas of my life. I have three little girls of my own now, so while they may never get to know their grandpa as well as I knew him, I'm confident the little one-liners that have guided me the last 30 years or so will have some impact on them....whether they choose to put a tiller under their arm or not.

My dad wasn't the only dad who ever taught his children how to sail. He was not the only dad to ever love a Lightning. So my memories of dad and our Lightning and everything this blessed combination taught me are dedicated to all those great moms and dads who gave their kids what they needed most. Love. A boat. A starting line. A finishing line. And everything in between. - - - Tryg Jacobson

Dedication

**MEMORIAM
JOHN WASKOM III**

John shared his love of sailing with others for over 40 years. He began sailing in the 1940's and joined Corinthian Sailing Club when he bought his first Lightning in 1958. Locally and nationally he gave a great deal of his time to support and encourage others in the sport of sailing and in the Lightning Class - serving on the Board of directors of CSC, as a Texas Lightning District Commodore from 1984-1990 and as a Vice President of the International Lightning Class Association from 1988 to his death.

John was instrumental in the growth of the Fleet 35 to 39 boats in 1969. In the early 70's when Lake Ray Hubbard lured the majority of fleet members, John remained loyal to White Rock Lake and CSC once again taking on the challenge of building a fleet. His continual dedication and hard work in rebuilding resulted in the Fleet being awarded the ILCA Neal Steketee Trophy in 1991.

John was a person who always greeted strangers on the docks. Making the rounds with them, showing a possible new member the different classes of boats, explaining the differences in design. Many of us will remember the time he gave to new members of our fleet - spending time on the water teaching newcomers how to sail; in working on others' davits; in repairing, rigging and tuning boats.

Sailing was a family sport for John with three generations of Waskoms enjoying sailing. The Waskom tradition was recognized by the ILCA in the 1988 50th Anniversary Class Yearbook "First Families of the Lightning Class" section. The yearbook captures the essence of John's spirit in stating that "their contributions are many; their rewards come from the realization of the success of their efforts and from the many lasting and close friendships that have developed through sailing".

John's spirit lives on for so many of us who benefitted from his unselfish sharing of time and knowledge and his enthusiasm for Lightning sailing. We will try our best to continue the tradition he began.

President's Message

My family began sailing on the Metedeconk River with a Junior Sailing Program to accomplish my parents goal of providing their children with opportunity to participate in a sport that would last a lifetime (and give my mother a break during summer weekdays). My sister, Betsy Alison, brother Jim and I started sailing Sunfish and BlueJays and watched in awe of those great big racing boats called Lightnings. In 1975, Charlie Thrower bought a new Mueller and asked me to sail with him in the B.B.Y.R.A. series. We ran off three firsts to begin the series and I was forever hooked on the boat. The next year and for a half dozen seasons later Jim Carson dragged me all around this country and a few stops in Europe, imparting his vast and seemingly unending knowledge of the Lightning and rich history of the class into an impressionable young man.

After time, hundreds of thousands of highway miles, and more than a few empty beer cans, this class has become an important part of my life. I am privileged to be part of this sailing community where I can honestly say I can go all over the country and meet good friends.

As the upcoming sailing season approaches, special recognition should be given to the following:

First, Audrey Matteson, who over the last several years, has contributed countless hours to this yearbook and has brought the process of editing the yearbook into the twenty-first century.

Second, to Jim Carson, Mike Huffman and Fisk Hayden, who have counseled me over the years.

Third, to Karen Johnson, who has had the unenviable task of trying to pick up where Donna and Rita left off.

Lastly, to Greg Florian, who reminded me at every regatta or race we attended, and while toasting with that "next" beer, "Here's to another Golden Moment."

Officers of the International Lightning Class Association

PRESIDENT - Paul Gelenitis

Paul began sailing Lightnings on Barnegat Bay under the tutelage of Jim Carson in 1975. He bought his first Lightning 13084 in 1981 and has campaigned in numerous NA's and Worlds until he relented and bought a new boat in 1995.

Paul is a member of Fleet 34 on the Metedeconk River and has been Commodore of the Central Atlantic District, a class Vice President since 1989, serving on measurement, budget and site selection committees.

Paul lives in Kearny, New Jersey. He is a partner in the law firm of Gelenitis & McGuire with his wife Terri. They have a son, Ryan, and a daughter, Kristen.

SECRETARY - William G. Faude

Bill began sailing in 1969 and started sailing Lightnings at the Southern Circuit in 1978. What took so long? In the years since, he has owned two boats and begged and borrowed about 32 others. Who could forget such awesome yachts as "Psychological Scar Tissue" or "Good Night Mr. Helms" or even "Former Panamanian Strongman"? After his third place finish in the World Championship in Kuopio, Finland, Bill sold his latest boat, #14530, "Public Bus," to Swiss skipper Jacques Perret.

Along with his two really cool cats, Byrde and Traine, Bill lives in Chicago where he's a member of Lightning Fleet 69 (Milwaukee). He's employed by Lois/EJL Advertising as a copywriter. He loves hard chines.

TREASURER - Frank Mergenthaler

Frank has been sailing Lightnings since 1978, purchasing his own boat in 1986. He is a member of Fleet 70, sailing out of Monmouth Boat Club on the Navesink River in Red Bank, New Jersey. He is married, wife Brenda, with two children, Christopher and Laurena.

Frank is a CPA and works for Price Waterhouse in New York City. He resides in Middletown, New Jersey.

CHIEF MEASURER - Calvin H. Schmiede

Cal began sailing as a boy - in class E skeeter ice boats on Lakes Monona and Mendota in Madison, WI. He started sailing Lightnings in 1952, and bought his first one, #7604, in 1960. As a member of the Niagara Sailing Club, his home club's waters are the mighty Niagara River, seven miles above Niagara Falls.

This is where his daughter (and permanent crew member) Larissa Higgins joined her dad in a love of sailing. They presently sail in Cal's sixth Lightning, #13580. His other daughter and two sons have also sailed with him in various regattas, including North Americans and World Championships. He thanks his "landlubber" wife, Judy, for her encouragement, patience, and secretarial assistance.

He was editor of the 25th Anniversary Year Book in 1964, and was an Assistant Measurer in the Class from 1977 to 1982, and again from 1991 to 1995. He is a self-employed Chemical Engineer consultant with a sideline of computerized personal income tax preparation.

HONORARY COMMODORE—Robert Harkrider, Jr.

Bob's sailing career began in 1978. He purchased his first Lightning in 1983. Many Lightnings and many regattas later, he and his wife Sharon are currently residing in Augusta, Georgia. He is a past Commodore of the Augusta Sailing Club and Southeastern Lightning District. He has served as Class Vice President, as Treasurer of the Class from 1990 to 1994, and President in 1995.

Bob is a CPA and manages his own accounting firm.

EXECUTIVE SECRETARY - Karen Johnson

Karen's Dad bought his first Lightning 'way back when' at Delta Sailing Association in Memphis. She sailed with Dad on Lake Arkabutla most of the time before she left for college.

After getting a degree in Psychology, she settled in Chicago, where she sailed with some of the top Lightning sailors, became a sailmaker and then a computer specialist. She now lives in Worthington with her son, Evan Kirkpatrick.

Asst. Measurer & V.P.
JAMES ALMAN of Dallas, Texas. ILCA member since 1977. Director of Engineering, AMR American Eagle. Wife Karrin.

Asst. Measurer & V.P.
BRUCE ATKINSON of Rutland, Vermont. ILCA member since 1974. Chief Operator Wastewater Treatment Facility. West Rutland. Wife Ellen.

Vice President - USA
JOHN DE BENEDETTI of Portland, Oregon. ILCA member since 1959. Manager Steinbart & Company. Wife Mary Kay.

Vice President - Europe
FRANCO DE REGIS of Siena, Italy. ILCA member since 1976. Medical Doctor, University Hospital of Siena. Wife Cristina.

Vice President - Europe
GILBERT DESPLAND of Grandson, Switzerland. ILCA member since 1960. Technical Adviser, Henkel & Cie A.G.

Vice President - USA
BRUCE GOLDSMITH of Hillsdale, Michigan. ILCA member since 1962. Investment Broker, A.G. Edwards & Sons, Inc. Wife Sherry.

Vice President - S. America
TITO GONZALEZ of Santiago, Chile. ILCA member since 1973. Agricultor, Fundo Mensel. Wife Ava Maria.

Vice President - USA
RON GROTHEER of Arlington, Virginia. ILCA member since 1979. Mechanical Engineer, Grotheer & Co. Wife Sandra.

Vice President - USA
DICK HALLAGAN of Newark, New York. ILCA member since 1958. Retired. Wife Nancy Anne.

Vice President - USA
JOHN LYON of San Diego, California. ILCA member since 1980. Self Employed. Wife Lynette.

Vice President - Canada
LARRY MacDONALD of Hamilton, Ontario, Canada. ILCA member since 1962. Mechanical Contractor with John A. MacDonald Plumbing & Heating Ltd. Wife Betty.

Vice President - USA
BOB MATHERS of Livonia, Michigan. ILCA member since 1965. Retired High School Teacher. Wife Sara.

Vice President - USA
AUDREY MATTESON of Elgin, Illinois. ILCA member since 1970. Retired Middle School Art Teacher. Morgan Street Design.

Vice President - S. America
MICHAEL NORRIS of São Paulo, Brazil. Wife Christine.

Vice President - USA
JOHN PELOSI of Wake Forest, North Carolina. ILCA member since 1980. Psychologist, Murdoch Center. Wife Carol.

Vice President - USA
FAY REGAN of Miami, Florida. ILCA member since 1978.

Vice President - S. America
RUDI SALMANG of Bogota, Colombia. ILCA member since 1972. Engineer, The Dow Chemical company. Wife Martha.

Vice President - S. America
FRANCISCO SOLA of Guayaquil, Ecuador. ILCA member since 1956. Executive Vice President, Norlop Thomson Asociados. Wife Cecilia.

Vice President - Canada
DAVID SPRAGUE of Toronto, Ontario, Canada. ILCA member since 1962. President, Management Advice International Ltd. Wife Cathy Bowman.

Vice President - USA
JUDY WALKER of Snyder, New York. ILCA member since 1967. Medical Microbiologist/ Biochemist..

Vice President - USA
DAVID WATT of Kalama-zoo, Michigan. ILCA member since 1976. Sales consultant, SSG LaserWorks. Wife Karen..

Vice President - USA
BRUCE WATTERS of St. Petersburg, Florida. ILCA member since 1977. Retail Jeweler, Bruce Watters, Inc. Wife Patricia.

NORTH AMERICAN CHAMPIONS

The first National Championships were held when the first boat was publicly less than eight months old. Nineteen boats participated, and John Barnes won with three firsts.

In 1945, the Championship was renamed International; there being thirty some boats in "foreign" countries.

In 1961, the first Lightning World Championship was held and that year the Internationals were renamed once again, this time to the North American Championships.

1947 FLEET DIVIDED

Footnote:

Deep South Regatta sailed at Savannah Yacht Club, Savannah, Georgia.

Trophies: Deep South Regatta Perpetual Trophy, deeded by the Savannah Yacht Club, retired by winner of it three times. (R)

August A. Busch, Jr. Trophy, deeded to S.Y.C. for the Lightning Regatta.

Winter Lightning Championship sailed at St. Petersburg Yacht Club, St. Petersburg, Florida.

Trophies: Wally Bishop Trophy, presented by Mrs. Wally Bishop.

I.L.C.A. Past Presidents Trophy, deeded by Past Presidents of I.L.C.A. to I.L.C.A. for the winner of combined I.L.C.A. Southern Circuit Champion, presented by I.L.C.A. for the winner of combined Savannah, St. Petersburg, and Miami. No retirement.

Midwinter Championship sailed at Coral Reef Yacht Club, Miami, Florida

Trophies: Regal Cup, deeded to I.L.C.A. by a Miami Company.

Alex Carlin Trophies, presented by Alex Carlin for the Miami-St. Petersburg (Special Formula).

Retired to top skippers' yacht club after nine years.

Buffalo Canoe Club received the trophy in 1969. The second Trophy was retired, after the 1978 Regatta, to Tom Allen for the Buffalo Canoe Club. The third and last trophy was retired in 1988 to the Buffalo Canoe Club, donated by Alex's wife Ethel in his memory.

Southern Circuit - sometimes -“a kind of match racing” or “just beat that boat next to you”

snug,
sound,

LIGHTNING covers made by sailors for sailors

MATERIALS - Covers for your sailboat are made of a preshrunk poly-cotton canvas treated to repel water and resist mildew or the new durable 100% acrylic fabric. This acrylic fabric is water repellent, mildew resistant and will withstand years of marine weather.

CONSTRUCTION - All covers are expertly sewn with strong mildew resistant dacron thread and feature rustproof brass grommets. Grommets are properly spaced for individual method of tie down. All covers have special reinforcements. The heavy-duty molded Vizion zipper is corrosion resistant and self-lubricating. It will operate smoothly despite mud and sand. This zipper has excellent resistance to both heat and cold.

SAME DAY SHIPMENT DIRECT FROM THE MANUFACTURER COCKPIT COVER

Double stitched seams, heavy duty Vizion zipper, adjustable mast collar, strategically placed grommets for securing.

Pearl Gray Duck \$ 76.50
Acrylic \$113.50

COMBINATION DECK STORAGE COVER LAND STORAGE

Covers entire deck, includes adjustable Velcro closures for stays. Vizion zipper, bow and stern vents, synthetic draw rope and adjustable mast collar. Indicate boom position when ordering. Center and port boom available.

Pearl Gray Duck \$225.70
Acrylic \$307.25

TRAILING STORAGE COVERS

With Vizion Zipper \$280.60
Zip away top for easy installation and access to cockpit. Reinforced patches at critical stress points and protruding deck fittings. The straps and D rings strategically placed for final securing. Centerboard area has reinforced drain holes.

MAST COVER Duck \$79.00

WOODEN MAST COVER \$90.85

Protects all fittings and halyards. Dot fasteners and full length zipper for fast, easy closing. Red trailing flag included.

RUDDER COVER \$31.00

Flannel lined, water and mildew resistant canvas. Lightweight and easy to store. Quick closing dot fasteners.

FREE repair kit (list price \$3.00) with any order of \$35.00 or more.

Domestic shipping charges prepaid. Add local sales tax on New York shipments. Visa and MasterCard accepted. Send check or money order and address to:

SAVANNAH - Some Lessons Learned

By Brian Hayes
Connecticut-Rhode Island
District

North American Champion
Crew, 1993

Photo: Mary Huntsman

Sometimes things just fall into place and work out better than you could have hoped for. That's precisely what happened for us at this year's Deep South Regatta. I was fortunate enough to have Allison Peter sailing the front. Allison is definitely one of the best forward crew sailing in Lightnings today and I felt very lucky to have her on the team. During the fall I was fortunate enough to have two opportunities to sail with my middle crew (and boat owner) Carter Utzig. Carter is the perfect teammate. He is always willing to work on the boat at any time (well it was his boat!) and his attitude and personality fit right into the style of sailing I am used to.

If you have never sailed in Savannah it is a very unique place. The sailing area is right where the Skidaway River and the Wilmington River meet. There are many strange tide rips and places where you have to be on the course at certain times to insure a good finish. I have heard many times from people trying to win the Southern Circuit, "Just get out of Savannah without shooting yourself in the foot." Even though we were not intending on doing the entire Circuit it still seemed like sound advice to me.

Our strategy was simple. Find the end of the line where everyone was trying to start and go to the other end. We did no wind checks and put the cover on the compass. It was a long starboard reach to a mark in front of the yacht club. At the jibe mark Spinnakers came down and jibs went up as we beat/reached to the channel marker that had to be honored. At this point it became very much a parade with the top five boats legging it out on the fleet and us left alone in sixth with no one very close until the end.

The finish mark was at the club so that we could sail in for lunch immediately following the race. When we rounded the last weather mark those top five boats were so far ahead I couldn't read their numbers.

We decided that the wind was dying and that we would first sail down, across the river and get to the leeward shore. As we were doing this I noticed the leaders were going very slow in little or no wind. Within five minutes we were 150 yards from finishing and abeam of Larry MacDonald, Dick Hallagan, Josh Adams and Patrick Hogan!! If the wind held for us we might pull off a 2nd. However, as the river gives so doth it take away and just as our breeze died Larry, Josh A., Patrick and Dick sailed

Photo: David Sprague

over top of us to finish in that order behind Josh Kerst who sailed a terrific race to win by a comfortable margin. We relearned a very valuable lesson that morning. You're never out of the race in Savannah. And just in case we tried to forget, Larry would remind us on Monday.

In Race #2, with the course and wind direction the same as the morning race we decided to stick with our same starting tactic, stay away from the pack. As in the previous race the leaders seemed to be able to sail away from the pack and with long reaches positions seemed to stay the same with only the distances between the boats varying. By the time we got to the last weather mark, with only a spinnaker reach to the finish, Lenny Krawcheck had nearly a 1/2 leg lead on Larry (2nd), Steve Hayden (3rd), and Josh K. We were in 5th about 300 yards behind Josh K and about 300 yards ahead of Josh A, who in turn was about 500 yards ahead of Patrick, who in turn was about 300 yards ahead of the pack. It was very weird. We had only been sailing for about an hour and the distances that could be lost or gained were incredible! And all of this happening in such a small racing area. Weird! In any case, Lenny sailed great and we were real happy for him since it was the first day the boat had ever touched the water. Lesson learned: It's just as important to be lucky, like we were on the first spinnaker reach, as it is to be good.

We were very satisfied with our day's results. Two very solid finishes and no bullet wounds in our toes. The standings at the bar after the first two races had Larry (2,2) in first followed by Josh K (1,4), Josh A (3,6), Patrick (4,7), Driving Blind (us 6,5) and Lenny (11,1). There was a large group of boats tied with 20 points but so many of the names listed (Tom Allen, Sr., Bill Shore, Jack Elfman, Dick Hallagan) were names from the 60's and 70's we figured there must have been a glitch in the computer program that did the scoring. If anyone knows who these guys really were please notify me so I can congratulate them on sailing so well and ask them to adopt new aliases!! We made a friendly wager with our two closest competitors, Mr. Krawcheck and Mr. Hogan, and went off to our host's house where hamburgers, hot dogs, beer and wine were awaiting.

Monday morning the race committee had set up the "Savannah Course" (as I call it), something I love to sail. Ever since my first trip to Savannah in 1987 when I was sailing with

Ched Proctor I have always had fun sailing the river with the condition that was set up for Race #3. The tide was high and beginning to ebb. This meant that going upwind you were going with a very strong current and going downwind you were going directly into the same current. Each time I sail this course I find out some new trick that helps my final result. This year was no exception.

Our start was to be near, but not at the weather end of the line. As soon as we cleared the mouth of the Skidaway River we would dive to the starboard shore of the Wilmington River and hope that our tacking was up to snuff as we were going to short tack all the way up the shore. And it actually worked!! With about 20 seconds to go we were 1/4 of the way from the weather end of the line when I noticed a huge midline sag. As the outgoing current had not started in full force yet we trimmed in hard and were going full speed on the line when the start gun went off with no one to weather and no one to leeward. Dick Hallagan won the start at the weather end and was looking very good as was Ross Griffith of Charleston SC just below us to leeward. The three of us swapped ducks and crosses with Josh A and at the weather mark Dick led followed by us, Ross and Josh A. Larry and Josh K were both in the 20's. The three of us had a slight lead over Josh A and Bill Shore as we headed down the marsh staying out of the current. The jibe mark was up the Skidaway River and as we went around the end of the marsh the spinnakers came down and the jibs went up. At the jibe mark Dick was still first, Ross had snuck by us to get 2nd, we were 3rd, Bill was 4th and Josh A was 5th. Josh K was still back in the pack but Larry was moving up, maybe to 12th. At this moment I began to do some quick calculating and determined "If this holds up we could win this regatta!" Big mistake!! (See lesson learned, Race #1).

By the time we got to the leeward mark in front of the club the top five were the same but Larry was in 7th!! The next beat was uneventful except that Ross passed Dick and Larry just kept passing everyone in sight! By the next windward mark we were still 3rd, Bill was still 4th and Larry was now 5th. The reach to the jibe mark brought no changes but during the second reach Larry went high into the current, carried more wind with him and passed both Bill and us. On the final beat to the finish we stayed close to Larry and put a bit of distance on Bill. At the end we initiated a short, but heartfelt, tacking duel trying to get by Larry, but as the song goes, "Ya don't tug on Superman's cape, Ya don't spit into the wind, etc., etc." In the end Ross hung on to win Race #3, with Dick 2nd, Larry 3rd, Us 4th and Bill 5th.

The final results had Larry McDonald, Jody Swanson and Rick Hayden in first. 2nd place was a tie between Driving Blind, with myself, Carter and Allison, and Josh Adams' team which consisted of Randy Shore and Phil Kinder. Lenny Krawcheck with Chris Jankowski, Jules Ivester and David Archer (on Monday) in 4th and close behind in fifth was Dick Hallagan with Craig Thayer and Tom Schroeder.

Larry and his team were awesome. Their comeback ability and teamwork made the difference in some very tricky sailing conditions. This is the second year in a row I have brought a boat for Larry to use in Savannah. It is at least the second year in a row he has won. Maybe I'm on to something. Maybe I should tow my own boat next year. Or better yet, "Brian's Lightning Towing Service." Put your bids in for next year's delivery now!!

In conclusion I would like to thank the Savannah Yacht Club, John McIntosh and his race committee and also my team, Allison and Carter, as well as his family. With Cathlean, Meghann and Anna traveling the Circuit it really felt like the family event I think the Southern Circuit was intended to be. Thanks to all you guys.

THOUGHTS ON THE 1995 WINTER CHAMPIONSHIP

By David Starck
Fleet 12,
Buffalo Canoe Club,
Lake Erie District

North American Junior
Champion, 1987

Canadian Open
Champion, 1990

V American Airlines Cup
of Champions, Salinas,
Ecuador, 1994

David, Maria White and Kevin Robinson
and their winning style on the water.

It was a treat (and a nice change) to head down to St. Pete for the Winter Championship and sail a full series in perfect racing conditions. Over the past several years, Mother Nature hasn't acted kindly toward the Lightning sailors on this stop of the Southern Circuit. It was a thrill to win this one.

With an official total of 57 entries, the attendance this year was up from last year - a good sign for our class! And, a super showing of 17 Masters were represented. The stage was set for a fun-filled, competitive regatta. My team for this event consisted of the notorious Maria White and the 1991 Winter Championship crew Kevin Robinson.

The racing itself was exciting and lots of fun. The RC ran Olympic courses for each of the five races. With a mid-line mark and square starting lines, general recalls were non-existent. The race management did a good job in this respect, as well as running quality races. Each day of racing was sailed in 13-20 knots of breeze, generally NE'ly. Although wind shifts and wind pressure were prevalent, current across seemed to be a key element in the game plan strategy. Fortunately, we had a pretty good handle on what the current was doing out there.

As always is the case at St. Pete, the onshore activities were lots of fun. Football in the parking lot, exhibition baseball (the attendance figures were a joke), Kevie's "Gitch" checks w/Wh the babes, rum drinks out on the Pier, and last but not least, the infamous St. Pete Yacht Club bar. Who doesn't like having cocktails there?

Thank you to the St. Pete Yacht Club, Bruce Watters, the RC team, Kevin and Maria, Brian Hayes, and John Schimert - who let me borrow his boat for the regatta. Also, congratulations to Ched Proctor/Larry MacDonald and all the crew (Rick Hayden/Jody Swanson/Kathryn Josenhans/Ned Roseberry/Jeff Eiber) associated with winning the 1995 Southern Circuit.

I hope to see you next year in St. Pete!!

Connecticut-Rhode Island
District

1993, 1994
North American Champion
1987, 1989
Southern Circuit Champion

Photos by David Sprague

Ned Roseberry flew down Monday night to sail with Kathryn and me in Miami. We had sailed against Ned as Matt Fisher's teammate in past regattas, but this was our first time sailing together. The first day things did not go well. We were rolled coming off the starting line, then pushed to the left side of the course. The right side was on the inside of the last shift at the weather mark. We rounded in the middle of the pack, got in a bit of a luffing match, then things started to look better as we got to the inside of a mess at the jibe mark. However, there was some disagreement about the overlap situation. We managed to avoid a collision and the protest room, but succeeded in hitting the jibe mark on the wrong side. The funny part was that Kathryn, on the deck jibing the pole, didn't realize anything was wrong. We had to tell her the spinnaker needed to come down and the jib go up, so we could go back and round properly. She asked, "I did my job; what the heck were you guys doing back there?" The redeeming factor was that the weather and breeze were beautiful. It was a perfect day for yacht racing as it often is in Biscayne Bay. Oh well, tomorrow is another day!

The next day was fantastic also and things went better as we won both races. In the first race we started in the middle of the line. Jack Elfman was a couple of lengths to leeward and going well as he did for the entire circuit. The battle for second place got really interesting. For a time it looked as if we could be first at the mark, but a late right hand shift, played perfectly by Bruce Atkinson, put him around in the lead. On the run the wind filled from the left and brought several boats up close behind Bruce. I think four rounded nearly overlapped. Jack Elfman got into a tight situation, which led to some rather vocal exhortations with two other boats. Since he is a soft spoken conservative fellow, Jack elected to do a 720 which made everyone happy. Then he went to work and passed the whole bunch to finish second.

The wind got lighter for the start of race three and was a bit shifty. We started at mid-line. Geoff Moore port tacked the fleet at the start. I made the snap decision to tack below him with the idea of crossing all the boats farther up the line. This was about 30 seconds after the start. We couldn't cross and had to duck a few boats. The boats from the weather end were all crossing us, making the decision to tack look like a bad one. Tom Jr. was the weather-most boat. He tacked and the two of us sailed out to the right. The majority of the fleet tacked to port above us, but when the wind went back to the right, we were able to tack and cross. Josh Adams had us worried as he came out of the left side, but the right won. Tom was first at the weather mark;

we were second and Josh third. The reaches were the usual parade and on the second beat, we and Josh got past Tom. On the last beat, we covered Josh to protect our lead. We had a few uneasy moments as we were obliged to split tacks, but we held on to win the race.

Historically, we have gone into the last day of Miami in good position and proceed to mess up and lose the regatta. This time, carrying an 11th in the first race, we were not in great shape. We were fourth, Elfman was leading with nine points. Tom Jr. had 12 and we were tied at 13 with Bruce Atkinson, Josh Adams was two behind.

In race four we got what appeared to be a good start, but proceeded to sail the first beat 100% out of phase. Jack Elfman sailed perfectly in phase, tacking onto port right off the line, then coming back to the left shift at the right time. Jack rounded first, we were about 7-8th and lost more when the spinnaker twisted on the set. The rest of the race was a bit of a project. Ned commented that it was the most satisfying of all the races because we had to work hard for our position. We finished third, but it turned out to be second because the second boat across the line was PMSed.

We thought we were tied with Josh Adams because we didn't know that the second place boat from the previous race was PMSed. Also, the protest from race one had yet to be decided, so we really had a two point lead. I think it was fortunate to believe we were tied because it made us concentrate more.

The wind went light just before the start. The first start was a general recall. This was fortunate because Josh popped up on our lee bow and we weren't tuned for the light air. At the real start, we started mid-line and Josh started up to weather. We set up a little too near the line, so didn't get enough momentum out of the blocks. The wind shifted to the left and everyone tacked to port. The early part of the race became a drag race out to the right. We were right in the middle. Josh was leading the pack which had tacked first. Periodically, a puff would make them look good, but then the boats farthest left would look to be miles ahead. It was just a matter of who got the puff.

When Josh eventually tacked, he was looking good, but our puff was a little better than his so we came out ahead. That was essentially the race, as we covered him the rest of the way.

Kathryn Josenhans and Ned Roseberry and I enjoyed the sailing at Miami and it felt good to win this regatta after numerous near misses in past years. We are looking forward to more good sailing in '95. I feel that I was fortunate to have great people to sail with me. Not only do Kathryn, Jeff and Ned work really hard to do well, but I think we had a great time in the process.

Southern Circuit -
the mark roundings went something like this - “close” competition

WINTER MASTER'S CHAMPIONSHIP

By- *The Fat Old Guy*
Jack Elfman)

Fleet 196
 Surf City Yach Club
 Central Atlantic District

1995 North American
 President's Cup Champion

Photos by
 Hal Lyness and Dave Sprague

Thirty percent of this year's overall fleet at St. Pete was entered in the Master's Championship. Shore, Carson and one or two others are old enough but can't, or don't, find crew who are old enough to make the qualifying age. I, of course, am old enough and had enough total crew years. This led to ruining Will Jeffers' week when he had to come forward with Cindy and me to receive our first place Master's trophies. I don't know what's wrong with young, hot-shot crew like Will. Last year he only received one trophy at St. Pete (first overall sailing with Brad Read). Wouldn't you think that he would be very excited about a fourth overall and first in the Master's? His teammates were very excited.

In the first race, George Fisher's team and our team sailed the entire race almost locked together, with George pulling ahead at the end for the win (7th overall); we were 2nd (8th overall) and Colin Park third. In the next two races the wind was really up and I couldn't distinguish the Masters from the Youngsters. We were able to win both races with Dick Hallagan getting a 2nd in race 2 and Colin a third in race 3, while George was third and second. With the breeze we had, my teammates ("crew" to us old guys) were happy that I held off on my diet (until the next century) and that I rode my bicycle in January (2) and February (3) so that I could hold up (or down) my end of the boat. As usual, St. Pete is a great place to go in early March and for a Lightning regatta. The wind was up, finally, for a major Class event and my teammates and I had a ball. Will and Cindy did a fantastic job all week and without their help and hard work we would not have had the great finishes that we did. (Thank you both!)

In reflecting back on the 1995 trip to St. Pete and to the entire Circuit I couldn't help thinking about Arnold Schwartz (everyone in our boat in St. Pete had sailed with Arnold; he brought Will into sailing and taught me how to get from the back of the fleet to the front). I crewed for Arnold on my first trip to St. Pete in 1962, double-decked the Circuit with the Schwartz family for years, and in 1975, Arnold and "Shrub" Peters sailed the Circuit and the Worlds in Ecuador with me. Jack Elfman and the ILCA owe a lot to "Arnie." He was a good friend to all. I looked at the St. Pete fleet and found names of fathers, whom I have raced against for years, of daughters and sons who are Lightning sailors racing and crewing now; I talked to the old-timers who sailed for years and stopped by to say hello (and tell us how much they miss the Lightning Class) and to the many good newcomers to the Class. I thought of all the good times I have had in a Lightning in the almost 54 years since my father

put me in 787, an 1100 lb. Lightning that he and his father had built from scratch. Over the past several years I have been racing J24s, J27s, Snipes and some other classes where the people are nice, the boats are OK and the racing is good (even if some of their Class rules are slightly off the wall). But, as Stu Nickerson keeps telling us as he picks up his yearly trophy at the NAs, I "just want to keep coming back to compete with my friends in the Lightning Class." I think Lightning people are the nicest, the competition is the deepest, and the boat is much more interesting and fun to sail (and harder - that's a big chute). We are a third-generation Class (T.A., Jr, Randy Shore, young McIntoshes in Savannah) and it won't be long before there are fourth generation sailors out there working us over and becoming part of this great Lightning family.

In closing this (short) article, I would like to add that the Winter Master's Championship at St. Pete is a good idea and a good format as it is now in place. It brings all generations of Lightning sailors together, in one place, at one time, and makes us a big family. It brings long-time Class members like Tom Hopkins back, it brings Dr. Good and Al Morton out to race and to mix it up with the new young turks like Dave Starck, Josh Adams, Dan Norton, Jeff Linton, Steve Hayden, et al. This mix of the generations can only help the Class grow and remain strong.

I think what I am trying to say with all this is that if you like sailing the Lightning, like people, like warm, sunny weather, and like to have a good time, then hit the road to regattas and make sure St. Pete is at the top of your list. And if you don't want to steer or you can't think of a crew, get your hands on an old Yearbook and ask someone who sailed the Circuit or the NAs in that year, and give them a call; maybe that way we could get a Jim Dressel, a Bob Seidleman, a John Collins, a Jack Mueller or some other old-timers to come out to play with us again.

Lightning #2 and #378

Flashes

Cedar and Spruce Column

It's Southern Circuit time, and this year Dave, Schyler and I decided to take #378 down to St. Pete to race with the big dogs.

We had a good season racing #378 last year, sailing her right up to Christmas. As a result, she needs quite a bit of work this spring. Unfortunately, I don't have time to get everything done I'd like before leaving for St. Pete.

Saturday we moved the boat into the workshop from the barn. A couple of days' work resulting in a refinished transom, including a new name; a freshly painted deck canvas; new hiking straps; reattach bottom planking below the chain plates; and new spinnaker guy cleats. Repainting and varnishing the interior will have to wait until May.

I recommend anyone considering a trip to the Southern Circuit in future years bring a spare tire. It seems our friends down south have roads hazardous to the health of trailer tires. In six years I've never had a flat, but I did on the way south. Fortunately I was near a town and quickly on my way.

I wish that had been the extent of my trailer woes. Unfortunately a blown wheel bearing in Ocala, Florida, allowed me to make more new mechanic friends.

The general wind conditions for day one of this regatta were very strong, 20 to 25 knots with waves to match. After a morning delay to wait for lighter winds, we headed out to do battle.

A good start had us well in the fleet. Old #378 fought her way upwind, scratching and clawing her way to the weather mark. All was well until tragedy struck during the last down wind leg.

The skipper had a momentary loss of direction, forcing an unplanned jibe with the spinnaker up. In a Herculean effort to correct this problem, our fair skipper ripped the tiller right out of the rudder, leaving the crew scrambling to drop the sails while the boat sailed on aimlessly.

Not to worry, the crew did their job, the skipper yelled a lot, and we were able to sail in under jury rigged rudder. A trip to a neighboring furniture repair shop resulted in a new tiller.

Day two dawned with winds similar to the day before. Having not learned our lesson we ventured forth. Trouble striking even before reaching the start line. Rudder trouble quickly reappeared. Our harebrained skipper had not put the rudder on all the way, allowing it to pop out half way to the course.

Once again our crew scrambled to recover; dousing sail, reinstalling rudder, and hoisting sail.

We made it to the start line just in time to join the fun.

Our performance to windward was awesome. Beating several younger Lightnings (i.e., plastic) around the windward mark. Earlier our skipper, in one of his more bright pronouncements declared "no spinnaker". We raced around the course. Passing

some boats, losing others. Our down wind speed did not seem adversely affected by a lack of kite. Upwind the old biddy was deadly.

This turned out to be our best day of racing for several reasons. First we beat more than one boat, greatly improving our standings. Secondly, we didn't break anything.

The typhoon like conditions continued, and its effects on #378 were becoming apparent. The mast step had deformed the hull resulting in an insidious rise in water level in the boat. The rig was loose, the new tiller squeaked, and the never ceasing bilge pump couldn't keep up.

Half way out to the course, the skipper made the second of his astute declarations, "Let's go to the bar." For fear of breaking something important and ruining our day, we headed for the shelter of the harbor.

This turned out to be very wise. Back in port we monitored the race on VHF, and overheard many discussions on boats going over, running into one another, and other tragedies.

In summary, we had a great time sailing with the big dogs. The race committee, St. Pete Yacht Club and sailors were quite patient with us and we all had a good time. It was nice to see the appreciation these competitive sailors have for wooden boats like #378.

Next year I hope to see more woodies at St. Pete. The format they would employ allows us to race in the morning, leaving us with free afternoons for socializing and enjoying each other's boats.

XLI CAMPEONATO SUDAMERICANO

By Tito Ganzales

Fleet 490, Aculeo Lake Fleet, Chile District

Hace más de doce años atrás que fue la última oportunidad que tuvimos de navegar en el Río de la Plata en Buenos Aires. Fue en el año 1983, donde celebramos el 29th Campeonato Sudamericano de la clase Lightning.

El pasado Marzo de 1995, 22 botes de Argentina & Chile estaban en la partida de la primera regata organizada por el Yacht Club Olivos en las achocolatadas aguas del Río de la Plata.

Vientos suaves y moderados durante toda la serie de seis regatas, con excepción de la última regata le pusieron suspenso al evento teniendo tres equipos la posibilidad de coronarse campeón hasta casi la última regata. La tradicional corriente del Río jugó una vez más un interesante papel. Afortunadamente uno de mis tripulantes, Christian Herman, vive y navega en el río desde hace tres años.

Chile fue representado por cinco equipos, dos de ellos de la Escuela Naval, que obtuvieron también el Título del Campeonato Sudamericano de las Escuelas Navales.

Echamos mucho de menos no haber tenido equipos de Perú, Ecuador, Colombia Brasil que le hubiesen dado el toque necesario a este evento. Quizás este es ya el momento de cambiar la reglamentación de los Sudamericanos y empezar a pensar en otras alternativas para tener más países, más botes y más competencia. Lanzo la idea de que el país organizador coloque todos los botes y que sean sorteados para cada regata, de tal manera que no sea necesario transportar los botes, lo que ha sido, es y será siempre el problema número uno al que nos vemos enfrentados todos los años cuando queremos ir a competir a Perú, Ecuador, Brasil, Colombia, etc....

Hagamos algo nuevo: probemos aunque sea una sola vez y veamos que ocurre. De seguro existen otras posibilidades para salvar estos campeonatos.

Nos vemos en el próximo sorteo, amigos.

41ST SOUTH AMERICAN CHAMPIONSHIP

It has been twelve years since our last opportunity to sail on the Rio de la Plata in Buenos Aires when the 29th South American Championship of the Lightning Class was celebrated.

In March of 1995, twenty-two boats from Argentina and Chile gathered on the starting line for the first race. The event was organized by the Olivos Yacht Club in the chocolate brown waters of the Rio de la Plata. The conditions were light to moderate in all the races except for the last race. There was great suspense as three teams vied for the championship going into the final race. Once again, the traditional current of the river played an interesting role. Fortunately one of my teammates, Christian Herma, lived and sailed on the river three years ago.

Chile was represented by five teams, two of them from the Naval School. One of these also held the title of the Naval School South American Champion.

We very much missed the teams from Peru, Ecuador, Colombia and Brasil who would have given the necessary touch to the event. Perhaps now is the time to change the regulations of the South Americans and begin to think of other alternatives in order to have more countries, more boats and more competition. One suggestion is for the organizing country to supply all the boats and conduct a round robin style regatta. This would eliminate the problems encountered every year in transporting the boats to and from countries when we wish to compete.

Let's do something new. Let's try it for one year and see what happens. I'm sure there are other suggestions as well that can save this championship.

We'll see you at the next event, my friends.

Editor's note: Tito's articles were translated by Audrey Matteson who apologizes for any unintentional error in translation.

LOS JUEGOS PANAMERICANOS

By Tito Ganzales

Terminando el Campeonato Sudamericano en Buenos Aires, nos fuimos por auto a 400 Km hacia el Océano Atlántico para prepararnos para los Juegos Panamericanos en la ciudad de Mar del Plata, balneario de más de un millón de personas, con casinos, buenos restaurantes, club nocturnos y llena de vida.

Tuve la suerte de navegar con la misma tripulación que ganamos el Sudamericano. En la proa Cristian Herman y al medio el buenmozo y viejo acompañante mío durante muchos años German Schacht.

Seis botes de seis países estaban listos para empezar la serie de diez regatas con un descarte con el nuevo esquema de trapezoide que reemplazó al tradicional Triángulo Olímpico de seis piernas. Pocos participantes en las diferentes clases panamericanas estaban acostumbrados a este nuevo curso y en nuestra clase un claro ejemplo fue el brasileño Claudio Bieckark que perdió de ganar una regata que tenía en el bolsillo y que al final terminó último.

Vientos de diferentes direcciones casi todos los días, moviéndose entre los seis y quince nudos en la mayoría de las regatas con excepción del último día que sopló entre dieciseis y veinte y uno nudos le pusieron emoción a un evento que tuvo al argentino Alejandro Coya como líder absoluto durante las primeras cuatro regatas. Desde ahí en adelante y hasta el final nuestro bote lideró la clase.

En segundo lugar y haciendo una segunda mitad de campeonato a buen nivel terminó nuestro ya tradicional amigo y rival en varios juegos panamericanos pasados, Claudio Bieckark, con su inseparable tripulante Gunnar Ficker.

En tercer lugar el recién iniciado en la clase Lightning, el local Alejandro Coya que dio que hablar y que merecidamente se quedó con la medalla de bronce. En cuarto lugar finalizó otro conocido participante, el ex campeón mundial Peter Hall, que hasta ahora no ha tenido fortuna en estos juegos. En quinto lugar Jim Crane, que pagó caro no haber tenido una tripulación más pesada. Era un candidato serio a medalla. Y, en último lugar, nuestro conocido rival en Salinas, Ecuador, Juan Santos, quien junto a su tripulación sintió el peso de haber navegado en condiciones de viento y mar que no existen en Salinas, su casa.

Para todos los que estuvieron en Mar del Plata, Argentina, les deseo mucho éxito en el futuro.

THE PANAMERICAN GAMES

Finishing the South American Championship in Buenos Aires, we went by car 400 Km toward the Atlantic Ocean in order to prepare for the PanAmerican Games in the city of Mar del Plata. It is a city of more than a million people, with casinos, good restaurants, night clubs and is full of life.

I had the luck to sail with the same crew that won the South Americans: in the bow Cristian Herman and in the middle a good and old friend who has sailed with me many years German Schacht.

Six boats from six countries were ready to begin the series of ten races with one throwout with the new trapezoid course that replaces the traditional triangular Olympic course of six legs. Few participants in the different PanAmerican classes were accustomed to this new course. In our class a clear example was the Brazilian Claudio Bieckark that missed winning one race that he had in his pocket and that to nearly the finish.

The wind was from different directions almost every day, moving between six and fifteen knots in most of the races with the exception of the last day when it blew between sixteen and twenty-one knots. It gave emotion to an event that had the Argentine Alejandro Coya as absolute leader during the first four races. From there forward and until the end our boat led the class.

In second place, and making a good finish in the second half of the championship, was our already traditional friend and rival in several previous PanAmerican Games, Claudio Bieckark, with his inseparable crew Gunnar Ficker.

In third place was the recent initiate in the Lightning class, the local Alejandro Coya, who with merit held on to the bronze medal. In fourth place was another well-known participant, the past Lightning Class World Champion from Canada, Peter Hall, who until now had not had luck in these Games. In fifth place was Jim Crane, United States, who paid dearly for not having one more heavy crew. He was a serious candidate for a medal, and, in last place, our well-known rival from Salinas, Ecuador, Juan Santos, who together with his crew lacked the weight needed to sail the windy conditions which do not exist in Salinas, his home.

For all who were in Mar del Plata, Argentina, I wish much success in the future.

Editor's note: Tito's article was translated by Audrey Matteson, who apologizes for any unintentional error in translation.

Euroopanmestaruuskilpailut vetivät tällä kertaa tavanomaista suuremman määrän kansainvälisiä purjehtijoita mukaansa (Chilestä, Italiasta, Sveitsistä, ja USA :sta) johtuen varmaankin siitä, että Helsingissä purjehditun kilpailun jälkeen olivat seuraavalla viikolla vuorossa Maailmanmestaruuskilpailut Kuopiossa. Koska asumme Euroopassa (tarkemmin sanoen Krakovassa, Puolassa) meillä on ollut loistavat mahdollisuudet osallistua EM-kilpailuihin Kreikassa (-93), Sveitsissä (-94) Dick Hallaganin kanssa ja nyt Suomessa Bram Palmin kanssa. Olemme vahvistaneet vanhoja tuttavuuksia ja tehneet miellyttäviä uusia tuttavuuksia. Menimme jopa niin pitkälle että aloitimme Italian kielen kurssin tänä keväänä, jotta voisimme kommunikoida paremmin "i ragazzi de Italia" (Italian poikien kansaa). Lightning luokka on tunnettu sen poikkeuksellisesta toveruudesta ja elinikäisestä ystävytydestä (meidän tapauksessa jopa avioliitosta!!), ja tarjoaa loistavan mahdollisuuden tavata

ja tutustua ystäviin ympäri Eurooppaa ja eteläAmerikkaa - todellakin ILCA on nimensä mukaisesti kansainvälinen.

Helsingfors Segel Klub (HSK) sijaitsee 5 minuutin matkan päässä Helsingin keskustasta ja kilpailualue 30 minuutin purjehduksen päässä rannasta. Lyhyen purjehduksen jälkeen olemme avoimella merellä ja lähellämme on muutama Suomen 40.000 :sta saaresta. Tämä mahtava purjedusalue tarjosi mielenkiintoiset vedet, mukavat pikku aallot, jatkuvat tuulenkääntymät ja maantieteen tuomat vaihtelut. Mukavinta oli monet ennustamattomat tuulen kääntymät. Harjoitus kilpailussa kykenimme oppimaan yhden pääasian - kun tuuli puhalttaa mereltä, oikea laita on paras.

Monta hienoa asiaa tekivät 1995 Euroopanmestaruuskisat fantastiseksi regataksi, ja ehkä kaikkein ilahduttavinta oli todeta kaikkien viiden kilpailuun osallistuneen maan venekuntien kilpailukyky. Jokaisella maalla oli ainakin jossain lähdössä oli viiden parhaan joukossa neljä eri kansallisuutta, mikä kuvastaa eri Lightning-valmistajien ja purjehtijoiden kansainvälistä kilpailukykyä. Kaikki lähdöt purjehdittiin mukavassa 6-11 m/s:n mukavassa meritulessa, lukuunottamatta ensimmäistä lähdöä, jolloin tuuli kuoli hetkeksi kokonaan.

Pitää onnitella kippariamme Bram Palmia (lempinimi "Scandiman") johtuu Rautalammit kotoisin olevasta isoisästä) chystä purjehduksesta jolla voitti mestaruus. (Siis melkein Suomalainen miehistö voitti EM:t, sillä onhan Peter Hallaganin äiti nimeltään Anne Salo, jonka isä kotoisin Suomesta, Salosta huom: tämä on kääntäjän kommentti). Kiitämme Bramia, että hän ensinakin tuli eurooppaan ja että saimme purjehtia hänen kanssaan. Kuuden parhaan joukkoon purjehtivat Paul Wurtzbech USA (2.), Mario Noto ITA (3.), Urs Wyler SUI (4.), Dick Hallagan USA (5.) ja Leo Korhonen FIN (6.) miehistönään Hartti Nisonen ja Antti Varheenmaa.

Mitä parhaimmat kiitokset haluamme osoittaa HSK:lle. Olemme osallistuneet tosi moniin kilpailuihin, ja voimme vakuuttaa että HSK on ensiluokkainen kilpailujen järjestäjä. Kilpailukomitea järjesti crinomaiset radat, startit tepehtuivat tyylikkäästi ja täsmällisesti eikä muutenkaan tuhannut aikaa lähtöjen välillä. Hienot Kilpailut. Lopuksi te jotka ette olleet Helsingissä - alkää jätäkko seuraavaa mahdollisuutta käyttämättä. Helsingin yöelämä, tanssi (erityisesti "Kaarle XII" :ssa) ja yönön yö tekevät Helsingistä käynnin arvoisen paikan, varsinkin jos energiaa riittää vielä kilpailujen jälkeenkin.

Kiitos kaikille mukavillo ihmisille jotka olemme tavanneet näissä mainituissa kolmessa EM-kilpailussa. Kiitos mahtavasta ajasta Helsingissä, toivottavasti tapamme Marsalassa, Italian Sisiliassa ensi vuonna.

WHITE NIGHTS AND WINDY DAYS THE 1995 EUROPEAN CHAMPIONSHIPS

By Peter and Kristen Hallagan

With the 1995 European Championships directly proceeding the World Championships, the Europeans drew a larger and more international fleet than normal with representatives from Chile, Finland, Italy, Switzerland, and the United States. Living in Europe (Krakow, Poland, to be exact), we've had the unique opportunity to participate in the past two European Championships in Greece and Switzerland with Dick Hallagan, and we were especially excited to renew old contacts and make new friends. We even went as far as signing up for Italian lessons this spring so that we could better communicate with "i ragazzi di Italia" (the guys from Italy). The Lightning Class is well known for its exceptional friendliness and lifetime friendships (even marriage in our case!!) and provides a unique opportunity to meet and make friends all over Europe and South America - truly earning its title as the International Lightning Class.

Helsinki Sailing Club (HSK) is located 5 minutes from the center of Helsinki and a 30 minute sail to the sailing area. A short sail around a couple of islands leads to the Baltic Sea and basically an open water venue circled by about a dozen of Finland's 40,000 islands. This unique sailing area allowed for current, nice chop, persistent shifts, geographic influences, as well as plenty of unpredictable wind shifts.

From the practice race, we were able to learn one major thing - that when the wind blew from the sea, the right might be favored. Of course, since Dick Hallagan (Dad) hadn't sailed the practice race we somehow became quite confused by the time we returned to the docks and when we were talking with him about the conditions, we couldn't quite remember which side was favored!!

There were many wonderful facets that made the 1995 European Championships a fantastic regatta and probably the most pleasing was the level of competitiveness from all the five countries represented in the regatta. Each country had a boat regularly finish in the top five. In fact, in four races, four different countries finished in the top five, demonstrating the international competitiveness of the different Lightning builders and sailors.

All the races were sailed in a 15-25 mph breeze from the sea except for the first race. The first race was sailed in a dying breeze (finally dying to 0), which provided a nice consolidation of the fleet after 4 1/2 legs. The results show the outcome, but there were several interesting shakeups which should be mentioned and remembered. After four legs of race one, Paul Wurtzebach's unnamed crew spotted what appeared to be the finish flag on a boat hovering around the weather mark. After convincing the team that they had finished, Wurtzebach's team, being the good sailing citizens that they are, made a feverish "row" to the finish boat to "get clear" of the finish area - only to learn that the little flag was not a finish flag!! Rumor has it that donations for glasses and a flag chart are being accepted for the unnamed crew, and Paul Wurtzebach is considering a coxswain's position on a rowing team!

Race 1 also saw Tito Gonzalez and Urs Wyler start a little early. Tito maybe thought that practice makes perfect so he started a little early in race 2 as well. After surveying the results

after two races, Tito decide that those lettered (PMS) finishes were not helping their position so they changed strategy and went on to sail four fine races.

Congratulations should be given to our skipper Bram "Scandiman" Palm for sailing a consistent regatta allowing him to win his first championship. We'd like to thank him for coming over to Europe, giving us our annual chance to get in a sailboat. Paul Wurtzebach, Mario Noto (Carota), Urs Wyler and Pops Hallagan rounded out the top five.

A great thanks should go to the Helsinki Sailing Club. Of the many Championships we have participated in, we would like to commend HSK for organizing a first class event and executing a perfect racing series that was second to none. The race committee set incredible courses, started absolutely on time and wasted not a minute between races - a truly superior event. The excellence in race organization also extended to the rest of the organizers and volunteers. Finally for those who missed Helsinki - do not pass up the next chance. Helsinki's night life, dancing (especially at the "Kaarle XII") and endless daylight make it an incredibly festive place to visit - especially if you have the stamina! To all the great people we have met over the past three Europeans, thank you for a great time in Helsinki and hopefully we will see you in Marsala next year.

XVIII CAMPEONATO MUNDIAL

By Tito Gonzalez
Fleet 490
Aculeo Lake Fleet
Chile District

South American Champion
1985, 1994, 1995
PanAmerican Games
Gold Medalist 1995

Uno de los pocos lugares en el mundo donde se puede practicar las 24 horas del día, siempre con luz, nunca de noche. Eso es lo que esencialmente hace diferente a Finlandia del resto de los países que nuestra clase visita cada 2 años con motivo de celebrar sus Campeonatos Mundiales.

Para todos los que estuvimos ahí estoy seguro fue una experiencia inolvidable, los finlandeses hicieron del campeonato una gran celebración, su organización perfecta, y un Comité de Regatas impecablemente vestido al más puro estilo de los mecánicos profesionales de los equipos de carrera Fórmula 1.

Kalavesi, un lago piccolo como me dijo un italiano amigo mio, fue a la postre una cancha de regatas parecida a la Laguna de Aculeo, centro de entrenamiento preferido de mi equipo aquí en Chile, lo que sin duda fue uno de los factores importantes para ganar. Pero sin un gran equipo como lo fueron German Schacht, el hombre más buenmozo de la flota en Finlandia y el mejor medio que he tenido nunca desde que estoy navegando Lightning y a Rodrigo Zuazola un veterano de la vela en Chile y gran táctico hubiese sido a lo mejor imposible de navegar bien. Tampoco puedo dejar de rendirle un sincero homenaje a nuestro Ojo de Lince, el bote más viejo de toda la flota construido en 1969 por Allen, hoy de 26 años de edad, quien sin duda volvió a ser el bote más rápido en las condiciones de vientos medios y aguas planas que tuvimos en la mayoría de las regatas.

Por último agradezco a todos los que de una u otra forma nos han ayudado a través de todos estos años a seguir compitiendo en Lightning, en especial y por sobre todos a mi padre ya que sin su apoyo incondicional hubiese sido imposible no sólo ganar, sino habernos mantenido todos estos años navegando en esta Maravillosa clase Lightning.

Nos vemos pronto.

One of the only places in the world where you can practice 24 hours a day - it's always light, never dark: this is Finland's essential difference from other countries the Lightning Class visits every two years to celebrate the World Championship.

I'm sure it was an unforgettable experience for everyone who participated. The Finlanders made the championship a great celebration, with perfect organization and an impeccably dressed regatta committee outfitted in the style of Formula 1 racing teams.

Kalavesi, a "piccolo" lake, as my Italian friend told me: it is similar to a group of regattas sailed on Lake Aculeo in Chile that has been a favorite of our racing team. This was without a doubt one of the important factors in our win. The team included German Schacht, the most handsome man in the fleet, and the best middle crew I've had in my years of Lightning sailing. And Rodrigo Zuazola, a veteran of Chilean sailing and a great tactician without whom it would have been impossible to sail so well. Neither can I forget to pay homage to the Eye of Lince, the oldest boat in the fleet, built in 1969 by Tom Allen. It is 26 years old this year and was surely the fastest boat in high winds and flat water, the prevailing conditions in the regatta.

And finally, I would like to thank everyone who has helped me to continue competing in the Lightning through the years. Above all, I thank my father. Without his unconditional support it would have been impossible not only to win but also to devote all these years to participating in the wonderful Lightning Class.

See you soon.

1995 WORLD CHAMPIONSHIPS - OUT OF THIS WORLD

Or...The Most Amazing Thing I've Ever Seen Done in a Lightning

By Bill Faude
Fleet 69, Milwaukee Yacht Club
Midwest District

Third, 1995 Worlds
V.P. Treasurer, ILCA
Flashes column editor

I don't think enough has been written about this past summer's World Championships. I'm glad they only happen once every two years - it gives us slower writers a chance to get an article together.

You've heard about what great hosts the people of Finland were. You probably know the results by now. Thanks to the "Masthead Fly" you might even know about our current North American Champion (Blood alcohol level 3.6) narrowly avoiding being entwined in an International Incident with a train conductor. But unless you were there, you don't know about something that happened there that was the single most amazing thing I've ever seen happen in these blessed square yachts.

If you look at the results of race 2 you will find Peter Hall 1st. Our boat 2nd. Thomas Allen, Jr. 3rd and Tito Gonzales 4th. Now, Tito and Tommy ended up 1-2 in the regatta. Both had better finishes in the event so what's so special about this race? In the World Championship, in a competitive fleet of more than 40 boats Tito and Tommy and their team-mates finished 3rd and 4th in a race where they both tipped over.

In the part of the world where I do most of my sailing, we don't get a chance to sail in breeze much over 25 mph. And that's too bad, 'cause as we were reminded in Finland some of us kinda like to plane. And since we seem to not be sailing reaching legs enough any more, it needs to be really blowing to do it dead down-wind. So, although some people thought the conditions were a little extreme to be racing, we were racing in over 30! And I think they were right to do it - it was the World Championship - it should be special.

Tito went over in an unusually large puff about four boat lengths from the offset at the second weather mark of a Triangle, Windward, Leeward, Windward, Leeward, Windward course. His team was in second place, behind Peter Hall. They had just hoisted their chute. His boat is one of the early tank Allen boats hull number 11011. He's done a lot of work on it you can tell. It's bullet proof but in this situation, it's on it's side, it's blowing hard...we went planing past, fully cognizant that Tito has been the fastest Lightning sailor in the world in big breeze for some time. Frankly, we thought that time was up.

Tommy, his sister Jane and brother Jimmy moved into 2nd when Tito went over. We were right behind them when they went over trying to jibe. We were running in the middle of the leg in about 30 knots, both with our chutes up with bow waves coming off back by the bailer. I think they actually went over in a little

bit of a lull. So it was probably only blowing 25 or something. But when it's blowing that hard, you really want to be planing when you jibe, there's less load on everything. We watched them go over. Nobody got hurt. I've got to be honest, we were actually a little happy to see them go. Usually, the one making the fewest mistakes wins.

In the world I knew before, when it's blowing over 30 and you tip over hoisting your spinnaker, or you wait a little longer and biff in a jibe in a competitive fleet of more than 40 boats from all over the world, you don't come back to finish 3rd and 4th in the race. If on top of it, you're sailing a boat that was built when Nixon was President and the puffs are over 35 and your chute is wrapped around the spreaders and your crew is completely separated from the boat, or you're sailing with your brother and sister and it's pretty cold and there're about 400 other reasons to just bail out the boat and wait for the next race, where I'm from you sail your throwout!! and you cave in from there and if it's windy again tomorrow I beat you then too.

But that didn't happen. The simple point of this piece is that on the second day of that regatta in Kuopio neither Tito nor Tommy nor their crews (who really had seemed like regular folks when we left the dock)...were in a world the rest of us were not inhabiting. That day, one of the windiest days any of us had ever raced a Lightning Championship in, our boat finished race 2-2nd and race 3-1st and we gained exactly 2 points on Tommy and 4 on Tito when both of them had been swimming. And I know for a fact that in that second race, Tommy sailed two full beats without any mast blocks.

I'm gonna end this now, but I gotta tell you, where I'm from we watch a lot of NFL film footage of legends of the Gridiron and they're always trying to articulate what makes a champion different than the rest of normal humankind. They use those deep epic voices and that direct from-God music to paint their pictures and they do a pretty good job. But I don't need to watch that anymore. I was there in Kuopio. We planed past both those boats on their sides. I saw real capsizes. I know that water wasn't warm. You can see the pictures to prove they really went over. But then we watched both of them get back in those boats and sail right through almost the whole fleet.

As I sit at my desk and I think a lot about Kuopio and all the great people we met there...I'll remember that place a long time because they let us sail that day and what those six people did. Those guys were champions that day. And I'll never forget it.

WJM REGATTA IN BRIEF

By Karen Johnson

Sue Rogers from Burlington, Ontario and Fleet 118 in the Lake Erie District repeats as the Women's North American Champion with Anne Marie Shewfelt and Helene Michaud as her crew. Kathy Connell is the runner-up. John Dane from Pass Christian, MS, is the new Junior North American Champion with Oliver Peneguy and Rush Halloway crewing. Charlie Wardwell is the runner-up. Dick Hallagan from Newark, NY and Fleet 77 in the Central New York District is the new Master's North American Champion with Nancy Bargar and Len Tiedemann as crew. Cal Schmiede is the runner-up. Congratulations to them all.

It was a glorious week in Vermont at the Malletts Bay Boat Club on Lake Champlain. The weather was perfect with light winds on the first day building to 16 knots on the third day. The racing was close and the social activities kept everyone together for camaraderie and story telling.

There were 16 boats in the Junior fleet with four Sears Cup finalists tuning up for their regatta in Chicago the following week. One boat represented the Ecuador District. The Women's fleet was small, only five boats, but the Masters set the record with 27 boats, an all time high. There were two three-generation boats: Len Pratt with daughter Bonnie Shore and grandson Randy, and Don Brush Sr. with daughter-in-law Ann Brush and granddaughter Kate. You must say the Lightning is a family boat!

Fleet 301 wants to thank the Malletts Bay Boat Club for the use of its facilities, all of the sponsors which made it affordable, and all of the sailors who traveled to Lake Champlain, the West Coast of New England. Come back and sail with us again.

MISSISSIPPIANS WIN the JUNIOR CHAMPIONSHIP

By Karen Johnson

Congratulations to Pass Christian, MS natives, skipper John Dane III, Oliver Penegue and Rush Galloway who took first in the Lightning North American Junior Championships at Malletts Bay Boat Club in Colchester, Vermont, August 8-11, 1995. It was only the second time John had sailed Lightnings (the first time was in the Sears Cup in Hilton Head). However, it was Dane's crews' first time. He has now sailed in three Lightning regattas with a first in the Sears Cup semis, a first in the Junior North American Championship and a second in the Sears Cup finals.

John and his crew had an interesting journey up to Vermont. They towed a Star boat to Zenda, Wisconsin, then drove to Toronto, picked up their Lightning, then drove to Burlington. When they entered Canada for the second time, they were stopped by the border patrol for a couple of hours due to a mix-up on the boat papers. Ah, the excitement of racing, on the road!

Dane, Penegue, and Galloway commented on how well the races were run and are looking forward to Lightnings in their future. Said Dane, "They're so much more fun than a Scot. With the winds ranging from drifting to 20 knots - we had a workout. We did particularly well in the heavy air races. I think all of us are excited about racing in our own backyard next August." Dane expressed appreciation for all the cooperation along the way.

Special thanks to Chad Atkins who was particularly helpful to the crew, it was great to see him the next weekend at the Sears Finals.

MALLETTS BAY MASTER'S BONANZA

By Dick Hallagan
Fleet 77, Newport Yacht Club
Central New York District

Canadian Open Champion,
1975, '76, '81, 'and '95
Master's Champion,
1986, '87, '89, 'and '90

There was no endless daylight in Burlington, VT, but being only 40 miles from the Canadian border, one might think this would be Finland revisited (sailing in ski hats and practice races at midnight). Some of us just returned from Europe wish to say hello to all our friends we met in Kuopio and Helsinki, "We had a great time and miss the sailors from Lapland to Marsala to Santiago." My blood did not switch back quickly enough to the hot summer of 1995 in the northeast part of the USA. At Malletts Bay, I quickly got a sunburn and an overdose of UV rays as Tuesday, Wednesday, Thursday and Friday the temperatures hit 90°F. Lake Champlain is a 100-mile stretch of fresh water, positioned in a geological down fault between the Green Mountains of Vermont and the Adirondack Mountains of New York. There are beautiful mountain views both east and west from Malletts Bay. The outer bay is so perfectly round - approximately 4 miles across in any direction - it could have been the result of a meteorite impact 200,000 years ago. The Malletts Bay area was perfectly suited to host the WJM regatta which precedes the Lightning NAs. Both the inner bay and the outer bay were equally suited to sailing the Lightning. The Boat Club scheduled a social event every night. Burlington city was just 5 miles away. And we found a pool table or two in Winooski, "Dave Bull missed this." Dr. Peter learned that 'scratching' can be good and bad, but the little black ball is what counts.

We must tell other people that the 1995 Masters' had 27 entries from 13 states and provinces of the USA and Canada: VT, NH, MA, RI, Ontario, Quebec, NJ, NY, OH, MI, MO, WI, TN. It was an impressive sight to see all those boats on the starting line. A far cry from the first year of 1983 and just five boats. It was a 3000 mile round trip drive for the three boats from Tennessee. The effort deserves a big "thank you." Also, I wish to point out the boats with three generations: #14701-Len Pratt, Bonnie Shore, Randy Shore; #11212 - Don Brush, Sr., Ann Brush, Kate Brush. This puts the Masters' at a new level of family sailing. And the ILCA should consider a Grand Master award for those over 70 years. The 1995 year was the year of the new boat, 33% of the fleet: 14645, 14655, 14690, 14692, 14701, 14703, 14705, 14711, 14727. The old boys wanted to ride in style.

The racing was light, medium and heavy; the race winners were Hallagan, Schmiede, and Allen in that sequence. In each race the winner led the entire way, creating dullsville. The regatta was won or lost in the second race, up and down winds, and the juniors' and masters' mixing together. On #14655, we sailed in 6th or 7th place for two legs, moved up to third on the second buck, then had an exciting finish to get second over Sherburne by about ten feet, and Dissette by less than one boat length, and Peter by another boat length. My crew, Nancy and Len, were a key part of a great boat race. In the third race, we had Schmiede at the first crossing and from then on it was a covering game in a really heavy breeze, maybe 20 mph. Lots of planes, hiking, sore muscles, and exhaustion; a workout the Masters handle with mastery.

Thanks go to the committees at MBBC: Regatta Chair, Dick Fastiggi; RC Chair, Bill Fastiggi; Measurement, Don Brush, Jr; Trophies, Ann Brush; Social, Janice Lange; Registration, Heather Rowe; Housing, Fritz Horton.

Thanks go to Len Tiedemann, North Rose, NY, my crew in 1987, '88, '89, '90, '91, '92, '93, '94 and '95; and Nancy Bargar, Lakewood, NY, my crew in 1992, '93, '94, '95; not pros, Larry, but people who love this sport. Thanks again, MBBC! Let us see a big turnout in New Orleans - 1996; and cooler weather, ha ha?

SEARS CUP

By Mike Huffman
Fleet 5, Chicago Corinthian YC
Midwest District

ILCA President, 1992 and '93

With excerpts from a Sears Cup
press release provided by Susan
Miles of Media Pro International

Photo by David Sprague

"Six young sailors joined the ranks of national sailing champions, winning the 1995 US Sailing/Rolex Junior Championships, organized annually by US Sailing and hosted this year by Chicago Yacht Club at its Belmont Station. The event's sixty contestants, all between the ages of 13 and 18, hailed from 16 states and are Area Champions, a hard won title that earned them the right to compete at the 1995 national regatta.

Competitors dealt with a variety of conditions throughout the three day regatta. Paramount among them was a series of line squalls that served up heavy rainfall, lightning, and 30-knot gusts on Lake Michigan. At some point each day, race officials were forced to shorten courses and send the boats to the safety of shore. Racers were thoroughly briefed about Lake Michigan's flashes of fury and were well prepared to handle the severe conditions.

A one-day Rolex Clinic was held just prior to competition, with instructors Gary Brodie (Virginia), Cappy Capper (Excelsior, MN) and Randy Lake (San Diego, CA) staying throughout the regatta to provide valuable on-going coaching between races and following each day of competition.

Sunny skies and steady 15 to 20-knot southwesterly breezes characterized day one of the competition. The Lightnings got in three perfect races before the squall hit. Day two turned out to be an exercise in frustration. Each fleet started in the light, shifty 4 to 6-knot breezes, but, before they reached the weather mark, dark clouds loomed ominously to the west. With severe weather guaranteed to sweep over the race area, officials shortened each course to two legs and signaled a message to head for shore. A three hour rain delay and no wind thwarted all attempts to gear up again. The last day of competition served up 4 to 8-knot breezes, again uncharacteristically light for the "windy city." One final race for the Lightnings was squeezed between the morning's postponement due to lack of wind and a mid-afternoon squall that dashed all hopes for further racing. At series' end, the Lightnings, which were donated by members of Chicago's Corinthian Yacht Club Lightning Fleet 5, got in five of the regatta's scheduled ten races. Three races would have constituted a series.

Allan Terhune (Beechwood, NJ) with crew Coury Yetman (Island Heights, NJ) and Ronald Vignone (Toms River, NJ) won the venerable Sears Cup, junior sailing's oldest trophy that has been contended for every year since 1921. The team from Mississippi, last year's bronze medalist, skipper John Dane, IV, sailing with Oliver Peneguy (both of Pass Christian, MS) and Rush Galloway (Gulfport, MS), went home with the silver medal this year. The number three spot was determined by a tie-breaking system that favored the team with the most firsts, seconds, etc. Skipper Jake Scott, sailing with Jay Martin and Chris Breland (all from Rockwall, TX) aboard, won the contest and the division's bronze medal.

The event's award ceremonies capped a week of outstanding competition coupled with great camaraderie and sportsmanship among participants. **Recognized particularly was Chad Atkins (Rochester, NY), who was presented the F. Gardner Cox Sportsmanship Award for exhibiting the highest standards of sportsmanship during the championships.** Receiving the event's Shipshape Awards in their respective fleets for best care of the borrowed boats were singlehander Luke Shingledecker (Dayton, OH); doublehanders Mike Kaim (Willoughby, OH) and Stuart Lipp (Mentor, OH); and triplehanders John Edenbach, Michael Brady (both of Middletown, RI) and Peter Bates (Little Compton, RI).

The six young gold medalists, as well as the sportsmanship award winner, have all been named the 1995 US Sailing/Rolex Junior Team. There are an elite 17 young champions or sportsmanship award winners who have qualified for the team this year at either the US Sailing Youth Championships or the US Sailing/Rolex Junior Championships for the Leiter Trophy (junior women only), Sears Cup, and Bemis and Smythe Trophies. Each member has been presented a custom-embroidered jacket and has earned an automatic invitation to attend the third annual Rolex Team weekend scheduled for December 8-10 in Southern California. The US Sailing Center and Alamitos Bay Yacht Club co-hosted a clinic in Olympic-class boats, led by Olympic coaches and former and current US Sailing Team members.

The next running of the US Sailing/Rolex Junior Championships will be hosted by Hyannis Yacht Club, Hyannis, MA, in August 1996."

The 1995 Sears demonstrated that it is exactly what the Lightning Class needs: an effective way to involve junior sailors and their sailing clubs across the U.S. with the Lightning.

Winning the Governor's Cup was extremely rewarding for me. I have been plugging away and regatta hopping for close to 30 years with my wife, Joan. For many years my son Gary also crewed with us while my daughters stayed on shore with a babysitter. Now my daughter Kim and Tim Zgleszewski (we just call him Tim) had graduated college and this spring they became interested in crewing on Lightnings. Things looked a little shaky during the Memorial Day Regatta at Nyack Boat Club when Kim missed her hiking strap and fell overboard, and they were confusing starboard tackers with port tackers. They had come a long way since then, and now we were off to the NAs. My wife Joan was also taking her boat with my other daughter Denise and Maud Lindsay as crew. We rented a cottage on Lake Ontario and were off to what was to be a great family vacation.

We got off to an ominous start on Friday morning as I realized after leaving town that I had forgotten my wallet and as I returned home, my car overheated in my driveway. Things improved, however, when we reached Henderson Harbor, and we were greeted by a smiling committee which was very well organized and couldn't have been more friendly or more helpful. I was ferried to a nearby marina by boat to look for a new mast fly which had been broken in transit; then at the start of the first qualifier, Joan tangled with another boat, and two motor boats appeared equipped with power tools to repair her broken tiller arm and sidestay and had her sailing by the next race. The race committee and judges did an excellent job holding races in trying wind conditions, and the beer kept flowing from the beer truck to fill those bottomless cups (even for us gold fleeters who were the last ones in). The camaraderie was great as most participants stayed around to share war stories and enjoy the great meals. The free photos of each boat on and off the water were a great touch.

My qualifying series was less than outstanding. We tried the conservative approach of digging back into the middle toward the end of the weather legs only to find out that it paid to play the sides to the laylines rather than to go up the middle. We were soundly in the yellow fleet (affectionately referred to by those in it as the "gold fleet").

Our boat felt slow during the first two races of the final series. We were getting good starts, but got squeezed out by boats sailing higher and faster after the start. Dan Reichelsdorfer and Pierce Barden both sailed well, each with a first and a second, while we were well behind with 19 points in tenth place.

It was time to try something. I retuned the rigging according to the North tuning guide. Brian Hayes said he drank Gatorade to compensate for the dehydration from the hot sun, so why not, I tried that, too. On the way out to the starting line we had intense tacking and jibing drills and made a commitment that we would

watch the other boats on the course more closely to see which side was lifted or headed. Then we enjoyed our daily R&R by swimming and playing water frisbee while becalmed and waiting for the wind at the starting line.

At around 12:30, an 8 knot northwesterly filled in and they set a course for the third race. We got a clean start near the middle of the line and punched out with good boat speed and on a starboard tack lift. We then tacked, cleared most of the fleet on port and sailed to the right side of the course where we picked up a starboard tack lift and rounded in first. From there we managed to keep a loose cover on the fleet and finish in first.

The wind shifted toward the north for the fourth race. We got another good start near the middle of the line and were one of the last to tack to port. This time we noticed that boats in the middle of the course were being lifted on starboard tack so we also tacked up the middle and were again first at the weather mark. Dan and Pierce were close behind, and we managed to keep a loose cover on them to get another first place. This moved us up to within four points of Dan and 3 points of Pierce after throwouts. I thought this would surely be the finest day of our series, but I was wrong.

On Thursday we sailed out to the starting area and had our daily R&R till a southerly filled in at around 12:30. After a good start from the middle of the line we played shifts while working our way toward the right side of the course and were surprised to find ourselves first again at the weather mark. This time Dan and Pierce were not close behind. I played a loose cover on the fleet, and at the finish my wife Joan had worked her way into second place.

This was my most rewarding finish, as my wife and I with our two daughters finished one-two, and I moved into first place in the series. Pierce came in 18th and had to count it due to a DSQ in his first race, and Dan had a 7th which gave me a three point edge after throwouts.

In the final race, Dan went for the favored pin end start while I started about four boatlengths up the line. He was a little early and had to pinch to clear the pin as other boats rolled over him, then he was forced to tack to clear his air. I had clear air and was able to stay on starboard tack toward the better air on the left side of the course. As we approached the weather mark we worked our way toward the middle and were ecstatic as we again rounded in first with Dan nowhere in sight. We were able to maintain our lead to clinch the series with another victory.

Some days you can't seem to do anything right, but during the last two days for some reason everything fell into place for us. They say that every sailor has his day and I guess this was ours.

The Henderson Harbor Yacht Club and supporting personnel are to be commended for running an excellent North American Series.

Driving to Henderson Harbor I had a feeling that we could have a good NA's if the breaks went our way. We had sailed well on the Circuit and had been OK since the, except we had not sailed much in late June and July. Our team, Laura Milne, who had been sailing with Ched during the summer, in front, Cindy Lister in the middle and the "Fat Old Guy" driving, was the same team that had been fourth in Miami in March. We had worked on the boat and it was ready and had a new jib and spinnaker to get us around the course. To keep the optimism going Cindy picked a great spot in the trailer part out of the deck and we set up half way between two hoists (30 feet either way) and right across the lot from the clubhouse. The only downside of this was that Dick Hallagan was next to us and he had a bad week on the water and had switched to some brand X beer that he kept trying to pawn off on us. The hotel we were in was a great pick with a great restaurant and a fantastic group of old friend Lightning sailors staying there, and or eating and drinking there.

Then, the qualifying series started! Disaster, either the stupids causing the slows or the slows causing the stupids, 17, 18, 16, 16 (consistency) and the "Fat Old Guy" had deftly guided us into the President's Cup, where we were met by some old NA's and World's friends of the past 30 years, Brush, Shore, Larson, Carson, Sprague and Ruiter and a lot of other friends that have been doing well at the NA's in recent years. As usual the competition looked competitive. On top of this the drivers left leg blew up like a balloon with the knee so stiff it wouldn't start to bend until about the tenth roll tack on each weather leg (old age and his fantastic training regimen!). Needless to say the skipper's mood was not the best. After two trips to bother Ched and several to bother Brian Hayes, the rig was checked out and minor changes made, we would be ready for the "GREENS."

Race 1: In what wind there was, (square line) we started near the pin with a big hole to get away in, with Ric Larson leading the pack to leeward of us. We sailed almost to the layline about even with Ric and tacked conservatively short and let Ric go into the corner and into an undisputed lead and we were second at the first mark. We then reverted back to the driver error mode of the qualifiers and worked our way back to fourth. Ric won the race, visiting the LEFT corner two more times and showing good speed in the conditions. Dave Ruiter was second, Ray Harrington third and Tom Niles fifth.

Race 2: Less wind again (square line again) and we again went left with Ric Larson, and again tacked short of the layline and again Ric went to the corner and led to the windward mark. We were either second or third with Dave Ruiter right behind us. (Note: For the record, since runs have become popular the "Fat Old Guy" has jibed at the top of the run about 80% of the time.) We set the chute and Laura looked behind us and said "Jack, let's jibe, there is more wind coming from that side." Jack, "We are on the favored jibe." Laura, "We should jibe" (with a skipper, you-are-really-stupid tone in her voice). This conversation went

on for another several minutes with both egos causing tones to gain more inflection. We finally jibed with an admission by the skipper that Laura was correct and that he had sailed us down the drain. Only Dave Ruiter went farther into the doldrums. I can only guess as to the conversation in their boat. We took the chute down in about 15th place. We struggled and worked hard, picking off boats one at a time, to climb back to ninth in this race. I don't have a clue to what was going on in the front of the fleet other than at the start of the last beat Ric was within striking distance again going hard left, into what looked like a sheet of glass, to his second win of the day with Bob Bush second. Phil Grotheer third, Kurt Andrews Fourth and Ray Harrington fifth. At the end of the day it was Larson 1,1=2, Harrington 3,5=8, Elfman 4,9=13, Britt Wadsworth 8,8=16, and Don Brush 6,10=16.

Sailing in I was told by Laura and Cindy to stop whining about being second at both first marks and having 13 points to show for the day. (Later in the week they told me I whined more than all other skippers that they sailed with, combined.) It definitely wasn't their fault. Sometimes our upwind speed was good and at others it wasn't. Can't be me, it must be the sails. On shore it was beer truck, put the boat away, back to Ched. Asked him one question about mast bend and then it was back to the beer truck with my mind working on his answer. I think it was the class meeting next at which we were presented the new format for the Southern Circuit for which you will now need an Indy car to tow the boat in order to make it from place to place on time. This news ruined what was left of the evening, being in the minority of those in the Class who didn't think the Circuit was broken. So it was off to the Club bar with Matt Fisher, who was having an equally bad day in the Blue Fleet, where we reminisced about the 1974 NA's and the 1975 Worlds and to talk to the HHYC Commodore regarding a swap of Club burgees.

Race 3: There was wind with a little better velocity (again a square line, Bob's doing a great job!). Still have not made up my mind about the mast blocking. Start at the committee boat, tack to port, sail half way to the right corner and decide that we are slow and that I am really being stupid in this race. I have no idea, at all, as to what went on up in the front of the fleet. I do know that the "skipper, you are really stupid" tone was not in both Laura and Cindy's voices along with everyone having that it's-going-to-be-a-long-week feeling. Don Brush was first, Tom Niles second, David Clausen third Mark Whatley fourth and Same Booke fifth. The only good news was Ric Larson's 30. At the end of three, it was Harrington 3,5,8=16, Brush 6,10,1=17, Niles 5,17,2=24, Elfman 4,9,14=27, Larson 1,1,30=32.

Sailing down wind to the starting area I was still thinking about what Ched had said about when to sail with the full one and one quarter inch of blocking, something we had only experimented with a few times. The decision was made, unless we were sure that all three of us would be hiking upwind we would block full forward and stay there.

Race 4: Slightly more breeze and the line is square again. We started in a big hole about three quarters toward the pin with a lot of the leaders below us. We worked on boatspeed and found that we could now stay high, at the same or better speed for a change. We started to drop into the boats to leeward as we approached the left corner and decided to be conservative and go now before the header really started to show on the compass. On port tack the breeze increased a little and we fiddled with sail trim until suddenly there it was, better speed and super point! The boats who went slightly farther left before tacking to port were now going from on our hip to in our wake. With this the team attitude was changing to "this week may turn out all right after all." We lead at the first mark and sailed conservatively throughout the remainder of the race for a first. Mark Whatley, who was going very fast up the last beat was second (and a 4,2 for the day) and Tom Niles, who is always fast, was third, Chris Van fourth and Gaston Vedani, a junior from Ecuador, fifth. At the end of day two it is Harrington 3,5,8,6=22, Niles 5,17,2,3=27, Elfman 4,9,14,1=28, Brush 6,10,1,19=36, and Whatley 17,21,4,2=44.

On the sail-in the attitude is again very positive, Cindy has been getting us downhill fast all season and now, maybe, we had rediscovered the upwind speed that we had on the Circuit. We couldn't get to the beer truck fast enough. On shore we finally had a chance to take in the beg picture as to the entire regatta. Henderson Harbor was putting on a fantastic NA's and in spite of some bad races we were having a great time.

Race 5: Breeze, but not enough for three to hike and from the same direction with a good windward leg set and a good line. We again started toward the pin end but didn't get a big hole. Were able to tack onto port into clear air within a minute or two of the start and had Jim Carson about two boat lengths upwind, with the bows about even. I have sailed against "Gilley" my entire Lightning racing career and knew that if we worked hard and kept him from getting on our air that he would be working just as hard to stay ahead of us and as the fleet came together at the end of the first leg any one of four or five boats had a shot at the lead. Frederico Meira, Jim and I were coming in on starboard tack about ten boat lengths short of the starboard tack layline and Mark Whatley was leading several boats in on port tack about the same distance below the port tack layline. We were on Jim and Frederico's hip and thought that we were about even with or just slightly behind Mark. Mark tacked on the leebow of the starboard tack group, which was a great move, as the wind then backed putting him in a nice lead at the first mark and a lead that he lengthened to the finish. Frederico was second, Jim was third, we were fourth and Bill Shore fifth. After five races it was Harrington 32(22), Elfman 32(18), Niles 34(17), Brush 42(23), and Whatley 45(24).

Sailing back to the starting area pencil and paper was out in several boats as points were being totaled. In these conditions it was still a real horse race in the Green Fleet. We checked on Brian Taboada in the Blue Fleet, found that he won the race and was in good shape there. We watched his start in the sixth race - while Ched was in the process of carving out a big hole for himself, Brian slid in under Ched's bow, locked him up, took his hole and sailed away with a perfect start. With boat handling like Brian, Larry and Theresa displayed there, it isn't hard to see why they finished 17 points ahead.

Race 6: A little less breeze from the same westerly direction. We got a clear start about three quarters of the way down the line and sailed left for several minutes. The boats on our hip started to tack off to the right so we looked for a knock to go over in to get into the center of the course. We were slightly ahead of the boats to leeward of us when we get the back we were looking for. After tacking to port we looked like we were in the top half dozen of the pack going right and still slightly ahead of the boats going left, none of whom showed any sign of tacking. Laura began to take stock of the big picture, while Cindy worked on balance and sail trim. Laura then told me to tack in the next spot where we had

pressure because all of our competition was going hard left. This was a very hard tack to make because the center had been a dead zone most of the week. After we tacked we got a bearing on Ric Larson's blue boat, which had been to leeward and slightly behind us on port tack, to use a reference to gains or losses on the boats going right. May teammates did a great job of urging me urging me on and to sail hard from shaft of air to shaft of air. Their hard work, overcoming my whining, helped us continue to open our lead on the boats to leeward and to stay even with the leaders to the right who were now on starboard tack near the layline. Several boats had passed ahead of Ric so they were either getting a starboard tack lift, more pressure or both. The boats on the left started tacking out of the left and I wanted to tack. My teammates kept urging me left while looking for the line of pressure that they wanted. Niles, Brush, Harrington, Whatley were all on port tack and we were safely ahead of them. "CAN I TACK NOW?" A wind line was picked for us to tack into and was it a good one as it carried us almost to the windward mark. We worked very hard on the port tack and were able to get across just ahead of Bob Bush who was leading the boats in from the right. We lead by several boat lengths at the windward mark and held our lead to the finish of a course shortened to four legs. On the final beat Bob made it tough on us as his speed in the conditions was very good. Bill Shore was third, David Clausen fourth and Britt Wadsworth fifth. The RC sent the Blue fleet on a full seven leg course so we were the first fleet heading in, another great move, which capped off a first class job by Bob and his committee.

My teammates and I were very happy with our victory. I would like to thank Laura and Cindy for all their hard work in the regattas we sailed together this year (Miami 4, CAD's 2, Presidents Cup 1). Laura, who sails for URI when she isn't sailing with Ched, Brian or George Fisher, brings a great deal of sailing and racing knowledge onto the boat and works very hard on pressure, shifts, jib trim and tactics all race long. Cindy, who has to put up with most of the time that she is racing, brings a real dedication to doing well by working hard and is rapidly developing into one of the best spinnaker crew in the class. They challenged me to believe that the "Fat Old Whining Guy" could still sail at a competitive level in light and lumpy conditions and for their hard work I am grateful and can't thank them enough.

Years ago I told Bob Hutchinson, when he won the President's Cup in Sheboygan, that winning the Green Fleet only meant that you were either dumb or slow or both in the qualifiers, that you woke up in the finals and that he could have, based on Class history, been in the top 15 in the Blue Fleet and I still believe that 20 years later. This is one of the things that makes our class great, the depth of competition. Our NA's are a very humbling experience for a large group of good sailors and this happens year after year. No matter how well or bad you do in the qualifiers, the competition is still tough and the team next to you is going just as fast as you no matter which fleet you are in any given year.

Thanks to HHYC for having us and for putting on a fantastic event, the Race Committee for taking the extra step required to give us the best racing possible, to Ched Proctor and Brian Hayes for their help and for putting up with all my questions through all of 1995, the competition and to Laura and Cindy for making this a great NA's for me. Congratulations to Brian, Theresa and Larry for a job well done (And for years I thought Keith was the Taboada who was going to win the NA's and that Faude was the hot shot. Just goes to show how important the crew is on a Lightning).

Blocking the mast full forward until you are sure all three people will be hiking; the top batten can be controlled by the cunningham, sometimes; the traveler should never be let up from ten and one half inches above the deck; look for and sail in pressure; you should let the traveler down to ease the helm in light to moderate breeze (less than three hiking) and good starts. These are the things that stick in my mind as the keys to our success AFTER the qualifiers.

1995 Lightning North
American Champions

When we finished fourth in the last race of the North Americans and had won the regatta, our competitors stood up in their boats and cheered. How great is that?

That's the Lightning Class. People were happy to see us win. That's why we sail Lightnings. It is excellent competition among friends.

We had a phenomenal week at Henderson Harbor. We saw where the parking lot was and where the club was, then looked in the back of the car at our mountain bikes. We were definitely styling.

The practice race started but we were still in the parking lot fixing this and fixing that. Then we missed the skippers meeting because we were sailing. It was a good thing since it was the most breeze we'd see all week. After hauling the boat we went to the beer truck and began drinking three

dollar bottomless beers. That's what we did every night.

Actually, there are a few things we think were keys to our success. Not boatspeed or Brian's excellent starts, but our air-conditioned hotel room, watching the Flintstones every morning, and cranking Nirvana on the drive to the club.

Back to the racing, each day all 100 Lightnings left the dock in a light northerly to make an 11 o'clock start. It was really hot and we took turns swimming and cleaning the bottom. Then the breeze would completely die. After about an hour of waterfights a westerly would fill in. Two races followed.

When it was all over and done, we had won, Jim Crane was second and Ched Proctor was third.

We would like to thank the Henderson Harbor Yacht Club, Bob Wardwell, Race Committee Chairman, and all the sailors for an incredible week that we will remember always.

ILCA'S HIGHEST NORTH AMERICAN CHAMPIONSHIPS' AWARDS

ILCA President Bob Harkrider and 1995 North American Champions Brian Taboada, Theresa Colantuano, Larry Colantuano

1995 North Americans Runners-Up Jim Crane, Kip Hamblet, Bill Crane

1995 President's Cup Champions Cindy Lister, Jack Elfman, Laura Milne

1995 Governor's Cup Champions Jim Zgleszewski, Kimberly Hurban, Gary Hurban

The Thomas J. McDermott Memorial Improvement Trophy, donated by the family of Thomas J. McDermott, is awarded to the skipper who improves the most from one year to the next in position during the Qualifying Series. James Henry Taylor moved up 46 places by qualifying tied for 33rd from 79th last year.

Tom Allen, Jr., grandson of Karl Smither, who deeded the Thermis Trophy, which is awarded to the highest finisher who has never sailed in the Blue Fleet before, presenting the trophy to Tom Starck, who, because the best first timer, Brian Taboada, received "another prize," gets the trophy.

Joan Hurban receiving the Swanson Trophy, donated by Jack and Jean Swanson, awarded to the female skipper who places highest.

The Tom Fallon "trophy" is awarded to the last place boat to qualify for the Blue Fleet. Bill Hofmeister wins the honors by losing the tie.

The Florida District was awarded the STEKETEE TROPHY for the greatest increase in Active Membership in 1995. Honorable Mention went to the Southeastern District.

This story starts at the Lightning North Americans a few years ago. As some of you may remember, this regatta, like several of the last few North American Championships, was cut short because of weather. ("What's so fun about sailing? There is either too little wind or too much" . . . that's another subject.) This regatta had way too much wind. I am speaking of the Newport NAs when Hurricane Bob blew by in the middle of the regatta. During the hurricane, while I was forbidden to leave the house, some brave(?) sailors went up to Fort Adams to check out the wildness of the storm. Keith and Brian Taboada, the Fastiggi brothers, Larry Colantuono and some other nuts were traveling around up there through poison ivy and some of the old passages on the fort. Brian, not knowing where he was going (not like at this NAs), sllliidd into some slime. Not just your regular old slime, but 1000-year-old slime. By now you're wondering what this has to do with anything. Don't worry, I'm getting there.

A few years later on the way to the Southampton Regatta in October 1994 . . . Russ Schon describes the trip: "It was just another trip in the car with Brian, close your eyes and you're almost there. Because when you're almost there it is Yager time." After two full nights of drinking and a quick but hard day of sailing, the incubation period of the Newport slime was over and something was about to hatch. As brother Keith tells it: "You have to know Brian. He said he was feeling really weak (an obvious major hangover) on Sunday morning. We pulled out in our truck, and Brian, I thought, was right behind us, but ten minutes later he showed up. He said he was so weak he could not turn the ignition with one hand, it took both. The wind was strong and he planned on sailing even after we told him it was more than a hangover. I thought he was having a stroke. Finally we knew he wouldn't listen to us so we got Theresa Colantuono to convince him to go to the hospital. By the time we got in he couldn't move and was in the hospital."

Dr. Taboada (Brian's Dad) said get him home ASAP. Great job, Joah! Brian was home in one hour and fifteen minutes. And in a day and a half he was paralyzed, on a respirator to keep him alive. We are talking about someone who was flushed and circling the bowl. Brian was diagnosed with Guillain Barre Syndrome, a rare disease that attacks your central nervous system. After months of rehabilitation at Kessler Institute, Brian floated up to the top and was able to walk. He had to learn how to do everything all over again (except racing Lightnings!). He wasn't supposed to walk until August 1995, but by February he was snow boarding like his old self.

Don't try to convince Brian of anything because he either wins arguments by wearing you down or you concede just because. You see, Brian is a big story-teller, but he who laughs last will not laugh when it is his turn. Yes, they call it the "Life of Brian." Like the time when Josh Goldman called Brian to sail with him in Bermuda in Comets. Brian said, "I have no money," and Josh answered, "I didn't ask you if you have any money, only if you can sail." Well, Brian agreed and the next day a plane ticket arrived. Brian got to Bermuda with \$5 in his pocket not even knowing where he was staying. Customs wouldn't let him into the country until Josh came to claim him. When Brian tried to leave Bermuda, customs wanted a \$15 tax, which Brian was able to "borrow" to get out.

Some of Brian's stories are almost (un)believable, except that too many people know that "The Life of Brian" is at times many fantasies.

It is no wonder that when you called your brother Keith, Russ Schon, and others that know you, none believed you had really won the Lightning NAs. Well, at least your MOM believed you. By now, Russ, Keith and all the people at Metedeconk have seen the trophy; they either believe you're actually telling the truth or that you stole it.

It is not very often that we get an almost regular guy winning the North American Championships, but after Brian's paralysis, his winning the BIG ONE proves that nobody can deny "Jesus Built Your Hot Rod", Brian. Enjoy your stay in the penthouse.

Photo: Mary Huntsman

FOR THE RECORD

Jim Carson, Secretary, Fleet #34, Metedeconk River YC
ILCA President, 1971

At the North Americans banquet in Henderson Harbor, Jack Elfman graciously espoused that the Metedeconk River Fleet and the Buffalo Fleet each has had three NA champions. Metedeconk is proud of Jay Lutz, Jody Lutz, and Brian Taboada, who grew up in Metedeconk River Fleet #34 and participated in the junior program of the Metedeconk River Yacht Club before winning the NA's. However, we can never attain the stature of Buffalo with their fifteen championships attained by eight different sailors. We salute Buffalo Fleet #12 and their Champions: John Stern ('41), Karl Smither ('44), Bob Graf ('52), Tom Allen III ('54, '55, '61, '65, '68, '69, '70), Bill Shore ('71), Mark Bryant ('80, '84), Tom Allen, Jr ('89) and Larry MacDonald ('92).

And, CONGRATULATIONS, BRIAN!! We're proud of you!

TABOADA AND COLANTUANO WIN 1995 US Sailing's Championship of Champions

*Rochester, NY, September 28-30 from a press release
prepared by US SAILING and Dana Marnane*

Brian Taboada (Brick, NJ) and Larry Colantuano (Newport, RI) ended the two-year reign of the Robinson brothers by decisively winning the US SAILING Championship of Champions Regatta for the Jack Brown Trophy.

The 21st running of the Championship of Champions was hosted by Rochester Yacht Club (NY) with 20 entries selected from current national champions. The event was held September 28-30 and sailed in Ideal 18s, a two-person, 18-foot keelboat with a spinnaker, provided by Shumway Marine and the local fleet. The eleven-race regatta sailed windward-leeward courses with a leeward gate on Lake Ontario, using low-point scoring and one throwout. Excellent sailing conditions were on

par for each day of the regatta, with winds ranging from 4 to eighteen knots and warm, sunny weather.

Taboada, sailing an Ideal 18 for the first time, won three out of four races the first day to take an early lead. Ideal 18 Class Champions Alan Humphreys (Toronto, Ont.), and defending champion Russell Robinson (Harpwell, ME) battled back in five races held the second day, but Taboada maintained an unbeatable lead. Going into the final day, with two races remaining, the battle was for second place between Humphreys and Robinson.

The 1996 US SAILING Championship of Champions will be held in late September at Bahia Corinthian Yacht Club in Corona Del Mar, CA.

It's been awhile since I raced Lightnings and it's great to be back. This year's Southern Circuit, Atlantic and North American regattas have reminded me how much I enjoy the boats, the people and how close the racing is. I am glad to see how many young people have joined the class.

Teamwork is really important. Greg Fisher's article in the July Flashes was an interesting reminder of how to sail the boat with your crew. After I read it, I realized that I have imported several new techniques from other classes to the Lightning. We have found them beneficial to our boat handling. So, I am sharing them with you.

Defined responsibilities are critical to the success of your regatta. The same person should always hook up the jib or pack the spinnaker, or get the lunch and water. The same is true on the water with one crew member watching the compass and the other looking up the course for breeze and at the other boats for shifts and velocity changes. The crew member who calls the compass must be accurate and reliable and must always be able to see the compass whether hiking or sitting to leeward. It is less important whether this person is the middle or forward crew.

Practicing your tacks so that your team can do them perfectly in all conditions is important. Every crew member should always face forward through the tack which helps them stay focused and oriented.

We have found it best to have the lightest crew member get the chute prepared to hoist. It seems well worthwhile to give up a boat length or two to be ready at the top mark to hoist cleanly and fly the chute immediately.

In light or heavy breezes, we do the hoist the same. In any case, the goal is coordinated teamwork and speed, both on the boat and through the water. On reaches the forward crew puts up the pole before the weather mark and then the middle crew pulls the guy around while the skipper hoists rapidly and trims the sheet. The middle crew only takes the sheet when the spinnaker is full and pulling. The forward crew drops the jib and immediately looks for breeze, counts down puffs and balances the boat while cleaning up the halyard and the guy.

On runs with no offset mark, we don't set the pole before the mark. The middle crew gets the chute out as we round and pushes out the boom. The forward crew pulls the guy around and acts as the pole while the skipper hoists the chute. As the skipper trims the sheet, the middle crew switches to holding out the guy so the forward crew can put the pole on. Often we jibe before the pole is on but with a full chute. This is the beauty of

this method, in that the skipper always has the flexibility to jibe as soon as necessary.

After the hoist, I have the forward crew look back for puffs, keep me in a clear lane, talk to me about trends in the wind and balance the boat.

When we jibe on a run the middle crew takes both the sheets until the boom is over and then I take the guy. When the forward crew completes putting the pole on he pulls down on the twing which cleats the guy and the middle crew cleats the twing never taking their eyes off the spinnaker. Often I will jibe the main and then the forward crew will jibe the pole. This stabilizes the spinnaker, particularly in heavy air, and allows me the freedom to jibe anytime.

We have found it is faster to have the middle crew pull in the spinnaker and hike while putting it away (or sit to leeward). Cleanup occurs quickly but not necessarily immediately as it is more important to get the boat sailing quickly and establish what is happening with the breeze, the competition and the tactical issues.

One additional point to add to Greg's teamwork pointers. We talk about the race from the warning gun all the way around the course. When a crew member is quiet, I ask for information on what they can see, what is happening on the compass or over my shoulder. By staying focused on the race, we tend to miss fewer shifts or tactical opportunities.

MOTOR BOAT and Power Boating Magazine: Dec. 1938

THE NEW *Lightning* ONE-DESIGN KNOCKABOUTS

Editor's note: This full page spread that appeared in the MOTOR BOAT and Power Boating magazine in December of 1938 was probably the first PR for our Lightning.

This was sent to me by Jack Tibbs, ILCA President in 1990, who is from Fleet 31, Devils Lake Yacht Club, in the Michigan District.

Lightning *STRIKES* the one design field.

THERE is a new one design class and the first of the boats is shown here in photograph. The Lightning class was originated by C. L. Nicholson, a small boat sailor at Syracuse, who felt that there was need for a centerboard class combining both comfort and speed. He recognized fully that if such a class were to become popular, the boat must be easily and economically built and the design available at a reasonable fee. After talking with a large number of small boat enthusiasts, he took the combined ideas to Sparkman & Stevens who carried on the designing work.

The boat is 19 feet overall, 6 feet 6 inches in beam and has good freeboard and a V bottom underbody. The cockpit is roomy with comfortable seats and the rig is that of a Marconi knockabout with permanent backstay and a working area of 177 square feet. For those who wish the ultimate in speed, a parachute spinnaker is provided as optional equipment.

The boat shown on this page was built by Skaneateles Boats, Inc. and launched at their plant on Lake Skaneateles, N. Y. in October and immediately put under trial. Since launching she has been tested under all weather conditions from a drifting match to a 25 mile an hour blow and all who have seen her or handled her are enthusiastic about her performance. In particular her balance has been extremely well worked out so that she handles properly under all conditions ranging from a double reefed mainsail and no jib up to full sail including the spinnaker.

As to speed she has been sailed many times against a boat of the same dimensions and carrying 15% more sail. In these tests this new Lightning boat soundly beat the older craft in both heavy and light airs, either reaching or running. Readers interested in this class should write C. L. Nicholson, Pass & Seymour Company, Syracuse, N. Y.

Under all plain sail the Lightning one-designer moves along well even in a light breeze.

Cedar and Spruce

*By Mike Yates
Lightnings #2 and #378
Fleet 1
Skaneateles Country Club
Central New York District*

When I started writing the column Cedar and Spruce for Flashes a year ago, little did I know the impact it would have on the Lightning Class. Like many of us, I thought my interest in rarely competitive, wood classics of a popular one-design sailboat was mine alone. However, the response to the Cedar & Spruce column has been phenomenal. Not only have I received numerous calls and letters, but many of you have taken the time to write your own columns and had them printed in Flashes.

What is it about the Lightning Class that creates such interest and loyalty? In my opinion, it is design, history, good builders, and the Class Association.

DESIGN: The Lightning Class sailboat was the right boat at the right time. For several years leading up to its introduction many east coast builders, including the Skaneateles Boat and Canoe Company were building small round bottomed sailboats. In the case of the Skaneateles company, Interlake Class boats were the name of the gems. These boats were time consuming and difficult to build. Most had steam bent ribs with complicated planking requirements. Some builders had been having success with sawn rib, hard chine boats like Stars and Comets. Boats built with sawn ribs and hard chines proved to be much cheaper and quicker to build. In addition, these boats were easy for home builders. As a result, sawn rib boats were becoming very popular during the late Depression.

It was in this climate that George Barnes of the Skaneateles Boat Company and Olin Stephens came together to build the Lightning. The objective was to design and build a fast, stable boat that could be used for both racing and family daysailing. The boat they created became an American sailing icon.

The Lightning offered a deep dry cockpit with interior seating. In fact some found this characteristic so admirable that for a time, the Skaneateles company built a version with a cuddy cabin called a Gypsy.

HISTORY: In my business, I meet a lot of sailors that got their start in Lightnings. Many have been away from the class long enough that they're surprised it is still going strong. In nearly every case, these sailors have fond memories of Lightning racing and family sailing.

Today's new sailboat market is fragmented. Just look at the sport boat market. At this years Sail Expo in Atlantic City there must have been 30 different sport boats competing against the Melges 24. With so many choices I doubt any of these boats will ever sell enough to have a decent one design regatta.

When the Lightning was getting started, there weren't very many choices for a trailerable, fast, easy-to-sail-and-rig boat. As a result, Lightnings sold widely. They found themselves on lakes, rivers and bays all across the country. Many of the people who come into the Sailboat Shop, learned to sail on a Lightning at the family summer cottage, a Scout camp, or at the local yacht club.

Lightnings were active on the race course, used for island hopping in the 1000 Islands, sailed as shuttles for daytrippers to Atlantic coast barrier islands, and rigged as fishing drifters on the great western rivers.

BUILDERS: To think that there are over 14,000 Lightnings built, and most of these still in the water, is incredible. It is a testament to the builders through the years that so many of these boats are still around. For the most part, the builders of the Lightning have made well built boats capable of lasting generations. At the same time together with the Class Association, they have introduced new building and rigging technologies. As a result, the Lightning continues to be a competitive, popular boat.

CLASS ASSOCIATION: Since the days of George Barnes, the Lightning Class has had a strong Class Association. Our association has developed the class by making available building plans, overseeing the introduction of new technologies, encouraging fleet development, and so much more. However, the one thing that I believe has contributed most to our success has been our association's ability to keep the Lightning out of the Olympics.

By avoiding the Olympics, the class has maintained its amateur status. Like any active class we have our boat builders and sail makers, but these people are interested in the class, not just passing through. As a result, success in the Lightning racing fleet is easily attainable by most competent racers. Making the boat fun for everyone.

1996 represents the Lightnings 58th birthday. We can only hope that the class is as successful in the next century as it was in this century.

An open Letter to those who promoted at Sail Expo.

Dear -- Joan and Gary Hurban, Howie Reinhardt, Bill Faude, Dave Ruiter, Fran, Bob and Jarrett Lynn, Al Morton, Glenn Reiting, Jim Carson, Eleanor Gelenitis, Fred Bush, Kay Bush, Charlie Noble, Ken Kuzdra, Ralph and Pat Wilson, Don Brennen, Jack Elfman, Cindy Lister, Tim Rumph, Rich Warren, Bob and Sterling Bush, Allan Crew, Henry Weinfeld, Keith Bobrowski, Maury and Bonnie Benbow, John Haiges and Lisa Weber, Les Hathaway, Jack Huntsman:

During our four years hosting the ILCA booth at Sail Expo we have learned that our main focus is class promotion rather than individual sales. Bringing new people into the class and fleet development has been and should be our prime consideration. To bring this about we need friendly, knowledgeable people manning the booth and an attractive boat to lean on and discuss. You people have helped with the former. Thank you again. A big bonus for our district members is to discuss the coming year's events and to help each other's fleets. We also get to look at all the goodies which are displayed and see what gadgets will be on OUR boat in the coming year.

Promo Literature in general are the current *Flashes* and yearbook - The *Flashes* cover everything about the different manufacturers and where to contact them so that our sole job is promoting the Class as a whole, not be pushing a brand - Everyone has an opinion of course.

A Great help in future shows would be a complete listing of all used boats for sale. Very seldom does a new class member come in with a new boat. Overall interest in the class is increasingly helped in part by the published fact that the Lightning is the 2nd most actively raced class in North America. Perhaps we can make reference to this in all our promotions - people like to be a winner.

We look forward to continuing our efforts at promotion at next year's Sail Expo and hope to work with you and others next year.

Again, thanks,
 Sandy and Mary

New (?) Concepts in Rigging Your Lightning

By Bill Faude

Be Ready Before Something Breaks (because it's gonna)

Just before the Southern Circuit we were having a combination "crew drink-athon and general boat/ trailer/spar/other-stuff-condition-going-over party." It was about 3 degrees out and we were in no hurry to finish working on the boat and go back out into what passes for early Spring in Wisconsin so we were looking for anything to fix or replace or make easier to use. I was replacing the black rubber tiller extension universal because it had been on for a season and who knew when it was going to break? Jared Drake came up with the suggestion of the moment: "Why don't you just put the new one on the other end of the extension so you'll be ready when it breaks?" Thinking about it, one could immediately see it made sense. First, we use a tiller extension made of PVC plumbing tubing. It's light. It's easy to cut and drill. It comes in different diameters and stiffnesses and **It's Cheap!** So you can experiment with a number of different lengths and not spend a lot. (It's been our experience that the longer the tiller extension the better your light-air roll-tacks 'cause you stay down on the new low side a little longer.) Those rubber universal provide good, positive feel for steering, but they do break down from weeks of flexing and W rays. When they break you're out of the race unless you want to try and steer with your foot when it's blowing 25. So . . . put a new one in one end and leave the old one in the other. When the old one breaks, take it off and replace it with the new one. Until then, use the new one as sort of a ball at the end of the extension. We tried it in a regatta where it blew over 20 the whole weekend. The new universal didn't get in the way and we felt really prepared for any disasters. Good idea, JD!

The End of the Spinnaker-Sheet-Over-The-Boom-End Forever, Continued. . . You've seen people move their spinnaker blocks forward almost in front of the traveler to avoid it. You've even seen people rig little twings back there to keep it from happening. You've seen people's crew dancing back there trying to get it undone before the gibe mark . . . It's SSOTB Syndrome II (spin sheet over the boom). Gerry Paoli has another angle on solving this problem and it doesn't require any more equipment that you're already using. Gerry writes: " . . . well, one day I forgot to take the boom crutch out of the boat and thought, 'hey, why not use that?' (to reach back and push the sheet back over the boom). This worked out OK, the shape of the crutch was exactly the right shape for the job, but the boom crutch could have been longer . . ." What's longer, is already on the boat and has the right shape? Answer: the paddle with the shape of the crutch on the blade end! You can solve your SSOTB problem without having to take the boom crutch.

Now, perhaps many of us have seen the paddle used as a boom crutch. That might not have qualified for this month's Char Cheddar Burger. But, were these people advanced enough to take the paddle idea the one more step required for true breakthrough status? Thanks, Gerry.

Thinner is Better. Here's a not-so-new idea. There will be no Char Cheddar Fries awarded here, but someone told me to think about putting some not-so-new ideas in this space too. Their thinking was that not everyone knows about some of the old ideas yet, and they may be right. Reduce the diameter of the line you're using in your control lines right now and you'll go faster. The lines will run more freely and your adjustments will be made more quickly. Doesn't it sound simple? Here's an example: in breeze up to 15, I use a 3/16" mainsheet with a 1/4"

cover sewn over it in the place where I pull on it upwind and where it goes through the main sheet cleat. The line runs very freely and I don't have to ask the forward crew to push the boom out when we're going downwind. Pulling the cover over the line and sewing it in place wasn't difficult at all (one of the other guys on the boat did it while I was getting beers) and spectra-cored line in 3/16" (that's about 4mm I believe) is easily strong enough to handle the load. I admit that I've been caught out on the course with the thin mainsheet when the wind's blown up and my hands have been reduced to hamburger, but using the smallest diameter line you can possibly get away with is definitely fast. Don't want to worry w about having two mainsheets? You've got two spinnaker sheets, don't you? What's the difference? Oh, you don't have two sets of spinnaker sheets . . . OK, go as small as you dare and then put on gloves when the wind comes up.

A Tip For The Most Important Race Of Them All and a big-picture solution for a little pain in the . . . Does it happen this way where you sail? It's been one of those days where the wind's been up and down and it's been shifting through 40 degrees. The shifts have been impossible to time and there've been a few recalls in every race. There were probably flies too. Now, it's late in the afternoon and the breeze has died completely just after the last boat has crossed the finish line. So why do you watch all the race committee boats and the rescue vessels steaming in toward the dock 2.5 miles inshore without towing anyone? It's one of the great mysteries of racing sailboats. Now the whole fleet faces the 2.5 mile paddle in to the hoist and the best paddlers get the best spots at the keg. So what do you do when, your paddle breaks after 14 strokes? Here's an ingenious idea from the crew of Lightning 13994 *Silent Movie* . . .

"With no one to tow the fleet in, we began the paddle to the dock. Two minutes later our paddle conveniently broke in two. No paddle and no wind...the race to the davit looked grim. But soon second year engineering student Peter Orlebeke had us under way from the very back of the fleet. Using his two hands, duct tape, a spinnaker pole and the throwable cushion, a very swift paddle was constructed (see illustration.) With great determination and new life, the crew of *Silent Movie* used our new paddle to pass all boats to arrive at the hoist tired, but first."

This is a great idea. It doesn't add any weight to the boat, it's a great insight into additional safety and it makes the boat go faster in what's sometimes the most critical part of the day's racing. Great job, Peter.

The End Of One Of Lightning Life's Most Inevitable Little Pains. OK, you won the last race of the day and the critical race back to the hoist. You're already smugly hoisting your boat from the water as the rest of the fleet straggles to the dock. You're so cool. Then someone still in the water reminds you that normally you raise the centerboard before putting the boat on the trailer. Yep, none of us are more than 3 inches from being dorks at any moment. So as you reach up into the boat to grab the board puller-upper line (...totally dorky to put the boat back down before pulling the board up, I'll just reach up a little and pull her up...) Why is it that right now you always catch the forward hiking strap with the board? Why then do you have to put the boat completely back into the water and start all over? Bill Sloger from Mt. Pleasant, SC, seems to understand this problem a little too well. He has solved the problem. Bill writes..."simply purchase a block with a becket, remove the becket pin, bend one of the becket straps down to touch the other and you have a ramp, (strap-catcher?) for the hiking strap to slide up and over the block. If the board corner is rounded, everything slides under the strap even easier." (See photo) Thanks, Bill.

Now For Some Fresh Thinking From An Old Guy . . .

I have 3 ideas to share: jib leads, jib halyard and how to help avoid ripping that new spinnaker.

Jib Leads. The fad these days appears to be to move the leads inboard, especially on the Nickels boat which has the standard position farther outboard. Moving the track itself is somewhat of a nuisance, but there is a simple way of at least accomplishing half of the job. That is to mount a wooden block inside of the coaming (see picture above) and dead end the jib lead there. This accomplishes a couple of things: first of all, it gives you a 2-1 on the jib which makes small adjustments easier; second, it stops the leads from skipping forward in waves/breeze, since only half of the load is now on the jib car; third it gives you "fine tuning" on the lead position since one end is fixed, which effectively only moves the lead by 1/2 a hole when the car moves one hole; and fourth, the jib lead is effectively moved inboard. You should have the hole(s) in the block drilled no more than 1" inboard of the coaming since the intent of the new rule on jib cars is to prohibit moving them too far in at the discomfort of the forward crew. Actually the new rule, written up in the May *Flashes* is strangely silent on limitations on the dead-end, but I am sure that will get taken care of eventually. As a footnote on this subject, if the above interpretation on the dead-end is correct, then it is illegal to attach the dead end to an eyestay on the back of the jib cleat in a standard Nickels set up. This was allowed for some reason at Nationals but I assume, again, that when new rules are written they will be enforced.

Jib Halyards. A number of boats have the jib halyard mounted on the port side of the mast on a track. This is sometimes a nuisance, particularly when dousing the chute on starboard jibe. There is, however, a simple answer. Mount a Harken 084 (swivel block) just under the halyard and off set a little (for instance on the boom vang/cunning- >ham through deck screws on a Nickels boat; see picture, top of next page). Then you can uncleat the halyard from anywhere on the boat by pulling the tail of the halyard. Because it is offset it automatically releases as you pull it down, and pulling the jib up is easier too.

Ripping Spinnakers. With the popularization of windward leeward and Olympic courses (great idea, in my opinion) we have a lot of dead runs. This has led to a lot of ripped spinnakers as they are set. The problem is that the chute goes up pinned between the main and the shrouds and rips on the spreader. The answer is to not let the main out all the way and not to bear off onto a dead run before you set the chute. Sometimes, however, you lose distance by not going off immediately to a run so think about either a windward set (you can pre-set the pole even on a weather set if you think about it), or doing an immediate set as you go around the mark. If the pole isn't set and you can't hoist the chute and get it flying without the pole, then set the pole. *Good luck - Colin Park*

(more from Bill) Ok, now here's some more fresh thinking from someone not all of us know - yet. Jim Davis sails boat number 14579, *Flash Over*. He is a member of amazingly successful fleet 42 at North Cape Yacht Club at the Western edge of Lake Erie. In a little over a year, the fleet has gone from inactive to more than 15. Fleet growth like this is due to a number of variables, and one of them is having folks in your fleet who just like messing around in the boat, coming up with newer and better ways to make the boat easier to sail and rig. Jim's one of these types, and he's always ready to help others with their boats too.

The following is an idea to really make it possible for one person to rig a Lightning alone. I think we can all identify with how helpful this idea can be on a Saturday morning 6 minutes

before the skippers meeting when both of your crew members appear to be passed out in the van, their mouths no doubt feeling like the insides of a 3-year-old European jogging shoe, after having spent way too much time next to the keg the night before.

Jim writes: "Enclosed are photos (shown below) of what I believe should be called the "Hallagan Rigging Tool". The one in the photo was produced by D.B.J. (Davis Basement Junk) Manufacturing. Dick Hallagan is the person who told the guy who told me how this thing works. Dick's is somewhat simpler, it rigs his boat, but didn't adjust to fit all types.

The "H.R.T." is quite simply built from a piece of hardwood 19" long, 1" thick and 4" wide, an old turnbuckle attached to the wood and a heavy duty halyard catch. The tool should also have imported virgin kangaroo hide on the portion which touches the hull under the rail to protect the boat's finish. The balance of mine is WEST system epoxy coated and varnished. I have used

the "H.R.T." for the past season, and believe it is well worth the space it takes in the van. "Thanks Jim.

SPORTSMANSHIP Thoughts on the Indy Open

By Andrew Harmon

Indianapolis Sailing Club, Geist Reservoir, Indianapolis, IN May 6-7, 1995

We picked our way through a dozen boats and slithered into a good spot in the front row. The starting signal sounded and we were off! I was well pleased with our position, and was just plain excited to be in a race against 28 other teams. Then came two horns from the committee boat. I kept sailing. So did everyone else. "Two horns," said Mark, my forward crew, "that's a general recall!" I kept sailing. So did everyone else. Then came a verbal pronouncement from the race chairman: "That was a general reecaall!" There was no hint of amusement in his voice. I came about and headed back. So did everyone else. There were a number of starts like that!

Twenty-four skippers, their Lightnings, and crews, came from as far as St. Louis, Traverse City, Chicago, Toledo, and Sylvania, Ohio, (and one dedicated crew-member came all the way from Maryland) to participate in the 33rd annual Indiana Open. Overall, it was a successful sailing event; but, nonetheless marred by a discouraging undercurrent of disregard.

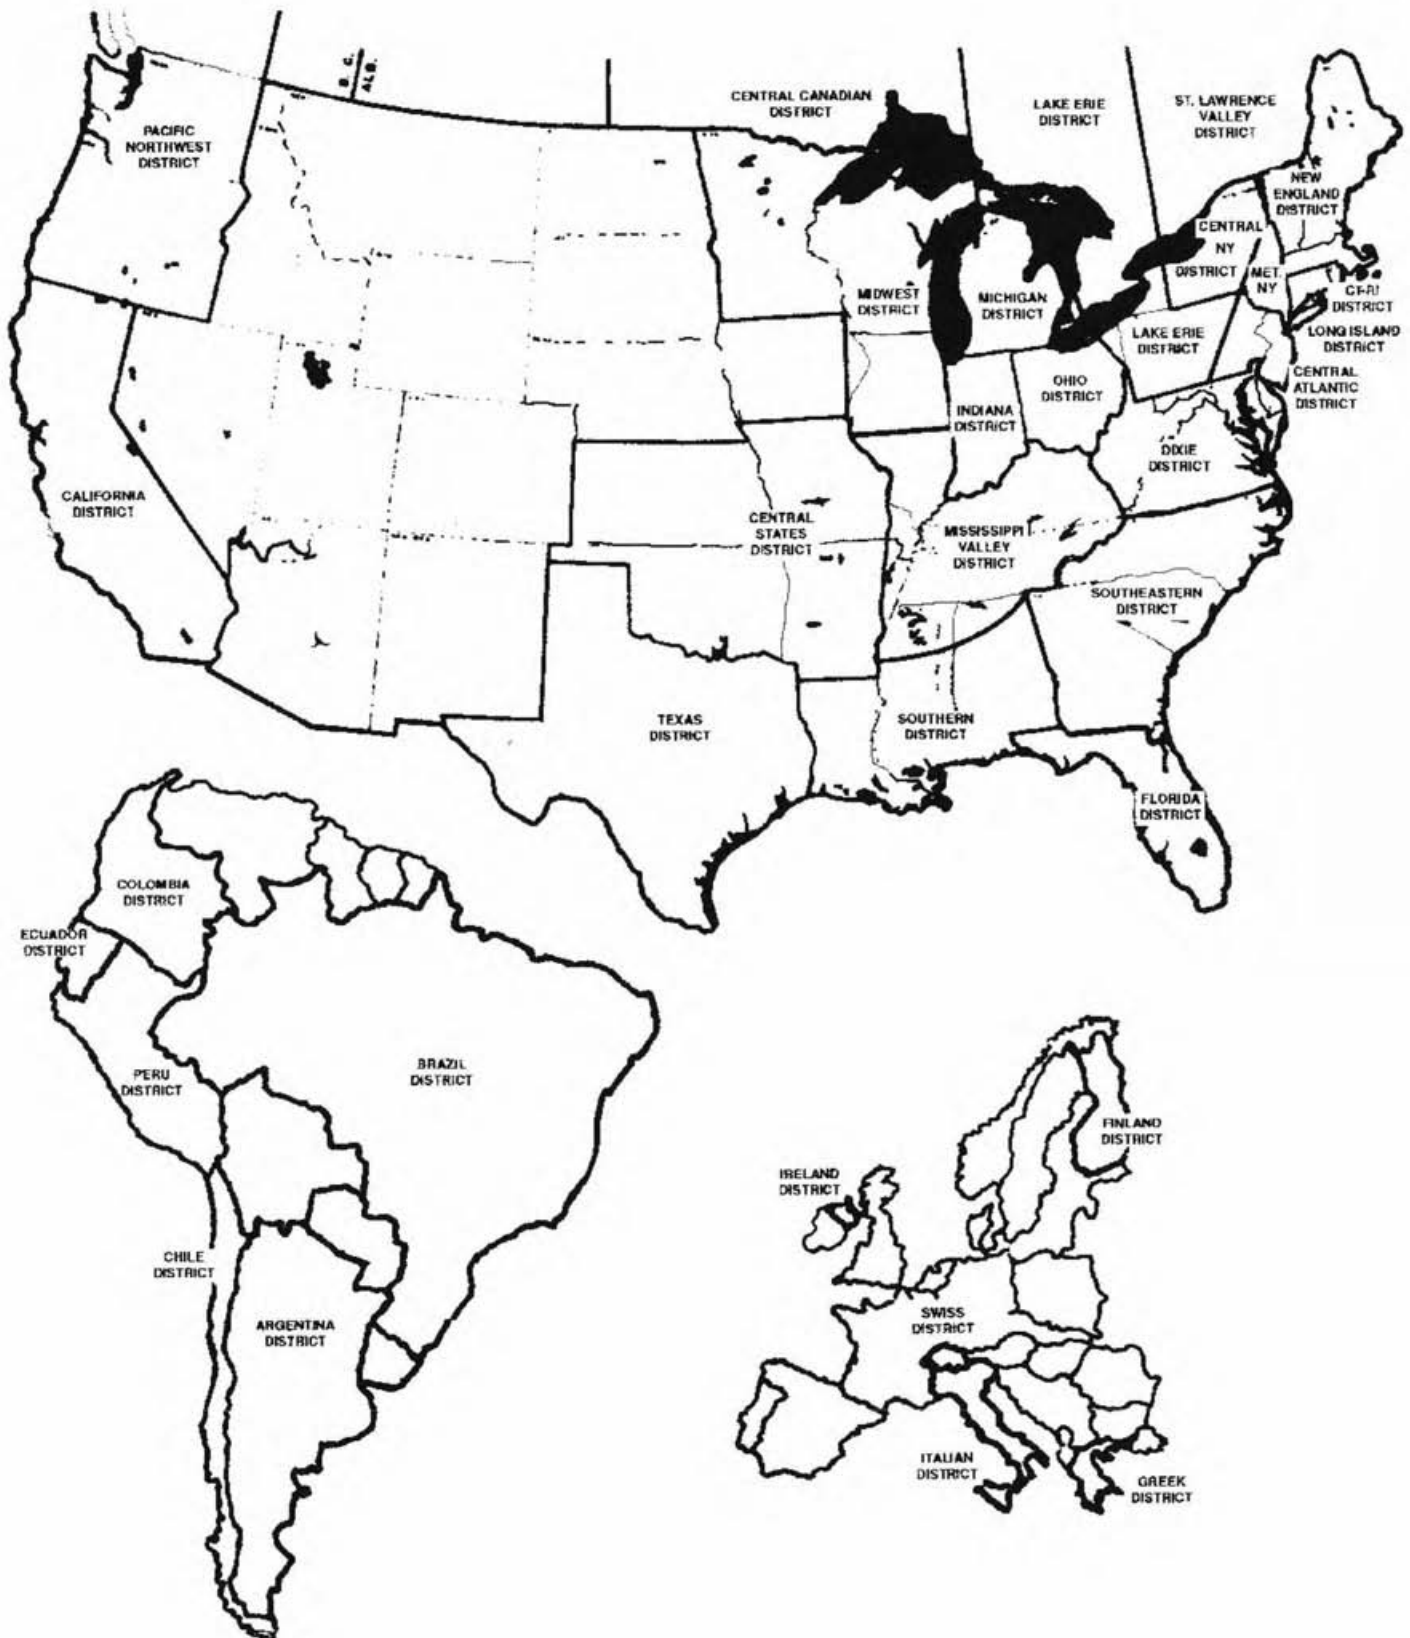

I have been prompted and encouraged by friends, family, and sailing peers to write this article, and am doing so under the auspice of "saying what needs to be said." I feel, too, that I owe it as consolation to all who have found themselves thoroughly demoralized by the attitudes of their boat-mates and nearest competitors. I am well acquainted with their plight, having endured it for nearly an entire decade under the command of my father.

Did contestants travel so far, their boats and gear in tow, just to drink beer and scream at each other at the marks and on the lines for two days? Or was it that elusive trophy, that sparkling prize (which cost less than thirty bucks), that drove some to

totally disregard the penalties they incurred? As I recall, paddling under the five-minute warning is prohibited. Yes, on race #4 the starting line was initially too short and we had a hard time getting away "all clear." But all the same, on the starting lines the rules just went out the window. Such was the fervor to race that nearly all were loathe to return for restarts. One boat actually didn't return on a general recall. And some of the language . . . ! Onshore the protest committee often found it difficult to round up and hold onto disputing parties.

Certainly not all who sailed in the Indiana Open were guilty of these behaviors, nor was the regatta a free-for-all bedlam which the preceding condensation of events might indicate. And maybe the Open isn't the biggest event in the Midwest, but that doesn't diminish in any way our call to live up to the title of sportsmen. The image we portray as skippers and crews represents our class, our fleets, our families, our states, and even our country. And wherever we go, we leave an indelible impression on those we contact. Why would I be tempted to subject my family to hours on the road, packing, rigging and the lot, if I even remotely suspected that things would resemble the description above? Maybe that's fun for some, but somehow I think not. After the Indiana Open I'm quite convinced that happiness is staying where I am; racing in a happy fleet, where things are challenging, but fun. I'm sure that many will say that that's where I belong. That's fine, too. But all I have said is true, and I admonish boldly all those going to the World Championship in Montreal and subsequently in South America and Europe to take these things to heart, and show the rest of the world that American sailors are true sportsmen.

International Lightning Class Association Districts

Lightning Districts

Their officers, fleets, photos and reports.

ARGENTINA DISTRICT

Contact.....Osvaldo Bordino

Fleets: Club Nautico Olivos (206); Buenos Aires (446).

No report and no new information.

BRAZIL DISTRICT

District Commodore.....George Rider

District Secretary.....James Sumner

District Measurer.....Claus Bromberg

District Champion.....Claudio Bieckark

District Runner-Up.....George Rider

Fleets: São Paulo (147); Guanabara (401); Guarapiranga (462)

The Districts were held this year in Rio de Janeiro two months before Carnaval in the waters of Fleet 401 at Ilha do Governador. The club provided housing at their newly inaugurated dorms. Some preferred local hotels that overlooked Guanabara Bay and the gorgeous Rio skyline.

This regatta served also as the qualifiers for the PanAmerican Games which were held in Argentina. The expected winds were to be 20 plus, but by regatta time it died down considerably. Claudio Bieckark took top honors and qualified for the Games in Argentina. He sailed with Gunnar Ficker and Marcelo Batista da Silva. Our District Commodore George Rider took second place together with John Jansen and Bernt Bromberg. In third was Star Champion Allan Adler who was in contention for the title but a gybe mark flip over on a gusty day cost him the championship.

Claudio Bieckark took a brilliant third in the PanAmerican Games losing to our World's Champ Tito Gonzales from Chile. - - - Jim Sumner

CALIFORNIA DISTRICT

District Commodore.....Elissa Hall McQuillan

District Secretary.....Wendell Harter

District Measurer.....Bruce Arnold

District Champion.....Al Poindexter

District Runner-Up.....Scott Finkboner

Fleets: Santa Monica Bay (102); Mission Bay (194); San Francisco Bay (372).

As usual, the California District started its season with the California Lightning Circuit in San Diego the week before Easter. Hosted by the Mission Bay Fleet, 12 boats participated, with some sailors coming from as far as New Jersey and Calgary, Canada. Overall winners of this series of four regattas were John Lyon, first; Mike Poltorak, second; John Faus, third; Warren Gross, fourth; and Scott Finkboner, fifth.

The District Championships were hosted by the Santa Monica Bay Fleet at King Harbor Yacht Club, Redondo Beach, California, July 8 and 9. Only the Mission Bay and Santa Monica Bay fleets were represented. With eight boats participating, the places were as follows: Al Poindexter, first; Scott Finkboner, second; Carl Eichenlaub, third; Mike Brewer, fourth; and Wendell Harter, fifth.

The next District event was the Lake Cachuma Fall Regatta hosted by the Mission Bay Fleet. Lake Cachuma is located in the

mountains near the city of Santa Barbara. With five boats participating, the final standings were: Mike Poltorak, first; Scott Finkboner, second; Al Poindexter, third; Kirk Johnson, fourth; and Mark Zimmer, fifth. Those attending had a great time sailing, camping out, and telling stories around the campfire in the evening.

The Pacific Coast Lightning Championships were held on September 15 and 16 at the Richmond Yacht Club, located at the north end of the San Francisco Bay. As one might suspect, the San Francisco Fleet hosted the event. Of the nine boats which participated, the five top finishers were: John Lyon, first; Scott Finkboner, second; Al Poindexter, third; John DeBenedetti, fourth; and Mike Brewer, fifth.

Elissa Hall McQuillan will be continuing as District Commodore in the coming year. Consider this an open invitation to participate in the 1996 California Lightning Circuit in San Diego during the week before Easter. For details, contact the Fleet Captain of the Mission Bay Fleet. - - - Wendell Harter

Photos: Audrey Matteson

The California Lightning Circuit: Sunday/Monday 3-5 races on South Bay, San Diego -at the Coronado Yacht Club. Sunday after racing a cookout and social evening, figuring out how to get the trailers over to Mission Bay Yacht Club, get back to sail, and then get the cars to Mission Bay. Hmmm.

Tuesday is the "Sail-Around," a 17 mile race starting just north of the "bridge." You usually sail upwind, maybe downwind, plane with or without a spinnaker out the channel to the ocean, avoiding Navy ships and submarines, round the "everybody" mark and go north, by whatever means the wind will let you, outside the kelp beds, for safety and speed, and in the channel to Mission Bay to finish right in front of the yacht club. It can take from three to six hours (more?). It's an experience.

Wednesday is a lay-day. This year two Fleet 194 sailors, also members of San Diego Yacht Club with "big boats," were stake boats for the America's Cup races, and invited those interested aboard for the day's race. Myron Lyon, host to crews from San Francisco and Portland, was the port perimeter stake boat and Carl Eichenlaub was the windward mark stake boat (as he was for every one of the America's Cup race days).

Thursday's social evening was highlighted with Scott Finkboner's annual Mahi-Mahi broil. (Unfortunately there were protests to dampen the festivities)

Carl Eichenlaub, boat builder, Lightning NA Champion in 1960 and 1963, Runner-Up in 1962 and who is also indispensable at the PanAmerican Games and Olympics.

Hannah Swett, Lightning Women's NA Champion in 1993 and Dave Dellenbaugh, Lightning World Champion in 1991, were among the Lightning sailors on America's. The American's team can be proud of the results of their efforts. We were proud. Weren't they exciting?

Photos: Audrey Matteson

John DeBenedetti, right foreground, a Class V.P. from the Pacific Northwest District, enjoying the day aboard Cadenza.

Mighty Mary at the mark.

Thursday there were three races on the ocean. It was a lay-day for Pact 95. They were out practicing and put a mark right by our course. Before the second windward leg of the first race there was a wind shift course change and half the fleet went for the Pact 95 mark before they realized their mistake. So that race was thrown out, which of course was good news/bad news.

On Friday 3-5 races are sailed on Mission Bay. Here are windward and jibe mark roundings.

Those who came the farthest earned some recognition. Sue Arnold, who has sailed the Circuit every year, donated, and presents, the Susan B. Arnold Trophy for women who sail the entire circuit and finish highest. This year Audrey Matteson's name (she sailed with John DeBenedetti) will be added to the perpetual trophy and she has a picture to remember it by. John Faus and his trusty crew, Mac DeTuro and Hal Pote, from Barnegat Light Yacht Club in New Jersey, placed third overall. I wonder if those were lucky numbers on his sail, 14139. They have certainly done well all year. Congratulations to John and crew (and to Jack). (Unfortunately, the final presentations were held up hours because of more protests. Be competitive, but protests are avoidable on the race course.) - - - Audrey Matteson

CENTRAL ATLANTIC DISTRICT

District Commodore..... John Faus
District Secretary..... John Williams
District Measurer..... James Carson
District Champion..... Keith Taboada
District Runner-Up..... Jack Elfman

Fleets: Bay Head (3); Metedeconk River (34); Lavallette (104); Little Egg Harbor (26); Brant Beach (173); Surf City (196); Riverton (228); Barnegat Light (335); Ocean City (430);

The Central Atlantic District and Fleet #34 proudly lay claim to the 1995 North American Champion. CONGRATULATIONS, BRIAN! Brian also won the Champion of Champions regatta.

Congratulations also to Jack Elfman for winning the President's Cup at the North Americans. Jack was also this year's Mid-Winter Masters Champion.

Our district championship was hosted by the Barnegat Light Yacht Club and was sailed in shifty westerlies with a wide range of velocities over the two days. Keith Taboada beat Elfman by a point and Dave Ruiter was third. Ryan Dunn (Fleet #34) won CAD Junior Championship, sailed at Metedeconk, by beating six other boats with three firsts and two seconds. Allen Terhune was second. Ryan went on to finish tied for second at the Junior NA's.

Ultimate travelers, Paul Gelenitis (the incoming president of ILCA) and Jim Carson went with their crews and families to Finland to participate in the Worlds!

This was a busy year in our district as we joined the Metropolitan district in conducting a series of regattas (The CAD/MET Series) designed to encourage travel to our local events. These regattas subjected our sailors to a wide variety of sailing conditions, and, without a doubt, increased everyone's awareness for the need of speed, boat handling skills and tactics to compete against some of the worlds fastest Lightning sailors. Jack Elfman won the series and Dick Hallagan traveled to enough events and finished second. Look for the 1996 schedule of these regattas in the Flashes. This series is open to all Lightning sailors from any district. To qualify, a yacht must compete in a total of five events with a minimum of two from each district

A number of our fleets' home clubs offer youth sailing programs teaching the kids to compete in Bluejays, Optimists, Sunfish and Lasers. These kids love to sail and are probably dying to try out the Lightning's spinnaker. Let's all make an effort next season to take a kid along as crew to a regatta, or to skipper in a fleet race. Rumor has it that Brian got his start in Lightnings this way. - - - John Williams

Congratulations to Jack, Brian and Gary from the District!

Central Atlantic District sailors at the NA's.

CENTRAL CANADIAN DISTRICT

District Commodore..... Ross Bailey
District Secretary..... Malcolm Crooks
District Treasurer..... Kurt Broll
District Measurer..... Innes Martin
District Champion..... Jim Cameron
District Runner-Up..... Ross Bailey

Fleets: Temple Reef Sailing Club (279)

To say that the Districts, hosted by the Dryden Yacht Club, were the high point of the season, would be an understatement. If it wasn't raining, most of the weekend was at least drizzling, so it definitely wasn't the weather that made it so great. No, it was the Dryden Yacht Club, led by Carl and Patty Eisner that made this the best regatta that most of us had ever been to. Dryden, a community of 3500 is 200 miles west of Thunder Bay, and the yacht club is on Lake Wabigoon which nestles right up to the streets of Dryden. The lake itself meanders some 40 miles through beautiful rolling, forested country, with a variety of large open areas connected by narrows. The water is warm; the wind seems to always blow; this is a very pleasant place to sail.

We arrived Friday night in the middle of a torrential down-pour, trying to mentally prepare for the ordeal of pitching our tent, which was to be our home for the Weekend. Instead, members of the club met us in the parking lot and immediately put our crew up in various keelboats. This made the weekend for our two kids (3 and 5) before it even started. After settling our gear we were escorted to the bar for refreshments and a bite to eat. Still raining? No problem.

Saturday morning dawned with only occasional showers but a great pancake breakfast put on by the club drove away any chills and with proper ballast taken aboard, we rigged the boat and got ready to race. Our crew of Robin James, who sails with me on a regular basis, and Bob Maki, another Thunder Bay skipper, were the proper weight for the breezy conditions and we felt we could figure the puffy winds, too, if we kept our heads screwed on properly. Right from the start though, Jim Cameron put his boat into gear and dominated the regatta. In the first race while the rest of us fought for position on the line, Jim dipped the windward end with a few seconds to go, caught the first shift and opened up a nice lead immediately. None of us could reel him in during this race or any of the rest all weekend, despite our best efforts. No matter how well we felt we had played the puffs up the windward legs or down the runs, Jim and his crew seemed to peg them just that little bit better and was always able to stay out ahead.

The sun by no means pushed through the clouds for the sail in. But conditions did brighten Saturday evening and we

enjoyed a great steak dinner, complete with wine made specially for the regatta and boasting hand-printed Central Canadian Districts labels. During the evening we were treated to a sampling of the upcoming prize giving with all sorts of great awards given out for every conceivable reason. Malcolm Crooks, a new Lightning owner from Winnipeg, Manitoba raked off the best, and a heartfelt thank you was given to Tim Maenpaa of Dryden for instigating the idea of the Districts in Dryden.

Well fortified by Saturday night's revelries, including a pontoon boat trip right to the hot spots downtown for the true partiers, we headed back out to the race course and tried to catch Jim once more. The winds blew, and the waves rolled, and the shifts shifted, but we couldn't catch him. So Jim Cameron once more is the champ of the Central Canadian District. Congratulations, Jim, on some fine sailing and thank you Dryden Yacht Club. We really had a wonderful time.

In 1996 the Central Canadian District will host the Canadian Open on Amethyst Harbour at Thunder Bay, Lake Superior, June 29, 30, July 1. The Districts will be held there also, the weekend before. Come to the Canadians for some fine sailing and come to the Districts, too, if you are able.

CENTRAL NEW YORK DISTRICT

District Commodore.....	Jean Palm
District Secretary.....	Daniel Koretz
District Measurer.....	Clay Murphy
District Champion.....	Dick Hallagan
Runner-Up.....	JoAnn Jones

Fleets: Skaneateles (1); Newport Yacht Club (77); Willow Bank Yacht Club (164); Keuka Yacht Club (252); Galway Lake Yacht Club (338); Ithaca Yacht Club (484); Port Oswego Fleet (485).

The Central New York Lightning District started out the 1995 schedule with the Newport Invitational Regatta held early in June. This was well attended, with twenty-eight boats registering. The regatta was won by Ched Proctor, who won four of the five races, and thereby demonstrated the skill with which he won the 1993 and 1994 North American Championships.

The District Championship was held at Willow Bank Yacht Club the following week and the club again had great meals and race committee. Dave Bull held a well attended pool tournament at his home after dinner Saturday night. Dick Hallagan won the regatta, followed by JoAnn Jones and Chad Atkins. At the District meeting after the regatta, Jean Palm was elected the commodore, Clay Murphy as the treasurer, and Ed Seyerlein as the assistant measurer.

Keuka Yacht Club held its annual Champagne Regatta on July 8-9. Sailors in nineteen boats enjoyed the sailing, the champagne cocktail party and the dinner. Chad Atkins won the regatta, Bob Cole was second and Landy Atkinson was third. Tom Buechner, who owns a glass studio in Corning, NY, and made the beautiful trophies for the regatta, was fourth.

The Central New York Yacht Racing Association Regatta was held at the Sodus Bay Yacht Club on July 15-16. Seven boats attended and the winner was Bram Palm, followed by Dick Hallagan and Al McReynolds.

The Chaumont Regatta was held next at the Crescent Yacht Club on July 22-23. This regatta was started up again after a six-year hiatus, by the efforts of Jean and Bram Palm who recently moved to the Chaumont area. They, and the other members of the club, did a first-rate job planning and running the regatta. Bram Palm won, followed by Dick Hallagan and Dan Pope.

The Skaneateles WOOD Regatta was held at the Skaneateles Country Club on August 12-13, 1995. The regatta was organized by Mike Yates who owns Lightnings # 2 and # 378. Mike with Dave Penfield and Chris Kelwara from Skaneateles as crew finished second out of four boats. Mike has been working hard to generate interest in wood boats and hopes to have another regatta in 1996.

The last event of the year was the CAZ One-Day held at the Willow Bank Yacht Club on September 23. This regatta had twenty boats on the starting line for the seven short one-lap races. We all enjoyed the beef or venison chili for lunch and had a great time sailing. Dick Hallagan was first, Chad Atkins second and Bill Fastiggi was third.

The final standings for the Blue Jacket Trophy were: Chad Atkins, Dick Hallagan, and Landy Atkinson. This trophy is awarded based on the standings for all of the regattas in the District and was donated by Dr. John McIntosh many years ago.

Sailors from the Central New York Lightning District have done well at regattas outside our district. Dick Hallagan placed second in the 1995 CAD/Met Lightning Circuit. Hallagan, along with his crew, Lori Foster and Peg Strahmann, was second at the Pennsylvania Governors Cup Regatta, and Jack Jones, along with Barb Richmond and Rus Mason, was fifth. Dick Hallagan was third at the Borderline Regatta, won the Fall Wind Up Regatta and the Last Blast Regatta. Jack Jones and Barb Richmond were fourteenth at the Fall Wind Up Regatta. Chad Atkins, from the Newport Yacht Club, qualified for the 1995 US Sailing/Rolux Junior Championships, otherwise known as the Sears Cup, which was held at the Chicago Yacht Club in August 1995. Chad with crew Matthew Fleckenstein and Margery Richardson, placed fifth overall, and won the F. Gardner Cox Sportsmanship Award for exhibiting the highest standards of sportsmanship during the championships and, along with the six gold medalists from the regatta, was named to the 1995 US Sailing/Rolux Junior Team. Chad also sailed in the North American Junior Championship and along with Jim Barnash, and Sarah Giambra, placed sixth.

Dick Hallagan, Nancy Bargar and Len Tiedemann won the Master's North American Championship which was held at Malletts Bay Boat Club, Colchester, VT on August 8-11, 1995. Dick and crew were part of a fleet of 27 boats, the most that ever sailed in a Masters Championship. Dave Bull, Dave Bull, Jr., and John Atkins were twenty-third and Neal, Eva, and Andy Smith were twenty-fifth. JoAnne Jones, Kim Browne, and Anne Sterling Bush were third in the North American Women's Championship.

Bram Palm along with Kristen and Peter Hallagan won the 1995 European Open Championship which was held at the Helsinki Yacht Club, Helsinki, Finland on June 26 - July 1, 1995. Bram's father-in-law and Peter's dad, Dick Hallagan, and his crew of Lori Foster and Brian Hughes placed fifth. There were 23 boats in the regatta, of which five were from the USA. Bram, Kristen and Peter placed fifth at the World Championship held at Kuopio, Finland on July 2 - 8, 1995 and Dick, Lori and Brian placed seventh.

Dick Hallagan participated in the Southern Circuit and was ninth overall. Along with his crew of Craig Thayer and Tom Schroder, he was fifth at the Deep South Regatta. With Bob Cole and Tammi Jamison, he was sixteenth at the Winter

Championship at in St. Petersburg. Also at the regatta were Dave Bull, Audrey Matteson and Erkki Lempiäinen who were fiftieth; Allan Crew, John Haiges and Henry Weinfeld who were fifty-second; and Mike Yates, Schyler Barnes and Dave Penfield who were fifty-seventh sailing #378, a "woody." Dick Hallagan was fourth at the Mid-Winter Master's Championship, Dave Bull was tenth, Allan Crew was thirteenth and Mike Yates was fifteenth. Finally, Dick Hallagan was tenth at the Miami Midwinter Regatta.

Our District held a Women's, Junior's and Master's Championship at Henderson Harbor as a warm-up for the North American Championship which would be held a few weeks later. All three fleets sailed together and the sailors in the twelve boats had a good time. Dick Tuttle won the overall title and the Master's. Chad Atkins won the Junior Championship and Jean Palm won the Women's Championship.

The 1995 North American Championships were held at Henderson Harbor Yacht Club August 14-17, 1995. It is not easy organizing a regatta for 100 boats, but the sailors at Henderson Harbor pulled it off with rave reviews. Despite the lack of wind, everyone seemed to enjoy themselves.

Several boats from our district participated in the NA's. Dick Hallagan along with Lori Foster and Alister Thomson were nineteenth in the Championship fleet. Bram Palm, Jean Palm and Dave Baum finished twenty-eighth and Tom Buechner, Barbara Landon and Brent Gillette finished thirty-seventh. In the President's Cup fleet, Clay Murphy, Pam Murphy and Allison Oliveira were nineteenth; Federico Meira, Katherine Meira and Mark Lesinski were twenty-second; Ray Cudney, Joe Homola and Tom Gahagan were thirty-first; and David Raham, Nicole Tanner, and Anne Lockley-Goodsell were thirty-second. In the Governor's Cup fleet, Jesse Miller, Tom Miller and Tom Carson were fourteenth; Dick Tuttle, Sharye Skinner, Geoff Roth/Andy Misco were seventeenth; Ed Seyerlein, Steve Little and Jeannette Little were twenty-six; Paul Jueschke, Kathy Chapman, and Frank Poole were twenty-seventh; Brad Poulos, Todd Schumacher and Dick Leonardo were twenty-eighth; and Craig Thayer, John Boxberger and Dave Poorman were twenty-ninth. - - - Daniel Koretz

DIXIE DISTRICT

District Commodore..... Phil Grotheer

District Secretary..... Jonathan Lange

District Treasurer..... Harry Keith

District Measurer..... Ron Buchanan

District Champion..... Rob Wardwell

Fleets: Washington, DC (50); Susquehanna (253);
Sassafras River (314); Rehoboth (325); Severn River (329);
Swift Creek (496).

I usually try to write about regattas and sailing events in a systematic manner, relying mostly on dates and results but this time I want to concentrate on the most important aspect of sailing... The sailors themselves. I started sailing as a young boy in the Dixie District and most of my best friends are people I not only knew as a boy; but also people I meet every sailing season. If it were not for these friendships we create, I wouldn't pack my boat up every other weekend to go sailing. Now that sounds scary, doesn't it?

FOR A BRIEF RUNDOWN OF EVENTS THIS YEAR:

The Dixie District consists of a very diverse group of individuals over five states and the District of Columbia. For some reason that D.C. gang always seems to stand out. And that they

did this year with good turnouts across the board. They ran two great invitationals, the Potomac Cup in May and the Leukemia Cup in September. Not to mention solid turnouts at most of their fleet racing series which tend to last a good portion of the season. The Annapolis Fleet had a decent schedule of events with our typical Spring and Summer invitationals and the Frigid Digit for the finale. The summer heat wave slowed down some of the mid summer fleet races due to extreme heat. The Frigid Digit continues to be our strong point and we use that to inspire new sailors to come and see what we're about. Fishing Bay is trying to start an official Lightning Fleet while usually having one big invitational each year. This year's was a great light air regatta. Give them another few years, and they'll have an actual fleet. The Districts were a success at Rehoboth, being a combined Invitational (Districts & Del. Gov. Cup). About 20 boats showed up with Rob Wardwell taking the District and Jon Schwartz from N.J. taking the overall. Hats off to you all.....

AND NOW A ROAST FOR THE DIXIE DISTRICT SAILORS

I just wanted to mention some of the crazy and colorful people that stood out this year in the way I remember them. (If I leave you out, don't be offended, you got off easy! !!). I'll start with Red Fehrle from Fleet 50 who will always greet you with a smile and refill your beer, but only if you can't play Hacky-Sack. Rick Pelasara is always there to "MacGyverize" your boat when you look the other way. Eric Olsen will travel a million miles to try a new regatta, but only if he remembers to bring his rudder. Amy Deeeeee-Vine is always there to babysit your dog, unless it's during a regatta or party, which seems to be always. There's Mike "Fahgengruven" Beaver who always shows up with "the other" water-mode-of-transportation. At least he always tanks up my motor boat before the weekend. Joe Anderson is a brave soul, always attempting new things to keep his life exciting. Frank Gallagher (I could write a book about this guy) will fly a spinnaker in any, I said any, wind velocity you can come up with. Stuart White will get killed if he keeps hanging out with him. The legendary Buchanan Bro's, Ron and Bucky, are two of my oldest and wackiest friends of all time. Whenever they show up at a regatta, you know the town isn't safe anymore, or boats are going to end up in a swimming pool the next morning, or a bunch of people are going to end up naked in the Atlantic Ocean at 2:00 in the morning. Then there's the Wardwells. Just when you think you know them well as "fast sailing" Bob and "college sailing stud" Rob, along comes little brother Charlie to take over the whole family along with the whole dang Lightning Class. You should see this family working the crowd at a North Americans.

Finally, there's the rest of the beer-drinking, family making, give-you-the-shirt-off-their-back type sailors that make up the rest of our District. I can't wait to be with you all again next season. - - - Phil Grotheer

Dixie District sailors at the NA's.

ECUADOR DISTRICT

District Commodore.....Carlos Lecaro
District Champion.....Juan Santos

Fleets: Salinas Yacht Club (405); San Pablo Fleet (447).

We began our activities in early January with a schedule for the winter season. We had the sponsorship of VISA-FILANBANCO and the program was to compete in six championships from January to April, and to have an overall winner for the season. Our winter in Salinas is very warm, so it is the best time for sailing and this year was no exception. We had great competition, friendship and parties, all the ingredients that make this class great. At the end of the season the winner was Juan Carlos Plaza, runner-up was Carlos Luis Lecaro, third was Justus Klemperer.

In March, Juan Santos, Oscar Viteri and Werner Moeller went to the Pan American Games representing Ecuador.

In May we were the host of the District Championship, with participation of our friends of the San Pablo Fleet 447. Here are the results: winner, Juan Santos; runner-up, Juan Carlos Plaza; third, Miguel Plaza, Jr.

During the summer we went to Chongon Dam and had a few more regattas.

At the beginning of August three of our youth went to the United States to experience competing against a 16 boat fleet of Juniors from the U.S. and Canada. The Junior North American Championship was held with the Women's and Masters' Championships on Lake Champlain at Colchester, Vermont. Gaston Vedani, Mauricio Burbano, and Justus Klemperer finished fifth overall with race finishes of 2, 3, 4, 5, and 6 with a 10 throw-out. Gaston then decided to sail in the North American Championship on Lake Ontario at Henderson Harbor, New York. With his pick-up crew, he did a great job,

placing 19th in the President's Cup. Next year the NA regattas will be in New Orleans in August before the World Youth Championship in New Jersey in September. Perhaps...?

In August we went to Colombia for the annual Salinas-Tominé Cup. It was as always a great party, crazy winds, and good competition. The best finishes from our fleet were Carlos Luis Lecaro in fourth and Juan Santos in fifth.

In November the San Pablo fleet was the host of the Federacion Ecuatoriana de Yachting National Championship so we traveled 700 kilometers up to the mountains for this important competition. At the end of this regatta the winner was Juan Santos, runner-up Carlos Luis Lecaro, and third Lars Dick.

In 1996 we will have again the American Airlines Cup of Champions and we expect that some Fleet 405 members will go to the South American Championship in Cartagena, and the Junior Worlds. - - -Carlos Lecaro

An Ecuador District sailor, Gaston Vedani, at the NA's.

FINLAND DISTRICT

District Commodore.....	Antero Punttila
District Secretary.....	Pasi Hannila
District Measurer.....	Jari Aromaa
District Champion.....	Leo Korhonen
District Runner-Up.....	Kari Mäenpää

Fleets: Helsinki(166); Oulu (307); Kemi (310); Jyväskylä (328); Tuusulanjärvi (456); Valkeakoski (468).

The 1995 Finnish Lightning season was a busy one. It was also one that we will not forget in a moment. The Europeans and the Worlds brought all the best Lightning sailors of the world to Finland. These were both memorable events that showed us where the top is. Unfortunately, it is still quite far away from us.

The season 1995 started with the District Championships, sailed outside Helsinki. The regatta, named after Terho Aromaa to honour his long and still continuing work for the Lightning, was a success apart from the weather. The sea outside Helsinki can be cold in May, that is all well and understood. However, with a warm wind from the south, the crystal-clear skies of May turn into an unpenetrable pea-soup fog. In a visibility of a few hundred feet, the 17 strong fleet was putting their dead-reckoning skills to use to spot the marks. After three days, a couple of boats getting lost in the fog, one near miss with a car ferry and an Estonian hydroplane running aground just outside the yacht club, Leo Korhonen turned out in the top of the results sheet. Another not-so-surprising championship for Leo and his crew of Hartti Nisonen and Antti Varheenmaa. A pleasant surprise in the runner-up position was Olli Muroke. This former offshore skipper is sailing only his second season in Lightnings, and the second place in the Districts qualified him for the Worlds, where he went on to parallel the best ever Finnish performance with his 15th position.

The 1995 European Championships were also sailed in Helsinki in late June, under the perfect execution of HSK's racing secretary Eva Lindgren. By this time, the Finnish team had also had their share of practise, and the 6th position of Leo Korhonen looked good. The other Finns in the top 10 were Samppa Salminen and Olli Muroke. Not visible in the results was the convincing performance of Tito Gonzales. Tito finished first in four of the six starts, but two of these being PMS's, "only" finished 7th overall.

The week after the Europeans the fleet travelled 500 kilometers north-east for the World Championships in Kuopio. The folks at Kuopio YC had put up a marvellous organization with good racing, a lot of entertainment for those ashore. The weather was typically variable. The only thing that was not so typical was the storm on day 2, said to be the worst summer storm in a decade. The tired sailors in the sauna in the evening reported boats broaching with all sheets slack.

Even in these conditions, Tito Gonzales managed to show who was the boss. I watched him capsize at the jibe mark of start 2. While I was busy maneuvering our motor boat out of the way of the Lightnings performing jibes, tacks, survival maneuvers and capsizes, Tito righted his Lightning and went on to finish 4th. Not bad.

For the Finns, the Worlds were a slight disappointment. The 15th position of Olli Muroke was good enough, but a lot of us had hoped to do better. It looks like we can just about manage in boatspeed, but are hopelessly behind in sailing the tricky lake winds like those in Kuopio. Well, at least we know where we stand now.

Apart from these big events, the Finnish circuit was as usual. In the five-regatta ranking series Leo Korhonen took home the grand prize, followed by Kimmo Aromaa and Olli Lähteinen. Totally, 23 skippers participated the Ranking Series.

In the Match Race, sailed at HSK in August, the visiting rock star John Winqvist took the first place, closely followed by Peter Graf of Switzerland. John first sailed a Lightning the Tuesday before the races while Peter and his wife Margrit travelled all the way to Finland just to race. The way to go!

With the heavy emphasis on the big events of 1995, we have seen a slight decline in the activity of the "ordinary" Lightning sailor in Finland. Therefore, the Finland District has declared

1996 to be the "year of the ordinary sailor". We will now try to promote the Lightning to those new to sailing and to those "cooling down" after an active racing career. Let's hope we manage to revive the interest in Lightnings in Finland and continue to be the friendliest one-design class around.

For up-to-date information about Lightnings in Finland, check out our Internet page: <http://www.ncscst.fit-tma/lightning.html>. - - - Timo Ahomäki

FLORIDA DISTRICT

District Commodore.....Carol Stout
District Secretary.....Fay Regan
District Measurer.....Mark Bryant
District Champion.....Jeff Linton
District Runner-Up.....Eamonn deLisser

Fleets: Cedar Lightning Fleet (62); Biscayne Bay (226); Lake Eustis/North Florida (461); Suncoast (502).

Our BIG news in '95 was earning the Steketee Trophy! This is a "first ever" for the Florida District and we're very proud of all our members' dedication to the Class in attaining this goal.

New boats arriving in Florida this year belong to the Culbertson/Quigley team in Miami and the Haydens in Orlando. Many other owners have upgraded and Lightning interest is excitingly high.

Frank Atkinson, Steve Hayden and Bill Mauk were able to race the entire 1995 Southern Circuit, while others of us participated in parts of the Circuit as well. The "All-Florida-Circuit" was won by Ched Proctor, with Frank Atkinson the highest Florida finisher. Frank is undoubtedly our "road warrior" for '95, driving to regattas in New England, New York, South Carolina, and Georgia, as well as Florida events.

In the "Silver Bird" department, Fleet 461's Hayden family (with "adopted" Barr Batzer), along with Miami's Bill Mauk and Kevin Burnham, represented us at the Worlds in Finland. Steve, Barr and Angie posted a terrific 4th place overall!

Kip Hamblet came out of hiding for the North Americans, and the Hayden team is always a "for sure" NA's attendee. With the '96 venue just a day's drive away, we're already practicing for the coveted spots and are sure to fill our district quota!

We hope to step up the action in the North Florida fleet this year. We've lost our site at Lake Eustis and are looking for another place to sail in the Orlando area. The regattas hosted by Fleet 461 are legend, and we're not prepared to give them up!! Fresh water sailing is an all too rare treat for us!

Though we had hoped for thirty boats at the Districts hosted by Coconut Grove SC, the blustery weather took its toll, and our entries dropped to 23. Still, it was an exciting regatta with excellent boat handling by all the crews. Jeff Linton, Mark Taylor and Allen Capelin of Tampa were repeat champions, with Miami's Eamonn and Heidi deLisser and Cathy Young earning Runner-up honors. "Rookie" Bud Culbertson captured the Masters title, followed closely by Fisk Hayden and Jon Ewing.

We tried a new formula for our Florida District Triple Crown series this year, with a complicated scoring system and an optional fourth regatta tossed in. A dozen boats competed, and the general consensus was that we'll opt for something different in 1996. This is not to say that Jeff Linton was anything but superb, and sailing borrowed boats at that! Going into the last series it was Frank Atkinson by two boats, but he let Jeff slip by at the Florida Sailfest. Other trophies went to John Rouse, Bill Meyer and Reid Hutchinson,. Also awarded during the Triple Crown were single event trophies. Jeff won the Chris Young Memorial trophy at Coconut Grove in October, and Reid Hutchinson won the Florida District Commodore's Cup at Ft. Myers in November. Tampa's Thanksgiving Regatta and the December Sailfest at Sanford comprised the rest of the series. Where were you sailing at that time?? Or were you shoveling snow??

At this writing, everyone is buzzing with anticipation about the new Southern Circuit formula, and we are no exception. As our district is host to two-thirds of the Southern Circuit as well as the emerging All Florida Circuit, we are anxious to make March a highlight of your sailing season, and we hope to see many new faces this year. - - - Fay Regan

GREECE DISTRICT

Contact.....George Andreadis

Fleets: Salamis Fleet (251); Parthenon Fleet (286).

No Report and no new information.

INDIANA DISTRICT

District Commodore.....Bill Allen
317-642-5502

Fleets: Wawasee Y. C. (154); Indianapolis S. C. (270).

The 1995 Indiana District Lightning Regatta was hosted by the Wawasee Yacht Club on June 24 and 25. The Saturday races were finally canceled after several postponements due to a lack of wind or storms. Sunday brought clear and sunny weather, but the light wind conditions were still prevalent. Two races were held with both being the standard drifter with the second being the faster drifter of the two. Exciting!? Alan Fox with crew Ned Merrick and Dale Fulkerson drifted to a first. Brad Wagnon and John Nixon followed in Alan's wake for second and third place.

Bill Allen represented the District at the North Americans this year. After crewing for several years for Brad Wagnon at the NA's, Bill decided it was his turn to drive. Brad returned the favor by crewing for Bill. They finished twelfth in the President's Fleet.

The two major district regattas were both well attended. The Indiana Open at the Indianapolis Sailing Club had 23 participating boats and 27 boats participated at the Hoosier Open at the Wawasee Yacht Club. It was a clean sweep by the Park kid. Colin ran away from Bruce Goldsmith, Jim Davis, John McCree and George Sipel in that order at the Indy. He squeaked by Craig Gabel at the Hoosier with George Nickels (the other brother), Bill Faude and Hank Hodgson at a distant third through fifth. - - - Bill Allen

Indiana District sailors at the NA's.

ITALIAN DISTRICT

District Commodore.....Giuseppe Valenti
District Secretary.....Sergio Rustichelli
District Measurer.....Gianni Battisti
District Champion.....Mario Noto

Fleets: Garda (249); Lega Navale Anzio (312); Marsala (449); Trasimeno (453); Como (466); Savio (476); Roma (479).

Si è disputato sulle acque del Trasimeno, presso il Club Velico "Castiglione" la Quarantaseiesima del Campionato Italiano di Classe, sicuramente un evento storico che merita la attenzione di tutti gli amanti di questo sport, le targhette affisse nel prestigioso trofeo Challenger testimoniano come nella storia del Lightning "Italia" si siano avvicinati nomi celebri della Vela Italiana. La edizione 95' merita sicuramente di essere ricordata tra i migliori Campionati vissuti dalla classe, ha infatti confermato l'andamento tendenzialmente positivo dei partecipanti manifestato in questi ultimi anni, ha confermato la falsa promessa mai divenuta realtà di alcuni equipaggi delle flotte Romane ed in particolare la flotta di Anzio, ha manifestato il graditissimo ritorno degli amici Gardesiani Tremante e Tezza, ha confermato l'assiduità e l'amore per la Classe degli amici Siciliani, ma in particolar modo ha evidenziato la perfetta organizzazione la squisita ospitalità del Club Velico Castiglione nella persona del suo Presidente Franco De Regis, e dei suoi collaboratori. Encomiabile la organizzazione logistica, lodevole la ospitalità. Questo Campionato e da ricordarsi anche come il primo senza NANDO DE AMICIS, l'uomo che ha fatto grande la Classe e che è stato ricordato con grande commozione dall'amico Tezza che gli è stato vicino negli ultimi giorni della sua vita, in suo ricordo è stato istituito un trofeo Challenger assegnato al secondo classificato.

Agonisticamente è stato un campionato disputato su uno scacchiere indecifrabile ed esteso che ha permesso con buone condizioni meteorologiche la disputa di tutte le sei prove in programma, delle 17 imbarcazioni partecipanti, ha vinto l'equipaggio polizionale formato, si può dire sul posto, e diretto dal Campione uscente Mario Noto appartenente alla Società Canottieri Marsala VII zona, con equipaggio Manzo Giuseppe e Rossi Francesco della II zona appartenenti al Club Castiglione, un successo meritato il loro, considerato che il secondo classificato, l'equipaggio Marino, Marino, Linares, appartenente al Circolo Velico Marsala ha totalizzato solamente 11.7 punti statisticamente una media da primato. Eccellente la direzione del comitato di Regata diretto dal Sig. Giulio Cantoro e dai suoi collaboratori tra i quali annoveriamo in Nostro Vice presidente Paolo Rosi. Hanno partecipato tre equipaggi Svizzeri che sono degli abituali del nostro campionato, ancora una volta la flotta di Marsala su barche in legno del prestigioso cantiere De Vita & Pellegrino, ha confermato il ruolo di Leader della Classe, frutto di un sapiente lavoro finalizzato all'ottimizzazione delle prestazioni di questa fantastica Deriva.

The fortieth edition of the Italian Championship, 1995, took place at Castiglione del Lago near Perugia, organized by "Club Velico Castiglione" to which belongs as President our Vice

President Franco de Regis. This edition of the Championship will be remembered as one of the best in the life of Lightning "ITALIA". It confirmed the tendency to increase the competitors, it has signaled the return to regattas of Tremante e Tezza, it confirmed the regular attendance and love for the Class by our Sicilian friends, it has confirmed the false hope of friends of Rome (ANZIO), but particularly it showed the excellent organization and hospitality of the Club of Franco De Regis, and the members of his team. This Championship will be remembered as the first without NANDO DE AMICIS, the man that made our Class great. He was remembered by Tezza during the prize giving. In his memory, as his last will, has been made a Challenger Trophy, assigned to the Runner-Up of the Championship.

The Championship was won by the crew Mario Noto, Guiseppe Manzo, and Francesco Rossi, on ITA 14361, runner-up was Antonio Marino, Alessandro Marino, and Francesco Linares, on ITA 13402, and third has been Giuseppe Alagna, Mario Alagna, and Francesco Parrinello on ITA 13481. All on De Vita & Pellegrino boats, who are the leading builders in our District.

At the end of December the annual Winter Criterium was held in Marsala where, in addition to the Sicilians, four Swiss crews participated which included a sailor from the USA, Audrey Matteson, and one from Finland, Erkki Lempiäinen. Also Sergio Masserotti, from the fleet of Rome, and his family came to race and celebrate the New Year. - - Giuseppe Valenti

LAKE ERIE DISTRICT

District Commodore..... Dave Sprague
 District Executive Secretary..... Brian Starck
 District Corresponding Secretary..... Judy Walker
 District Treasurer..... Anne Allen
 District Measurer..... Cal Schmiede

District Champion..... Allan Leibel
 District Runner-Up..... Skip Wilday

Fleets: Buffalo Canoe Club (12); Chautauqua Lake Yacht Club (19); Silver Lake Yacht Club (47); Niagara Sailing Club (59); Cuba Lake Yacht Club (115); Flying Beaver (118); Toronto Bay (146); Conneaut Bay (180).

Lake Erie District experienced success early this year. Larry MacDonald, sailing with Jody Swanson and Rick Hayden, won the first leg of the Southern Circuit at Savannah. Dave Starck, with crew Kevin Robinson and Maria White, then captured the Winter Championship at St. Pete's. The final leg at Miami was won by Larry's partner in the Circuit, Ched Proctor, with whom our district's Ned Roseberry sailed. Tom Allen Jr. finished third for that series. MacDonald and Proctor shared the overall Circuit Championship, while Allen placed fourth.

Allen's greatest accomplishment of '95 came a few months later at the World Championship in Finland. Sailing with siblings Jane and Jim Allen, Tom placed second to Chile's Tito Gonzalez. The Allens thus claimed the best finish by a North American boat and another part of Lightning Class history. Our district takes great pride in their achievement.

Our own season begins each year in mid-May at the Buffalo Canoe Club's Eby series. John Swanson took that one, followed by Dave Starck. Then Chautauqua hosts its Cornball Regatta the first weekend in June. Seventeen boats competed for top honors in two light-air races on Saturday and two medium-air races on Sunday. On Saturday night the club held its annual Monte Carlo and Auction Party. Everyone had a great time. Our district then travels to Newport YC's Reunion Regatta. Ched Proctor, with Kathryn Josenhans and Ned Roseberry, walked away with that one. The BCC holds its annual Niagara Frontier Invitational the following week. Festivities began Friday night with live music and beer out in the boathouse. In a repeat of Chautauqua's conditions, we had light winds Saturday, partied vigorously Saturday night, and woke to fresher breezes Sunday morning. The last regatta of June is Cuba Lake's Bolde Mothers' Intergalactic Championship. Both days were light there, but consistent enough for two exciting races each day. The results looked like this:

Chautauqua's Cornball: 1. Dick Hallagan 2. Skip Wilday
 BCC'S NFIR: 1. John Swanson 2. Tom Allen, Jr.
 Cuba Lake: 1. David Sprague 2. John Swanson

The District Championship was held at Silver Lake this year. Several new boats and some new skippers showed up for a great regatta. Toronto's Allan Leibel and his crew of Jenn Graham and Paul Olivier won the Championship for the second time in three years. Skip Wilday was runner-up, Dave Sprague placed third, John Swanson, fourth, and Dick Aubrecht, fifth. The Jerry Blake Awards for outstanding crew went to Mike Hendrix, who sailed with Wilday, and Paul Olivier.

Leibel's crew continued to dominate our district on the national level. They placed fourth in the Canadian Open, secur-

ing a birth for the '97 Worlds in Montreal. Dave Sprague, David Wood, John Gorrie, and newcomer Scott Warrenner also represented our district well at the Open.

Leibel led the way at Henderson Harbor, too, finishing seventh overall. Tom Starck won the Thermis trophy, annually awarded to the highest placing first-time skipper, who does not otherwise win a trophy. He and his crew, Jim Starck and Garrett Mayer, finished eleventh. Tom Allen, Jr., Tom Allen, Sr., Jim Allen, newcomer John Schimert, and Brian Starck also qualified for the top flight. Dave Sprague and Skip Wilday both sailed well in the President's Cup, while Cal Schmiede and Scott Warrenner raced in the Governor's Cup. Sue Rogers, sailing with Anne Marie Shewfelt and Helene Michaud, won the Women's Championship for the second consecutive year, while Cal Schmiede, Larry MacDonald, Sr. and Larissa Higgins finished second in the largest Masters' Championship to date.

After the North Americans, we naturally emphasize sailing's social side over its competitive side. The Old Salt's Regatta, for which every crew member must be over fifty, is held the last Sunday of August at the BCC. This year's rookie, Ed Roseberry, was awarded top honors -- after he showed us his driver's license. Our Fall Circuit is made up of three regattas: Silver Lake's Harvest Regatta, Toronto's Hurrell Shaker, and the BCC's Fall Regatta. We were blessed with fresh breezes for all three, although the temperature was a bit cooler than we might have expected this year. Hamilton's Turkey Regatta ended the season for us with a one-day, ten-race series. - - - David Starck

The Fall results follow:

Silver Lake's Harvest:	1. Dick Hallagan 2. Skip Wilday
Toronto's Hurrell Shaker:	1. Allan Leibel 2. Cal Schmiede
BCC's Fall:	1. Dick Aubrecht 2. John Swanson
Hamilton's Turkey:	1. Larry MacDonald 2. David Starck

1995

District Commodore..... Gary Hurban
District Secretary..... Jon Schwartz
District Measurer..... Mary Huntsman
District Champion..... Jon Schwartz
District Runner-Up..... Sandy Huntsman

Fleets: North Shrewsbury (HYC) (11); Paupack (16); Lake Mohawk (25); Chelsea (39); Red Bank (70); Nyack (75); Awosting (95).

Editor's note: Last year, in spite of conscientious organizational efforts, three reports were mislaid. I apologize to the districts and fleet. I am including those reports this year because I feel recognition for efforts and achievements are valid any time.

The Met District kicked off the 94 season in February by helping Sandy and Mary Huntsman run the Lightning exhibit at the Atlantic City Sail Expo. Those of us who took turns at the booth found it to be an enjoyable and rewarding experience as we discussed Lightning sailing with past, present, and prospective Lightning owners. It was great to see the enthusiasm which so many people had for the class.

We held our mid-winter meeting at Nyack Boat Club in March which was followed by a four hour talk by Dave Perry on the tactical application of the rules.

Our first regatta was the Long John in Red Bank in April. Dick Hallagan outsailed 27 other skippers in 15 to 25 knot winds to take a first in some very keen competition. Brian Taboada took a 2nd and Geoff Moore took 3rd.

The Magnus Pederson Regatta was held at Nyack in June. Gary Hurban took a 1st, followed by Bill Cook, then Joan Hurban. Jack Huntsman retained his title as District Champion in a one-day five-race regatta at Red Bank. Frank Mergenthaler was runner-up and Sandy Huntsman was 3rd.

We were represented by five boats at the Atlantic Coast Championships - in Mallets Bay, where Jack Huntsman was 3rd and Larry Colantuano was 5th.

The NA Masters, Women's, and Juniors were held on Lake Ontario in Hamilton. These races were sailed in all conditions, including storms with winds over 30 knots. Sandy Huntsman lost a tie-breaker to settle for a second in the Masters, while Joan Hurban took a 4th in the Women's, and David Clauson took a 7th in the Juniors. Jon Schwartz, Jack Huntsman, Gary Hurban, and Joan Hurban trailered the yachts to Toronto the following week to represent us at the NA Championships.

The Whiskerpole Regatta was sailed in the deep water at the north end of Greenwood Lake this year. The top three finishers were Gary Hurban followed by Bob Sengstacken, then Jim Morris.

In September, the action shifted to Lake Wallenpaupack, where Dick Hallagan nipped Mark Schneider for 1st place in the Pennsylvania Governor's cup, and Bob Bush finished a close third. Stan Moldawsky's famous Dixieland Band topped off a great weekend for the 18 boat fleet.

Dick Hallagan struck District gold once more in October at the Last Blast Regatta in Nyack. A competitive fleet of 21 boats

sailed in brisk winds with Jack Elfman taking a 2nd and Ray Harrington taking a 3rd. - - Gary Hurban

* * * * *

After returning from a relatively successful North American Championship of my own it was nice to reflect on Brian's unbelievable series. (Nov. 95 Flashes "From the Outhouse to the Penthouse"). More notably was the total domination of Gary Hurban, our District Commodore, in the Governor's Cup at the North American Championships. He had enough blue flags to wallpaper a bathroom.

Our season starts early in February when Mary and Sandy Huntsman normally recruit many Lightning sailors to help promote the I.L.C.A. Again this year it was a high success - THANKS to all that helped.

The first major regatta for us in the northeast is the Long John Regatta which is the last full weekend in April. The weather this year was like a normal July weekend. Attended by over 30 boats we had another great time. Jack Huntsman won, with (father of the famous Sara Mergenthaler) Bill Mergenthaler second, Gianni Cuccio third, Josh Adams fourth, and Keith Taboada fifth. The New Jersey State's were won by "the now on a roll and retired" Sandy Huntsman. He did receive stiff competition from Matt Smith who was second, Sara's Dad third, Brian Taboada (not yet famous) and Franz Schneider fourth.

Many of our Regattas this year were attended by record numbers of sailors. The Last Blast Regatta which was hosted by Nyack Yacht Club was attended in late October by 28 boats. This Regatta had hot competition and was won by "Tricky" Dick Hallagan with this year's President's Cup Winner Jack Elfman second. Nyack also hosted the Atlantic Coast Championships which had over 40 boats along with our Districts. The Districts were won by Jon Schwartz and followed by the "multi-talented" Sandy Huntsman (not to be confused with Jack), Gary Hurban-third, Kathy Connell-fourth, Bill Mergenthaler-fifth.

The Atlantic Coast Championships were attended by a lot of "normally Blue Fleeters" like the winner Stu Nickerson, Tim Healy, Bill Fastiggi, Don Brush, Ched Proctor, Brian and Keith Taboada, and it was great to hear that Bill Shore is back. Oh, the first five finished as listed. These races were sailed Saturday and on Sunday (July 30) the Magnus Pederson was sailed.

The main thrust of our district has been to increase participation of Lightning sailors from not only our own district, but also surrounding districts. This past year the Central Atlantic District and ourselves started a circuit in conjunction with each other. We have a total winner for both districts. The process has increased the number of sailors at many of the regattas. Winner of the Central Atlantic/ Metropolitan District Circuit are, in order: Jack Elfman, Dick Hallagan, Bob Bush, Gary Hurban, and his better half Joan.

Here's the proposed schedule for the 1996 season.

CAD/MET April 27-28	Long John Regatta - Red Bank
May 26	Cold Duck - LakeWallenpaupack
CAD/MET June 1-2	Magnus Pederson - Nyack
June 8-9	A.W.S. Open - Greenwood Lake
June 29-30	Metropolitan Districts - Red Bank
CAD/MET September 7	Whisker Pole Regatta - Greenwood Lake
CAD/MET Sept. 14-15	PA Govenor's Cup - Paupack Fleet 16
CAD/MET October 12	Last Blast Regatta - Nyack Fleet 76

Note: CAD/MET indicates regatta is part of the Central Atlantic and Metropolitan District Circuit. - - Jon Schwartz

SUPPORT OUR ADVERTISERS

MIDWEST DISTRICT

District Commodore 95/96.....Dan Reichelsdorfer
 District Secretary.....Michou Braun
 District Treasurer.....Meg Huffman
 District Champion.....Mike Huffman

Fleets: Chicago Corinthian (5); Milwaukee Yacht Club (69); Green Bay (112); Lake Davenport (167); Sheboygan (187); Lake Geneva (345); Manitowoc (393); Fond Du Lac (442).

Midwest District kicked off another successful year with the Lighthouse Regatta in Fond Du Lac, WI. Once again, we were fortunate to have North Sails and Lightning guru Ched Proctor to help us all tune up with on the water coaching during the races. Winning the regatta was perennial champion Bill "Bun" Faude and crew. Second place went to Dan Reichelsdorfer and crew, and in third was Mike Huffman and crew. Next came the Evan's Regatta in Green Bay, WI. With fluky weather and a great squall, Ric Larson and crew won the event, with Adrian Irving and crew coming in second. Dan Reichelsdorfer and crew rounded out the top three. The District Championships were hosted by Chicago Corinthian. Three days of great racing were experienced by a fleet of close competitors. The race committee did outstanding work to pull off the seven race series. Winning the battle was Mike Huffman and crew. Second place was decided on the very last race by one foot, Dan Reichelsdorfer and crew edged out Dave Stix close behind in third place.

In the meantime, two MW District sailors went far across the ocean to sail in the land of the midnight sun, Finland. Bill Faude and Paul Wurtzebach both survived the shipping and traveling and wind and sailing at midnight with great results, third and eighth respectively. Congrats to Bun and Paul and their crews!!

The P&T regatta in Milwaukee WI was sailed the weekend of July 15 & 16. Participation should be at an all time high for this event next year, which will mark the 50th anniversary of the P&T. It will be held the weekend of July 6 & 7. This year, the winner was Bill Faude and crew.

Sheboygan hosted the annual Brotz Regatta with boats traveling from Lake Carlyle (St.Louis) to sail with us. Winning this year was Paul Wurtzebach and crew, with Matt Burrridge from Lake Carlyle second and Ric Larson third.

Next came the North Americans at Henderson Harbor, NY. Paul Wurtzebach, Ric Larson, Dan Reichelsdorfer, Adrian Irving and newcomer Scott McBurney all trekked east to attend. Paul sailed to a Blue fleet performance, with Ric Larson finishing 10th in the President's fleet and Scott McBurney having a great first showing finishing in the Green, too. Dan Reichelsdorfer finished Runner Up in the President's flight. Adrian Irving sailed to a seventh in the President's flight.

Fall regattas saw travels to Davenport IA for the Polar Bear. Local Mike Steffenson won the event, with Ric Larson coming in second.

The annual Red Flannels in Chicago saw the largest fleet for this season of over 25 boats. With competitors from Michigan, Indiana and Mississippi Valley districts, the fleet looked strong, but in the end the winning was all Fleet 5, Paul Wurtzebach, Bill Faude second and Mike Huffman in third.

Midwest District sailors hosted the US Sailing Sears Cup sail-offs in Milwaukee, and the National Championship in Chicago. Many Midwest boat owners loaned boats and sails so that juniors could participate, and get into the boat! Teams of junior sailors participated in district regattas to tune up for the event. This is a great way to introduce these young sailors to

the atmosphere of our class and set a hook early to lure them back as members. Many thanks go out to Mike Huffman, Fleet 5 and all who loaned boats, spare parts and equipment to ensure a well run event.

Looking forward to 1996, the Midwest District will again have a full season of racing. The schedule is as follows:

Lighthouse, Fond Du Lac, WI	June 1 & 2
*Evans, Green Bay, WI	June 15 & 16 ,
*P&T, Milwaukee, WI	July 6 & 7 ,
*MW Districts, Green Bay, WI	July 12, 13 & 14
*Brotz, Sheboygan, WI	July 27 & 28
Hobelman, Chicago, IL	Aug 3 & 4
Polar Bear, Davenport, IA	Sept 13 & 14 (tentative)
Red Flannels, Chicago, IL	Sept 21 & 22 ,

The Great Lakes Championship series will consist of the Evans Regatta, the P&T, the Districts, and the Brotz, with the Districts mandatory and 2 of the other three needed to qualify. The 1995 winner of the Great Lakes Championship was Ric Larson.

This year's Lighthouse Regatta will feature Brian Hayes of North Sails for another great tune-up regatta. This regatta will also be sailed under the 1996 experimental rules by decision of the district. US Sail Senior Judge Dean Cady will be conducting a rules seminar before the start of the regatta. The emphasis in the district is to try to get more of the fleet/club racers to travel. Improvements will include offering day care at the regatta sites as well as trying to get more families involved.

Finally, this is the 50th anniversary of the P&T Regatta in Milwaukee, WI. Few regattas reach this stature, and we hope to have a gala event the weekend of July 6 & 7. All are invited! - - Dan Reichelsdorfer

NEW ENGLAND DISTRICT

District Commodore.....Toni Harrington
 District Secretary.....Christopher Dwinal
 District Measurer.....Bruce Atkinson
 District Champion.....Stuart Nickerson
 District Runner-Up.....Brian Hayes
 District Women's Champion.....Christy Jones
 District Master's Champion.....John Hughes
 District Junior Champion.....Sean Carroll

Fleets: Centerboard YC (14); Merrimac River (121); Spofford Yacht Club (145); Annisquam Yacht Club (151); Marblehead Harbor (189); Bomoseen Lake Yacht Club (227); Massabesic Yacht Club (273); Chequesset (280); Lake Champlain (301); Squam Lake (332); Bow Lake (493).

While pondering about how best to write the opening paragraph of this year's District article, I wondered how many sailors outside of New England will read what has been recorded here

Although I have not made a practice of reading articles about other Districts, I hope that more Lightning sailors will attempt to skim other District articles and, in that way, keep current with the "State of Lightning Sailing." Please read on.

Ironically, the first regatta held in New England this sailing season was at the fleet located the farthest north, Champlain Fleet #301 sailing on Lake Champlain near Burlington, Vermont. The five races were sailed on June 3 and 4 and attracted 22 boats from New England, New York and Canada. Jean François Simard of Canada had a banner Sunday with two bullets to keep Stuart Nickerson of Chequesset Fleet #280 from reclaiming his 1994 title. Don Brush (Champlain Fleet #301) was third, Peter Hall fourth and Ray Harrington (Bomoseen Fleet #227) rounded out the top five.

The former Iceberg Regatta held at Massabesic Lake in Manchester, New Hampshire was moved to June 10 and 11 so Iceberg is sort of a misnomer. Good local fleet participation was the story at this regatta with 9 of the 12 competing boats holding berths at the Massabesic Yacht Club. And their prowess in sailing on small New England lakes with light and shifty wins was evident as local boats captured four of the top five spots. Ken Deyett won the regatta, George Deyett was second, Norm Deyett was third, Ray Harrington was fourth and Moe L'Heureux was fifth. Low participation at this regatta from other fleets has led to the cancellation of this regatta for 1996 in favor of a date in September when Lightnings will be racing as part of the One Design Regatta that includes starts for other one designs including Day Sailors and Windmills.

I'm not certain of the origin of name Maple Leaf Classic Regatta on Lake Bomoseen, Vermont, however, it may be somehow related to the prizes which consist of varying quantities of maple syrup, and hand-carved plaques by fleet member Karl Fjeld. It soon became apparent that George Deyett sailing with his wife Sharon and Wellfleetian Flip Felix was the one to catch. They finished no lower than third in any race in the 16-boat fleet and went on to win impressively. Don and Ann Brush and Dick Spurlock finished second followed by Eric Cutting, Robert Cutting and Noah Cutting in third place. Ray Harrington, who sailed with wife Toni, and Ellen Atkinson, finished fourth. Stefan Sargent, local sailor and newcomer to the Lightning Class, finished fifth sailing with Heidi Wilk and Bruce Atkinson. My most fond and humorous memories of the weekend were smoking cigars and drinking beers outside Ray and Toni's on Saturday night, the Cuttings near broach in the smallest but most awkwardly directed puff about 200 feet from the dock, and my brother's suggestion that our lack of sailing consistency could possibly be because we've had more crew members on our boat in the past four years than most have in a lifetime.

This year's District Championship was held in the middle of July in Wellfleet, Massachusetts on Cape Cod. On Friday, the Women's, Junior's and Master's races were held in normal conditions for this area - an abundance of breeze. Two races were held for the combined nine boat fleet. John Hughes (Merrimac Fleet #121) defended his title with two firsts in the Master's division Sean Carroll (Champlain Fleet #301) won his first Junior Districts, and Christy Jones (Chequesset Fleet #280) prevailed in the Women's Championship.

Before starting the first race on Saturday, a severe thunderstorm with wind gusts to 70 mph passed just east of Wellfleet

This played a major role in the non-traditional wind direction and velocity experienced most of the day. Stuart Nickerson let everyone know early that he had come to defend his title with firsts in two races on Saturday. Brian Hayes was close behind, however, with two seconds, and Don Brush was in third with just seven points. After launching 24 boats from the beach on Sunday morning, two more races were squeezed into the weekend with the series coming down to a tie between Stuart and Brian, sailing with his steady crew of Lisa Brauer and Brian Hughes, won the tie break. Chris Vann from Connecticut claimed third prize, Curt Felix (Chequesset Fleet #280) was fourth and Bill Fastiggi rounded out the top five. Many thanks go out the Chequesset Fleet #280 for hosting a top shelf event in a great sailing venue.

Champlain Fleet #301 sailing on Lake Champlain hosted this year's Women's, Junior's and Master's North American Championships. The event was well attended with 27 boats competing in the Master's Division and 16 boats in the Junior Division. Notable performers were John Hughes, Brian Hughes and Sean Campbell who finished 7th in the Master's and Sean Carroll, Katie Dutton, and Joe Dayton who finished 4th in the Juniors. The District would like to recognize Champlain Fleet #301 for doing a superb job in organizing and holding such a monumental event.

Eight boats from New England competed in the NA's held in Henderson Harbor. Five of the eight sailed in the Blue fleet, two in the Green fleet and one in the Yellow fleet. Stuart Nickerson finished 6th, Andy Horton improved on last year's performance by capturing 10th, and Brian Hayes and Bill Fastiggi chalked up 19th and 14th, respectively. Christian Whatley also competed in the Blue fleet, managing to capture a 9th in the last race of the series in the Green fleet. Ray Harrington had a five point lead over Tom Niles of Michigan and a six point lead over Jack Elfman of New Jersey going into the last day of racing. However, as all of you who sailed in the NA's this year know, no lead off or on the water was safe. Jack Elfman pulled into first place on the last day while Ray finished second followed by Don Brush who moved up to third.

I managed to pull off a top ten finish in the Yellow fleet which my crew informed me was a good showing for our first NA's together. I'd like to thank my brother Dan and Shelly Hughes for sailing in the often frustrating and always sweltering conditions during that week. I'll always remember our week together and hope we can sail together in future NA's.

The next event of the summer schedule was a trip to Squam Lake in New Hampshire to sail with John and Brian Hughes on the "The Big Ifs." Dick Hallagan made the trip over from Rochester, New York to visit his son's family and beat up on us. Following the first day of racing, Dick had three firsts and we were just trying to hang onto second place with challenges from Christian Whatley and Tor Brunvard. After an evening playing pool with Dick and hanging out at the local Chinese restaurant and bar, I learned that our sleeping arrangements for that evening consisted of a leaky, smelly, cramped tent pitched in the middle of a parking lot. Of course it rained and of course there was a bass tournament on the lake which resulted in several headlights lighting up the tent at 5 am. Despite all this, we managed to hang on to second place. Dick faltered slightly with a second and another first to win the regatta. Local sailors Christian Whatley, Tor Brunvard and Dwight Hertz rounded out the top five.

Every year the Massabesic Yacht Club invites Lightning sailors to participate in it's Open Regatta. This year's Lightning regatta was won by Ray Harrington, Patrick McCormack (Merrimac Fleet #121) was second, and George Deyett was third.

Bow Lake in New Hampshire has begun to revitalize its fleet and hosted a one-day regatta this year on September 16. Ten boats from Bow Lake Fleet #499, Massabesic Fleet #227 and Merrimac Fleet #121 sailed in the four races on a beautiful Saturday. Ken Deyett won the regatta, Ned Hines from Bow Lake was second and Nick Mercier took the bronze. Bow Lake has decided to host another one day regatta in 1996 on September 26.

The final regatta in New England was hosted by Merrimac River Fleet #121. The ten local crews were joined by six crews from away to make up the healthy 16 boat fleet. The racing instructions included a description of five different race courses, all of which were sailed in this well-run regatta. Top honors went to Bill Shore who, as a child, sailed down this tidal river several miles every weekend in a small dinghy to race at the American Yacht Club. Sailing with Randy Shore and friend Heidi, they recorded four firsts and a second. Robert, Eric and Noah Cutting finished second, John Hughes, Brian Hughes and Elizabeth Petty finished third, George, Sharon and Mike Deyett fourth and Bill Berry, Moe L'Heureux and Marcel Mercier from Massabesic Fleet #279 were fifth.

At the annual winter meeting, Christy Jones was awarded the Pratt Trophy for her outstanding dedication to the New England District. In 1995 Christy was responsible for organizing

the 1995 District Championships at her home fleet and has also been very active in fighting to keep Lightning sailing active in a yacht and country club which favors golfing.

New England Lightning District sailors participated in many regattas outside of New England in 1995 including, but not limited to, the Southern Circuit, Early Bird and Fall Classic Regattas at Westport, CT, Long John Regatta, World and European Championships in Finland, Central New York District Championships, Connecticut Governor's Cup, Connecticut/RI Districts, Atlantic Coast Championships and Magnus Peterson Regatta, Canadian Open Championships, Fall Regatta at Southampton, NY, and the Last Blast Regatta at Nyack, NY. Notable finishes included Brian Hayes' 2nd place in the Deep South Regatta, Brian Hughes' (sailing with Dick Hallagan) 7th place in the Worlds and 5th place in the Europeans. Bill Fastiggi's (sailing with Joanne Jones) 2nd place finish in the Central New York Districts, Stuart Nickerson's 9th place finish in both the Connecticut Governor's Cup and CT/RI Districts, Don Brush's 2nd place finish in the Canadian Open, and Brian Hughes' (sailing with Dick Hallagan) 1st place, Ray Harrington's 9th place and Bill Fastiggi's 4th place at the Last Blast Regatta. New England District sailors fared well in the Atlantic Coast Championships with a 1st place finish by Stuart Nickerson, a 9th place by Bill Fastiggi, a 4th place finish by Don Brush and a 6th by Ray Harrington in the 40+ boat fleet. My apologies for any regattas and finishes I may have missed and I look forward to seeing you all in 1996. - - - Chris Dwinal

NEW ENGLAND LIGHTNING DISTRICT- 1996 REGATTA SCHEDULE

DATE	REGATTA	HOST FLEET & LOCATION
JUNE 1,2	SPRING REGATTA	CHAMPLAIN #301, BURLINGTON, VT
JUNE 8,9	MAPLE LEAF CLASSIC	LAKE BOMOSEEN #227, BOMOSEEN, VT

OHIO DISTRICT

1994-95

District Commodore..... Dick Pugh
District Secretary..... Steve Weeber
District Treasurer..... Dean Caley
District Champion..... George Fisher (tie)
Matt Fisher (tie)

1995-96

District Commodore..... Steve Weeber
District Secretary..... Dave Gall
District Treasurer..... Dean Caley

Fleets: Indiana Lake (23); Leatherlips (27); Turkeyfoot (33); Pymatuning (36); Buckeye Lake (43); Rocky River (71); Mansfield (150); Atwood Lake (212); Cowan Lake (303); Hoover (353).

The 1995 Ohio District Regatta circuit began with Pymatuning Yacht Club hosting 26 Lightnings at the 11th Spring Classic Regatta on May 13 and 14. Threatening weather held the fleet to three races on Saturday and no races on Sunday. Top three finishes were George Fisher, Dick Hallagan and Britt Wadsworth.

The Windshift Regatta was held at Leatherlips Yacht Club on June 10 and 11 with 13 Lightnings attending. Thunder storms held the fleet to just two races on Saturday with one race on Sunday. Kurt Andrews won the regatta by 1/2 point over Carl Clipp in second place by 1/2 point over Jeff Pugh in third. A special thank you goes out to Audrey Matteson who joined us and gave everyone a chance to preview the 1995 yearbook.

Due to a scheduling conflict with the Ohio District Championship Regatta being held the same weekend, no one attended the annual CYC Regatta usually held at the Cleveland Yachting Club and sailed on Lake Erie.

The 1995 Ohio District Championship Regatta was hosted by the Indian Lake Yacht Club on June 24 and 25 with a total of 17 boats participating. Due to the drifting conditions the first and only race on Saturday was not started until after lunch. When a lightning storm appeared during the last leg of the race, the fleet finished and headed for the clubhouse, hoping for better conditions on Sunday. The annual Ohio District 1995 summer meeting was held Saturday evening following dinner. Those present sang Matt Fisher "Happy Birthday." Steve Weeber was elected District Commadore, David Gall was elected District Secretary and Dean Caley was re-elected District Treasurer. Following the close of the District meeting, a talk was led by Matt and George Fisher discussing the strategy and tactics of Saturday's race, with Matt pointing out some of the advantages of not having a compass on board. Sunday the fleet was blessed with a near dead calm. The second and last race of the regatta was started in about a 3 m.p.h. "wind" which shifted so dramatically on the first leg that the "beat" became a "run." After two races, George and Matt finished tied for first place, John Worley was third, Kurt Andrews and Justin Proctor tied for fourth and Steve Weeber finished sixth. Justin Proctor received the First Time Skipper's Award which was won the year before by Kurt Andrews and given to the highest placing first time skipper in District competition. Jim and Bobbie Stone received the Ohio District Sportsmanship Trophy.

The Independence Day Regatta was held at Pymatuning Yacht Club on July 1 and 2. Skip Dieball won the regatta with three bullets followed by Jim Dressel in second and Rob Rulhman in third. A warm summer evening provided excellent weather for the cocktail party and dance hosted by PYC members. Fireworks were provided by Kurt Andrews and Zack Austin.

The Stumpbuster Regatta was held at Indian Lake Yacht Club on August 26 and 27 with 13 boats participating. The first race on Saturday was abandoned due to light wind when the time limit expired with the lead boats only two-thirds of the way up the first beat. After lunch the race committee tried again. In her first regatta helming adventure, with mother Judy as both forward and middle crew, Bridget Creamer won the first and only race of the day. Two races were sailed on Sunday with Bill Young shooting two bullets, allowing him to win the regatta. Tom Varley was second and Kurt Andrews was third.

The Harvest Moon Regatta was held at the Atwood Yacht Club on September 9 and 10 with 12 boats participating. The forces of nature lined up to provide the participants with an actual Harvest Moon from which the regatta takes its name and fresh albeit bizarrely shifting winds for all three races. In marked contrast to Harvest Moon Regattas of the recent past, this year the weather was appropriately described by local fleet member, Jim Stone, as "Atwood on steroids". In addition to the open bar Saturday night, free Main Sail Ale from the new AYC micro-brew pub flowed all weekend. Bernie Dillon from the Mansfield Fleet treated everyone to sing-along tunes played on his plectrum banjo Saturday night. Kurt Andrews finished first, David Gall was second and Tom Varley third.

Due to scheduling difficulties the Snow Ball Regatta usually hosted by the Buckeye Lake Yacht Club was not held.

The final regatta of the season, the Fall-In Regatta, was held at Cowan Lake on October 14 and 15 with 22 boats participating. Saturday racing began with the wind out of the west at about 10 knots. The wind continued to build throughout the afternoon causing the race committee to abandon the third race when Steve Weeber, David Gall and Tom Varley all flipped their boats and one end of the finish line broke loose creating a moving and extremely pin end favored line. Following two races on Sunday, the top finishers were George Nickels in first, Bill Thomas second and Dick Pugh third. Don Schregardus won the traditional Cowan Lake Mid-fleet Award.

Last year three questions were raised about how certain things might turn out in 1995. The first question was whether David Gall could three-peat the Ohio Governor's Cup. The second question was whether someone with a last name other than Fisher would win the Ohio Districts. And the third question was whether Tom Varley would ever have his new boat. The answers to the first two questions are the same. Kurt Andrews is the 1995 winner of the Ohio Governor's Cup and George and Matt Fisher both won the Ohio Districts. As far as the question regarding a new boat for the Varleys...well...it remains an enigma. Does a Bass Boat count?

Ohio District sailors at the NA's.

PACIFIC NORTHWEST DISTRICT

District Commodore.....Bruce Deitz?
 District Champion.....Jerry Neuberger
 District Circuit Champion.....Jerry Neuberger
 Runner-Up.....John DeBenedetti

Fleets: Maple Bay (64); Vancouver (90); Seattle (132); Chinook (229); Portland (283); Okanagan (368).

The Pacific Northwest District season started again with those that went to the California Circuit in March at San Diego. John DeBenedetti with crew Roger Artigues drove to San Diego, and met Audrey Matteson, who flew in from Illinois. They had a good time, winning one race, and finished 5th for the entire circuit. While they were there, they managed to get in a day as observers on the windward mark stake boat for an America's Cup Defender Series race.

Back home, the season continued with our traveling regatta season in the usual places, except Seattle. We hope to be back there next year. Our District Circuit Championship winner was Jerry Neuberger of Portland, who was tied with John DeBenedetti in points, but won the breaker.

Our District Championships were held in Eugene, under light conditions the first day that were handled well by the race committee. The next day a nice southern came in, resulting in some spirited racing in one of the races. Going up the final weather leg, there were ten to twelve lead changes. You would be in sixth, then a few moments later be in first; then back down to sixth again! All the boats were that close! Jerry Neuberger won the championship then, with good shift selection. Many thanks to John Mahoney and the Eugene fleet for organizing a fine event. We were pleased to have a crew from Calgary, Alberta compete. We hope they'll be able to get a fleet started there. (They also drove down to San Diego for the California Circuit.) At any rate, we'll see them next year in Kelowna. - - - John DeBenedetti

PERU DISTRICT

Contact.....Francisco Ayula

Fleets: Savannah (127); Clark Hill (257); Lake Lanier (348); Catawba (365); Greater Charleston (429); Waccamaw (463); Wake (481); Tennessee Valley (500).

Editor's note: Last year, in spite of conscientious organizational efforts, three reports were mislaid. I apologize to the districts and fleet. I am including those reports this year because I feel recognition for efforts and achievements are valid any time.

Eleven regattas were held in the Southeastern District in 1994, with forty six Lightning skippers sailing in at least one

event, down from an all time high for the region of sixty-five in 1992. Twelve skippers sailed in at least six events to qualify for the district traveling championship. This is up from the eleven in 1993. Those qualifying in order of finish were: Lenny Krawcheck, Bob Harkrider, James Taylor, Bill Sloger, Pell Kennedy, Sam Booke, Karl Suiter, John Pelosi, Richard Mayne, Carter Utzig, Ned/James Nutt, and Douglas King. All twelve competing skippers and crews received very nice hand crafted trophies made by Nancy Sproul, with their finishing place embossed on them.

The season opener was held with seven boats at Columbia Sailing Club on Lake Murray, April 16-17. It started out to be a heavy weather day, and after the morning races, we pulled into the shelter of a bay for lunch. The afternoon race started out heavy, and built until most of us pulled out at the weather mark where I believe the gusts were reaching 30 MPH. Sunday the weather had moderated, and a total of four races made up the regatta. Joe Waters took the prize with Clay Rumble second and Lenny Krawcheck and Bill Sloger tied for third.

The second regatta was held at Augusta Sailing Club by the Clark's Hill Lightning Fleet April 23-24. The weather was fluky Saturday, and a little better Sunday. The winner of the nineteen boat fleet was Bob Harkrider, with Lenny Krawcheck close behind, followed by Will Sloger.

The third series, May 7-8, was at Highrock, with honors going to Clay Rumble, Bob Harkrider was second, followed by John Pelosi. 14 boats.

Two weeks later, May 20-22, we traveled to Lake Waccamaw for the Districts. It was apparent from the "get-go" that the wind was going to blow all weekend, and it did - 14-20MPH with higher gusts. But it was a great series with 21 boats fighting hard for honors. District Champion for 1994 was Patrick Hogan, sailing with Bunky Wichmann, and Scott Lane; second was Lenny Krawcheck sailing with Dave Archer and Bud Abbott; third was Bob Harkrider with Sharon Harkrider and Pete Marriott; descending places were Ross Griffith, Will Sloger, James Taylor, and Richard Mayne.

Nearly a month later, June 11-12, we were at Lake Murray YC where we had a light air series with eleven boats. Lenny Krawcheck took first, with Bob Harkrider second, and Pell Kennedy go hot for third.

Two weeks later on June 25-26 was the Beaufort YC regatta with tide. Lenny showed he understood tide, but some inlanders, James Taylor and Bill Sloger, took second and third. All enjoyed the Frogmore stew Saturday night.

In July (16-17), we went to Charleston and the SARA (small boat) Regatta. After the "dust" settled, Bob Harkrider was in first, and Will Sloger was second with James Taylor and Jeff Linton tied for third.

Back to tidal water at Savannah SC for the Neff MacIntosh sprints where we had a great time with seven quick windward-leeward starts up the river and back. Again the "tides man" Lenny Krawcheck took first with Bob Harkrider close behind for second, and again a tie for third: James Taylor and Joe Waters.

The weekend of August 27-28 we went to a new venue, the Atlantic off Wilmington, NC. Saturday was a light wind day, which ended with a race to the harbor not beating a squall that made life interesting (wet for some). Sunday was a delightful morning and we got in two nice races, for a four race series. First went to Lenny Krawcheck, second to James Taylor, and third to Sam Booke, who has been "coming on" all season.

To start the fall, we traveled to Lake Jordan on Sept. 17-18. Lenny Krawcheck, second to James Taylor, and third to Bob Harkrider.

To finish up the circuit, we went to Lake Lanier, north of Atlanta where all seasonal grudges are settled. Saturday would have been a drifter, if the wind had been higher, and Sunday was great sailing in the rain which kept the poser boats off the lake. Sometimes you have to pay for favors. First, by one point, went to a Florida visitor, Steve Hayden, second to Bob Harkrider, and third to Bill Sloger.

Six district crews and one junior crew, traveled to the North Americans in Toronto, Ontario. Finishes: Lenny Krawcheck C21, Bob Harkrider P6, Joe Waters P9, John Pelosi P21, James Taylor G4, Carter Utzig G21. (The worthy crews were listed in the regatta listings.) John Pelosi was tenth in the Masters

Southeastern District sailors at the NA's.

SOUTHERN DISTRICT

District Commodore..... Larry Frost III
 District Secretary..... Frances Frost
 District Measurer..... Larry Frost III
 District Champion..... Lawrence N. Frost III
 District Runner-Up..... Lawrence N. Frost, Jr.
 GYA Champion..... Larry Frost, Jr.

Fleets: Mobile Bay (135); Shreveport Yacht Club (175); New Orleans Yacht Club (209); Southern YC (62)

This year has been a rebuilding period for our district. There is a tremendous amount of activity with our district hosting the 1996 North Americans at Southern Yacht Club, in New Orleans, LA. Activity is great with the rebirth of Robert Jeffcott's "Old Woody" boat #8365 purchased by Mobile Bay's fleet Dennis Hermecz. Once crew Doug Wynne, purchased #10812 and is sailing at the reactivated Fleet 62 at Southern Yacht Club. The district has benefited greatly by the persistence of John Marion. John has pushed all of us to increase participation and the district is showing the results from his efforts. Good job, John!

Our districts were sailed at Southern Yacht Club during the Juby Wynne regatta with Larry Frost III taking all firsts. Robert Bernhardt from Mobile placed second.

The annual Gulf Yachting Association championships were sailed at Ponchartrain Yacht Club. This was the first time for the Lightnings to sail at this club. An excellent regatta was hosted by PYC with local John Marion winning the regatta and Robert Bernhardt sailing his new boat for the first time, getting a second.

Our big finale of every year is always the Sugar Bowl Regatta which had excellent attendance with twenty-four boats. This regatta was handily won by Steve Hayden from Orlando, Florida and Tom Niles from Auburn, Michigan second.

All of our fleets are looking towards the 96 North Americans and look forward to all of you coming to the Big Easy for good sailing and good times. - - Robert Bernhardt

SWISS DISTRICT

District Commodore..... Jacques Perret
 District Secretary..... Kathy Cairns-Herzog
 District Treasurer..... Margrit Graf
 District Measurer..... Urs Wyler
 District Champion..... Urs Wyler
 District Runner-Up..... Jacques Perret

Fleets: Lac de Neuchâtel (169); Sempacher-Hallwiler-/Vierwaldstätter-/Greifensee (250); Murtensee (358).

After the exceptional year 1994 this sailing season has been quieter from an organizing standpoint, but not from the sailing activity standpoint.

International activity:

-Three crews at the Italian Championship in Castiglione al Lago (Trasimeno) first Memorial Nando de Amicis, 27 April-1 Mai.

-Three crews at the European Championship in Helsinki. The European title went back to the Italian crew of the skipper Noto, and the Meltemi crew have had to be satisfied with the Runner-Up place once again with the same total points in the final results. Hard luck, Urs !

-Three crews at the World Championship in Kuopio (Finland). Wonderful organized, windy, wet and cold Championship. Congratulations to our Swiss crew Wyler-/Dürr/Dürr for their exceptional 6th place, the only European crew in the top ten.

-Four crews at the XIX CRITERIUM INVERNALE Marsala (Sicily) 28 - 31 December. We have spent a very pleasant time between Christmas and the New Year in Marsala. Thanks for the hospitality of the hosting club "Circolo Velico Marsala". District Commodore with crew Audrey Matteson and Thierry Monnier finished third after hard fight (second after every race until the last mark of the last race) with his new boat #14530.

To note: the participation of the "Race Ready Crew" Audrey Matteson at the Europeans (second time) and World Championship and at the Criterium in Marsala for the second time. We have had very good times with you on board Santa-Fiamma, Audrey. Next time, Montreal!! Good luck.

Activity in Switzerland:

We have sailed our three traditional regattas. Unfortunately the regatta in Sempach was scheduled at the same time as the Italian Championship.

In Murten just three boats!!

Exceptional participation of nine crews at our District Championship in Neuchâtel during the "Fondue" Regatta in October.

We are looking forward to '96. - - Jacques Perret

Two Swiss crews and families camp right at the harbor in Kuopio.

Swiss crews become more acquainted with Sicily-at a fishing harbor.

The coastline of "ancient" Sicily on the Mediteranean Sea.

*In Sicily Audrey, Jacques (s) and Thierry placed third in the new boat.
Photos: Jacques and Yvonne Perret and Audrey Matteson*

TEXAS DISTRICT

District Commodore..... Steve Harris
District Secretary..... Jenny Eldredge
District Measurer.....Dr. Sylvan Newman
District Champion.....Steve Harris
District Runner-Up.....Jim Alman

Fleets: Dallas Corinthian (35); Rush Creek Yacht Club (435); Lake Conroe Yacht Club (505).

Steve Harris and Jim Alman dominated the district this year. Steve needed a little competition, so Jim's bright and cheery face on the starting line kept the Harris team on their toes.

The District is sad to report the loss of John B. Waskom, III who passed away this year. Mr. Waskom was a member of the Dallas Corinthian fleet and was active in Lightnings for over 40 years, he also served as a national Lightning class officer. He was an active supporter of the class and of the Corinthian fleet well into his 80's. He's is missed by us all.

District activity was officially kicked off with the Holiday In Dixie Regatta in Shreveport in April. Scott Anderson with Tom Lawson and Mark Alholm finished third.

The next stop was Rush Creek Yacht Club for the Spring Dinghyfest in May. On Saturday, the forecast was a southerly breeze from 20-30, it didn't blow that hard, but we did have an interesting capsized. Uncle Doyle Sherman was in the lead on the first reach of an Olympic course when a huge blast came through so quickly that the spinnaker trimmer didn't have time to release the sheet, and down she went. (fortunately, not to the bottom, like the Shields tend to do) Jim Alman won the regatta with Paula Gordon and Melissa Kaughman, Steve Harris from

Conroe placed second with Angie Rosen and Steve Savage, the Newman Clan (Dr. Sylvan, Clarke and Deanna) placed third, and Jenny Eldredge, Tom Lamson, and J.R. Greene finished fourth.

Three boats from the district sailed in the Hernando de Soto Regatta outside of Memphis in May. Scott Anderson had a good regatta with tactician and part owner of the boat Kurt Schuler. David Tshirhart with Paul Harvener and Artis Good also sailed as did Jenny Eldredge with Tom Lawson and J.R. Greene.

Rush Creek Yacht Club hosted the Texas Districts in June - we had conditions for everyone, a drifter on Saturday and a blow on Sunday. Steve and Patty Harris with Billy Bennett from Conroe sailed and John Waskom and Artis Good representing Dallas Corinthian also sailed. Steve and Patty Harris and Billy Bennett won the regatta, Jim Alman was second, Scott Anderson third, and Jenny Eldredge fourth,

Only one boat from the District sailed in the N.A.'s this year. Jim Alman, Deanna Newman, and Patty Harris took 21st in the Blue Fleet. We hope to fill our quota in '96 since the N.A.'s will be in New Orleans.

Rush Creek hosted the Fall Dinghyfest Regatta the last weekend of August. Steve Harris' team and Chris Shipman's team from Conroe participated in the regatta along with boats from Rush Creek. After the first day of light air racing, Jim Alman, with tactician Pete Merrifield, was in the lead. Two races were sailed on Sunday which really mixed things up. Alman still had the regatta wrapped up until he had to do turns at a leeward mark, enabling Steve Harris with his nine year old daughter Michelle and Art Gilber to win the regatta. Alman placed second, Jenny Eldredge was third with the help of her dream team Tom Lamson and J.R. Greene, fourth was Clarke Newman with Deanna Newman and Melissa Fisher, and the Shipmans had a very uncharacteristic fifth (you can't win them all?).

Conroe Yacht Club hosted the Commodore's Cup the last weekend of September. The Harris clan, the Shipman team, and several others participated from the Conroe Yacht Club and John Waskom from Dallas Corinthian and Jim Alman and Scott Anderson from the Rush Creek fleet also sailed. Races were only held on Saturday due to very light conditions, Steve Harris won the regatta.

Dallas Corinthian hosted the State Fair Regatta the first Saturday of October.

In December, Conroe Yacht Club hosted the Toys for Tots Regatta - Steve Harris won the regatta. Also in December, Steve and Patty Harris and Chris Shipman sailed in the Sugar Bowl Regatta in New Orleans as did Jim Alman. Jim placed third and the Harris/Shipman team placed sixth. - - - Jenny Eldredge

THIS YEAR - During 1996...

Give your Yearbook Editor a break - Plan Ahead -

1. - Take a lot of photographs of fleet activity, and regattas.
2. - Write your Fleet Reports in October, (designate who, now!) submit them, with photo(s). You could include a SASE if you want them returned.
3. - Push your 1996 District officers to submit District Reports by November and have them check if all fleets in their district have paid their dues and sent in their reports.
4. - Initiate a special article !! Please !! Anytime - until September 1st. Please contact the ILCA office with any suggestions.
5. - Be sure your fleet dues are paid. Remember, unpaid for two years equals automatic inactive status and deletion from the yearbook. As of this typing the following fleets are not in good standing for 1995: 39, 59, 64, 73, 102, 127, 129, 146, 188, 215, 249, 251, 280, 307, 310, 328, 335, 401, 429, 440, 461, 462, 468, 476, 490, 500, 501, 502.
6. - DON'T BE LEFT OUT NEXT YEAR !!!!
7. - All information, fleets, rosters, active and associate members, and boat numbers in this yearbook, came from the ILCA office database for 1995.
8. - A great deal of time and effort (and at some cost) went into trying to make this information as accurate as possible. If there are any inaccuracies, which are naturally possible because we're human, please accept our apologies and let us know so that we can correct them and avoid them in the future.
9. - When you read all these reports, you'll see that the outlook is very positive for the Class. Every fleet needs one or more "sparkplugs" to generate spirit. Be one! "If you act enthusiastic, then you'll be enthusiastic." (Dale Carnegie Course) It's contagious! Pitch In! Smile!

Lightning Fleets

Photo: Karen Johnson

Skaneateles Country Club has already begun plans for the 60th Anniversary Regatta in 1998. Mike Yates went to St. Pete to the Governing Board meeting last spring to officially request authorization to begin plans. There were 226 boats in three fleets at the 50th in 1988, one wonders how many there might be this time. Things were so organized and went so smoothly, the attendees said it was no more time and effort than any regular regatta of 30+ boats, especially St. Pete or Nashville which usually have 50-60 boats. Although, up to 100+ boats on the starting line can be intimidating, but fun.

As long as Mike was going to St. Pete, he towed his boat down and he, Schyler Barnes and Dave Penfield sailed #378 with all the fiberglass boats. (Editor's note: I heard a rumor that there might be a "wooden boat regatta" start at St. Pete if there was enough interest.) . . . Mike Yates

BAY HEAD YACHT CLUB (3) Central Atlantic District Sailing on Barnegat Bay Bay Head, New Jersey

Fleet Captain..... Robert Adams
Fleet Secretary..... Robert O'Brien, Jr.

Skipper	Boat Name	Boat No.
Lightning Fleet 3/R.B. O'brien	11569
Robert Adams	11980
Robert Adams - Life	Vagabond	14008

Fleet No. 3 had an uneventful summer. Most of our activities were focused on the Junior sailing program at the Bay Head Yacht Club. Our upgraded Lightning #11569 was used as a training ship, and also competed occasionally in races on the Metedeconk River and on Barnegat Bay.

Some of the die-hard old-timers from Fleet No. 3, such as Fleet Captain Robert Adams are encouraging a resurgence of Lightning sailing at Bay Head Yacht Club. It is a difficult task due to competition coming from new, smaller two-crew high performance boats that seem to be favored by the junior sailors. We look forward to 1996, however, with anticipation. - Robert O'Brien

LAKE DELTA YACHT CLUB (4) Central New York District Sailing on Lake Delta, Rome New York

Fleet Captain.....David A. Winberg

Michael Huffman - Life	Monkey Business	14644

Fleet 5 had one of those seasons you need so that the next year will be great by comparison. We only lost one boat - Rick Kaiser - but many of our members were busy elsewhere so there was less sailing on Lake Michigan than usual.

There was good news: Paul Wurtzebach, sailing with Susan Daly and Peter Sherman, finished second at the European Championships in Helsinki. Paul and his team went on to finish eighth at the Worlds. New fleet member Bill Faude was third at the Worlds. We look forward to sailing with these guys for a whole season - maybe some of their ability will rub off.

Chicago Corinthian hosted the Midwest Districts. Mike Huffman and his team of Meg Huffman and Bill Gibson/Jim Blair took advantage of the absence of the Worlds competitors and retained the championship for Fleet 5. Dan Reichelsdorfer of Sheboygan and David Stix of Chicago Corinthian were second and third. The excellent Race Committee was headed up by Bruce Thompson.

Thirty boats turned out for the Red Flannels in September. A frigid forecast turned friendly, with lighter winds that were challenging but not chilling. Wurtzebach triumphed over Faude, with Huffman, Jim Allen of Pontiac and Stix following. Off-the-water highlights included Saturday night's Jeopardy show and Terrance's T-shirts. Janet Baxter and Bob Segil headed up the R.C.

Fleet 5 can also be proud of helping host the Sears Cup Finals in Lightnings for the first time since 1977. Eleven boats of recent vintage were loaned for a week in August. Jean Ehrenberg, David Stix, Bill Faude, Bob Patterson and Carey Long helped Mike Huffman with logistics and repairs. Unfortunately several squalls exacerbated the repair problems.

The Huffman/Patterson team regained the Fleet Championship from Stix/Bob Alexander/Steve Cushman. Dennis Burke's *Midetite* was third.

At the end of the season we bade farewell to Scott McBurney, on his way to the Bay area. Be careful, dude.

A planning committee which includes Steve Cushman, Susan Daly, Jim Fairman, Steve Jenkins, Bill Faude and David Stix is working hard to get more boats on the starting line in 1996. Check out next year's report and see how we did. - Mike Huffman

Abino Bay produced yet another summer of great breezes for our fleet in 1995. Although we did not host any major class championships this year, the level of participation remained high. The newly paved dry-dock area and a re-vamped race schedule, which replaced two long races on Sundays with three

shorter ones, were a couple of the changes we made to maintain that level of participation. The quality of our weekend racing and the continued growth of our Tuesday Night series, however, remain the greatest contributors to the health of our fleet.

An indication that we are on the right track is the addition to our fleet of two very competitive sailors, Mike Vollmer (14553) and John Schimert (14678). Mike is this year's Fallon Championship Runner-Up, and John made a strong showing at the NA's, qualifying for the top flight in his first try. Welcome to Fleet 12, gentlemen!

Our members again did well on the international level in '95. Tommy, Jim and Jane Allen came in second at the World Championship in Finland! They even had to count a third place finish for a race in which they capsized! ! (How's that for grace under pressure?) We naturally take great pride in the part they have played in carrying on the BCC tradition of world class Lightning racing.

Larry MacDonald, sailing with Jody Swanson and Rick Hayden, won the Savannah leg of the Southern Circuit for the third consecutive year! David Starck, sailing with Kevin Robinson and Maria White, topped a fleet of 57 at the Winter Championship in St. Pete.

On the home front, we kicked off the season with our Eby series in mid-May; John Swanson and crew topped the eight boat fleet. Newcomers Mike and Sheena Vollmer took the Thermis series in June, and Brian Starck, with trusty crew Bob Starck and Jack O'Donnell, won the MacCubbin, Fleet 12, and first Tuesday Night series. Tom Starck won the second Tuesday Night series, the Myers Memorial. Just as they have in the past, Anne Allen, Jean Swanson, Joe Starck, and Susie Fretz ran an outstanding Tuesday Night program.

Fourteen boats vied for this year's Fallon Championship. Jim Allen switched seats with Tom for this one and they won convincingly. After two light-air races on Saturday, he won Sunday's 25 knot blow-out with ease. Only Tom Starck kept him honest in the heavy stuff. Mike Vollmer placed second, followed by Tom Starck in third, Brian Starck in fourth, and Ed Roseberry in fifth.

The Junior Championship went to Pat Hylant, Julie Gage, and Mark Magro. Matt Ward, Chris Bone, and Steve Mathias were runners-up. Both teams represented our fleet well at the Junior Districts. The Ward boat and Bryan Short with crew Jack Hewitt and Tim Ernst went on to the Junior NA's.

Paul Hassett's race committee executed some great races for the NFIR, which John Swanson won. Tom Allen Jr. came in second. Our Fall Regatta went to Dick Aubrecht, with John Swanson finishing second; hats off to Mike Montgomery's RC for that well run series.

Silver Lake YC hosted the District Championship this year. Dave Sprague was the BCC's top competitor, placing third. John Swanson and Dick Aubrecht placed fourth and fifth, respectively.

At the North Americans, Tom Starck won the Thermis trophy, annually awarded to the highest placing first-time skipper, who does not otherwise win a trophy. He, Jim Starck, and Garrett Mayer placed 11th, the best finish by a BCC boat. John Schimert, sailing with Steve Roseberry and Chris Bone, qualified for the top flight in his first year in the class. Tom Allen Jr., Tom Allen Sr., Jim Allen, and Brian Starck also sailed in the top flight.

Thanks to RC Captain Mike Montgomery for a great season, and Gayle Nowak, Race Committee President. - Brian Starck

CENTERBOARD YACHT CLUB (14) New England District Sailing on Casco Bay South Portland, Maine

Fleet Captain..... Peter Merrill
Fleet Secretary..... Peter Merrill

Skipper	Boat Name	Boat No.
Stephen Purdy	Chaplain Stone	12328
Peter Merrill	Skipper Moore	12359
Christopher Dwinal	14096

The centerboard Yacht club is located in South Portland, Maine and has easy access to the island studded waters of Casco Bay. The club was founded in the late '30s and, with the advent of the Lightning class and having several club Lightning builders and sailors, Fleet 14 was activated. It played host to many regattas in the early years including the New England District Championship.

Over the years Lightnings fell out of favor of club members who wanted larger craft more suitable for extended cruises. The boats eventually disappeared from the waterfront altogether until the fall of '94 when a few foresighted (and perhaps nostalgic) members pursued the acquisition of two Lightnings for the use of the club. With the addition of two more boats in the summer of '95 the Centerboard Yacht Club once again has fleet status.

The 1995 sailing season provided the perfect opportunity for us to become reacquainted with the class and to get our feet (and sometimes our rear ends!) wet. Two Lightnings were raced regularly in club sponsored events, fairing well against the bigger A boats in the summer and fall series despite a seemingly cruel handicapping - just who figures those out anyway?

Several events are being scheduled for the 1996 sailing season: a Fleet 14 Lightning regatta and a team racing event in July; a club Lightning championship; a Lightning rally; match races; and the CYC Summer and Fall Series Wednesday evening races. We're looking for owners and sailors to join us in re-establishing Fleet 14 and to have fun doing it - look us up. - Peter Merrill

PAUPACK FLEET (16) Metropolitan District Sailing on Lake Wallenpaupack in the Pocono Mountains at Tafton, PA

Fleet Captain..... Heinz Kornmann
Fleet Secretary..... George Madel
Fleet Champion..... George Madel
Runner-Up..... Sandi Scull

Skipper	Boat Name	Boat No.
Joe Feyder	The Shadow	10215
Caroline Schneider	White Rabbit	11753
Sandi Scull	Halcyone	11907
Dr. Stanley Moldawsky	Sister Kate	13520
Heinz Kornmann	Windy	13638
George Madel	Byrun	14722

1995 was a great year for Fleet 16. The racing was tight with the series results usually decided on the last day of racing, and the weather cooperated in that we only lost one day of racing due to lack of wind.

We race every Saturday from Memorial Day to Labor Day, with two races each day. We compete for the "Cold Duck" trophy on Memorial Day weekend. This year it was won by Stan Moldawsky.

The Folwell series was won by George Madel, with regular crew Laura Wells and Jamie Lewis. Second was Sandi Scull, with crew John Rowley and Deni Morgan. Third was Heinz Kornmann with crew Cathy Schneider and John D'Amore.

The second series is the Miller Series. It was decided on the final day with George just nosing out Heinz, with Sandi third.

The Bob Baron Memorial Series was decided by the last race of the series. Heinz and Sandi were tied going into the last race. Heinz took the early lead in the race but Sandi got by him to win the race and the series. George was third.

The overall season standings ended with George in first, Sandi second, and Heinz third.

Labor Day Saturday, is set aside for crew races, where the crew gets to steer and yell at the skipper. This year the crew races were won by the Deni Morgan sailing Sandi's boat.

The Fleet sponsors handicap racing several Sundays through the summer with many cruising boats enjoying the racing.

The Pennsylvania Governors Cup Regatta in September ended the season with 21 boats racing. The results were reported in the Flashes.

Fleet 16 always welcomes visitors to the area to race with us. - George Madel

CHAUTAUQUA LAKE YACHT CLUB (19) Lake Erie District Sailing on Lake Chautauqua, Lakewood, New York

1994

1995

Fleet Captain..... Craig Seger
Fleet Secretary/Treasurer..... J. J. McDonnell

Skipper	Boat Name	Boat No.
Ralph Erickson	Kristi II	0
James McDonnell	Blue Mac's	9332
Doug Reid	Moxie	9402
Colleen Hawks	10156
Charles Hodges	Lightning Strikes Twice	10156
Steve Shiffer	Carpe Diem	11868
Lyle Barkhymer	12601
Marnie Tolerton	Fledermaus	12614
Candy Neville	Joss	13222
Heinrich Kutschke	H.E.K.	13605
Gordon Black, Jr.	Daisy	14341
Craig Seger	Sunshine Daydream	14411

Editor's note: Last year, in spite of conscientious organizational efforts, three reports were mislaid. I apologize to the districts and fleet. I am including those reports this year because I feel recognition for efforts and achievements are valid any time.

HENRI KUTSCHKE was the undisputed winner of the Fleet Championship of Fleet #19 at Chautauqua Lake Yacht Club. A former Snipe sailor, Henri liked to watch those spinnaker runs, switched to Lightnings and spent a few years as crew, helping other skippers win races. When he obtained his own Lightning, he trained his family crew until they worked like a well oiled machine. We should hear more from Henri and his family/crew in the future. **Jim McDonnell**, by spending lots of time on the water, hung in there to capture second place. **Charlie Hodges** and his family were in there neck-and-neck for a while, but conflicting commitments caused him to miss a few races and he slipped back to third. Next year should be highly competitive as our newer skippers get more experience. At the Awards Banquet **Colleen Hawk** won the "Most Improved Sailor" award and **Jim McDonnell** won the "Sportsmanship" award.

For the **30th Annual Cornball Regatta**, 19 boats from New York, Ohio and Ontario turned out. **David Sprague** of the Boulevard Yacht Club in Toronto won the first two races on Saturday and since no races were held Sunday (due to no wind), was the overall winner. Skip Wilday of Cuba Lake was second and **Alan Leibel**, last year's winner was third. Trophies were hand made half-hull scale models of Lightnings made by Ralph Erickson.

There were six honored guests who had participated in the first Cornball in 1964. They were Ward Wilday of Cuba Lake, (father of Skip Wilday), Cal Schmiede of the Niagara Sailing Club, and from the CLYC were Bob and Marilyn Walkerman, Red Garfield and Fran Byrne. - - - J. J. McDonnell

A group of enthusiastic skippers from Fleet 19.
From left to right: Paul Suits, Craig Seger, Chuck Hodges, Henri Kutschke, Colleen Hawks and Jim McDonnell.

1995

Fleet Captain Colleen Hawk managed to advance to a better job with a new company, get married to sailor Bill Wright, buy a new home and still find time for a little sailing.

Paul and Gen Suits, in the production mode, provided a robust nine pounder of a new crewman, Paul, Jr.

The efforts of Charlie Hodges and Craig Seger helped the Junior Program launch a new fleet of 18-20 Laser sailors, and organized the Club's first Laser regatta, which was an huge success.

CORNBALL: won by Dick Hallagan, of Newport Y.C., with Nancy Bargar and Ric Ten Eyck as crew. Skip Wilday of Cuba

Lake was second, with Doug Matteson and Mike Hendrix crewing. David Sprague, from the Boulevard Club in Toronto, was third with Bev Maya and Dan Sprague.

Nancy Bargar from CLYC crewed for Hallagan to win the NA Masters. - - - J. J. McDonnell

The CORNBALL winning crew.

LITTLE EGG HARBOR (26)
Central Atlantic District
Based on Little Egg Harbor Bay
Beach Haven, New Jersey

Fleet Captain.....John Teigland
 Fleet Secretary..... Franz K. Schneider

Skipper	Boat Name	Boat No.
Franz Schneider, Jr.	Hornet	14348
John Teigland, Jr.	Cirrus	11666,11,1
Dr. Jody Robinson	Procrastination	10768

The fleet at Little Egg Harbor was reactivated this year. There was no scheduled fleet racing at our club this season. But, we still had a very active sailing program based on a series of races with the neighboring fleet at Brant Beach and a number of local regattas on Long Beach Island. The Surf City Fleet hosted three regattas, Memorial Day, September 9th and September 23rd. The Barnegat Light Fleet hosted the District Championship in July and their Pumpkin Bowl on Halloween. Brant Beach held their usual Regatta on June 18th and was host for the Long Beach Island Championship in July.

There were twelve boats at the LEHYC Invitational Regatta on the weekend of August 12th. Steve Warren from Surf City was first, Glenn Reitenger from Brant Beach was second and Maury Bembow from Riverton finished third.

Based on the southern tip of Long Beach Island, the Little Egg Harbor Yacht Club is blessed with an excellent deep water course, a strong prevailing southerly breeze, and a tradition of sailing excellence. A modest program of club racing will start next summer as the next step in our rebuilding plan. - - - Franz Schneider

Thomas Varley, Jr.	Afterburner	13979
Carl Clipp	14104
Paul Howald	My Obsession	14395

The 1995 season brought another year of growth in membership and participation. With 197 fleet starts for the year, our Lightning fleet has shown growth over past several seasons.

Our season started with a one day sailing clinic, presented by Matt Fisher and others. The event was attended by sailors from around the Ohio District. Tactics at the start and at mark rounding were reviewed and practiced.

Our annual Windshift Regatta was held in June and thirteen boats participated. The regatta was limited to three races because of fairly light and shifty breezes from the West. Kurt Andrews and crew Zach Austin and Kathy Schregardus took top honors. Carl Clipp with crew Charita Clipp and Cindy Evans placed second. Jeff Pugh with crew Dick Pugh and Tracy Pugh placed third. A special visit was made by Audrey Matteson, Lightning Yearbook Editor, who sailed with Don Shregardus and brought a few extra copies of the 1995 yearbook to pass around to the fleets/yacht clubs present for "PR" use.

Several Boats from the Leatherlips fleet participated in out-of-town regattas throughout the year. Two or more boats competed in all of the Ohio District Regattas. Skippers Dan Hertzner and Kurt Andrews with crews traveled to the North American Championships and other out-of-district events. Congratulations to Kurt Andrews who won the Ohio District's Governor's Cup.

Tom Varley repeated as our Fleet Champion after winning two of the three holiday series regattas. One of our most active fleet members, Don Schregardus, received our fleet's Most Improved Skipper Award for the 1995 season.

Two new members joined our fleet in 1995. Chris Hedrick purchased her first Lightning early in the season and started racing for the first time. Chris's level of experience increased throughout the year as she participated in several races and regattas. Also, Eric Brandt purchased his first Lightning later in the year. The enthusiasm level is high in these new Lightning sailors and we expect to see a lot of them in the coming years.

The season wrapped up with our traditional lobster and clam bake. A good time was had by all. And for those of you who were wondering, Tom Varley still has his old boat! - - - Dan Hertzner

Camaraderie as you cook at the Windshift Regatta.

In fifth place, Steve Weeber

Fourth, Tom Varley, with his old boat.

In third place, Jeff Pugh

Carl Clipp, who would have been first except for a "wind shift."

So the winner was Kurt Andrews, here with Dan Hertzner, Fleet Captain-Regatta Chairman. (I understand Kathy Shregardus did a great job with the spinnaker on Sunday.)

Dan Norton	14704

The sailing season for Fleet 31 started in May with the Keeper Trophy Awards Banquet at the Yacht Club. This dinner got everyone thinking of the ice melting and soft water sailing.

Racing began with a five race series on Memorial Day. Craig Gabel and J.P. Little volunteered and ran the race committee. They could not manage waking up in time to put a program together themselves. There was a good breeze and Dan Norton won the series. Second place went to Mike Thomas and third place was awarded to Jeff Maludy.

The rest of the sailing season was fairly light, shifty air, typical of Devils Lake. T.J. Whitehouse, the sailing instructor ran the races with the help of his parents, Larry Niswander and Doug Carisle. We get lucky every year with all the volunteer helpers that come out for the weekend series races.

The fourth of July series was won by Merrill Bales. The Thomas boys, Mike and Bill ran these races. David Laidlaw won second place with Jeff Maludy following behind.

Near the end of the season the Fleet splits into the top half and bottom half to compete for the Captain/Commodore race series. The Commodore's series won by Dave Laidlaw. Dick Elwell placed first in the Captain's series.

The last fleet races for the season were on Labor Day. The weather did not cooperate for the Lakers to wrap up the dock

SUPPORT OUR ADVERTISERS

and close cottages, but that did not stop us sailors. We raced in rain, cold and grey skies. There was lots of wind. Dan Norton won the series. Second place was given to Mike Thomas and third went to David Laidlaw.

The 1995 Sailing Season was won by David Laidlaw. Merrill Bales was second overall with Jack Tibbs following in third place. We are all anxiously awaiting sailing in 1996 with John Folwell being the Fleet Captain.

Good Luck John and Carol. - - - Linda and Dan Norton

TURKEYFOOT LAKE FLEET (33)

Ohio District

Sailing on Turkeyfoot Lake

at Akron, Ohio

Fleet Secretary.....Jerome Seppelt

Skipper	Boat Name	Boat No.
Charles Suter	10425
Clem Shriver	RedIII	11123
Jerome Seppelt	North Star	11904
Rob Frechette	12950
Dale Jackson	14075

The Turkeyfoot Lightning Fleet is growing in waves as we now have six Lightnings on the starting line each Sunday morning. Our season began on Sail-Away Day, May 7th, on the legendary Turkeyfoot Lake. Dale Jackson dominated the season with his first place finishes with Jerome Seppelt, back from "sailing school" still trying to get "astern". Our newest Lightning skippers, Dave Mendenhall and, "Hi, Mom", yes, Mom is also a new Lightning owner, Nancy Mendenhall, have added two new vessels to our fleet. Clem Shriver and Chuck Suter watch and wait for the rest of us to get "up to speed" so they can show us what real "Lightning Speed" can be. There are plans for the Turkeyfoot Fleet to "hit the road" to some Ohio district Lightning regattas - Look for us! - - - Jerome Seppelt

METEDECONK RIVER FLEET (34)

Central Atlantic District

Based on the Metedeconk River

at Brick, New Jersey

Fleet Captain.....Don Brennan

James Carson - Life	Fuzzy Logic	14595
Keith Taboada	Country Squire	14597
Frank Conway	Crusader	14642
Paul Gelenitis	14684

1995 was a very exciting year for Metedeconk River Lightning sailors. The season was enhanced by moderate winds and good sailing conditions for the spring, summer and fall series. Our fleet participation was once again very good with nine boats competing in the spring and ten in the summer series. Our fall numbers were a bit less as many skippers' crew were off to various colleges this year. The spring series was won by Stephanie Ruiter, who was impressive with three bullets and three seconds. Dick Thomas was second and Ryan Dunn third. Only 2.25 points separated the second, third and fourth place finishers making for very exciting sailing.

The summer championship series was won by Dave Ruiter. Dave needed a good last race and got it with a bullet. There were four boats in contention up to the last race, with Dick Thomas finishing second, Ryan Dunn third and Jarrett Lynn fourth. The fall series was won by Tyin Dunn, with Jim Carson second and Christian/Brandon Underwood third.

The Barneget Bay Yacht Racing Association Bay Champion this year was Joe & Mike Buczkowski. The bay was decided on the final race with Joe sailing against Matt Reiser from Seaside Heights YC. Matt finished 2nd in the series, giving the Metedeconk River sailors their first scare since 1952. We are looking forward to increased participation in 1996 as we should have two new members bringing boats into our fleet.

On the traveling front, Metedeconk Lightning sailors were everywhere on the east coast this year and dominated many events, the most noteworthy of which is Brian Taboada's 17 pt. North American Championship win. A total of five Metedeconk sailors participated in the North American's. At the central Atlantic Districts, Keith Taboada was first and Dave Ruiter was third. Mike Buczkowski and Don Brennan also competed with finishes of sixth and fifteenth respectively. Jim Carson and Paul Gelenitis were in Finland at the World's. Paul was 11th sailing with his sister Betsy Allison and Chris Arner, while Jim Carson was 22nd with crew Ryan Dunn and Bill Bogardus. Jim might have done better if it were not for a busted mast. At the Atlantic Coast Championships, five Metedeconk sailors competed with Dave Ruiter and Jim Carson in the top ten. Our Junior sailors also placed well with Ryan Dunn winning the State Junior Championships and placing 3rd in the Junior North American's. Metedeconk sailors also competed in the Manahawkin Bay Cup and the Connecticut Governor's Cup. The Frigid Digit this year was dominated by our sailors with six of the top ten going to Metedeconk.

We are going to have a very busy 1996 as we host the New Jersey State Championships, the District Championships and the Youth World's. Our fleet and the Metedeconk River Yacht Club race committee, considered to be the best on Barnegat Bay, are looking forward to being hosts and managing these events. - - - Don Brennan

DALLAS CORINTHIAN FLEET CLUB (35) **Texas District** **Sailing on White Rock Lake** **at Dallas, Texas**

Fleet Captain..... John Davis
 Fleet Secretary..... Ardis Good
 Fleet Champion..... Ignatius Urbanek - 1994
 John Waskom, IV - 1995
 Runner-Up..... John Waskom, IV - 1994
 Ardis Good - 1995

Skipper	Boat Name	Boat No.
Lonny Baugh	Mai Toi	0
Ernest Godsey E.	Checkmate II	0
Merritt Nielsen	0
Patricia Manning	10190
Ron Keimer	10211
John Davis	Xanado	10275

Joel Good	10811
Ardis Good	10811
John Waskom, IV	Hard Tack	10959
Ralph Bilnoski	Roadrunner	11118
Rodney Wallace	11311
Jeff Glass	Guided Image	12545
Wayne Catoe	"See Ya"	12975
Bob Wenning	13248
Ignatius Urbanek	13644
John Waskom, IV	Hard Tack	13722

Due to rough seas personally, this reporter failed to send in a report for the 1994 season and apologizes to those fleet members who did not receive the recognition they were due. So, for the record, Fleet Champion for 1994 was Ignatius Urbanek with Zoe Urbanek and Scott Mauney as crew and Runner Up was John Waskom IV.

Members of the Fleet 35 continued the tradition of Saturday morning races for the 1995 season beginning the Spring Series in April and continuing through July. When the season began, we all looked forward to a three month series with a chance to compete in 30 races overall. But it seems that wasn't to be the agenda this year - rain, wind, no wind, the club is flooded....you name it and this proved to be the worst year in recent record for actually getting in races. Mother Nature was a little kinder for regattas with fleet members John Waskom IV, Ralph Bilnoski and Ardis Good sailing in the Spring Dinghyfest hosted by Fleet 435 at Rush Creek Yacht Club; Ardis Good traveled to Memphis to crew in the Hernando DeSoto Regatta with David Schirhart and Paul Harvener from Fleet 435; and John Waskom IV, John Davis and Ardis Good competed in the Lightning Districts at RCYC.

Not only did we endure a spring of disappointing sailing, but we were saddened by the loss of two fleet members who were dear friends. John Waskom III passed away in April followed by Inga Nielsen in June. Both were long time members of Corinthian Sailing Club and both loved sailing.

Life goes on, with the spirit of those lost, sailing with us in our Fall Series from September through November. Fall weather wasn't much better and some of us left town in search of a good sail at the Commodore's Cup Regatta in Conroe - home base for Fleet 505. Mother Nature got us again for two days, both drifters. John Waskom IV finished with first place for the regatta, but from this crew's viewpoint, have to say more fun was had

on land that weekend than on the water. Oh well, it was a good chance to promote the class, catch up with our fellow South Texas classmates and to meet some new faces which we hope to see again under better sailing conditions. Light air got us again in our State Fair Regatta the first weekend of October and again John Waskom IV used his best drifter skills to finish first. We did manage to get in a few more races to finish out the season in November. John Waskom IV sailed away with first place in the 1995 season with Ardis Good sneaking in by two points over a third place tie between John Davis and Ignatius Urbanek. The second place finish, by the way, is not due to superior sailing skills on the helm but due to a scoring system we use which recognizes skippers for fleet participation. This system encourages skippers to show up and crew with others - works great for skippers without crew, new skippers not yet ready to go in a blow, whatever - we often get one or two more boats on the line this way and skippers get a chance to get on the water - a lot better than staying home and mowing the grass! - - - Ardis Good

MEMORIAM **INGA NIELSEN**

Inga was born in Vejle, Denmark where she spent her childhood and early adult life. She grew up around the water. She was a swimmer and sailed with her father. Love of the water, swimming and sailing followed her across the ocean when she married Merrit Nielsen and they made Dallas their home. Merrit and Inga were long time members of Corinthian Sailing Club, first sailing in the Lido Fleet.

Family was of so much importance to Inga and sailing was a family sport, with the children - Jesper, Janne and Mette - spending much of their childhood on the water. Some of us came to know the children as adults as they came to the lake - when they were in town or busy schedules allowed time. And we came to know the grandchildren who also came to sail with Merrit and Inga. God Bless you, Inga Nielsen, for enriching the lives of so many who had the good fortune to know and love you. Your spirit sails on with the members of Fleet 35 and so many others at Corinthian Sailing Club. . . . Fleet 35

LIGHTNING FLEET 36, GREAT FUN, SAILING EXCITEMENT!
 They are synonymous at Pymatuning Yacht Club. Our fun started the weekend before Spring Classic '95 with a "Get the Nots Out Days" (boat, skipper, and crew NOT ready for sailing). Self-proclaimed experts roamed the drysail area to assist with the rigging of boats and offer sound advice.

The annual Spring Classic, always held Mother's Day weekend, hosted 26 Lightnings in warm temperatures, shifting high-speed winds and thunderstorms. The Three Amigos Race Committee (Jon Anstrom, Dave Hulton, and Joel Ridge) rose to the challenge and managed to complete three races. Every year this regatta draws great competitors to our lake. Our regatta chairpersons, Jack and Anne Borland, and Fleet 36 organized a post-race evening of cocktails, hors d'oeuvres, the best spaghetti this side of a man-made lake, and dancing. Final results for the 1995 Spring Classic were: George Fisher-first, Dick Hallagan-second, Britt Wadsworth-third, Chad Atkins-fourth, and John Werley-fifth.

After our Spring Classic, we felt we needed some additional Spring Training so..... on June 10th we got Fisher-ized with

George Fisher. Skippers and crew received on and off the water instruction. Both our new and seasoned sailors found this training to be helpful and effective. Cocktails and dinner at lake-side ended a satisfying day.

In addition to the three races at the Spring Classic and four at our club regatta in July, twenty-four Lightning Races were sailed during 1995. Participation was high from the beginning of the '95 season. Twelve boats qualified in the Spring Series. Sixteen boats were on the starting line for our third weekend of racing. The finishes for this series were: John Werley-first, Maras/D. Werley Team-second, Herb Jestel/ Jan Gamer Team-third.

Summer vacations reduced participation for the Saturday Series. The largest fleet had eleven boats but competition was still great. The Saturday Series was won by the Maras/D. Werley Team who finished three races with three firsts. The Condon/Woodall Team finished in second place. Jack and Anne Borland started this series slowly but with the return of their regular crew, Bridget Frymier, Jack and Anne finished third.

Five races were sailed in the Sunday Series with seventeen boats participating in the last race. Len Ciccone, Terry Patrick and Tom Petroski added even more enthusiasm to this series (if that was possible) with their new boats. The finishes for this series were Jack Borland-first (he's tough to beat when his throwout race is a 2), Maras/D. Werley Team-second, and John Werley-third.

This year almost everyone stayed home for our Stay-At-Home Series (held for those who do not go to District's or NA's). The race chairman tried to do some fun stuff by handicapping the starts but the handicaps didn't work very well - Scott Werley still didn't win. Those who did were: Tom Petroski-first, Maras/D. Werley Team-second, Condon/Woodall Team-third.

Twenty-one races were sailed for the Championship Series. Ten boats qualified with eleven or more races sailed during the '95 season. It is said that the low point scoring system (used for individual series) promotes consistent performance and the high point scoring system (used for the Championship Series) promotes participation. Unfortunately for most of the fleet, the top two boats during 1995 consistently participated with excellent performance. Therefore, first and second place were never really in doubt. The only question was - who would be first and who would be second? The real battle of the series was between the four boats competing for third, fourth, and fifth. Midway through the series, only two points separated third from sixth in the Championship scoring. Finishing the season early in the Fall with a strong performance in his last two races allowed Don Courtsal to pull ahead of the T. Borland/Anstrom Team for fourth place. The finishes for this series were: John Werley-first, Maras/D. Werley Team-second, Jack Borland-third, Don Courtsal- and the T. Borland/Anstrom Team-fifth.

In addition to the beautiful trophies presented to the great sailors named above, one very special award is presented each year. The Fleet Captain's Award is presented to the person who does the most to promote the Lightning Class and displays sportsmanship, camaraderie and esprit-de-corps. This year the award was presented to two special people - Tom and Pam Petroski.

Our fleet social calendar was quite full again this year. In addition to our regular events (Midwinter Madness meeting at Tom and Pam Petroski's, the annual Corn Roast in August, Brunch on the Beach in September, and this year's "Come to Margaritaville '95 Awards Dinner) we had the Traveling Tavern

and Trailer Tour. The Traveling Tavern (housed precariously in the bed of Keith Custard's new truck) follows the participants from house trailer to house trailer on our yacht club grounds. At each new trailer, a different course of a meal is served starting with cocktails at the clubhouse and ending with dessert at the last trailer. The trailers included in this year's tour were: Meacham's Manse, The Frymier Estate, Nedra's Niche, Palmer's Place, Lenny's Lair, Condon's Castle, and Anstrom's-By-The-Lake.

We will all miss the sailing season this winter but expect to have even more fun next year with our growing fleet. Plan to join us next May (Mother's Day weekend) for our 12th Spring Classic Regatta and the Ohio Districts (June 29th and 30th). - - - Jan Gamer

Our Fleet Captain, John Werley, leading the way.

The Traveling Tavern complete with bartender, Jack Borland.

Josh Kerst	Instant Karma	1451
Craig Gabel	Gobsofun	14563
Jim Davis	Flash Over	14579
Skip Dieball	14657

The re-organization idea for Fleet 42 actually started at the 1994 districts when Craig Gabel approached me and asked why we shouldn't start a Lightning Fleet at North Cape Yacht Club. After thinking over Craig's suggestion, and with five Lightning owners who were already club members, I wrote the ILCA and asked permission to re-organize Fleet 42 (a former Toledo Yacht Club and Ohio District Fleet) as a Michigan District fleet, sailing on Lake Erie, out of North Cape Yacht Club. The ILCA granted permission to re-organize at the Toronto North Americans.

Thinking we would have five to seven boats active in the first year, we had an organizational meeting in April where we set up a weekly series on Wednesday nights, and two one-day regattas, one on the Fourth of July and the other in October. Several non-boat owners attended our spring meeting and became very interested in our new fleet. By the time our racing season was under way we had added an additional seven boats to our fleet, with fourteen boats in our drysail area by the end of the season. We did not set up a Sunday or weekend series, but rather encouraged fleet members to travel and support the Michigan District Schedule. At most Michigan District events Fleet 42 was well represented, with 10 boats at the Districts.

Our first season was a surprising smash hit, most members of North Cape Yacht Club are happy and excited to see the one designs back at the club and have been very supportive.

Looking forward to 1996 we will make some changes in an effort to improve our racing and get more people involved in Lightning sailing. Our weeknight sailing will move to Tuesday nights so the cruising fleet can assist us with race committee and extra crew, we in return will do race committee and crew for them on Wednesdays. We will also assist in running the "Great Lakes Championships" on the third weekend in May, and will host the Michigan Districts on June 20 through the 23.

At the present time we have at least one new boat for next year with the possibility for several others.

As the snow begins to fly, our boats are all put away - but rest assured that FLEET 42 is alive and well, and growing. - - - Jim Davis

Fleet 50 has entered the electronic world and now has a home page on the Internet. The address is <http://users.aol.com/astroves/fleet50/fleet50.html>. Log on - and see our schedule, racing resolve, membership list and fleet activities.

Fleet 50 had an active local schedule in 1995. It began with the frostbite in March, the Spring series, consisting of seven weeks of Sunday races and concluding with a Spring Regatta. The Potomac Cup (Mothers day weekend) was our big fleet regatta with 25 boats participating in light wind the first day and a gale the second day. During the summer we had Wednesday evening races (12 weeks) after work that were setup for fun, tuning, getting more people involved with racing and an excuse to party during the middle of the week.

The Leukemia/President's Cup on the Potomac River overlooking the beautiful Washington D. C. monuments were a great success with more than 80 boats participating, of which there were 19 Lightnings. Gary Jobson was there to hand out trophies and give support to the Leukemia foundation. The Leukemia foundation organized music and dinner with prizes going to the boat with the largest contribution. The big prize went to a Lightning boat, #14100, owned by Red Fehrle and Rick Pelasara. They won a free Caribbean Moorings charter for one week by donating the largest amount of monies.

The Fall Series consisted of seven weeks of Sunday races averaging seven boats per race. One Sunday we were launching Mark Palmares' Lightning from a crane when the bridle hook bent open causing the boat to fall and the mast to break. With help from fleet members - Frank Gallagher got a blank mast to Mark Palmares and Rick Pelasara transferred the rigging and Mark was back out sailing the next Sunday.

Fleet 50 had a total of 39 races in 1995 - as well as the summer series and the away races/regattas. This fleet is growing by at least two more boats for the 1996 sailing year and hopefully more will join. The success of fleet 50 seems to be its outgoing members who enjoy "a love of sailing and the thrill of racing"..... well, maybe the parties. - - - Rick Pelasara

CRESCENT SAIL YACHT CLUB (51) Michigan District Based on Lake St. Clair Grosse Pointe Farms, Michigan

Fleet Captain.....Tom Vickers
Fleet Secretary.....Rick Kretzschmar
Fleet Champion.....Tom Vickers
Runner-Up.....Mike Williams

Skipper	Boat Name	Boat No.
H.J. Cawthra - Life	XI	0
Richard Edit	Nokomis li	0
John Covert-Sisung	12938
Richard Kretzschmar	Cold Pizza	13488
Tom Vickers	Ticket	14038
David Piech	14042
Phillipe Le Page	J&M	14187
John Schulte	14431
Michael Williams	Assisted Suicide	14436
Robert Brower	Michigan Rude	14652

Fleet 51 mourns the passing of Past Commodore, and long time Fleet 51 member, Bob Knopp this year. Bob's enthusiasm for sailing and Crescent's Lightning Fleet will be missed.

The Fleet welcomed two new Fleet members, Jeff Patton and Doug Summers, this year. Jeff and his crew Steve had a great time in the fleet races. Doug called in his markers and enlisted (conscripted) his sister Tracy and her husband Bill for crew. Jeff helped out with the fleet sponsored cook-out for all the racers Wednesday, June 21, by supplying lobsters.

The Fleet races saw a significant increase in participation this year thanks to the new fleet members. The Wednesday night series was won by Tom Vickers. In second place was Past Commodore Mike Williams, followed by Bob Brower in third place. The Sunday A series was won by Tom Vickers followed by John Covert-Sisung in second place and Mike Williams in third. The Sunday B Series was won by Doug Summers followed by Bob Brower in second and John Covert- Sisung in third. Fleet 51's overall champion was Tom Vickers followed by Mike Williams in second and Bob Brower in third place.

The highlight of the fleet activities this summer was hosting the Michigan Districts June 23-25. The races were held in light and shifty winds. All the contestants enjoyed the after-race beer and refreshment boat. The Race Committee, led by Principal Race Officer Paul Andrepont, did a commendable job under the most trying light air conditions that Mother Nature can deliver. Tom Niles had a unexpected introduction to the US Sailing Judge Jim Schadel after the races. (wrong time to admit to any improprieties).

The Saturday evening Casino Night was well received by all the contestants, thanks to Governor Engler's approval (albeit short term) of the Crescent-Heck-Are-We Tribe casino plan. Mike Thomas was the big winner at the roulette wheel. Too bad that Buckeye luck ran out in October.

A special thanks to all the businesses, local mini-micro brewmaster Jim Harris, and Crescent's master wine maker Bob Brower, who donated gifts for the auction that followed the Casino Night. Two items of interest were a matching set of Sobstad belts that John Lauderbach and his dominating professor bid on. The Sunday afternoon raffle prize was a 13 inch color television won by Ruth Troy. The trophies were created by local artist and great forward crew Tom Carbone. We're all looking forward to seeing all of you next year at the Father's Day Regatta. - - - Tom Vickers

LAKE FENTON SAILING CLUB (53) Michigan District Sailing on Lake Fenton at Fenton, Michigan

Fleet Captain.....Kevin Nickels
Fleet Secretary.....James Reach
Fleet Champion.....David Nickels
Runners-Up.....Kevin Nickels &
George Nickels

No new information

Skipper	Boat Name	Boat No.
Alfred Bauer	In-Between	0
James Reach	Lapa Uila	13808
Carl Pohly	14242
Suresh Gupta	Evergreen	14490
David Nickels	14631
Kevin Nickels	14637
George Nickels	14643

The 1995 sailing season at Lake Fenton Sailing Club was uneventful. Portions of the seawall were rebuilt and additional sand was placed on the beach. While the Nickels family continued to dominate the racing on Wednesdays and Sundays, other sailors occasionally broke the top three including Carl Pohly and Al Bauer.

On a personal note, the undersigned lead four legs of a race which was a first at Lake Fenton. The entire Nickels family was stunned, not to mention my crew. Unfortunately, at the end of the 4th leg, I sailed into a hole and never recovered. Notwithstanding my failure to ultimately win a race, it was clear that the other Lightning racers were shocked by this unusual event. Only the arrival of the Loch Ness monster would have a greater impact upon Lightning sailing at Lake Fenton in 1996.

If you read this report before mid-June of 1996, please try to attend the Michigan District's only team races for unique sailing fun. They will be held on June 29 and 30, 1996. - - James Reach

Pontiac Yacht Club had another excellent year of sailing on Cass Lake. The annual Whitecap Regatta was again a great success. Charlie Hess, our new Commodore for 1996, spear-headed the organization of the regatta. The barbecue and sailing were excellent and the wind was maybe just slightly shifty. Dan Norton was this year's winner.

Some PYC sailing results from the year are as follows. Mark Whatley was the Club Champion and the Sunday Overall winner. Tom Klaban had a clean sweep of the three Wednesday night series to win the Wednesday Overall. Bob Mathers won the Fall Sunday series.

Louie Nickels placed the highest in the Michigan Districts and, Jim Allen, sailing with his brother Tom and sister Jane, was the Runner-Up at the Worlds in Finland.

The Pontiac Yacht Club is looking forward to another great year and has some things to be excited about. There will be a new modernized clubhouse with showers, larger locker rooms as well as being connected directly to the city sewer. Hey, things are really looking up at PYC. In addition to the clubhouse, it looks like there might even be a boat hoist to boot. So, come and check it out for yourself. From everyone at PYC we hope you had a wonderful year and expect to see everybody on Cass Lake in '96. - - Jim Allen

Southern Yacht Club - Southern District - What A Year! **A New Lightning Sailor's Perspective**

What began as an innocent conversation at a 25th high school reunion about a year ago - "Did I want to sail on Wednesday nights and float around the lake to get back into sailing?" - turned into a reacquaintance with the water via a Lightning this year and wonderful relationships with our skipper, Doug Wynne and an old classmate, Lawrence Williams.

Lamenting over the things I had not done over the past 25 years, sailing among them, I got the call. You know that call, the one that separates polite conversation from the reality of not owning your weekends for the next year or so. Lawrence faxed me the first rally under the heading of "recreational therapy." Sailing would be a great break from the grind. I said yes, but with three kids, I had some conflicts with every date on the fax.

Looking forward to a comfortable reunion with a lifelong enjoyment of the water; I settled back into a soft obligation of an occasional "Wednesday Night Race" on the water in a big boat. Then it came, The BIG Call. Lawrence said it was commitment time. Aside from Wednesday nights, did I want to crew Lightnings this "year?"

This was more than I had bargained for. What actually did I remember from 20 years ago in Connecticut waters in college? Was I just infatuated with Long Island and the people I sailed with? Was my sailing capability in my own mind or could I be a working part of a crew? And more importantly, what exactly was a Lightning?

For various reasons, I thought about it 24 hours, took a very deep breath, marked every weekend out on the ambitious Lightning schedule and said yes for the second time in two weeks. I later learned the central effort was in trying to reinstate a Lightning fleet at Southern Yacht Club and that intrigued me as much as anything. I liked being a part of an effort. In fact, we were pointing at trying to get the 1996 North American Championships here to New Orleans in a year or so. (By the way - they are coming to New Orleans!) The challenge appealed from all sides.

Our first time on Doug's newly purchased Lightning (#10812) which was right behind the J- boats in storage on a trailer in a lot at Southern. It looked awfully small. We had agreed to meet after work to put her in the water for the first time and get a feel for it.

The three of us played in the boat for a few minutes, heard some of the tales of trying to deal with her "custom" rigging and talked about what to expect in a decent wind. Shreveport and Will Biddick's country were going to be the first of many wonderful trips together this year. By the time Friday arrived, we were psyched and ready to depart for the Holiday In Dixie Regatta. We left after work and what began as a challenge to meet on my part, has turned into what I hope is a life long recommitment, a true return to the water.

Shreveport, our first road trip, our first sail together as a three-

some save an afternoon of "putting her in" on Lake Pontchartrain was, as they say, a "life-changing experience." In short, we had 20 knot winds, an unfamiliar boat, cleats that wouldn't hold a line combined with a few human errors of the "new crew" sort. We ended up on the second day "in" Cross Lake trying to right an older Lightning with no self-bailing mechanisms in very cold, choppy water and a close encounter with hypothermia. Everyone at Shreveport Yacht Club was wonderful. We eventually got a tow in, warmed up, thanked everyone and returned to New Orleans a somewhat wiser if not well-bonded crew.

Undaunted, we began to look forward to every regatta - and continue to do so - the year had many. Buccaneer Yacht Club's Spring Regatta in May was great weather and just the right amount of wind. As usual, Mitch Bohnenkamp was there for any and every need, whether it be advice, boat parts or a classic Lightning tale. Thanks from all of us for all he does, his seasoned encouragement is great year round.

May's District Championship was held in conjunction with the Juby Wynne One Design Regatta at Southern Yacht Club. We had great weather and a good turnout. Larry Frost, III, won his last regatta before starting dental school - a fitting pause (we're expecting him back) in his Lightning career. The Frost family continues to be actively represented by Larry, Jr., and Chris Frost.

Even July's rained out GYA championship in Pass Christian was fun. Will Biddick's new boat had to wait to race for the GYA rescheduling in Mandeville to take place in the Back-to-School Regatta September 9-10. We had a good turnout with John and Ada Marion and Jeff Waters sailing well and taking home the Juan Peron trophy for the Pontchartrain Yacht Club. John's boat - Titty Bingo - is #10475, proving yet again that skill is almost always the largest part of the equation. Congrats, John and crew. There was a general consensus that Chef Jeff's marinated/barbecued fish was the finest most of us had ever tasted. Pontchartrain did a great job over that weekend, handling over 100 boats of all classes, of Lasers and Optimists in addition to accommodating the Lightnings!

It's been fun to watch Robert Bernhardt in his new boat. (Doug bought his former boat). Robert sailed her for the first time at September's Wadewitz Regatta held at Fairhope Yacht Club and won his maiden race. Nice going, Robert!

Doug Wynne and John Marion took their boats to Lake Lanier where John's parents live for the Atlanta Cup October 6-8 to help promote the NA'S coming here to New Orleans in August. Lots of boats and great weather. It was a trip I missed to help my folks clean up after Hurricane Opal the week before - but I'm looking forward to next year.

Twenty-four boats made the Sugar Bowl Regatta with a great out-of-town turnout. Although we were weathered out the second day, we managed to get three good races in on Saturday. Thanks to everybody who came from all points, California, New York and Florida included. The Sugar Bowl is becoming a major winter stop in the Lightning circuit.

The enjoyment of being on the water in good company with a fun crew is only surpassed by meeting other crews who love the water and enjoy the class just as much. Every regatta has been a pleasure, and the new circle of Lightning friends is wonderful. I know the water and the boats have worked their magic on me.

On the merits of my enjoyment with Lightnings this year and the kind hand of a patient skipper and crew, I just bought a boat. It's not a Lightning - I already feel like I emotionally own a piece of one of those. This is a boat I can take my family out on - a Hunter 30 - one that I can hopefully help all three of my kids not wait 25 years to fall in love with sailing on. Thanks to everyone in our district for a great year - see you all at the NA'S in New Orleans in August! - - - Katherine Gregory

MILWAUKEE YACHT CLUB FLEET (69)
Midwest District
Sailing on Lake Michigan
at Milwaukee, Wisconsin

Fleet Captain..... John H. Esser
 Fleet Secretary/Treasurer..... Dana Blumberg

Amy Simonsen	Reality Check	14555
William Faude	Public Bus	14740

To paraphrase Queen Elizabeth: "This has not been a kind year for us." 1995 was the 50th Anniversary of Fleet 69 at the Milwaukee Yacht Club. The sailing season started out with the weather being unseasonably cold and damp. The turnout for the Marine Handicap Race over Memorial Day weekend was the poorest in years, but the Cady clan won only after almost suffering hypothermia, etc. As Dana Blumberg stated after the race: "I have never been so cold!"

The weather improved for the 49th P and T Regatta, but only ten boats participated. Unfortunately, the Regatta was scheduled to conflict with the Chicago-Mackinac Race and many of the old faithful skippers and crew were drifting about Beaver Island at the time of the Regatta. The Regatta was won by Bill Faude with Steve Lowery and A. Merdian finishing second and third.

The Little Mackinac Race sailed over the July 4th weekend was sailed under miserable conditions. I have sailed this race for many years, but this race took the cake! There was almost no wind and the flies were so thick that you could not see the deck. They were everywhere. Again, the Cady clan won, with Bob Franke/Amy Simonsen and Robert Mahnke placing 2nd and third.

The Commodore's Regatta was won by Rob Hamill and the juniors sailing the junior sailing boat followed by Bob Franke/Amy Simonsen and John Esser.

Unfortunately, we lost several boats this year. Al Rieselbach decided to get some lead under his derriere. However, he was very gracious and presented his Lightning to the Junior Sailing Foundation. We hope this will generate interest among the younger generation.

This year has passed and we are looking forward to the next half century at the Milwaukee Yacht Club! - - - John Esser

RED BANK OF THE SHREWSBURY (70)

Fleet 70 has had another busy and diversified year. We started at MBC with the Spring series and the Long John. We sailed days, evenings, weekends, home and away, to the bridge and sometimes on the trailer. Lots of talk around the trailers and on the way to regattas to experience the other places we go to. We all won - some trophies and others - the enjoyment of the day. Some both! We welcome the new and cherish the old and always look forward to the next time we meet.

Congratulations to our area's top winners! Brian Taboada, Jack Elfman, and Gary Hurban. We have enjoyed sailing with them for many years. The Fleet was represented well also by Jon Schwartz, Ralph Wilson, Dave Watts, Bill Mergenthaler, Dave Clausen, and Sandy Huntsman. - - - Mary Huntsman

The season is over and what a season it was. Our fleet's 50th year was one to remember. Our season got underway on May 13th with our club's opening day ceremonies. We hosted three very well attended and successful regattas. Throughout the season member participation in all fleet and club activities increased tremendously. An average of 12 boats were on the line for each race in the spring, summer and fall series of races. Fleet 75 had more boats than ever traveling to other clubs and successfully competing in several regattas. Joan Hurban, Gary Hurban and Kathy Connell all did a remarkable job competing at the national level. Mike Shasho, Hans Birkholz, Mike Nagel and Bill Donelan joined our growing fleet.

The racing season at Nyack is divided into a spring, summer and fall series. This year we had a better than average summer series by not losing any races because of a lack of air. The club conducts point races each Sunday and fun races each Wednesday evening. This year we once again were fortunate to have Steve Benjamin return for another series of on the water training seminars. We also had Friday night tuning sessions and Sunday morning crew training sessions. This gives the fleet a very full and well rounded sailing season with plenty of time for practice and training. Along with a full schedule of club races and activities we hosted three very successful regattas that attracted many visitors.

The first of these regattas held at Nyack this year was the Metropolitan District Championships which were held on June 17 and 18th. Eighteen boats participated including six visitors from Red Bank, Larchmont and Greenwood Lake. Gary Hurban, Joan Hurban, Kathy Connell and Bill Cook from our fleet qualified to go on to the NA's. All four had very fine performances with Gary finishing third, Kathy fourth, Joan seventh, and Bill ninth. A District meeting was held during the regatta and new district officers were elected. Gary Hurban was elected to serve as District Commodore and Jon Schwartz as District Corresponding Secretary.

Our fleet officially celebrated its 50th anniversary on July 29th and 30th by hosting the Atlantic Coast Championships and the Magnus Pederson Regatta. Forty three boats from six states participated in the AC's which was held on Saturday and 34 boats competed in the Magnus on Sunday. The air was perfect,

the party great. We could not have picked a better way to commemorate our first fifty years of sailing on the Hudson River.

Saturday, October 14th found 28 Lightnings on the line for what turned out to be a great Last Blast Regatta. This yearly event capped off a very active season. Our guests from several clubs in neighboring states made this one of the most popular regattas in the area during the month of October. Plan on finishing out next year's season by attending this regatta.

Fleet 75 was well represented this year at the national level of competition. Gary Hurban and his crew of Kim Hurban and Tim Zgleszewski finished in first place in the gold fleet at the NA's. Gary's effort included 4 bullets out of six races. Joan Hurban with her crew of Denise Hurban and Maud Lindsay finished 11th in the gold fleet and had a second place in one race. Joan also won the trophy for the best woman skipper at the NA's. Kathy Connell placed second in the Woman's' NA's losing her first place on the last leg of the last day in shifty air. Her crew for this regatta was Mary Beth Moltzen and Mandy Hofmeister.

Other highlights of the season included welcoming back Chris Spole who returned to the fleet with 14631. Paul and Kathy Connell had a very successful season with a beautiful, brand new boat (14714). Howie Rinehart showed us how to sail a great race in the AC's and how to host a great Last Blast Regatta. Bill Moe showed Art Spielvogel how to fix holes in his boat. George McDonnell did not win a watch. Bill Cook sacrificed his position in the Last Blast Regatta by returning to the club for a fleet beer run. Art and Rita Stahl once again ran a fantastic awards brunch at West Point. Jim Wolfe brought his boat to the club. Larry Decker gave diving lessons at the Long John Regatta. Rich Weitzman bought a new boat (14427). Bill Mann found enough time to crew in a couple of regattas. Bill and Stephanie Mayo had another fine season. We are all getting very tired of looking at the stern of their gray boat. Paul Connell did a great job heading up our very fine race committee. Bill Munn skippered his first race without his very expectant wife Elizabeth who is busy developing a new crew. Dan Parietti trained several crew and Elliot Carman did another fine job with the Wednesday night racing program. Mike Shasho got his first win. Jim Morris was the first this year to give his crew swimming lessons. Ron McCormack had another great Summer Series.

This was a very successful season. All fleet members gave a great deal of their time helping with the activities that filled our calendar. The efforts by everyone guaranteed fun filled, well attended regattas and a full racing schedule. We would like to thank everyone, members and guests alike, who participated in our regattas and hope to see you all next year. - - - Jim Morris

Our 1995 sailing season was mostly hot and dry, which is relatively unusual for Western New York. So instead of breaking out the foul weather gear, we were looking for sun screen, hats, and shades. Our fleet is geographically well situated for participating in other Lightning regattas, so almost every weekend we are missing a few skippers and their crews because they are at some area regatta. Then there's our own, Dick Hallagan and Lori Foster, who decided to travel as far as they could by participating in the Lightning Worlds and Europeans in Finland. As all of the local clubs can attest, Newport's Fleet 77 is typically well represented at almost all the regattas and Dick and Lori showed Lightning competitors, worldwide, what Newport talent is all about by placing 7th in the Worlds and 5th in the Europeans.

Our experiment of combined fleet racing in the spring and fall went very well. The combined fleet race days resulted in some spectacular photo opportunities, as our beloved Irondequoit Bay had not only numerous Lightning sails to spot, but also Lasers and Snipes as well. Some days were quite busy but our race chairman, Bill Lindenfelser did an admirable job of keeping things going. Thanks for the hard work!

The annual Newport Invitational Regatta was a terrific success, with 28 boats showing up. The weather cooperated with temperatures in the 80s and winds in the 15 knot range. The regatta had a Hawaiian theme complete with a pig roast, leis for everyone and a "Best Hawaiian Shirt" contest (which was won by one of our more creative male skippers dressing in a full mu-mu.) Saturday night was capped off by dancing in torch-light to a D.J. and free beer. Many thanks to all the Newport members who helped out, Russ Morton our Race Committee Chairman, and our special corporate sponsors: Wegmans Food Stores, NALGENE Trail Products, Genesee Brewery, Bruegger's Bagels, North Sails, Shore Sails, Sobstad Sails, Harken Yachting Equipment, and West Marine.

The 1995 season saw the creation of a new perpetual trophy: The Newport Long Distance Race. This race involves sailing an approximate 8 mile course, from the opening of Irondequoit Bay to the mouth of the Genesee River, and back. This race, while being a simple point-to-point race, can call on a variety of skills, depending on conditions. This year good light air skills and "going outside" paid off. Our fleet purchased a beautiful half hull model perpetual trophy with 20 brass plates, so the tales of this event will be around for years to come. This year's winner was Dan Pope, our 1994 Fleet Champion.

The 1995 season championship was won by Dick Doherty who, after a 16 year pursuit, reclaimed this hard won trophy. Other major trophy holders: Spring Series: Dick Hallagan, Summer Series: Dick Doherty, Fall Series: Chad Atkins, Bay Series: Dale Hamilton, Single Handed: Phil Goldberg, and Rookie of the Year: Todd Schumacher.

Our Most Improved Skipper, Al McReynolds, deserves special mention. Not only did he rise from a previous year-end position of 20th place to 2nd place, but he did 98% of his racing with his 13 year old daughter and his 9 year old son taking the helm downwind (while Al ran the foredeck)! As we watched Al and his young crew tackle various weather conditions, the points started to add up, and they managed to beat most of us, most of the time. As a result, Al and young crew took 2nd place in our Club Championship Series, 2nd place in the Fall Series, and 3rd place in the Spring Series.

Family involvement is common in Fleet 77, as demonstrated by Dale Hamilton and his two daughters, Claire and Carry, who claimed first place in our Bay Series. We also witnessed the formidable Atkins family fall campaign: skippered by Chad Atkins (18), the foredeck covered by brother Matt (15) and

middle handled by father John. Once again, Newport Yacht Club demonstrates that the Lightning is a great family boat, regardless of age.

In the spirit of family sailing we have created a new category of awards for our fleet: the Youngest Crew trophies. These are awarded to the younger kids who consistently are part of the Newport racing scene. While the parents typically can "bring home the silver", we felt it was important to recognize the kids who participate and, win or lose, are involved and having fun. Our Youngest Crew trophy winners for 1995 included Erin McReynolds (13), Logan McReynolds (9) and Stacy Poulos (10).

All in all, we managed to race almost every weekend from May 13 through October 8 and only had one day canceled due to severe weather. Our fleet also hosted the Area B quarter finals of the Sears Cup, and we are proud to report that our own Chad Atkins claimed 5th place at the Sears Cup finals and received the F. Gardner Cox Junior Sportsmanship Award, which also put him in 1995 U.S. Sailing Rolex Junior Team. Several of our regular skippers temporarily joined the "picnic table fleet" due to medical situations, but Howard Stickney and Allen Hamilton should be back on the water next year. Our fleet remains strong with 28 boats, and we welcome back former Lightning sailors Craig Flynn and Larry Weinstein.

The next time you find yourself near Lake Ontario, be sure stop by the best one design club in Western New York! See you on the water! - - - Brad Poulos

Photo: Sally Atkins

Richard Doherty with crew, John Atkins and Barb Platt, winner of the Championship Series, Fleet 77, on Irondequoit Bay.

**DID YOUR FLEET HAVE A REPORT IN THE YEARBOOK?

Tim Healy	14713

Our 1995 season opened with the traditional Lightning Fleet Pancake Breakfast. The pancakes were produced by a committee of at least five Lightning skippers. The resulting pancakes were well received. Included with the breakfast were sausages, fresh fruit compote, and a selection of beverages. The Memorial Day weekend series got underway on Saturday afternoon and concluded Sunday. A total of four races were sailed.

The major event on the Bay was our Connecticut Governor's Cup Regatta on the weekend of June 17&18. In attendance were names like Shore, Crane, Proctor, Peck, Healy, Nickerson, Cuccio, Barrett, and Vann. Enough talent was on hand to make the event really competitive. Tim Healy's new boat was not quite ready for race one of the five race-one throwout series. Tim's neat four races were good enough to earn him second in the regatta. He lost on a tie breaker to Dave Peck.

The District Championship held at Madison Beach Club was attended by Chris Vann, Don Barrett, Franz Edson, and Tim Healy. The Atlantic Coast Championship held at Nyack Boat Club was attended by Tim Healy and Franz Edson. Chris Vann made his second annual trip to the New England Districts which were held at Wellfleet on Cape Cod. Tim Healy with brother Bill and Dave Peck in 14705 and Chris Vann with wife Barbara and Gary Davis in 14055 were our representatives at the NA'S.

Because the US Sailing Sears Cup was to be held in Lightnings in 1995, our fleet supported a junior team consisting of Blue Jay National Champion, J. R. Fowler, Jim Condon, and Evan Barrett. Their ages were 15, 14, and 13 respectively. The team was given the use of a Lightning for practice whenever they could get together. They all crewed in a number of races and J. R. skippered several races prior to the Sears eliminations. The boys dominated their quarter and semi-final competitions with the help of Don Barrett. The team attended the Lightning Junior NA'S in Vermont as a warm up to the Sears finals. The

competition here was a little stiffer. Our team finished fourteenth. With about four hours sleep between events the boys left for Chicago and the Sears finals. The weather during the event was generally terrible with thunder squalls. The number of races were reduced as a result. The guys did have a good time and finished eighth in the overall standings.

The season on Niantic Bay was completed with our Labor Day series. This three day event was won by Dave Peck, second was taken by Franz Edson, and third place was captured by long time crew George Weidemann sailing Ward Woodruff's boat.

In another effort at a US Sailing national championship the Brothers Healy, with Bill as skipper, Tim Healy and Adam Walsh as crew, won the Mallory cup in late September. The event was sailed in Flying Scots.

Congratulations to all who participated in the season's events! - - - Ward Woodruff

KITSILANO YACHT CLUB (90)
Pacific Northwest District
Sailing on English Bay
at Vancouver BC, Canada

Fleet Captain.....	Matthew Henley
Fleet Secretary.....	R. H. Pearce
Fleet Treasurer.....	Cliff Harris
Fleet Champion.....	Chris Popham

Skipper	Boat Name	Boat No.
Colin Halliwell	M.G. Roberts	6090
Clifford Harris	Panique	7606
William Rimmer	Ipsus	8465
Matthew Henley	Rocket	11645
R.H. Pearce	Liisa	13289
George McLaughlin	13685

While rummaging through the club's office recently, I came across our fleet's original charter. Fleet 90 is fifty years old - this calls for a party! Here are a few stories from this year which I am sure will come up.

One evening early in May, Dick Pearce's mast was accidentally sold to the insurance company. It seems that the mast-head caught under the jib of the hoist during retrieval of the boat. Unfortunately, no one noticed this until the boat was quite a bit further up. Luckily for them, someone in the Star fleet did something even better, so they escaped having their names engraved on KYC's coveted Sandbar Trophy.

For the first time in years, Matthew got a crew together and headed off to an out of town regatta, the Districts in Eugene, Oregon. After driving nearly all night (the "check engine" light kept going on), and developing a ravenous thirst, they arrived at about four in the morning to find a welcoming committee with a keg at the ready. Needless to say, a great time was had by all. The weather was hot and sunny, the water warm, the winds interesting, and oh yes, they finished fourth!

On a sadder note, Andreas Naumann sold his boat. Three sailboats in one household were deemed to be too many, and by family vote, the Lightning had to go. Two beginning sailors bought her, so perhaps we'll see the boat out in the future.

The fleet continued to make Thursday evenings their main focus of racing activity, and one's best month was combined with an assortment of weekend events to determine the fleet champion, which this year is Dick Pearce's hired gun, Chris Popham.

Other than that, it was just your basic sailing season. Here's to another fifty years! - - - Matthew Henley →please

Dick Pearce wasn't lucky enough to win the Sandbar Trophy, but a hidden camera preserved his efforts for posterity.

SANTA MONICA BAY LIGHTNING FLEET (102) California District Sailing on Santa Monica Bay at King Harbor Redondo Beach, California

Fleet Captain..... Wendell Harter
Fleet Secretary..... Mike Boswell
→ please

Skipper	Boat Name	Boat No.
Brent Robke	4680
Mike Boswell	Seafever	11373
Fred Chandler	Seafever	11373
John Carter	1196
Bert Winther	13117
Wendell Harter	Paddlin' Madelyn Iii	13186
Bruce Yaeger	14206

Ours was a relatively light race schedule this year for local races, but it was good to see Bert Winther racing his boat again, and doing well in the local competition. He won the King Harbor YC One Design Regatta which was held in August.

The California District Championships were hosted by our fleet, with eight boats participating. It was the only regatta which drew boats from other Lightning fleets this year. As a result, the Hurricane Gulch Lightning Regatta, a long time tradition, was canceled for lack of participation and is not being scheduled for 1996.

Wendell Harter participated in the California Lightning Circuit in San Diego, but vacation and business schedule conflicts prevented his participation in other out of town regattas. The trophy he won is not one which is much sought after. It was the Bowling Trophy, awarded to the skipper who made the biggest goof in the regatta. Wendell, in making a tack at the finish line, caught the tiller of his boat in the pocket of his jacket, resulting in his boat's striking the stern of the committee boat anchored at one end of the line.

Bruce Yaeger and his wife, Elna, hosted the fleet's Christmas party at their home in Van Nuys. - - Wendell Harter

LAVALLETTE YACHT CLUB (104) Central Atlantic District Sailing on Barnegat Bay, New Jersey

Fleet Captain..... Chris Larsen
Fleet Secretary..... Bill Dacosta
Fleet Champion..... Michael Plosica
Runner-Up..... Dr. Anthony Ventimiglia

Skipper	Boat Name	Boat No.
Dr. Donald Cooper	Puck	9250
Michael Plosica	9539
John Comer	10771
Bill Gerold	At Last	10988
Charles Heuschkel	Lightning Rod	12055
William Dacosta	Elusive	12957
Eugene Ventimiglia	Yellow Canary	13053
Lawrence Hoffman	Fuzzy Blues	13710
Robert Hoffman	Fuzzy Blues	13710
Dr. Robert Morrow	Men-At-Work	13782
Anthony Ventimiglia	Spirit	13955
Christian Larsen	Peggy	13965
John Morton	Gunsmoke Too	14539
William Scott	4-Carat Diamond	14635

1995 was a good year for Fleet 104. Enthusiasm remains high in this group--sailors all, of different skills and accomplishments. Fifteen active boats is a far cry from the original three a few short years ago. Those who participated then were always sure to finish one, two or three. (that's a pun). In general, good fellowship, a willingness to help others, and sharing information has promoted Lightning sailing here. We are now the largest fleet in the club.

We completed eight out of ten races with two being abandoned in 1995. One because there was no wind and one because of too much. All were competitive and no less than thirteen sailed in every race...there were many lead changes each week and the championship was not decided early on.

Michael Plosica, who was part of the winning team in 1993, purchased his own boat in 1994, did some great rehab work on it, then recruited his wife Kathy and Tim Farinetta and wound up the winner this year, just edging out Dr. Anthony Ventimiglia, brother Gene and daughter Lauren. The final point spread was .030 to .074. It should be noted that Michael could not compete the last two weeks because of damage suffered to his boat in rough weather. Gusty winds continued throughout the summer on Barnegat Bay.

Ron Kiss, son Tim and Ed Bitzer placed third in the series beating out Susan DiMeo by a slight margin. The rest of the fleet finished as follows: Larry Hoffman, Curt Morton, Bill Scott, Bob Morrow, Bill Dacosta, Charlie Heuschkel, Chris Larsen, Kirsten Comer, Jim Loughman (still sails Flying Scot - we'll keep working on him), Bill Gerold and Don Cooper.

The hurricane season had it's effect on us and cut our fall series down to a couple of races, the last of which was September 23rd when we raced and had a great picnic, a nice way to call it a day. Two awards were made, one, the handicap series award which went to Ron Kiss and crew and the prestigious Bottoms Up trophy, presented to our Fleet Captain, Chris Larsen, and his crew, for their expert seamanship. Picnic arrangements were handled by Peggy Larsen, Marie Dacosta and Bill Scott.

Our sincere thanks and appreciation are extended to Vice Commodore Bill Vermiglio and the race committee--Marge Morton, Joyce Johnson, Penny Hahm, and Betty Ann Caldwell for some interesting courses...to Andy Johnson, Del Kusma, Warren Law, Rene Bertrand and Eves Bonner-Gantner for patrolling each week in good and bad weather and last but not least, the communications team of Mary Ann Ziegler, Joan Sauvigne, Vivian Fertakos and Peg DeLuca.

As you know, it takes a lot of support people who are generous with their time and are willing to devote it to make a successful sailing season. We were blessed with a great team in 1995 and are already looking ahead to 1996. - - - Bill Dacosta

HIGGINS LAKE FLEET (110) Michigan District Sailing on Higgins Lake at Roscommon, Michigan

Fleet Captain/Secretary..... John Dent

Skipper.	Boat Name	Boat No.
Dr. Peter Morley, Jr.	Buzzin	9102
Stan Dent	12104
John Dent	Pacemaker	12784
Steven Randall	13999
Scott Carman	13999

The racing season kicked off July 1st at Higgins Lake with our annual Firecracker Regatta. Traditionally heavy winds created physical and mechanical problems all day. In the end, Ric Blamer edged John Dent to win this series.

Our annual Invitational Regatta was held on July 29th and 30th under nearly ideal conditions. Sunny skies and 10-15 mph breezes greeted the nine boats competing this weekend. The

Host fleet's own participation was limited to two boats, due to a fierce wind storm which hit the region two weeks earlier. Hundreds of large trees were knocked over and boats blown from their lifts; causing widespread damage. This regatta was very competitive with the outcome in doubt until the final race of the series. Sunday's awards presentation saw Tom Niles of the Bay City Yacht club in fifth place. John Waechter and Chris Jacobson, also from Bay City, finished in fourth and third places respectively. Michael Roualet from the Pontiac Yacht Club was edged out by Mark Whatley, also from Pontiac, for first place honors. It was an exciting weekend and hopefully, we can see more of you at next year's event.

Our racing season wrapped up on Labor Day weekend with the annual Higgins Lake Property Owners Regatta. This is a handicapped event between various classes, as well as a Lightning fleet regatta. Pete Morley finished ahead of Ric Blamer and Stan Dent for a second place finish. First place was captured by Fred Krauss. Our Awards Banquet on Sunday night put the finishing touch on another season of racing at Higgins Lake. - - - John Dent

GREEN BAY SAILING CLUB, INC. (112) Midwest District Sailing on Green Bay at Green Bay, Wisconsin

The bay of Green Bay was indeed green in 1995 as soaring temperatures created an abundance of algae at the UWGB Outing Center, home of Fleet #112. Low water levels made it difficult to launch boats and Zebra Mussels were everywhere. But none of that could dampen the spirits of the members of the Green Bay Sailing Club

There is a renewed interest in racing in Green Bay. Younger enthusiasts are forming syndicates through dual ownership of boats. Many of these skippers are coming up through the crew ranks where there continues to be steady interest.

GBSC continued it's tradition of week night racing. The turnout was very good as anywhere from eight to fourteen Lightnings sailed on Mondays and Thursdays. A nice mix of young skippers and veterans competed for the fleet championship in the Hayseed and the Vandersteen Series. The wind and weather was unusually fickle making for a wide, variety of sailing conditions. Quite a number of races were canceled because of wind velocity and storm warnings. → please

Terry Phelan and Rick Evans finished first followed by Doug Olson. Jim Hopkins tied Brian G. and Rick Wood for third place. Vern Heyrman was Fifth. Ric Larson from Sheboygan won the Evans' Regatta, our district event. The final racing event of the season was won by Steve Adamski who edged Terry Phelan to capture the Hayes/Phelan Trophy for first to finish. Rookie skipper Kip Hart was the handicap winner, capturing the Walter Masse Trophy.

We continued our short tradition of a season-ending golf outing. Some thirty sailors took to the links in Shorewood. Mari Martin, Katie Raduenz and Kendall Kissel-Sloat made sure there were plenty of neat gifts and the weather cooperated. Dave Roznowski stole the Show with a hole-in-one.

Special thanks to Tom Phelan and Jane Stannard for their great work on the race committee. And thanks to the skippers and crew who helped refurbish the aging committee boat and to Vern Heyrman who furnished the building to do it in. Also, a note of gratitude goes to John and Bonnie Evans, Bill and Mary Jo Dean, Peggy Himmel and Betty Hayes for hosting parties during the season.

And in a final note, the Green Bay Sailing Club this fall lost one of its most endearing members. William E. (Bill) Hayes "reached into calmer waters" after a long bout with cancer. The continued success of all sailing clubs is guaranteed by individuals like Bill, who love the sport, the people and the water. He was never without a joke, a smile or a helping hand. His "Hayseed" Lightnings were staples of the fleet in good times and in bad. Longtime friend Tom Phelan recalls Bill... "on the committee boat, gray hair flying from under his sailing hat, rosy cheeked and narrowed eyes, when, for a moment, he took on a serious mien. He appeared, ever to himself, a curmudgeon. Though, of course, he never was." - - - Rick Evans

Race Committee Chairman extraordinaire.

CUBA LAKE YACHT CLUB (115) **Lake Erie District** **Sailing on Cuba Lake,** **Cuba, New York**

Fleet Captain..... Skip Wilday
Fleet Secretary..... Valerie Kane
Fleet Champion..... Mike Kane

Skipper.	Boat Name	Boat No.
John Rudd	Allegro	10705
Michael Kane	Austerity	11175
Greg Buckley	Old Blue	13890
Ward Wilday	Two Windward	13973
Skip Wilday	14725

This past year we combined with our Snipe fleet for the annual Bolde Mothers Snipe and Lightning Regatta. The winner was Dave Sprague from Toronto. Second place went to Cuba's Skip Wilday followed by John Swanson from the Buffalo Canoe Club. This regatta could be characterized as having great wind, great people and a great party!

Our fleet is coming back. We are fielding five-six boats per race. Our junior program is building. Our fleet is very active in developing an extensive social schedule at the club.

The summer of 1996 will be bringing a couple of noteworthy events. First, we will co-host the Bolde Mothers' Regatta at the end of June. Second, we will be hosting the Lake Erie Districts July 13-14. Hope to see everyone there! - - - Valerie Kane

The season of '95 will be remembered for the successful restructuring of our racing schedule and individual excellence. Fleet 126, like many other fleets and yacht clubs, has faced a gradual decline in membership. Cedar Point Yacht Club decided to run its one design racing on Saturdays as a multi-race day in an attempt to maximize the number of competitors on the race course. The change was an overall success. In previous years 3-4 boats were seen on the starting line each weekend day. This summer we averaged 6-8 boats.

With more boats on the line, competition increased. Gianni Cuccio continued to dominate by winning the Vice Commodore's Cup over Memorial Day Weekend. He would continue to win all the club's major regattas and repeat as fleet champion. Lightning veteran Dick Thackaberry had a strong season and often exchanged leads with Gianni. Dick and wife Kathy in their beautifully restored Allen #11385 held on to second place overall and placed in every club regatta. Bud Tittsworth rounded out the top three of Fleet 126. He placed third in the July 4th Commodore's Cup and throughout the season had excellent speed in heavy air. Dick Price once again demonstrated the meaning of sportmanship. Despite having to use the fleet boat when his own #11381 needed extensive repairs to the hull midway through the season, Dick was probably the most consistent competitor.

The racing format change allowed Steve Wexler to be seen with regularity. Steve challenged fleet leaders Gianni and Dick

and sailed his way into the second position on percentage points. In the end, he was four races short of qualifying. Tom Glynn, a relatively new Lightning owner, also showed speed by capturing a third Memorial Day weekend and a second on Labor Day Weekend. New fleet member and Lightning owner, Chris Miller, #14030, is proof that the Lightning Class will continue to grow and attract excellent people. Chris continued to improve throughout the season by competing at home and on the circuit. By the end of the season he had caught up to the leaders and finished in the top 50% at the Last Chance Regatta in Nyack.

On the Lightning circuit Cedar Pointers continued to show their strength. Two time defending North American Champion, Ched Proctor continued his winning ways. David Peck racing primarily out of Niantic, also showed his boat speed at various regattas. Gianni Cuccio took home a third in the Long John Regatta, a sixth in the hotly contested Connecticut-Rhode Island District Championship, and an impressive 27th in the Blue fleet at the National Championships.

If you are looking for great competition in an idyllic setting for racing Lightnings check out Fleet 126. We hope to see you May 18-19 at our Early Bird Regatta. Our Fall Classic will be September 14-15, join us! - - - Steve Wexler

	→ please

It was a great season. We started out hosting the Districts with 27 boats. In the two days, we had everything from the Long Island Sound drifter (briefly, thankfully) until the southerly sea breeze filled to a breezy northly with all its shifts. Bill Shore showed us how it is done. We had a great time hosting and look forward to the next time.

Our Sunday races usually got nine boats out and that was often without the defending champion John Ronshagen. Unfortunately, he was stretched out as our Commodore and father of two mini sailors. Tim Millhiser won the series; second went to Leighton Lee in his newly acquired boat. It is good to see his wife and crew smiling again in their nice new boat. Chuck Poindexter was right behind in third. - - - Tim Millhiser

Nick Blakeney	Dulcinea	13200
John Bohnenkamp	14136
L.M.(Mitch) Bohnenkamp	Bohdacious	14136

Fleet 135 enjoyed a good year, with a new owner, Dennis Hermecz, as well as a new boat purchased by Robert Bernhardt. Dennis had crewed for Robt. Jeffcott as a young man on 8365 which he is restoring and reliving some fond memories. He sailed in the Wadewitz Regatta in the Fall and took a well sailed fourth.

Mitch Bohnenkamp won the Buccaneer Yacht Club Spring Regatta while Robert Bernhardt was second. Robert and Mitch sailed in the Districts in New Orleans with a second. and third respectively. The Gulf Yachting Championship was blown away by one of this year's numerous hurricanes, but we all agreed that it was the best regatta of the year. The party that is! We resailed the regatta in September on Lake Pontchartrain where Bernhardt enjoyed second. Bill Culberson a third, and Mitch Bohnenkamp a fourth. We finished our season in October with the Wadewitz Regatta at Fairhope Y.C. where Robt. Bernhardt won the last race to take first in the regatta over John Bohnenkamp. Seven boats sailed including two from New Orleans. - - Mitch Bohnenkamp

PLAN Ahead

Who will:

go through the Constitution and By-Laws for a fleet meeting; see that \$25 fleet dues are paid;
strive to see that ILCA dues are paid by all boats and crews;
take photos of fleet activity; of regatta activity; donate some for district report;
write an article - humorous, tactical, etc., special interest - send May-Oct.1;
write the annual report of 1996 season, including officers;
see that the annual report and photos are sent during Oct.1;
double check with district officers to see if the district report is written and sent during Nov. ! ?

MANSFIELD SAILING CLUB (150)
Ohio District
Sailing on Clearfork Reservoir
at Lexington (Mansfield), Ohio

Fleet Captain..... Augie Bales
 Fleet Secretary..... William Woodrow
 Fleet Champion..... Augie Bales
 Runner-Up..... William Woodrow

Skipper	Boat Name	Boat No.
Chandler Stevens	6944
Rick Fox	Blew-Bye-U	7785
William Woodrow	Wiki-Wiki	9581
Donald Walter	Merrimax	10047
Augustus Bales	Close To The Edge	13485

Fleet 150 continued to prosper in 1995. We added two members, one new and one veteran, to bring our fleet to eleven boats, nine of them actively racing.

Enthusiasm is at a level that is a throwback to the "old days" when our fleet had 25 to 30 boats, (In 1990 we had two boats on the water) and there are lots of signs that we will add new members in the coming year as interest in our fleet continues to grow.

Augie Bales dominated the fleet this year, winning the Fleet 150 Principal Series, Sunday Morning Series, Wednesday Evening Series, and to top it off, he won the overall Mansfield Sailing Club Championship in a series between our Lightning and Flying Scot Fleet. About the only thing he didn't win was the Fall Series which Bernie Dillon captured.

Bernie Dillon, son-in-law of the late and well known Lightning skipper, ILCA Judge and author, Tom McDermott, reentered the fleet in mid-summer after purchasing Lightning #14321. Bernie promises to heighten the competition in our fleet next year, and we're glad to have him back. His crew consists of Maureen Kuiper, daughter of Tom McDermott, and his son, Shawn Dillon, a potent trio.

Other developing skippers are Rick Fox, who in late summer put Lightning #14643 in the lake, and began to move toward the forward segment of the fleet, Quazi Ahmed, our textbook sailor, and Chuck Shaw, our converted catamaran skipper. These three will add a new dimension for our more established skippers to contend with next year.

We sent three boats (Augie Bales, Bernie Dillon and Rick Fox) to the Harvest Moon Regatta this year, the first time Fleet 150 has been represented at a Regatta since the late 1980's.

Our rebuilding program is progressing well. We not only have growth, we have quality growth; in our skippers, crew and the enthusiasm that is apparent in our midst. It all signals the continuing and energetic renaissance of our fleet. - - - William Woodrow

Alan Fox	Divine Wind	13975
Stephen Miller	Millers Merry Manor	14125
John Nixon - Life	Why Not?	14475
Brad Wagnon	Wolf Cookies	14600

The winds did not favor us in the Midwest this year. We had several races cancelled due to a lack of wind. Several more should have been cancelled; but the skippers were itching to race. The racing was very tight, quite different from John Nixon's first place runaway last year. Half way through the season the first five skippers were separated by just 58 points. That's on a scale of 1600. Brad Wagnon was first; Alan Fox second; John Nixon third; Doug Schmahl fourth; and Bill Allen fifth. The end of the season had Nixon moving to first to take the Club Championship for the second year in a row. Schmahl was runner-up and Wagnon slipped to third. Bill Allen won the Commodore Cup.

Brad Wagnon won the Memorial Day Regatta followed by Alan Fox and John Nixon. Bill Allen took the Independence Day Regatta by a half point over Doug Schmahl. Steve Miller was third. Schmahl came through big with three firsts to win the Labor Day Regatta. Nixon was second and Miller had another third.

George Buckingham, a devoted Lightning sailor and WYC member of thirty plus years, retired from the fleet. George has won the club championship more times than one wishes to count. He had the uncanny knack of sailing to the corner, usually the right one, to lead the fleet by a large margin at the first mark. It seems that the rest of us "just never got it". Best wishes George, in your new adventures. After George's retirement, Bill Stucky purchased his Lightning. He promptly took it out and placed second in his first race—watch out skippers in 1996. Hey, maybe it was the boat and not George; I don't think so.

Frank Yaggi, skipper of 14187, did not return to the fleet this year due to his retirement. Frank was the fleet's connoisseur of fine wine and excellent food. It was always a welcome sight to see Frank at the grill for those Saturday night cook outs.

John Nixon's "Why Not" was mysteriously parked 180 degrees out of phase on the lift. John, not fully recovered from the night before, kept trying to drive from the bow end. The following week someone squealed to John the name of the culprit. Shortly there after Steve Miller's "Miller's Merry Manor" was found anchored in the middle of the lake, "TPed" and had several one fingered gloves hanging from the shrouds. In the midst of all of this foolishness, poor old Alan Fox was just trying to keep his boat together. During the Independence Day Regatta a back stay fitting parted while under spinnaker during a 18 plus puff and down came the mast. Later in the season the tiller broke; later yet, the spinnaker blew out. In spite of these misfortunes, he was still pushing the leaders for first place in the season standings. Unfortunately, this didn't end when the season was over. Alan made his second trip of the year to the Fenton patch factory to have "Divine Wind" revitalized. He picked the windiest day of the year to bring her home. The borrowed cover, which Dave insisted he use, ripped. It in turn tore one of the mast stays loose and separated the light bar wiring. Both were considerably shortened due to being dragged along the highway. It really will be tough for Alan to top this next year. We're betting on Alan.

Gordon Medlock, at the young age of 72 years, made it out to our last regatta with his seven year old grandson. He said, "We will see more of him next year now that he has a crew." Ed Webber, a new skipper from last year, announced from the end of the club pier to each Lightning returning from racing that he had capsized and survived. He was so excited about this event, we didn't have the heart to tell him that was the normal operating procedure.

Bill Allen took "Golden Harvest" to the NA's this year. After having Bill crew for him for several years at the NA's, Brad Wagnon returned the favor and crewed for Bill. He made the

green fleet and finished twelfth. Colin Park said he could have done better if he had turned those eleven year old bed sheets in for some new ones. Not bad for his first time, but Taboada set a record that will be difficult to beat.

The weather was great and a good time was had by all at the Hoosier Open this year. This was the best attended Hoosier in several years with 27 registered boats. The wind cooperated Saturday with twelve plus. Sunday saw light, moderate and one lull. After taking two first places in the Saturday races, Craig Gabel (4 1/2) held a slim lead over the perennial favorite Colin Park (6 1/2). They were followed by George Nickels and Jeff Hagman with 14 points each. Hank Hodgson (20) was fifth. Sunday, Colin continued to sail consistently. He garnered a second and a third to wrap up another Hoosier win. Karen did another superb job keeping Colin focused during the lull. Craig slipped to second with fifth and sixth finishes. George broke the tie with Jeff to finish third. Bill Faude moved into fourth with the help of a first place in the fourth race. Hank hung in there to keep his fifth place. Bill Allen led the local WYC troupe of eight with a dismal fourteenth. Next year, "Come on Down" or up or whatever. It's a great regatta. - - Bill Allen

Lightning Fleet #164 had terrific season in 1995. Active on the regatta circuit and busy at home, the core group battled it out in the club races. With NA's in the district, activity was up and the district championship was held at our club. Twenty-plus boats attended, and everyone had a great time.

Point races for the year saw a new group of contenders enter the mix. Firsts were harder to come by and the season went down to the wire. Federico Miera used his Columbian training to finish out first. Federico is still getting used to his new boat and nobody except him is excited about seeing him in it all next year.

The hit of the season was our season final, Caz One-Day. Another 20+ boats came down for seven short races, some chili and fast fun sailing. This event continues to be one of the highlights of our season, and we highly recommend other clubs and districts fill the holes in their schedule with events like this one.

Next year has a lot of promise. We are focused on having our core sailors go out and bring the fringe sailors in to the mix, either as crew or by crewing. We are staging events to simplify and open up the learning process to get more boats out there.

Meanwhile, our core group is very balanced, and the fast sailors will be testing each other every weekend and every race. . . .Geoff Roth

HELSINKI LIGHTNING FLEET (166)

Finland District

Sailing on the Gulf of Finland at Helsinki, Finland

Fleet Captain.....Kimmo Aromaa

Fleet Secretary.....Jari Aromaa

Skipper	Boat Name	Boat No.
Raimo Aromaa	Life
Kari Maenpaa	0
Pekka Sayra	13435
Tuomo Silenti	13560
Turo Nummi	14093
Kimmo Aromaa	14534
Terho Aromaa	14534
Lauri Hemming	14559

The Year 1995 was full of work for the Finland District and for the Helsinki Fleet. All the available class members were needed to assist the organization of the World Championships at Kuopio and European and District Championships at Helsinki. Many old faces were seen again on the shore, hopefully sometime also on the sea. The active boats in Fleet 166 were the Aromaa family's *Masi* and *Gamma* sailed by Olli Muroke, Erkki Lempiäinen and Tuomas Pihkala. The crews of both boats had been concentrating on the World Championships. *Masi* had qualified already on the previous year, but *Gamma* had to try to qualify from the District Championships. Our District Commodore, Lauri Hemming, sold his boat *Minmax* to Lahti, but neither he nor the boat retired from the racing.

Our season began traditionally with the On the Rocks Regatta, also the first ranking regatta, in the middle of May at Lake Tuusulanjärvi. This year we had very light winds on Saturday and a heavy storm on Sunday. Though the race committee decided to race on Sunday, this was soon abandoned. No races were sailed on Sunday, but the boats already on the lake had difficulties getting back. The Lähteinen family from the arranging club had the worst fate; after capsizing on the far side of the lake, local rescue men ordered the guys out from the water, leaving the boat drifting. On the small and shallow lake this resulted in broken mast and torn sails. Based on the results of the first day, *Masi* was first and *Gamma* second.

Our next race was the District Championship, this year also called Terho Aromaa Regatta. The regatta was sailed in the last week of May off Helsinki and it was organized by the club Merenkävijät. The Districts were held so early, because it was also the last possibility to qualify for the World Championships. The regatta will be remembered from the thick fog that remained for the racing days, grounding of a passenger ship just outside the club and comments from a police boat due to infringement of right-of-way rules. This year 17 boats participated, perhaps the early season, i.e. very cold water and very changeable weather, caused the less crazy sailors to stay home. Leo Korhonen from Tuusulanjärvi fleet won for the third time in a row. *Gamma* was very fast and was second overall. Only a disqualification after a protest hearing separated them for the Championship. The Lähteinen family were back again with new mast and sails. They sailed also fast and finished third overall. Our fleet's second boat, *Masi* from the host club, was seventh.

The next ranking regatta was sailed at Tampere two weeks later. Good weather and a good regatta, and the last chance to practice for the big events. *Masi* was fourth and *Gamma* eighth. After this regatta it was time to prepare for the European and World Championships, a two-week period full of racing, travelling and good times. The Europeans were in the last week of June outside Helsinki. Twenty-three boats from five countries were present. The arranging club, HSK, is perhaps the most capable race organizer in Finland. The common wind on a clear and warm day is a 8-10 m/s SW in the afternoon, which makes the race area in less than one hour quite choppy. The reason is that the mass of buildings of the city get warmer and create a strong local wind system. Otherwise the passing weather fronts may result in any wind direction and speed. This year we had good weather and good winds, which made the race enjoyable and very interesting. The first day was sailed in light winds (or in no wind), for the other days we had 7-11 m/s westerly winds and choppy sea. The results show, that for the first 5-6 boats the race was very even. The only boats who won more than one race were the winner Bram Palm and the World Champion Tito Gonzalez. Had Tito been little less greedy in the first two races (two PMS) he would have probably won the Europeans also. Bram Palm won, Paul Wurtzebach was second and the talented young Italian Mario Noto third. Our fleet's *Gamma* was ninth and *Masi* eleventh.

After the Europeans a rapid travel up to Kuopio, boat checks, practice races and the highlight of the season, the Worlds. The races gained a lot of publicity in newspapers, television news and even in Eurosport sports channel. The race area at Kallavesi is small, just outside the town, surrounded by hills and mostly tricky. The weather was quite good except the rainy Tuesday and stormy Wednesday, which was recorded as the heaviest storm last summer. The races were full of incidents, which made for the headlines; disqualification of Mario Noto in first race, capsized of Tito when leading the second race, and the storm. Out of the 35 boats, twelve did not finish in the first race and eight in the second race. Four boats were not able to start in the second race, most of them due to broken masts. Fortunately, only material damages happened; broken masts, booms, boomvangs etc. Perhaps the campaign flag which was tied on the backstays was a good omen, "Paras A-ryhmä pysyy pinnalla" (The best A-class stays afloat.)

Already after the Europeans a lot of Finnish sailors thought that Tito Gonzalez will be the next World Champion; there in Helsinki he was fastest in four races, but was disqualified in two. In Kuopio he sailed two first places and two second places

and secured the Championship already before the last race, showing clearly that he is a true Champion. The Allens were his strongest opponents, Bill Faude and Steve Hayden being next closest. Urs Wyler from Switzerland was the only European, who managed to sail in the top ten. Our fleet's *Gamma* was 15. and *Masi* 17., both Olli and Kimmo skippered their first Worlds.

The last regattas after the big events were sailed on lakes. The most active ten boats had still enough interest to race. The Tampere regatta was in the middle of August and Jyväskylä in the first week of September. Ten boats were present in both races, *Masi* in both races but *Gamma* in neither. The last race was a match between Leo Korhonen and Kimmo Aromaa for the first place in our Districts ranking series. Leo won the last regatta and thus also the ranking series. *Masi* was second again and *Gamma* was fifth, a total of 23 boats got a ranking series result. Some match-racing was also tried in August at Helsinki, also this year four boats participated. The future of Lightning Class in Finland may depend much on this kind of racing. The Lightning is fast and lively but stable, so it suits well for match-racing.

For a few years we have been concentrating only for the big events of this year. Therefore our training and other class activities have been mostly for the top sailors. The following year is dedicated for the common sailor and we are trying to encourage new sailors to select our class and to draw former active sailors back. . . . Jari Aromaa

LAKE DAVENPORT LIGHTNING FLEET (167)

Midwest District

Sailing on the Mississippi River at Davenport, Iowa

Fleet Captain..... Rick Kuebler
 Fleet Secretary..... Jean Steffenson
 Fleet Champion..... Ken Jensen
 Runner-Up..... Rick Kuebler

Skipper	Boat Name	Boat No.
William F. Quaintance	Second Wind	0
Wesley L. Johnson	Kasara	6033
Patrick J. Goff	Maine-Eac	8520
Charles E. White		10232
Donald L. Johnson	Clam Digger	11456
Perry Hansen		12843
Henry L. Strieder	Moxie	13202
Reed H. Doughty	Warp Drive	13286
Ken Jensen	4x0 Kazoom	13901
Rick Kuebler	Galidreil	13941
Ron Taber	Bodacious	13991
Doug Steffenson	Hot Flash	14015
Michael Steffenson	Hot Flash	14015

A quick reading of the score sheets for our 1995 season (end of May till the end of October) indicates that this has been a pleasant year weather-wise for most every thing but sailing!! Our Mississippi River cooperated and didn't give us any serious flooding but a number of scheduled races weren't sailed because of a lack of wind.

Ken Jensen won both the Summer Series and the Commodore Series before selling his boat and retiring as an active racing skipper. By virtue of those two wins he was declared the 1995 Fleet Champion. We will all miss seeing "4x0 Kazoom" on the race course but know Ken will be monitoring the races closely either from the committee boat or from a shore observation post.

Rick Kuebler was an active participant in the Commodore Series and finished second in that series for the season. Rick also got to do some lake sailing as he traveled to a couple of Midwest District regattas during the season.

We welcomed former crew member Mike Higgins as a new Lightning owner when he bought Dave Jarrin's boat late in the summer. We were happy to have Don Johnson's brand new boat in the fleet and hope that we'll have some wind to give it a good test in the '96 season. We were pleased to add former crew Brandon Holton to our list of new skippers in September when he bought Don Johnson's former boat "Clam Diggers".

Our fleet's Polar Bear Regatta was held in light to moderate winds on September 9-10 with eight boats registered. We enjoyed showing Sheboygan's Ric Larson the finer points of Mississippi River sailing. Mike Steffenson won the regatta - his 10th win since 1969. . . . Jean Steffenson

Mike Steffenson with crew, Ken Jensen and Jean Steffenson

LAC DE NEUCHÂTEL FLEET (169)

Switzerland District

Based on Lac de Neuchâtel at Neuchâtel, Switzerland

Fleet Captain.....Jean-Pierre Monnier
 Fleet Secretary.....Claude Lambelet

Skipper.	Boat Name	Boat No.
Hans Muhlbach	Pinocchio	11859
Bernard Comtesse		12860
Claude Lambelet - Life	Garoupa	12860
Gilbert Despland	Chiloe	13840

During this season three Lightnings from our Fleet 169 left our Lac de Neuchâtel to race the Italian Championship on Lake Trasimeno, situated in the center of Italy. We had, as usual, a wonderful time with our Italian friends, and our fleet finished as follows: 5th-12860, GAROUPA- Jean-Claude Vuithier, Annika Vuithier-Lambelet, Patrick Sandoz; 8th-13840, CHILOE-Gilbert Despland, Claude Lambelet, Jean-Pierre Monnier; 11th-12951, SANTA FIAMMA -Jacques Perret, Jean-Claude DuPasquier, Yvonne Perret.

On October 22 and 23, we organized the Swiss District Championship and the traditionnel REGATE FONDUE. Saturday we were gratified by strong winds and cold weather, three Lightnings capsized. Sunday, the calm came with the sun and two races were sailed. Here are the results:

1	13790	Urs Wyler, Dürr, Dürr
2	12860	J.P. Monnier, Glauser, Inversin, Lambelet
3	14530	Jacques Perret, Perret, Robert
4	13692	Hanspeter Schmid, Baumgartner, Baumgartner
5	14664	Peter Graf, Graf, Knopfler
6	12951	Christoph Lüthy, Hecker, Steiner
7	13840	Gilbert Despland, Schneider, Hecker
8	13161	Silvio Merz, Brugger, Briker
9	12572	Panther, Compondu, Paul

Saturday night, the Swiss District met for the annual meeting and some boats decided to go to Marsala to race at the end of the year. At the end of the meeting, we all raced to the restaurant du Cercle de la Voile de Neuchâtel to eat the wonderful "Fondue". . . . Claude Lambelet

SHREVEPORT FLEET (175)
Southern District
Sailing on Cross Lake,
Shreveport, Louisiana

Fleet Captain..... Will Bittick
 Fleet Secretary..... Gay Means
 Fleet Champion..... Will Bittick
 Runner-Up..... Gay Means

Skipper	Boat Name	Boat No.
David McCary	Buglet	0
Larry D. Pledger	Knee Deep II	0
Gay Griffith Means	10987
Charles O. Hardey	Knee Deep	12839
Joseph F. Hunt	Whooppersnapper	13212
Will Bittick	14629

The major event of the season for Fleet 175 was the 48th annual Holiday-In-Dixie Regatta hosted by Shreveport Yacht club. The weather was extremely precarious for this event. After a Friday night hail storm all participants awoke to find very high winds. We are appreciative of all those Lightning sailors who came from out of town to make this regatta a success. We welcome John Marion and Doug Wynne to the Southern District and appreciate all of the contributions that they have made. This regatta was won by Steve Harris of Lake Conroe fleet with Larry Frost III taking second place. Will Bittick, Gay means, and Nathaniel Means represented Fleet 175. This regatta is traditionally sailed on the last weekend of April which is normally a time of turbulent weather for our part of the country.

Will Bittick with crew of Chris LaBorde and Josie McCulaugh sailed in the GYA Lightning Regatta at Ponchartrain Yacht Club on September 9 and 10, 1995. This regatta was won by John Marion of Pontchartrain Yacht Club in Mandeville, Louisiana. The regatta was originally to be sailed in July at Pass Christian, but weather did not permit. We welcome David and Christine Wasner as new member of our fleet. We have races every Sunday afternoon except during the summertime when we race on Wednesday evenings.

We are very saddened about the death of John Waskom III, former commodore of the Texas District and a longtime member of Corinthian Sailing Club, on White Rock Lake in Dallas, Texas, and one who was a constant promoter of Fleet 35 in Dallas as well as one who helped to encourage Texas sailors to attend the Holiday-In-Dixie Regatta at our club. We will not forget all of the good times that we had over the years with him and his family. We extend sympathy to John Waskom IV. . . . Gay Means

CONNEAUT LAKE YACHT CLUB (180)
Lake Erie District
Sailing on Conneaut Lake, Pennsylvania

Fleet Captain..... Ken Pote
 Fleet Secretary..... Carole Waldschmidt
 Fleet Champion..... Skip Ragghianti
 Runner-Up..... Chad Waldschmidt

Skipper.	Boat Name	Boat No.
Dr. Stan Gurney	0
Chad Waldschmidt	11563
Charles S. Good	Hied Aweigh II	11747
Kenneth Pote	Windwalker	13372
Lawrence Levine	13506
Edward J. Benevent	13602
R. Duane Good, M.D.	Hied Aweigh III	13711
Robert C. Asmus	13899
Michael Mercatoris	In Between	14041
Ronald Ragghianti	Cool Breeze	14146

The Conneaut Lake Yacht Club's 1995 racing season was a mixture of tradition and change. Our traditional spring banquet, hosted by Commodore Chad Waldschmidt, had to be changed to a new location because the old Conneaut Lake Hotel and Amusement Park did not open for financial reasons. The traditional two-series race schedule was kept - but with a new scoring system. We combined the old stand-by regular skippers with two new members - Corey Altabet and later in the season Art Ketcham. Even the fleet's newest boat was purchased by - you guessed it - the oldest member.

Over the course of the season we had thirteen different boats entered in races. While the wind gods were not as kind to us as last year, we did manage to sail 15 of 24 scheduled races in the Championship Series and 9 of 12 in the Holiday Series. The "dog days of summer" held true in August as the lake had many windless weekends. However, as most sailors are an enterprising lot, our fleet soon discovered that a keg of beer and a few pontoon boats can make even drifters fun.

This year we adopted the "High Point Percentage Scoring System" which was highlighted in an article by Dick Rose in Sailing World magazine. Although Skip Ragghianti claimed he

could never figure out this new system, it didn't prevent him from winning the Championship Series. Chad Waldschmidt ran away with the Holiday Series, winning all but one race. Third place finishers were Ed Benevent in the Championship Series and Mike Mercatoris in the Holiday Series.

Our season ended with the annual Labor Day Picnic and Awards Presentation. In addition to the traditional trophies, several skippers were "roasted" with special recognition including the Upside-Down Trophy, Sideways Spinnaker and Wrong-Way Corrigan Awards (all to Fleet Champion Skip Ragghianti), the Sandbagger Award (Corey Altabet), the Most Unusual Starting Sequence Award (Doc Good) and the Perseverance Award for the most consecutive years of asking his wife for a new Lightning and not getting one (Chad Waldschmidt) - maybe next year Chad. Of special note was that R. Duane "Doc" Good, at 81, took possession of his new Lightning #14711. He still has #13711 and reportedly has asked to reserve #15711 when that number becomes available!

For 1996 the Conneaut Lake Yacht Club plans to expand its Learn to Sail program by adding one or two adult sessions. We want to not only promote more sailing awareness on our home waters, but hope to also gain new Lightning skippers and crew members. . . . Ken Pote

Tryg Jacobson	Christiana	14390

Fleet 187, sailing out of Sheboygan, WI on the waters of Lake Michigan, had an exciting year of growth and learning. After last year's participation average of four boats on race night, Fleet Captain Dan Reichelsdorfer decided we needed to get going early. Our first fleet meeting was held in March, with the major topic of discussion being how to get more boats on the line for our Lightning races. Besides having fourteen boat

owners show up (an increase of three boats over last year), some good discussions on how to encourage Lightning sailing took place. It was decided that moving the races from Wednesday night, which was big boat night, would be the best way. And boy, did it pay off! We had an average of nine and as many as twelve boats on the start line every Monday night! Our Yacht Club even accommodated us by opening the bar,

With some new boats and owners, and the wily veterans, we had some exciting and fun racing. We raced from Memorial Day until well past Labor day, with the help of Rich Reichelsdorfer, Tara the Chocolate Lab and Jake the Golden Retriever running our races. Our Fleet Champion was Ric Larson, with Dan Reichelsdorfer as Runner-up.

Fleet 187 sailors also did some traveling. Some words of advice from both Dan and Ric are "remember to check and grease your bearings." Dan Reichelsdorfer and crew Michou Braun and Peter Orlebeke started the season off with a 2nd place finish in the Lighthouse at Fond Du Lac. Ric Larson and crew consisting of son Eric, and Audrey Matteson also traveled to Fond Du Lac. The Fleet 187 group was rounded out by Hans and Chris Graf with crew Ray. Next was the Evans with Ric Larson and crew, Eric and Dino Cady, winning the event. Dan Reichelsdorfer and crew were third.

Our District Championships were hosted by Chicago this year. The event was hard sailed, and won by Mike Huffman and crew from Chicago. Dan Reichelsdorfer and crew were in hot pursuit, but ended up 2nd. Ric Larson and crew sailed to a 4th. Unfortunately, none of us could make it to the P&T due to the Chicago-Mac race. That will change next year with the 50th P&T happening over the weekend after the fourth of July. Fleet 187 then hosted the annual Brotz Regatta in Sheboygan. We had a couple of visitors from Lake Carlyle come to sail due to their tough year at home with flooding. Thanks to Lal and Matt Burrige for coming up to sail. Winning the event was Paul Wurtzbech and crew. Matt Burrige was second with Ric Larson 3rd. We had a number of Sheboygan sailors participating.

Next was the North Americans in Henderson Harbor, NY. A blown bearing later, Dan and crew arrived to sail to a Runner-up in the President's Cup. Ric and crew ended up 10th in the President's flight. Both crews thank Henderson Harbor for putting on such a great event.

Ric and crew traveled to Davenport, IA, for the Polar Bear. They sailed on the mighty Mississippi to a 2nd place. On the way home, his bearing went.

Congrats to Ric Larson for winning the Great Lakes Championship for our Fleet! . . . Dan Reichelsdorfer

This past year saw quite a few changes: several boats were bought and sold within the fleet, new members signed up - a warm welcome to Derek Bateman, Chris Doolittle, Jim Feeley, and Dan Newton, and a few new crew members arrived on the scene as well - Miranda Lily Poltorak, born on February 22 and Dana Michelle Zimmer, born on April 11 .

Our sailing calendar was chock full of races last year with some very impressive turnouts at many of the events. The first major regatta was the SOYA Midwinters held in February. Now one would expect some nasty, somewhat cold weather this time of year, but actually just the opposite occurred. We had one of our famous "Santa Ana's" come rolling through which creates some surprisingly strange weather conditions. The part of the course nearest the windward mark remains with a westerly onshore breeze, but somewhere between the windward and leeward marks, the hot easterly breezes from the desert mix with the onshore breezes and wreak havoc. You know when this happens because all of a sudden you feel a very, VERY warm air puff hit you in the face which feels kind of like an oven door

being opened in front of you, nevertheless resulting in some picture perfect spinnaker takedowns and sets ... not !!

We participated in the Cancer Cup for the first time this year. The best part of this regatta is not the sailing, but the after-race party that your entry fee entitles you to. The party is catered by a great mix of very popular local restaurants who put together a huge selection of tasty food samples. It is a very good idea that this is an AFTER sailing event instead of pre-sailing event due to the extra ballast.

The District Championship Regatta was held up at King Harbor Yacht Club this year and it was a delight to enjoy this venue once again. The most notable event of the weekend was when Mike Brewer snapped his mast in two when assembling his boat on Saturday morning. But alas, Mike found an alternate to borrow and quickly got it up in time to still make it to the start on time. And congratulations went to Al Poindexter for his first win in this event.

We traveled north up to Lake Cachuma to race in the beautifully pristine and peaceful lake near Santa Barbara. To add to the fun this year, several members went up one day early and spent the day at Magic Mountain theme park. It was a perfect day to go since the summer tourists had just left and the kids were back in school. As a result we were able to ride "Batman the Ride" 4 times with very little wait. Another highlight to this trip was the campfire on Saturday night. Andrea, Mike Poltorak's crew, put on a show for everyone as she showed us all how to REALLY pop jiffypop popcorn on the campfire. We also enjoyed a round of good old "s'mores". . . . Mark Zimmer

Fleet 204 continues its activities as a small but growing fleet. The members discovered quite a lot of interest in Lightning sailing in the Holland, Michigan area, which meant a ready supply of willing crew for match racing action. We experienced some excellent racing during our our invitational regatta on July 8 and 9, and plan to hold this regatta again next season. . . . Marv Hoekstra

The 1995 sailing season was characterized as being family friendly. Special efforts were made to include one pot-luck picnic per month after the Sunday races during the summer months. This was done to include the shore bound spouses with children in the day's events. We also scheduled non-race weekends for family maintenance. These non-race weekends coincided with the scheduled regattas within the Ohio District. This allowed the skippers who could not travel to the regattas to concentrate on the "Honey Do Lists" and keep the home life on track. Sunday races typically consisted of back to back races to ensure that we got our fill of sailing for the day.

Two of our skippers were active in the district regattas, David Gall and James Stone. Both skippers took their boats and skills

to the NA's where they were fully challenged and gained valuable experiences to share with the home fleet.

The season sailing honors were spread out among five of the six skippers who actively raced. David Gall captured first in the Spring, Summer and Championship along with a second in the Commodore's series. Dave Huber won the Commodore's and was unable to compete in the other series of races. Stephen Jolly brought home a second in the Summer and a third in the Commodore's series. Michael Partridge, breaking a long dry spell, captured thirds in both the Spring and Championship series. James Stone, being edged out by Gall, brought home second in the Spring and Championship series and a Third in the Summer series.

The sailing season was capped off with the Awards banquet in November. Michael Partridge was elected Fleet Captain and Stephen Jolly moved to Fleet Secretary for 1996. . . . Steve Jolly

"Wednesday Night at the Races" on Saginaw Bay was quite exciting with Fleet #216 completing 37 races during the "Dissette Series" from May to September. Although storms and bad weather kept us on shore most of June, we were able to get in some great racing throughout the summer in a variety of conditions.

The top positions were quite close during the season. First place honors once- again found John McCree in this familiar position. John, by the way, won the Michigan District Championship this year at Crescent Sailing Club. Second place by only four points was Joe Dissette who celebrated his fiftieth year on Lightnings and his 33rd Lightning. Way to go Joe!! By just another five points was Matt Prining who took third place. Matt also performed so well he also won the "Most Improved" trophy for the fleet. Fourth and fifth went to Chris Jacobson and Bob Hafford respectfully. Chris Jacobson also excelled by winning the coveted "Clamsso Capsize Award" for a most spectacular dunking of the "stick" !

A great honor was bestowed upon Joe Dissette this year, as he was chosen by the Michigan District to receive the "Doc Gilbert Spirit Award" in recognition of Joe's sportsmanship, dedication, and promotion of the Lightning Class!

The fleet once again held an invitational regatta on Saginaw Bay in June. We had 16 boats from all over the state. The conditions were favorable with a variety of wind and open water waves. The top place finisher this year was Dan Norton, he was followed closely by our own Colin Park who took second. The third place finish was awarded to Jim Davis with John McCree nipping at his stem in fourth. Awards and prizes were given out to a most satisfied crowd.

For the second year our fleet held a fun race entitled the "Hooters Cup" in downtown Bay City. We did this to promote sailing, one-design racing, and just to have fun! To add even more excitement this year we invited the local "110" racing fleet to join us. We ended up with seven Lightnings and three 110's. It was somewhat fluky air since we were surrounded by buildings. An encounter with the police was uneventful when they questioned whether we were racing without a permit?? Quick talking and clever answers by Robin McCree and George Peet (our race committee) avoided problems. The tow back to the club turned out to be quite a ride for an hour of water fights and other various activities. Terry Hart's boat had six inches of water in his boat when he reached the dock!

1995 was another memorable one with all the friendship, competition, and pure fun a Lightning fleet should provide. Saginaw Bay is a great place to sail!!! . . . Terry Hart

Bay City Regatta - June 1995

Our year began with much expectations and excitement, for we were to be host for the '95 North Americans. The logistical challenges to house 100 boats and their crews on Club grounds that won't fit that many boats - much less vehicles - was only the beginning of our problem solving search. But our Fleet can do anything - we've always been able to stand up tall and do the job right, and the week's events spoke for themselves. The organization, attitude and genuine sincerity were all in abundance. Well done, Fleet 225!

Our own sailing season was quite full as usual: we welcomed Rob Stanley to our sailing silliness - he and Colleen Carr sailed aboard Griss's boat for the season; the Boxberger boat took on Craig Thayer and Dave Poorman - along with little Box, of course; Big Box ended up commandeering Duflo's boat and introduced a constant variety of different crews throughout the season; Jack took up the challenge of making a pro-crew of Barb Richmond; poor Jerry didn't seem to ever have any crew; Irwin didn't sail as much - but did sail; and the Treadwells just rotated the family roster as crew - some volunteers, some shanghaied.

Our results were: **Apple Blossom**: 1.Jack Jones 2.John Boxberger 3.John Treadwell; **Spring Series**: 1.John Treadwell 2.Jack Jones 3.John Boxberger; **Barnes Memorial**: 1.John Treadwell 2.Dick Grissinger 3.JoAnn Jones; **Pickslay**: 1.Jack Jones 2.Tom Boxberger; **Commodore's Cup**: 1.Charlie Wardwell 2.Jack Jones 3.Tom Boxberger; **Sunday Series**: 1.Jack Jones 2.John Treadwell 3.Dick Grissinger 4.John Boxberger 5.Tom Boxberger; **Thursday Series**: 1.Tom Boxberger 2.John Boxberger 3. Canaan Leonard 4.Len Montague 5.Chris Fisher; **Stoney Island**: 1.John Treadwell 2.Jack Jones 3.John Boxberger; **Fall Series**: 1.John Treadwell 2.John Boxberger 3.Tom Boxberger; **Frostbite**: 1.John Treadwell 2.Jack Jones 3.John Boxberger; **May Robinson Memorial**: 1.John Treadwell 2.Jack Jones 3.John Boxberger 4.Dick Grissinger 5.Tom Boxberger.

Other things: Jones and Boxberger qualified for the NA's at the Districts. Jack continues to be our circuit rep - he goes everywhere - the Commodore's Cup was our NA practice for the race committee - blew hard - Charlie Wardwell won this the hard way because he was the "sacrifice" to be called over early - and still came back to win the two race event. Stoney Island had lots of entertainment as Hunt and Barb took the plunge to get the sacred rock - Hunt was a hero in this one. We hosted a One-Day District Junior/Women's/Masters - exemplary performances go to JoAnn Jones - 2nd in Women's, John Boxberger, Scott Matarese and Allison Stevens - 2nd in Juniors, and Jack Jones - 2nd in Masters and 3rd Overall. Most improved has to go to Little Box - sailed really well the second half of the season and all fall - is beginning to be a problem.

That's all - see ya next year!

Proving once again that Lightning Fleet 226 is not only alive and well, but growing by leaps and bounds, is the receipt of the Steketee Trophy from ILCA, representing the greatest increase in fleet size for 1995. This is largely as a result of our perennially enthusiastic Fleet Admiral, Fay Regan, setting the example for all fleet members to quickly adopt new boat owners and crew recruits. New members are warmly welcomed into the fleet and quickly come on-line with their own brand of excitement. No one is ever a stranger in our fleet.

Looking For Love? That's the title of our newsletter section listing all boats available for sale. This popular column serves as matchmaker for current owners looking to move up and

Biscayne Bay Sailors Enjoy Their 18th Annual Holiday Party!

prospective owners wishing to join. Many "marriages made in heaven" occurred this year as a result of this newsletter feature.

Miles Broderick, purchasing 12064, *Honeycomb*, from John Rouse, won his first trophy at the Coral Reef YC Annual Regatta after owning the boat only two months. John brought 14084 from the Tampa area and has already taken her on road trips to Ft. Myers, Tampa and New Orleans. Sam Septembre, an enthusiastic junior, is our newest fleet member, rescuing 10700 and quickly bringing her up to speed as the beautifully restored *Sam I Am*. The newest boat on the bay is skippered by Bud Culbertson and Paula Quigley, who made the switch this year from PHRF and Snipes. Veteran Frank Atkinson sold 14322 to the Colombian team during the Circuit and imported 11754 from the north. Frank also imported some industrial strength ants who simply refuse to leave the *Ant Farm*. Don Bailey purchased 13592, *Lizzie Borden*, from the Coconut Grove Sailing Club at auction and promises to restore her for grandson Brian to sail this year.

More than boat marriages took place. Jon Ewing wed his longtime love, Carol Stout, in June. They combined nautical assets for a very Felliniesque 8-1/2 boats. Cameron Carlin, who is placing racing on the back burner in pursuit of an MBA, married Karen in September. Progress on his boat, 11981, continues and it should be on the line this year with some guest skippers.

Always wishing to cultivate new juniors, fleet growth increased with two births. Eamonn and Heidi deLisser raced most of this year with their fourth crew member, Kelsey, until her arrival in the fall. David and Lisa Brayer gave birth to Olivia this summer, whom David says is named after Carol Ewing's boat...what a Lightning enthusiast!

Race attendance continues at a great pace with 12-15 boats on the line as a regular occurrence. We credit this to our Friday night pre-race parties instituted by Bill Mauk and continued at other fleet members' homes throughout the year. It's an opportunity to trade tuning tips and make crew matchups happen for new skippers. The fleet that parties together stays together either here or on the road.

Road Warriors for the entire Southern Circuit were Bill Mauk and Frank Atkinson, with Frank being Florida's "All Florida Circuit" high scorer. Newest to the travellers is Reid Hutchinson, making several trips to Ft. Myers, recruiting brother Freddie to sail, and trips to Davis Island and Sarasota. He won the Ft Myers Triple Crown event and Sarasota's Labor Day Regatta. Road Warrior Crew Award goes to Kenny Davis who sails with Reid routinely, but can always be recruited for out town trips by Frank.

Our Lightning Blue fleet is coming alive. Phillip Torres has moved back to town and is now sailing with Dad, Onofre. These co-skippers were 1995 Blue Fleet Champs and will be bumped over to Red for next season. Ben Lieberman's team showed up for the most races in this division, missing only three. And we expect David Brayer and Jonathan Katzen will sail more events this year since parenting now seems to be under control...same for Alix and Jeff Shaw. Heather McGonagle missed most of the summer and fall series due to her teaching assignment for Womanship in Annapolis this year.

February brought our second annual appearance and the Miami Boat Show with terrific response to ILCA VP George Andreadis' state of the art Allen boat, loaned to the fleet for the occasion. March saw a wonderful turnout at the Lightning Midwinters, though many competed under duress from an unknown plague. All rose to the occasion for three glorious days of fine sailing in beautiful Miami winter weather. As always, the fleet's steak dinner party was a highlight of the Circuit, thanks to Jon Ewing and crew. In May Bill Mauk and Kevin Burnham jetted to Finland where they placed a very respectable 9th crewing with Peter Hall.

We hosted the Districts in June with a 23 boat turnout. Tampa's Jeff Linton took honors and we hope to get another shot at him when we travel to Ft. Myers for our '96 Districts. Our Chris Young Memorial Regatta was sailing in October with Jeff winning once again, and proudly accepting the award from Chris's brother Knute, who had competed in the first regatta in 1979.

We will miss Al Faraco, a fifteen year Lightning enthusiast who passed away this year. His partner, Judson Owen, will continue to sail along with Al's children, Jonathan and Julie. Al was instrumental in helping; many young sailors enjoy Lightnings and leaves this important legacy to our fleet.

While 1995 was an excellent year for Fleet 226, we always expect that the best is yet to come and look forward to a fantastic year of Lightning sailing.

James E. Staunton	Mangy Moose	14256
Michael N. Kalinich	14368
Robert Cole	Thumper	14416
Tom Buechner III	Glass Maddness	14426

The wind brought some changes in 1995. Perennial Fleet Champion Tom Buechner stepped down as perennial Runner-Up Bob Cole, after nearly thirty years of trying in E-scows and in Lightnings, attained the season championship, with the help of his very understanding wife Marie McKee and daughter Katie McKee-Cole as crew.

Season Runner-Up is Peter Cunningham, with another family affair, crew David Cunningham and extremely understanding wife Kim Georgia-Cunningham. Peter is Fleet Captain for 1995-1996.

Season third place belongs to Tom Buechner and crew Brent Gillette and unbelievably understanding wife Barbara Landon. Tom took third in the annual Keuka Champagne Regatta and attained a position in the first fleet at the Henderson Harbor North American Regatta.

The fleet is growing and new members Don Tylor and Pierce Johnson made respectable showings. Don won the June series. Pierce continually improved throughout the season. We bid a fond farewell to Paul Jueschke as he relocates, with his boat, to North Carolina.

The 1996 Keuka Champagne Regatta is scheduled for June 29-30. Please consider visiting us in the New York Finger Lakes for some of the finest scenery, hospitality and racing anywhere. . . . Bob Cole

SUSQUEHANNA YACHT CLUB (253)
Dixie District
Sailing on the Susquehanna River
at Long Level, Pennsylvania

Kenneth C. Kuzdro	Sneak Attack	13218
Frederick S. Bush	Double Whammy	13813
Barry L. Dunwoody	That Blue Boat	14313

Fleet 253 had another good year in 1995, sailing and racing on the scenic Susquehanna River, midway between York and Lancaster, Pennsylvania. Fleet members did their bit to promote sailing in April and May by serving for the umpteenth year as instructors for the U.S. Coast Guard Auxiliary's presentation of its Sailing and Seamanship course at our Susquehanna Yacht club. Along with instructing, the skippers take the students out on the river for some hands-on experience at tacking and jibing, plus lots of chit-chat on the joys of sailing in Lightnings.

Then in June our Wednesday night racing began - four or five boats out most nights right up to mid-September, when it gets too dark too early to continue.

In addition, we had mini-regattas on Labor Day and a pair of Saturdays in late September and early October. Barry Dunwoody, Charlie Noble and Star Mikell were the most frequent winners over the season. . . . Fred Bush

BURT LAKE LIGHTNING FLEET (254)
Michigan District
Sailing on Burt Lake
Cheboygan County, Michigan

Fleet Captain..... Bob Garlinghouse
 Fleet Secretary..... Ann Swayze
 Fleet Champion..... Guy Cheney
 Runner-Up..... Clark Swayze

Skipper	Boat Name	Boat No.
Clark E. Swayze	11078
Grant O. Cheney	Test Of Time	11642
John Beery	13909
Gary Street	13969

The summer of 1995 welcomed Stu Cheney's "new" boat to the fleet. Skipped by his son Guy, the Cheney boat was in command from the beginning, in spite of some close racing. In the end Guy actually found himself tied in total points with the defending fleet champion, his Uncle Clark Swayze. A glance at head to head competition, however, clearly showed the youth in the family to be the new champion.

Fleet 254 was active throughout the summer with our usual races and parties and the annual awards picnic. The 4th of July Sunfish Regatta was a popular event for the 3rd year---although Eric Swayze once again flew in from California to take the hon-

ors. In June the fleet sponsored a mini-version of "Sail Expo". Boat dealers and the public were invited to an in-the-water small sailboat show. Some of the newest "speed sailboats" were on hand and everyone got involved in talk of the latest in sails, gizmos and other dreams of upgrading to victory. Sea trials and in-water demos were available to all. We were delighted to increase our club membership by several families as a result of this event! . . . Ann Swayze

CLARK'S HILL LIGHTNING FLEET (257)

Richard Mayne	No Excuses	14127
Robert E. Harkrider, Jr.	Boonoonoonoos	14532
Sharon Harkrider	Little Knockers	14593

Editor's note: Last year, in spite of conscientious organizational efforts, three reports were mislaid. I apologize to the districts and fleet. I am including those reports this year because I feel recognition for efforts and achievements are valid any time.

1994: The Clark's Hill fleet had little change in the number of fleet boats, but stayed even with last year with participation on the district circuit. We had two members qualify for the District Traveling Series. Augusta had two boats at the District Championships, making traveling a Fleet goal to work on in 1995.

Only two ASC boats traveled to the North Arrericans at the Boulevard Club in Toronto, Ontario. Bob Harkrider finished sixth in the President's Cup Fleet with Tom Schroder and Judah Rubin as teammates, and Beau Samuelson finished fourth in the Juniors with Jenny Walton and Jamie Ewing. Our fleet hosted the second regatta of the 1994 season, April 16-17, with nineteen boats in attendance. The regatta was sailed with light variable air on Saturday, and nearly as testy air on Sunday.

Sadly, Lightning club sailing was at an all time low this year, but we are looking to 1995 as a building year. However, the Clark's Hill fleet, sailing out of Augusta Sailing Club, is proud of our own Bob Harkrider who is ILCA president for 1995.

1995: The Clark's Hill Fleet had little change in the number of fleet boats, and no fleet sailing. We did have participation on the circuit, and held the second scheduled regatta on the circuit April 29-30. Fifteen boats sailed with Lenny Krawchack of Charleston, SC. taking the win. Bill Sloger was second and a new skipper in the District, Pierce Barden taking third. Bob Harkrider represented the fleet at the Nationals and at the Worlds in Finland.

We have a new boat moving to the area, and expected to join the fleet. Two older but refurbished boats have shown up in the club lot. We are planning to have a Wednesday night series at the club this summer and expect to build on the interest generated. . . . Richard Mayne

To say it was an "unforgettable year" is an understatement for the sailors in Fleet 266 located on Lake Carlyle (50 miles east of St. Louis, Missouri). The year began with good winds and our third annual spring regatta, the Mid-Continent. With Pepsi-Cola on board again as the title sponsor, the turn-out was great as once again the regatta saw an increase in boats. The event was won by our own, returning regatta champion, Dan Moriarty racing Matt Burrige's "lightning fast Carson." This regatta was only the beginning of crowning achievements for this boat; more on this in a minute. Moriarty finished with straight bullets followed by Chicago's Bill Faude, local Gerry Paoli, North Sail's own Brian Hayes and rounding out the top five was CSA sailor Mark Kniepmann.

The word unforgettable was mentioned because the day after the very successful Mid-Continent Regatta ended, it hit! A May and June flood the likes of which Lake Carlyle had never

seen. The good out of this was it gave sailors an opportunity to travel to numerous other regattas. This included a large contingent of boats heading to Memphis for our Districts. The regatta was a one race event won by Matt Burridge with Rick Bernstein and Dan Moriarty running the crew show. This set-up the return of Matt, Rick and Dan to the North Americans where three years earlier in Newport this team came away with a 10th place Blue Fleet finish. In '95, the trio made a HUGE jump into the top five of the Blue Fleet with a 4th place; highlights including winning the first qualifying race and the last race of the North Americans. Congratulations to Matt, Rick and Dan.

In '96 we are welcoming long time Lightning racers, Greg Florian and Denny Heisler to our 26 boat fleet and we look forward to seeing all of you at our spring Mid-Continent Regatta the second week of May. Many surprises are awaiting your arrival. . . . Dan Moriarty

INDIANAPOLIS SAILING CLUB (270)

Indiana District

Sailing on Geist Reservoir at Indianapolis, Indiana

Joseph A. Lassaux	Sundance II	14359
John L. McNay	"MJ"	14508
Walter B. Tinsley, Jr.	Win-Some	14537
Paul Vos	Winsome	14537

The 1995 sailing season was an "all or nothing" affair as far as the weather went. The spring series began with a bang on the last Sunday of April. Out of the gray sky and cold, dreary mist came a short but mean-spirited gale that had skippers and crews fighting to keep their Lightnings upright. Such were the winds that John McNay had the window blown out of his jib!

Fleet 270 hosted the 33rd annual Indiana Open; Burl Harmon Memorial on the following weekend. Twenty-nine teams competed, with boats and crews hailing from as far away as Missouri and Maryland. Wind for the event was light to moderate, and spotty at best.

Windless afternoons and baking heat characterized the bulk of the summer's racing. This, however, did not dampen (but parched a little, perhaps) the competitive spirit. Overall participation in racing increased, along with general performance. Everyone did their best to make life exciting (if not miserable) for perennial fleet champion Joe Lassaux. Contending with the well tuned, faster-than-fast Winsome of Walt Tinsley and Paul Vos was also a major preoccupation of 270's racers. The two "red boats" of the fleet faired well also: Norm Cubellis sailed his way into 3rd in the spring series, just edging out Andrew Harmon in his 1963 woody, Weirdly Manor. Anthony Hayes persisted in his usual form, placing in both spring and fall series. Ken Woods was the only member of Fleet 270 to participate in out of town races, sailing on Gull Lake.

1995 Trophy Winners: (Best 13 of possible 25 Races) Spring Series: 1. Joe Lassaux, 2. Anthony Hayes, 3. Norm Cubellis; Fall Series: 1. Joe Lassaux, 2. Walt Tinsley/Paul Vos, 3. Anthony Hayes; Ken Wood Service Award: Norm Cubellis

In addition to recognizing everyone's first rate sailing in 1995, there now follows a short listing of Fleet 270's less laudable, more laughable moments:

"DAVY JONES' NAVY"

Anthony Hayes.....ran spinnaker under aboat, around center-board,

Andrew Harmon.....ran brand new spinnaker under boat in stallow stump-infested water,

Abby Conover.....overboard in three feet of water, walked to shore,

Anthony Hayes.....capsized in same three of water, made modern sculpture of mud and sparfly,

Andrew Harmon.....capsized on and with dolly (lift at pier) while drying chute (by flying it!)

The members of Lightning Fleet 270 hope to race a couple out of town regattas in 1996, and to see everyone and then some at the Indiana Open. And don't forget the 1996 Districts! . . . Andrew Harmon

John McNay and Steve Hayes presenting the silver trophy to Colin and Karen Park

Always in the silver here, Bruce Goldsmith and crew

In the silver very often now, Jim and Christine Davis and crew.

Fleet 274 sails on "beautiful" Arkabutla, a Corps of Engineers flood control reservoir, where the winds are fine, the water is too thin to walk on and too thick to drink. We generally finish about 85-90% of our many fleet races that are scheduled. But '95 was a terrible year - too hot, even for our Southland, poor turnout, bad attitudes, etc. Visitors complained we didn't run a regatta "right" to suit them - food was cold, beer was hot and good times were not had by all. Didn't sell any boats. Corps of Engineers picked on us all the time and on and on. . . .

Batton Kennon, Jack Shelton and Chris Rice made the trip to the Juniors and NA's, "financed" by Carl Kennon. Yours truly didn't go to the Masters and NA's as I didn't want to run the risk of bringing "shame" on the Class again. But my boat went to the FIRST ANNUAL MACKINAC ISLAND Regatta under the capable care of the younger Bill Baxter, Herbert Cochrane and "Uncle Billy."

We cordially invite you to the 31st Hernando DeSoto Regatta in May and the 12th Cotton Pickin' in September. We have new motels close by and we promise to run the regatta right to suit you, so come on! . . . Crit Currie

The Temple Reef Sailing Club is part of the Central Canadian District, and as such, has a lot of elbow room to sail in, and within which to find other Lightning sailors to sail with. To this end, we have been working to start up fleet Lightning racing elsewhere in the District, and are succeeding! Winnipeg has two Lightnings regularly racing with a third, Gus Campbell, just needing a good nudge. Tim Maenpaa has started things off in Dryden (half way to Winnipeg) with a bang, and now we have Lightnings actively sailing along the north shore of Lake Superior in Red Rock and Rossport.

To bring all of these Lightnings together and really start things humming again, the CANADIAN OPEN CHAMPIONSHIPS will be hosted at AMETHYST HARBOUR IN THUNDER BAY, ON LAKE SUPERIOR the July 1st LONG WEEKEND, 1996. Amethyst had great Lightning activity many years ago, and will be a wonderful place to sail for all area sailors and those who come from further afield.

Reviewing 1995, we see that another successful Thursday night race series was completed with Ross Bailey winning extravagant silverware, more for good attendance than particularly clever sailing. This year we tried Moonlight Cruises once a month with points given for the number of boats in the fleet that night plus the number of crew you had in the boat, all times two. It would be a stretch to say they were cruises, but a few new faces were invited out, which is the whole point.

The Districts in Dryden were a huge success with most of us enjoying ourselves so much that we let Jim Cameron beat us all soundly. Despite quite damp conditions, there was lots of wind and the regatta was a really fun time.

The race from Thunder Bay to Amethyst Harbour (18 miles) was again won by Richard Walsh. It looked as if he would win the race around Caribou Island the next day as well when he picked up a huge advantage in under the cliffs of this unpredictable island. Right at the end though, Richard decided that his crew should relax instead of getting too excited and that he would do the last several back-to-back jibes himself. The last one didn't quite work and Ross Bailey with Nancy and Robin James slid by. However, with no one for Richard to shout at, at least the finish was nice and quiet.

The Loon Lake Regatta was again a high point of the summer thanks to Bob and Melinda Maki and the Walshes. On the water, the Bailey boat with Robin James and Don Shanks was able to pick the shifts for the win, but the hospitality and warmth shown to the sailors by the Loon Lakers makes this regatta a joy to attend, as shown by the increase in numbers each year.

Innes Martin promised the best breakfast anywhere, then proceeded to deliver during the Squaw Bay Regatta. Properly ballasted, we didn't even have to launch our boats as Innes had lined up four Lasers in which we had match races. We all thought that it would come down to Jim Cameron and Paul Martin (if looks were anything,) but Don Willson let slip one more hint that he has indeed sailed once or twice before a year ago, and beat Jimmy in the final. On shore, the spectators cheered lustily, but carefully, lest they spill their drinks.

The Snow Bowl at Surprise Lake wrapped up the season with a bang, as the winds blew hard and shifted huge shifts every 5 or 10 seconds. Mark Sandberg with Kurt Broll and Robin James ran into the trees and fell out of the boat, but such was the topsy-turvy nature of the racing that he was still able to hold off brother Blair in the final.

We've had a wonderful 1995 season and invite everyone to come sail with us at the 1996 CANADIAN OPENS. . . . Ross Bailey

CHEQUESSET LIGHTNING FLEET (280) New England District Sailing on Wellfleet Harbor at Wellfleet, Massachusetts

Eric H. Cutting	Winds Will	14310
Robert Cutting	Cutting Wind	14310

The Wellfleet crew had a crazy lunar schedule this summer, causing weekend tides to run on the early and late side. Of the 18 scheduled fleet racing days, eleven saw harbor starts posted either before 8 am (Ouch!) or after 4 pm. Most weekends we have four boats on the line, of the seven active participants.

In recent years several of our fleet members began actively pursuing the district, regional and national racing events, reducing our regular weekend participation. But, the core racing group still enjoys great competition, conditions (even at 8 am), camaraderie, and trophies.

Traditionally, the Commodore Cup is sailed over the 4th of July weekend. It remains the only Cup weekend in July, since participation is usually better in August. Ed Cutting took the honors this year. The Frazier Memorial Trophy was captured by Christy Jones with a streak of four firsts. And, the Fox Cup went to Eric Cutting. The July and the August Series and Season Championship were won by Christy Jones.

The Cutting Memorial Cup, sailed over Labor Day does bring the troops back to town. Stu Nickerson, Curt Felix, and fleet friend Brian Hughes made it down. In its 26 year history the Cutting Cup has never been won by the Cuttings. Many years the Cuttings have been ahead going into the last day, but equipment failures, capsizing and forces beyond their control have prevented them from winning. This year, going into the last race, the Cuttings needed to beat Curt Felix. The two traded the lead several times in the shifty wind. In the end, Curt beat them out. Congratulations, Curt! But the Cuttings will always have a cheering section on the beach.

The highlight of the season was serving as host to the New England Districts. We attracted 24 boats, with good representation from many fleets. The district opened the competition to non-district participation, and we picked up Chris Vann from Connecticut. On Friday, sailing in one fleet, we ran the Women's, Master's and Junior's races. Christy Jones sailed as the only entry in the Women's, John Hughes took first of four in the Master's, and Sean Carroll took first of four in the Junior's. The weekend winds delivered varying strengths and directions,

making for tricky sailing conditions. Chris Vann captured third, with Brian Hayes and Stuart Nickerson tying for first, with Stu winning the tiebreaker. A good time was had by all, with terrific teamwork from all participants to make launching the boats a breeze.

Wellfleet continues to bring Lightning sailors great sailing. Come sail with us! . . . Christy Jones

Fleet 283 sails on Vancouver Lake in the Portland/Vancouver area at VLSC, a small boat club of about 75 members. Lightnings are the largest fleet in the club. When you're in this area, give us a call. Information about our fleet and club is on the World Wide Web - <http://www.teleport.com/nyojerry/sailing/vlsc.htm>

Our season consists of some Sunday races in the spring and fall, and our Tuesday Night Series from April to September. In addition we hold an annual regatta which is on our Northwest Circuit. Our season champion is Jerry Neuberger, which is determined by counting the best percentage of all club races during the season. Runner-Up was John DeBenedetti with Terry Bussy third.

Our fleet added two new members this year. First, Jerry Kane brought #10794 into the fleet and has been active through the season. Then Dan Martin, with Brad Klein, have returned #12990 to the fleet. They show good promise. We're all looking forward to the next year. Come sail with us! . . . John DeBenedetti

The highlight of our sailing season was the hosting of the 1995 ILCA Women's, Junior's and Master's North American Championships on August 8 - 11. The weather was beautiful, the sailing was great and we introduced a lot of Lightning sailors to a good dose of Vermont hospitality. Although it was not the largest fleet at 48 boats, we did set a record with 27 Masters.

The Class should be proud of such a great turnout. When are you coming back?

The traditional start for our sailing season is on Memorial Day, but heavy winds, cold water and icebergs prevented the RC from setting up the race course. It was also difficult getting into our boats with our skis on. We finally got started the following weekend by hosting the first 1995 NE District regatta. This international event had 22 boats from New England, New York and Canada. With five races sailed, our friends from Montreal, JF Simard and Peter Hall, were 1st and 3rd, with NE boats Stu Nickerson and Don Brush 2nd and 4th.

Our fleet championship was decided over four weekends of racing with Bill Fastiggi, Kurt Kling, Don Brush, Dick Fastiggi and Dave Gorman the top five boats.

At the North Americans in Henderson Harbor, our fleet members finished credibly with Andy Horton 10th and Bill Fastiggi 14th in the blue fleet and Don Brush 3rd in the President's Cup.

We lost two boats in our fleet this year but picked up one: Robert and Lea Ann Smith. They've exhibited strong interest and great spirit by sailing all of our races and even trailing off to some away regattas. Welcome Robert and Lea Ann. . . . Ann Brush

Jeff Pugh	Figment	14110
Kenneth J. Irwin	Adrenalin	14216

1995 was another year of growth for Fleet 303, acquiring several new boats and owners.

The fleet champion for this year was Dick Pugh.

This year, Cowan hosted The Area E Championship for the Sears Cup, Bemis Trophy and Smythe Trophy. Bill Young was the chairperson for the event. Lightnings were this year's boat for the Sears Cup. The Cowan team of Jeff Pugh, Doug Young and Eric Abel placed second. Lightning sailor, Luke Shingledecker won the Smythe Cup in a Laser and placed ninth in the Chicago championship.

During the summer, the fleet sponsored several evening sails and cookouts which were well received.

In October, the fleet hosted the 22nd annual Fall-In Regatta and 22 boats participated. George Nickels from Fenton Lake won, Bill Thomas from North Cape placed second and Dick Pugh from Cowan was third. . . . Ted Hardman

Alfred B. Mast	14651

1995 was a mostly uneventful year; no surprises in the racing results, no capsizes, no collisions, nothing. In fact, there was not much excitement until the season-end Banquet. But more on that later.

The Lightning fleet trophies were spread among four typical names. Tom Hopkins won the Walbert Cup, Al Mast earned the Buss Neff Cup, Jack Gregg took home the Skipper's Cup, and Ted Ganley "came home" for the Commodore's Cup. Also, the annual KPIA Matlack race was won by Tom Hopkins.

The Spring Series finishes were Al, Jack, and Howard Edson respectively. The Summer Bay Race was then sailed with Jim Ganley/Jim Douglass finishing in first followed by Al Mast and Tom Hopkins.

The Fall series saw Ted Ganley (with help from Howard and brother Jim) place first, Al Mast in second, with Walt Pletcher back in the money for third. The Fall Bay Race again saw the usual names with Jack Gregg out in front with Jim Hopkins in second and Ted Ganley placing third.

At the annual Banquet, two highly coveted, yet secretly "scored/earned" presentations are made. The James V. Ganley Fleet Champion Award is always a mystery to the end for two reasons. First, the competition is always so close that the final race of the season has always played a role in the scoring and second, the "scoring committee" simply refuses to publish the scoring equation. Rest assured, the same system is used from one year to the next. Well, this year was exciting in that the extended Ganley clan won top honors. Now we know why the boat is named TENACIOUS. Ted Ganley, Howard Edson, Jim Ganley, Joan Ganley Cole, and Jim Douglass received a well deserved congratulations. We know Doc Jim is proud.

The second annual mystery award, presented by Bob Horne, was just as hotly competed for this year. In fact, nobody wanted to earn it. The Butt Award (made from the butt of one of Doc Walbert's old wood masts) is usually awarded to the skipper/boat/crew that has pulled off the most amazing feat of the summer. With this year being somewhat boring in that regard, Bob surprised everyone by awarding the Butt to the one person who was sure he would never have to look at it all year long, himself! . . . Dave Horne

Timo Lehtinen	6838
Antero Westerlund	Melanie	12479
Ari Kokko	12908
Vesa Purokuru	12918
Vesa Purokuru	13437
Anssi Lilja	13734
Samppa J. Salminen	Kristiina	14364

The season 1995 was one of the most interesting ever in Finland. We had the honour to have both the European and the World Championships here in Finland.

This year we had the Finnish Championships as early as in late May. This means that most of the Finnish lakes were still frozen two weeks before the championships! The regatta was held on the sea just outside the city of Helsinki. Our fleet was represented by FIN-14364 Nikea skippered by Samppa Salminen with crew Tero Kotimäki and Petri Poutamo. All participating boats will remember this regatta because of the very heavy fog. It was, for example, almost impossible to find the starting line as the fog hit the fleet when the boats were sailing to the race course area! After very tight competition Nikea finished 4th.

The next week after midsummer was time for the open European Championships. This regatta was also held in Helsinki. We were lucky to get boats from South and North America to participate to this regatta. This was a good opportunity to practise for the next week World Championships. The sailing weather was excellent with good winds, except one very light day. Samppa took part in this competition with Tero and Kari Mäenpää who is the boat's earlier owner and many times Finnish Champion in our class. Nikea showed very good boat speed in the strong wind conditions and made Fleet 328 history by finishing in 4th place in the Europeans!

The first week of July was time for the 1995 Worlds held in Kuopio. At this time of the summer we normally have very weak winds or wind not at all. The weather should also be very warm. As you can imagine, this time everything was upside down. The wind was blowing so hard that there were over ten boats capsized at the same time! The weather temperature was only little more than 50° F (12°C). Several sailors were forced to buy

warmer sailing clothes due to these unacceptable weather conditions! This time Samppa and Tero had their normal front crew Keijo "Keke" Tulomäki back on the boat. Keke couldn't take part in the earlier Championships because he is now sailing and working for two years in Florida, USA. It was lucky that he could visit Finland and take part in this regatta which was the first World Championship for Samppa, Tero and Keke. Our sailing friends from North and South America showed us the top speed of the Lightning Class with Tito Gonzales as the fastest. Nikea finished in 24th place.

After these great Championships we had still more than half of the sailing season left. For our fleet the most important competition has always been the Lake Päijänne Regatta. This time we had over 160 boats on the starting line. Lightning is the smallest boat which is allowed to compete. The sailing length is 60 miles and was sailed this time from south to north. The sailing weather was excellent: heavy back-side wind so that the Lightnings could plane several miles at one plane. When the wind was too much from the left side so that you couldn't use the spinnaker the Lightnings continued to plane without the spinnakers! Our fleet had three boats in this regatta: Timo Lehtinen with Old Lady, Anssi Lilja with Valko and Samppa with Nikea.. Samppa with his crew Tero and Waltteri Karhusaari was leading the whole regatta when it had been sailed 30 miles. They had the spinnaker up and the boat was on a great plane when the front crew Waltteri's hiking strap was broken! Waltteri dropped to the water and the boat immediately capsized! The boat went totally upside down but the boys righted it quite soon but it "turtled" once more. While they were sitting on the bottom of the boat, Anssi was sailing past. It took about 20 to 30 minutes time to continue the sailing. In the evening the wind velocity lowered all the time almost to the zero. Nikea wasn't able to catch Valko and Anssi showed once again his great sailing skills by winning this wonderful regatta! Afterwards Nikea was disqualified because one motor boat had picked up a floating map from the water and given it back to Nikea..

Our fleet has not been very active in recent years. This summer we had only two races with more than one boat from our fleet. Anssi Lilja was best in both races. Congratulations to Fleet 328 Champions: Anssi and his crew! . . . Samppa Salminen

Samppa Salminen, 14364, seems to have the advantage - Europeans.

Photo: Unto and Anna-Liisa Mäenpää

SEVERN RIVER FLEET (329) Dixie District Sailing on Chesapeake Bay at Annapolis, Maryland

Simeon Cox	14523
Philip Grotheer	Swill Dog	14581
Ronald D. Grotheer	14566

The 1995 season began on Superbowl Sunday, although we spent the day in the warmth of the SSA clubhouse watching the game and planning the coming season. Phil Grotheer served as our fleet captain once again, which seems appropriate considering he would finish the season as our fleet champion. This may lead to more volunteers for this position in the future. The fleet schedule included four weekend regattas this year and a summer series consisting of three single day events.

The No Gas Regatta started our racing season off again this year over the first weekend in May. Unfortunately, high winds forced the cancellation of the first day's racing. After a day of challenging racing in shifting winds on Sunday, Franz Schneider returned to SSA to emerge as the winner. He was followed by Fred Mertes and Phil Grotheer.

The next event at SSA was the Maryland Governor's Cup. Beautiful weather was accompanied by medium breezes and choppy wave conditions to make it challenging racing for the eleven competitors. The racing on Saturday was followed by a fleet cookout and socializing. Phil was unable to race but was kind enough to stop by with food and beer. Ron Grotheer won the final race to edge out Fred Mertes for the title. Eric Coffin won his first trophy since joining the fleet by placing third.

The summer series was scheduled for three individual days in July. Unfortunately, scheduling conflicts forced the cancellation of two of the days. Hot temperatures and light winds dominated the single race day with Phil Grotheer winning 2 of 3 races to finish first, followed by Joe Frieble, Eric Coffin, and Jim Bielefeld.

The Frigid Digit in mid October drew 29 boats from around the east coast for another year of great wind, racing, and socializing. We were glad to see the numbers start to go back up and hope to have even more next year! There was some light rain on Saturday, but the race committee did a nice job of getting in three races. There was plenty of wind both days which led to a few capsizes and breakdowns. Fortunately, a well manned race committee was right there to help those in need of assistance.

The evening included music, dinner, and, as usual, beer. Special thanks to Phil and Jonathan Lange for all their planning efforts. After the final two races on Sunday, Keith Taboada emerged as the champion with finishes of 6,2,2,2,3. Tom Allen Sr. continues to be a dominant force at this event as he was a close second this year with finishes of 7,3,1,6,1. He was followed by Paul Gelenitis, Brian Taboada, and Phil Grotheer. We hope to see everyone back again next summer!

Once more, congratulations to Phil Grotheer who was the fleet champion and who represented our fleet at the nationals again this year. We were sorry to see Simeon and Kathy Coxe sell their boat, but it was good to see Simeon make some guest appearances on Diane Sullivan's boat during the year, and we hope to see them both on the water next summer. Although Eric Olsen is attending graduate school in North Carolina, it was great to see him make the trip back to SSA for racing. Rumor has it that Ron and Sandy are expecting their second child to fill out Ron's future crew and we send best wishes. We look forward to another great year in 1996! . . . Eric Coffin

SQUAM LAKE LIGHTNING FLEET (332) **New England District** **Sailing on Big Squam Lake** **at Holderness, New Hampshire**

Fleet Captain..... Bill Gorwood
Fleet Secretary..... Mark Waks
Fleet Champion..... Chris Whatley
Runner-Up..... John Brunner

Skipper	Boat Name	Boat No.
Robert Ayotte	Super Shuttle	0
A. Daniel Kemp	Mountain Thyme	0
Robert W. & Kay Hanson	7944
Tor Brunvand	Snowy Owl	10212
Dwight Gertz	Jumbo	10555
Martin Riehs	Loonasea	10724
David D. Closson	Go-Mo-Shun II	10732
Wallace E. Ackley	Tashidelek	12509
Jack Russell	12859
Tim Montgomery	Ninja	12886
Mark S. Waks	Sea Stooges	13382
Allan Whatley	"DC"	14033
Christian Whatley	"DC"	14033

Our 1995 season sailed with nine active boats and welcomed in some new skippers. Bob & Kay Hanson finally have their own boat after crewing for Dave Closson, congratulations! John Brunner bought Super Shuttle from Bob Avotte who has now retired as a skipper. He may be coerced into crewing now and then.

The July series had some real fireworks as Christian Whatley blazed around the course to finish first. John Brunner (our 1st year rookie) had good consistent finishes to take second away from Bob Sengstaken who finished third.

We hosted a race around-the-lake which is open to all sailboats using the Portsmouth Handicap System. This year 15 boats consisting of Lightnings, Lasers, Capris, and a Hobie 18s participated in the event. The Hobie 18 sailed by T. Sullivan won with second place going to Lightning sailor Dwight Gertz. All proceeds go to the Loon Preservation Society on Squam Lake.

The August series was no surprise! Christian Whatley continued to sail extremely fast to take honors again. He also made it to several district races and to the North Americans! Great job Christian! John Brunner just beat out Tor Brunvand to take second place by one point!

Our overall standings for the 1995 season for the top five boats were: 1. Christian Whatley, 19 pts.; 2. John Brunner, 31 pts.; 3. Tor Brunvand, 50 pts.; 4. Bob Sengstaken, 51 pts.; 5. Dave Closson, 55 pts.

The annual Squam Lake Lightning Regatta was based out of Marty Riehs Sailing Center once again. We had to launch and keep clear of 65 Bass boats in a tournament. The launching was easy since they were all out by 5:00 am. and retrieving was very well coordinated with no problems. We had 13 boats participate this year including four boats from other fleets. A special thanks to Allan Whatley and Pogo Gorwood for doing an excellent job as race committee getting in five races with no problems! Dick Hallagan, who showed our humble fleet how fast a Lightning can really sail, won the regatta. John Hughes, who visits us every year, took a strong second, with Christian Whatley finishing third. Fourth place was awarded to Tor Brunvand and fifth went to Dwight Gertz. A special thanks to Susan Carpenter who treated our palettes with some of the best prepared gourmet foods around!

Our season party was once again hosted by Jack & Betty Russell where we gave out awards and elected Bob & Kay Hanson as our new Fleet Commodores. We had a great feast with everyone bringing their favorite dishes (and secret recipes) and reminisced about the fun we had this past racing season. It truly is a very special bunch of friends. . . . Mark Waks

BARNEGAT LIGHT YACHT CLUB (335) **Central Atlantic District** **Sailing at Harvey Cedars, New Jersey**

Fleet Captain..... Justin Monnig
Fleet Secretary..... Bill Clarke
Fleet Champion..... John Faus
Runner-Up..... Bill Clarke

Skipper	Boat Name	Boat No.
David P. Kunz	11550
David P. Kunz	12556
John Faus	Ton Of Bricks	13007
David C. Faus	Ton Of Bricks	13007
Rob De Angelis	Snafu	13649
Matt Reiser	13673
John Faus	Rasta Mohican	13876
William S. Clarke	Hot Peppers	14489
David P. Kunz	14650

A total of 23 races was included in the 1995 BLYC Fleet Series. Our 1995 Fleet Captain, John Faus, and his crew of Mac DeTuro and Hal Pote, were successful in winning the series. Bill Clarke and Joe McGinnis took second place with their third crew including both Bill Brown and David Essig. Justin Monnig, sailing his own boat in 1995, was third with Paul Wood fourth. Paul's recent addition of Al Andril as a crew member has been a valuable inclusion. John Demming, Dave Kunz and Nick Iwaskow were only occasional participants. John had his mind on Stephanie, who he will marry in August 1996, and Dave, a few years ahead of John, had his mind on renovations to the house he and Dawn bought. John, Dave and Nick promise to be active participants again in 1996.

On July 7 through 9, BLYC and Fleet 335 hosted the Central Atlantic District Championships. Brian Taboada was the winner and the event has been reported in Flashes. The regatta was a great success with the usual outstanding participation by the membership of BLYC.

John Faus was the key person in motivating the fleet to again host the Pumpkin Bowl in late October. What appeared to

be totally unfavorable sailing conditions suddenly gave way to a beautiful day. A record seven boats participated and the event is sure to be more successful in 1996.

We're looking forward to 1996 with a vigorous new Fleet Captain and look to John Faus to continue to energize the entire Group. John was Fleet Captain for a number of years and has been responsible for the revitalization of the fleet. He continues his diligent efforts to build the fleet. Thanks, John. . . . Bill Clarke

GALWAY LAKE LIGHTNING FLEET (338)

Central New York District Sailing on Galway Lake at Galway, New York

Fleet Captain..... Jim Dickson
Fleet Secretary..... James Millard
Fleet Champion..... Jim Millard
Runner-Up..... Lynn McConchie

Skipper.	Boat Name	Boat No.
John Korkosz	0
Harold B. Hansen	Rocky	7123
James Dickson	12115
Dale H. Brown	12636
Bill Kohler	The Eng_Neer	13251
R. James Millard	Huggie	13655

The 1995 season saw good racing on our little lake without motorboats. Jim Millard was present for only half the races, but hung on to the trophy. Lyn McConchie and Maury Gardner fought it out for second place.

We welcome Bill Kohler to the fleet replacing Dale Brown who spent the summer on R&R.

LAKE GENEVA SAILING CLUB (345)

Midwest District Sailing on Lake Geneva, at Lake Geneva, Wisconsin

Fleet Captain.....Gene Matthews
Fleet Secretary.....Gene Matthews

Skipper.....	Boat Name	Boat No.
Gene Matthews	0
Audrey Matteson	Spike	12822
Jay Matteson	Spike	12822

Vickie Matthews continues to sail Lightning regattas with some good skippers and she can be seen sailing with Bruce Goldsmith here and there every year. She regularly sails Etchells at Belmont Harbor in Chicago.

Jay spent the 1995 sailing season as a sail consultant for Doyle/Stearns, so he sailed at least four days a week on many big boats from the Chicago harbors. He did get *Spike* ready to sail, though, and Audrey took it to the Gull Lake Regatta, crewing with Ken Woods from Indianapolis. They found out all the other things that still have to be done on the boat, but they were among the few that sailed the whole regatta right side up. The usual house party and the Saturday night dinner for all the regatta sailors at David and Karen Watt's home was outstanding. They make any trip to Kalamazoo worthwhile.

Audrey enjoyed traveling to some new states and regattas, making a total of 15 states in 1995, on water touching the four directional borders of the U.S., and spent three weeks in Finland visiting friends and sailing the Europeans and Worlds with Jacques Perret and Thierry Monnier from Switzerland. Then she flew to Switzerland in December for three weeks to

visit and sail the European Midwinters in Marsala, Sicily, with Jacques and Thierry in the new boat, #14530. They had fun and did very well. They very much enjoyed the time spent with Giuseppe Valenti and his family and Gianni and Franca Pellegrino. Also thanks to Giuseppe and his friends for the effort they put forth to have an American flag on the pole with the others. There were four Swiss boats made the trip and afterwards stayed a few days to do some sightseeing together. The return voyage from Palermo to Genoa was thankfully smooth. There was a full moon as they drove from Genoa through the Alps to Neuchâtel/Peseux. It was incredibly beautiful.

(Jacques and Yvonne took me skiing in the Alps on the French border south of Geneva. It was marvelous and beautiful, and an inspiration. I am looking forward to their coming to Montreal for the Worlds in '97.) . . . Audrey Matteson

LIGHTNING FLOTTE MURTENSEE (358)

Switzerland District Sailing on the Lake of Murten in Switzerland

Fleet Captain..... Urs Wyler
Fleet Secretary..... Walter Dürr
Fleet Champion..... Urs Wyler
Runner-Up..... Jacques Perret

Skipper.....	Boat Name	Boat No.
Benjamin Pia-Richter	Old Man	8767
Daniel Fischlin	Damafimo	10899
Roland Baumgartner	Baribor	11108
Jacques Perret		12951
Stefan Scharer	Noa	12952
Hans-Peter Schmid	Milan	13692
Urs Wyler	Meltemi	13790
Jacques Perret	Santa Fiamma	14530
Peter Graf	Karhu	14664

3 Boote den Flotte 358, Meltemi, Santa Fiamma und Karhu bereiteten sich im Frühling mit individuellen Trainings, den Frühlingsregatta am Sempachersee mit 4 startenden Booten und am Coupe Leda am Murtensee mit 3 startenden Booten für den Saisonhöhepunkt in Finnland mit der Europa- und der Weltmeisterschaft vor. Dass mit relativ wenigen Regatten eine gute Vorbereitung für einen so wichtigen Anlass möglich ist, zeigten die 3 Boote deutlich. Mit den Rängen 4, 15 und 20 an der Europameisterschaft und den Rängen 6, 18, und 20 an der Weltmeisterschaft zogen sich die drei Boote sehr gut aus der Affäre. Vor allem den 6 Rang an der Weltmeisterschaft von Meltemi ist das Beste, was von einem Schweizerboot an einer WM erzielte Resultat.

Zum Saisonabschluss segelten 4 Boote unserer Flotte die Distriktmeisterschaft an der Fondue-Regatta in Neuenburg. Am bestbesuchten Anlass des Jahres in der Schweiz mit 9 startenden Booten schnitten die Mitglieder unserer Flotte mit den Rängen 1, 3, 4 und 5 sehr erfolgreich ab. Vor allem das Resultat von Hanspeter Schmid, der mehrere Jahre nicht mehr Lightning segelte, erreichte mit Rang 4 ein erstaunliches Resultat. Gelernt ist gelernt.....Wir hoffen, Milan im kommenden Jahr wieder auf einer Regattabahn der Lightnings begrüßen zu können. . . . Walter Dürr

CATAWBA YACHT CLUB (365) **Southeastern District** **Sailing on Lake Wylie** **Charlotte, North Carolina**

Fleet Secretary..... Tom Smiley

Skipper	Boat Name	Boat No.
Richard Lake Johnson	Sarah	9087
Tom Smiley	10086
William C. Campbell, III	Sassy	11897
Tom Smiley	Why Not?	13838
R. Carr Boyd, Jr.	Buckwheat	14620

The Catawba Yacht Club fleet races on Lake Wylie, the state line between South and North Carolina near Charlotte, during the spring and fall. Each season consists of six Sunday races and one to three races per day.

The race season was very competitive this year. The team of Bob Boyd and Tom Guerrant performed well in the spring season. Tom Smiley and his crew of Grady Burgin and Richard Johnson proved to be such constant competitors that they ended the season on top of the standings.

In the fall season Chip Arnett with his newly refurbished boat began the season very well winning several races. Bill Campbell III returned from a year on sabbatical to give good competition. His daughter Saunders, sailing in Dan Thompson's boat, showed that she knows what is happening on the race course. With a few more seasons of racing she will be another good competitor. Beck Small a newcomer to Lightnings but a very

experienced racer turned in several first place finishes. Even with the stiff competition the crew of Smiley, Burgin and Johnson were consistent performers and finished on top in the fall season.

An open regatta is scheduled for April 13, 1996, the first in many years on Lake Wylie. We are counting on a large turnout and good spring racing conditions. Informal Lightning sailing lessons and recreational sailing will be on Thursday nights during daylight savings time. Residents of the area and visitors are welcome to sail with us at any event, please call Tom Smiley (803-547-7248) for details. . . . Tom Smiley

Spring Race Series Results	Fall Race Series Results

No new information

Skipper.	Boat Name	Boat No.
Barry Sinclair	12245
Robert Bazett	White Shadow	13477
Neil MacGibbon	13511

The 1995 sailing season was rather uneventful with no out of town traveling done by any members of our Lightning fleet - the first time in over twenty years! Efforts for the year concentrated on trying to revive the sagging interest in club racing which had occurred over the past few years. In order to address this situation, we moved our club races from Tuesday evenings to late Sunday mornings as this time of day generally provides us with better wind conditions. In addition to this, a permanent race chairman was established who, by keeping the race courses short, prevented the fleets from getting too spread out, and also enabled several races to be run each day. Although it took awhile, it appears that our efforts have started to pay off with a core group of keen racers developing (including four Lightnings) along with numerous drop-in participants.

Hopefully, during the 1996 sailing season, we can continue to build on the momentum that has begun, increase Lightning participation, and spin-off some out of town traveling once again by our fleet! . . . Bob Bazett

We began our activities in early January with a schedule for the winter season. We had the sponsorship of VISA-FILAN-BANCO and the program was to compete in six championships from January to April, and to have an overall winner for the season. Our winter in Salinas is very warm, so it is the best time for sailing and this year was no exception. We had great competition, friendship and parties, all the ingredients that make this class great. At the end of the season the winner was Juan Carlos Plaza, runner-up was Carlos Luis Lecaro, third was Justus Klemperer.

In March, Juan Santos, Oscar Viteri and Werner Moeller went to the Pan American Games representing Ecuador.

In May we were the host of the District Championship, with participation of our friends of the San Pablo Fleet 447. Here are the results: winner, Juan Santos; runner-up, Juan Carlos Plaza; third, Miguel Plaza, Jr.

During the summer we went to Chongon Dam and had a few more regattas.

In August we went to Colombia for the annual Salinas-Tominé Cup. It was as always a great party, crazy winds, and good competition. The best finishes from our fleet were Carlos Luis Lecaro in fourth and Juan Santos in fifth.

In November the San Pablo fleet was the host of the Federacion Ecuatoriana de Yachting National Championship so we traveled 700 kilometers up to the mountains for this important competition. At the end of this regatta the winner was Juan

Santos, runner-up Carlos Luis Lecaro, and third Lars Dick.

In 1996 we will have again the American Airlines Cup of Champions and we expect that some of our fleet members will go to the South American Championship in Cartagena, and the Junior Worlds. . . . Carlos Lecaro

Jennifer Gandy Eldredge	Some Girls	13870
Kurt Schuler	13953
Scot Anderson	13953
James Alman	Vertical Smile	14428

Sunday race participation has been down for Lightning fleet 435, perhaps due to the fact that a lot of our fleet members are reproducing new Lightning sailors. Also, Steve and Allison Pease thought that Dallas was too boring, so they moved to Vietnam. Jim Alman bought their boat and Doyle Sherman purchased Jim's tried and true boat.

The 1995 sailing season began with the Holiday-in-Dixie Regatta in Shreveport, Scot Anderson with Tom Lamson and Mark Alholm sailed in this windy and cold April regatta. They were a little heavy at 600 plus pounds but still pulled off a third and had a fun time despite the uncomfortable conditions.

Fleet 425 hosted the Spring Dinghyfest Multiclass Regatta on Mother's Day weekend. Some think that the name should be changed to the Mother's Day regatta or the Unappreciative Husband's Regatta. Jim Alman won the regatta with Melissa Kaughman and Paula Gordon. Paula was elbowed in the eye during a quick take down at a leeward mark and like a trooper kept on going - she had a shiner for at least 6 weeks. Steve Harris with Angie Rosen and Steve Savage placed second, Dr. Sylvan Newman, Deanna Newman and Clarke Newman placed third, and Jenny Eldredge, Tom Lamson, and J.R. Greene finished fourth.

Three boats from the fleet participated in the Hernando de Soto Regatta on Lake Arkabutla outside of Memphis on May 20-21. As usual, the conditions were light, extremely fluky and frustrating. Scot Anderson was the top finisher from the fleet with the help of Kurt Schuler who flew in from California to call tactics, David Tschirhart and Jenny Eldredge also sailed in the regatta.

Steve Harris and wife Patty and Billy Bennett won the Texas Districts in June, Jim Alman placed second, Scot Anderson third, and Jenny Eldredge fourth. It was a drifter on Saturday with a blow thanks to a June norther on Sunday.

Jim Alman, Deanna Newman, and Patty Harris went to the NA's and finished 21st in the Blue Fleet - yeah! They led the fleet around most of the marks in one of the races. Light and fluky conditions prevailed - good practice for the NA's in New Orleans.

The Fall Dinghyfest was held at Rush Creek the last weekend of August. This turned out to be a very light air regatta with a lot of position changes. After the first day, Jim Alman was in first place with Pete and Sandy Merrifield on the boat. Jim almost had the regatta wrapped up but had to do turns at the leeward mark on Sunday morning enabling Steve Harris with daughter Michelle and Billy Bennett to pull off a first place in the regatta. Jim Alman and the Merrifields were second, Jenny Eldredge, Tom Lamson and J.R. Greene were third. Clarke Newman with Deanna Newman and Melissa Fisher placed fourth.

Jim Alman sailed in the Commodore's Cup on Lake Conroe the last weekend in September and in the Sugarbowl Regatta in December in New Orleans where he placed 3rd. . . . Jenny Eldredge

FOND DU LAC LIGHTNING FLEET (442) Midwest District Sailing on Lake Winnebago at Fond du Lac, Wisconsin

Fleet Captain..... Gary Zink
Fleet Secretary..... Mike Elmergreen
Fleet Champion..... Mike Elmergreen
Runner-Up..... Gary Zink

Skipper.	Boat Name	Boat No.
Tom Drews	Fan-T-Sea	13280
Sue Dorscheid	Escape	13617
Michael Elmergreen	Escape	13617
Gary Zink	14130

The season started with 15 boats racing in the annual Lighthouse Regatta. Ched Proctor from North Sails came and did his famous on-the-water clinics complete with video taped evidence of the days races. This year's regatta winner was Bill Faude, sailing a borrowed boat from the local fleet. The summer season Tuesday night series was a real drama. Mike Elmergreen/Sue Dorscheid missed the beginning of the season with their trip to Australia. When they returned, they found an E-Scow leading the points with another Lightning in second going into the last race, the Sue/Mike combo had won every race and

Brian Taboada, Bill Faude and Jared Drake - 1st-1995 Lighthouse

and Gary Zink, Regatta Chairman

There really is a beautiful lighthouse right next to the yacht club.

Tony Orlebeke, Dan Reichelsdorfer (s) and Michou Braun - 2nd

was only four points out of first. Sue said that Mike relaxed so well all season, but in the last race he was a nervous wreck. Somehow, the wind held out, and they won the race and the season in a great final race showdown. We hope to see everyone at the Lighthouse Regatta the first weekend in June when the water will be so much softer than it is now. . . . Mike Elmergreen

Mike Huffman (s), Meg Huffman and Bob Petterson - 3rd

Cheree Dillon, Ben Wallace and Adrian Irving (s). Say what?

SAN PABLO FLEET (447) **Ecuador District** **Sailing on Lago San Pablo** **at Quito, Ecuador**

Fleet Captain..... Jaime Martinez

Skipper	Boat Name	Boat No.
Deiter Dyck	0
Ricardo Zeller	12566
Ing. Mauricio Martinez	Pinta Brava	13444
Andres Cardenas	Quicky	14675

The revival of the Lightning in San Pablo has finally taken place!! After years of trying to hide the obvious advantage of having a great boat, we have our activities rolling again. It took a great effort on the part of many members of the Club, a little and a lot of help from Sherry at Nickels and John at Layline, but more than anything, it took a great boat like the Lightning to have sailors fall in love with our lake waters again.

We now have 12 Lightnings in top condition, racing every weekend of our sailing season, which spans from August the 10th one year, to August the 8th the next (hey, we also have to rest a couple of days).

The fleet championship was held in February. Jaime Martinez, wife Patty and Pepe Molestina took top honors followed by Ernesto Martinez, with his wife Amparo and Jose M. Perez crewing. Andres Cardenas, Luis E. Coloma and Santiago Crespo ended up third.

November brought us the chance to hold the National Championship for the first time ever, as we had only held the Districts before. Juan Santos with crew Titi Galleotti and Arturo

Iturralde took first place, followed by Carlos Lecaro, Fernando Perez and Jimmy Pazmino in second; and Lars Dyck, Olaf Dyck and Andy Kroiss in third.

We are looking forward to 1996, 'cause nothing is gonna stop us now! . . . Jaime Martinez

MARSALA LIGHTNING FLEET (449) **Italian District** **Sailing on the Mediterranean Sea** **at Marsala, Sicily, Italy**

Fleet Captain..... Giovanni Pellegrino
Fleet Secretary..... Antonio Marino
Fleet Champion..... Mario Noto
Runner-Up..... Antonio Marino

Antonio Marino	13402
Giuseppe Alagna	13481
Mario Ruggeri	13481
Giuseppe Valenti	M.A.X.	13345
Gianmarco Tramati	13557
Pasquale Vitaggio	13706
Stefano Reina	13706
Roberto Crucitti	14102
Marcello Attina	14361
Mario Noto	14731

During the season our fleet carried out an intense activity. The most important success has been the victory at the Italian Championship on Trasimeno Lake, near Perugia, organized by "CLUB VELICO CASTIGLIONESE", of our Fleet Champion Mario Noto and crew Giuseppe Manzo and Francesco Rossi. The skipper belongs to the club Societa' Canottieri Marsala, and the crew to the local club. In this Italian Championship we have obtained a great affirmation with three crews at the top of the results.

Our fleet has participated also in the European Championship in Helsinki. We took part with two crews, and the crew Mario Noto, Giuseppe Alagna and Mario Alagna has been the leader of the European crews. We took part in the World Championship on Lake Kuopio with four crews, Mario Noto, Buffa Gaspere, Antonio Marino, and Giuseppe Valenti. Only an incredible disqualification in the first race, won by Mario Noto, prevented our skipper from winning a high position in the results.

Our season ended with the Winter Criterium organized by Circolo Velico Marsala on 28-31 December. It was a good regatta, with the participation of four Swiss crews, and the pleasant participation of Vice President Audrey Matteson. Mario Noto won the regatta.

The clubs that help us to do this intense activity are : CIRCOLO VELICO MARSALA and SOCIETA' CANOTTIERI MARSALA. It is important to remember the help of our builders, Giovanni Pellegrino e Antonio de Vita, that allows` our fleet, with their wood boat, to win everywhere. - - - Giuseppe Valenti

Antero Punttila	Maruzella	14535

Once again, another successful and interesting year has come to an end. In regards to Lightning sailing, this past season gave everyone the opportunity to compete at every imaginable level here in Finland. Looking back, it is a joy to realize that the Tuusulanjärvi Lightning Fleet was very active in nearly all regattas. A record ten TP-captains and their crews competed in all the races in 1995. Out of ten possible regattas, our fleet took part in nine and of course our names were at the upper end of the results. Only at the Lake Päijänne sailing competition was there no member from our fleet competing.

The 1995 Lightning season was started with the traditional Lake Tuusulanjärvi "On the Rocks" Regatta on May 13th which

was at the same time the first ranking race. The season closed with the Jyväskylä Autumn Regatta on September 3rd. In the five-regatta ranking series in which 23 boats competed the success of our fleet was as follows: In the top ten positions, our fleet took five positions! Our best was our old hand Leo Korhonen who ranks at number one, and in the third position was our youngest captain Olli Lähteinen.

In District Championships, organized by the Helsinki Merenkävijät, in the top ten positions, we placed in five. Leo Korhonen is 4th time District Champion. His crew included the familiar Hartti Nisonen and Antti Varhema. In third place, Olli Lähteinen cut in with his level but sure performance. Out of our new captains this year, let us mention that Timo Meri placed 6th in his first competition.

In the open European championship races held in Helsinki, our fleet was represented by four boats and the best Finnish boat to place was Leo Korhonen with a respectful 6th place finish leaving behind among others Tito Gonzales.

In a tough and changing world championship competition held in Kuopio our capabilities did not extend as far as we would have liked. The reason for our poor showing was not necessarily that we were bad but because our competitors were better. Our best placing was by Olli Lähteinen with a respectful 16th position, which was, by the way, the second best placing by a Finnish competitor. The rest of us placed below the 20th place.

Lake Tuusula was also host for the annual Big Challenge single handed race. This turned out to be the shortest race of the season since the conditions were just too big of a challenge (10m/s with big gusts). Previous Big Challenge winners Kimmo Aromaa and Antero Punttila with Niko Lappalainen as a new contender. Because of the wind, we knew that sailing in these kinds of condition would not exactly be wise, but since we had come to compete, compete we would. How could we not compete since the prizes donated by Antero had to be won. Luckily for us Antero was ingenious and came up with a brilliant idea: a large hat and paper slips which had positions written on them. Our lucky visitor (Miss World) then drew the slips one at a time. The results of this competition are as follows: Niko won by drawing DSQ, DNF, DSQ. Kimmo took second place with PMS, DSQ, DNC and last place Antero took with DNF, PMS, and PIRATE which counted for 10 bonus points. This competition was quick and results were fair with the attitude that the best man shall win. After this, we had the joy of tasting Marjukka's delicious pies with coffee. I believe that the Punttila family is more than welcome at next year's competition!

This eventful season was brought to an end at the end of August by the headspinning Match Racing regatta, which was held in Helsinki. The prearrangements were interesting when Timo had talked "rockstar" John Winquist into being his helmsman. Peter Graf and his wife Margrit had arrived for the race from Switzerland. All together five boats competed in the two-day race which took place in varying conditions. But in the end, the winner was Marylou with helmsman John Winquist (NJ K), crewmembers Timo Ahomäki (TP) and Riitta Kangas (TP). In second place to everyone's satisfaction were our guests from Switzerland along with Walteri Karhusaari as their other crew. We expect many more boats to compete in this race next year and we hope that we will have more delightful guests from beyond our own borders.

All in all, looking back on this past season, it was very busy but at the same time it was very rewarding. It gave us new experiences, new friends and also showed us that we have a lot of work to do in order to equally compete with the world's best. In any case, I believe that with our many new rewards and also having received much advice from the outside world that we will be better than ever next season! . . . Timo Ahomäki

Rainier Korhonen and Antero Punttila and crews in the Europeans

NORTH FLORIDA LIGHTNING FLEET (461)

Florida District Sailing on Lake Eustis near Orlando, Florida

Fleet Secretary..... Fisk Hayden

Skipper	Boat Name	Boat No.
Michael Tighe	11205
Steve Hayden	Risky Business	13970
Fisk Hayden - Life	13970

For Fleet 461 1995 started off with Steve Hayden's team attending, and winning, the Sugar Bowl Regatta in New Orleans. Fisk Hayden sailed the Florida District Master's Regatta in Miami and finished second. The Hayden team (Steve and Angie Hayden and Barr Batzer) also attended the World Championships in Finland. Steve won the Smither Trophy for the highest finishing first time skipper, by placing 4th overall. Fisk sailed on the Presidential Yacht with President Bob Harkrider steering. The Hayden Team also sailed at the Atlanta Cup in October. There are hopes for more regular regatta attendance by both Haydens in the future. Hope to see everyone on the Southern Circuit! . . . Steve Hayden

Our fleet is the most numerous in Brasil, with a total of 22 of the best fiberglass boats made in Brasil, mostly with Tom Allen technology and molds. Being the biggest, we are not the best organized fleet, but we have the most fun sailing, "rounding the fourth mark," and organizing seminars in Lord Cochrane's at the São Paulo Yacht Club every weekend.

This year we had no problems with the lake level, so we had the State Championship on our waters in November. With very good winds we managed six races in two weekends. The top three were Claudio Bieckarck, followed by Mario Buckup and third was Alex Welter (Olympic Gold Medalist in Tornado Class).

The Districts were held this year in Rio de Janeiro two months before Carnival. This regatta served also as the gualifiers for the PanAmerican Games which were held in Argentina. Our Commodore and fleet member George Rider took second place together with John Jansen and Bernt Bromberg. . . . Jim Sumner

Elizabeth Lombardo	Rocket II	14408

River sailing with strong winds and flat water and some interesting currents.....that's what you're likely to find here on the Caloosahatchee in Ft. Myers. Sailing out of Edison Sailing Center, we are adjacent to several motels and night spots, so there's no need to drive anywhere.....just unhook your boat and settle in. Your support crew can relax on the riverview patio at Shooters, a vantage point from which they can call the starting line nearly as well as the RC itself!

At this writing we're gearing up for our 3rd annual Winterset Regatta in March, which gives us a chance to host visitors from the North. Whether you leave your boat with relatives here in Florida for the winter, or tow it down for Southern Circuit events, we know you'll enjoy your weekend with us. At Winterset you can expect a clinic by one of the class' high profile sailors (most recently it was Ched Proctor, past North American Champion, who was also our regatta winner).

November brings the annual Florida District Triple Crown series to Ft. Myers. We, along with the fleets in Miami and Tampa, enjoy hosting these three regattas all within a five week span. Our Ft. Myers regatta was also this year's Florida District Commodore's Cup event, and was won by Miami's Reid Hutchinson and Pat Cash, with no small contribution from Reid's brother Fred, a Ft. Myers "home boy"!

Cedar Fleet will be hosting the 1996 Florida Districts and, for the first time, we're going out to the famous beaches on the Gulf of Mexico for what will surely be a memorable weekend of resort activity and sailing fun.

Work still continues in the "fleet building" department, and we're proud to have made our contribution to the Florida District's Steketee Trophy this year. Our members are looking forward to a little more traveling in the coming year, and we hope to be represented at the North Americans this summer. . . . Fay Regan

Like Lazarus, Ed Michels arose from the dead out of IBM'S tomb and rejoined the fleet as an actual active member. His ideas and enthusiasm had been sorely missed in 1994. This small miracle provided the spark for renewing our annual early season seminar known as TUSL.

The Tune Up Series for Lightnings was held on our first club race weekend and was directed toward crew development. Each owner tried to find crew who had little experience, initially, they were shown how to rig the boats. Then followed an on land demonstration of crew position and activities such as tacking and trimming the jib and how to raise, jibe, and lower the

Like Lazarus, Ed Michels arose from the dead out of IBM'S tomb and rejoined the fleet as an actual active member. His ideas and enthusiasm had been sorely missed in 1994. This small miracle provided the spark for renewing our annual early season seminar known as TUSL.

The Tune Up Series for Lightnings was held on our first club race weekend and was directed toward crew development. Each owner tried to find crew who had little experience, initially, they were shown how to rig the boats. Then followed an on land demonstration of crew position and activities such as tacking and trimming the jib and how to raise, jibe, and lower the spinnaker. Ed did the talking while three skippers were in the boat on a trailer with sails raised. Two others turned the boat into or away from the wind as needed. Fortunately, the breeze was light but steady enough to show the needed skills. After the races Crew Trophies were awarded based on finishing place of the boats with inexperienced personnel.

All of our sailing skills were needed for the Southeastern District Championship co-hosted by Fleet 481 with Triad Fleet 415. The event was held in May at Oriental, NC, sailed on the Neuse River as it flows into the Pamlico Sound. The wind blew. Many of us had the opportunity to sharpen our capsizing techniques; some of us sailed in and under the water more than on top of it. This had a negative effect on finishing position during the regatta but a very positive effect on boat hardware sales after the regatta.

Our representatives to the North Americans were John Pelosi, with member crew Pat and Martha Terry, and Pierce Barden. They didn't win but they wished they had. Pierce and John also qualified for District trophies this year. All of us attended whatever events we could.

Thirty five boats from the eastern half of the United States participated in the excellent competition and friendly camaraderie that has made the BORDERLINE REGATTA the crowning event of the year. John Pelosi orchestrated the show as Regatta Chairman. Michael Rees recruited the RC and developed the race instructions. Pat Terry was the chef. Doug King fixed the lunches. The wind blew; the RC work was excellent; the Party was great! Ed Michels celebrated his return to racing by finishing 8th in the pewter trophies. Pierce Barden just missed with an 11th. Dave Francis won the Sportsmanship award of the year when he stopped to pick up an overboard crew of another boat when only about fifty yards from the finish-line. One of us had a glorious opportunity to display the capsizing skills developed in the Districts but snapped the mast during the recovery. While the damage was being dolefully surveyed later on shore, Tom Allen walked up and indicated that he just happened to have a spare mast if we wanted to take a look at it. The boat was put back in the water to race again. Tom, who did not finish in the trophies this year due to his own capsizing, nevertheless, got to take home an extra \$880 thus easing his sorrow.

The FIERCE COMPETITOR Trophy Series was introduced to honor the many yeoman sailors who come to the Borderline but might not finish in the pewter. Boat placing is determined using a handicap scoring system favoring the older boat hull number. Trophies were coffee mugs given to skipper and crew emblazoned with the BORDERLINE LOGO and the words "FIERCE COMPETITOR". There seemed to be more interest in these scores than the regular trophies! Indeed, some competitors said that they will bring their older boats next year! . . . Ned Nutt

The River Gods were unhappy again this year. We opened May 6, and closed on the 14th when the floods began! The flood of '95 turned out to be the second worst on record, with water almost in the Club again! As usual we wound up, at the height of the flood, paddling in the river to retrieve the committee boat

**Learn the rules! Avoid protests!
Don't be intimidated!!**

and the hoists. The official racing season finally began August 6, after extensive grounds repair, etc. The good news is that the Club never looked better. The bad news is that we lost the whole spring racing series and half of the summer! The only way any of us sailed before re-opening was through other's fleet invitations.

The annual "Round the Islands" race was held Labor Day rather than July 4 this year. Ten boats of all classes competed but it was the Lightnings that made the race. The course is a figure-eight, somewhat less than ten miles long around Portage and Eagle's Nest Islands in the middle of the Mississippi. It's mostly for fun, but Conaway, Wnorowski, and I sailed it "all out." Rick opened a 1/2 mile lead in the first half but I passed him at the halfway point, only to be passed by Jerry in a lull, who was overtaken by Rick again! At the leeward mark we set our chutes, and were treated to a 360 degree spin under full spinnaker as an eddy from the Portage Power smokestacks caught us! We raced upriver over two miles under spinnakers, slowly grinding Rick down to take line honors by a foot after three hours of sailing! Jerry was third, but a Comet corrected out on PHRF for Overall.

Our Muddy Rudder Lightning Regatta was held September 9 & 10, attracting eleven boats including two from Memphis. Bill Baxter brought along their top rookie from last year, Batton Kennon. Our weather was perfect fall sailing, five races, not too hot, not too windy, and no protests. I confess that the best I could do was to have Bill looking over his shoulder on a reach. That was before the pole went overboard on the jibe! The Sea Scouts provided lunch for all, and the after-race get-together couldn't have been held in better weather. Baxter did his usual number on us and grabbed first! Rick Conaway was second and Jerry Chapman (a Comet sailor!) third. Awards were over by 2:00 pm so that travelers could make it home.

The Valley Sailing Association Governor's Cup' for all classes including catamarans was held Sept. 30 - Oct. 1. Seven VSA Lightnings entered. The weather was typical for this series with winds 15 and gusts to 30 both days. At least it was warm and didn't rain as it has in so many previous years. Sailing was great with some of the best planing conditions I've seen. On one reach the bow wave seemed to be 1-1/2 feet higher than the boat! Fortunately I had been able to pick up good crew from the miscellaneous fleet, who were sitting this one out. The course was long for the most part, averaging, by my estimate, to be between 7 to 9 miles each, in three lap triangles. We raced until almost dark! Jerry Wnorowski had his first-ever capsized, and Fran Renschen and Rick Conaway had an awesome collision with Fran riding clear up and over Rick's boat amidships! Surprisingly little damage was done considering the potential. All of these skippers could be called the comeback kids: Conaway was first, Jerry Wnorowski second, and Fran Renschen third. Five races were sailed with no protests again in the regular fleets!

October's winds made for really great sailing, but we paid the price. St. Louis weather turned unusually cold at month's end with early November snow, and ending our season a few weeks early. In all, it was a good season. For the first time in memory, I never saw a red flag, nor was a Lightning protest filed. That is a record! . . . Steve Wyers

Brent W. Benson	11444
Robert Blalock	13720
Gary Bonner	13720
John Williams	Kids' Stuff Too	14431

Fleet racing was conducted on 21 dates at our Lake. This year, we were again joined by our sail club's Buccaneer fleet to get separate starts and sail as a "one design" fleet.

Benson and Williams participated in a number of away regattas with Brent taking a second in President's Cup held on the Potomac. Williams competed in eight local CAD or Metro district regattas to win the "most traveled" award.

The highlight of the season was the CAP-IT-OFF regatta which we finally were able to sail despite two years running of the worst weather of the season. Last year was a complete washout, and this year looked like it was going to be a repeat. But by 1:00 pm things began to brighten and we were able to sail three back-to-back races in air varying from very light to 15 MPH. Conditions included a 180 degree wind shift, challenging our race committee to re-position the marks and start/finish line without missing a "beat". The regatta was part of the CAD/MET series and proved to be the deciding event. Jack Elfman and Dick Hallagan finished one-two and firmly placed Jack in the driver's seat for the Series championship with one regatta left to sail. Fleet 491 wishes once more to thank the sailors who traveled to our lake to participate. The weather channel kept a lot more boats away but we appreciate the eight boats who came and waited out the rain.

We are anxious for the weather to warm and to get back to it next year. We are absolutely, 100%, positively sure that it will not rain on our CAP-IT-OFF Regatta in 1996 and expect at least 20 boats to attend. Check the Flashes for time and date! . . . John Williams

BOW LAKE LIGHTNING FLEET (493) New England District Sailing on Bow Lake, New Hampshire

Robert D. Shapiro	Hour Boat	12876
Edward E. Hinds, III	Naut!	14296

The 1995 sailing season for Fleet 493 on Bow Lake, New Hampshire was a smashing success.

Early in the year we were greatly entertained by the envied Bob Shapiro's exploits on the Southern Circuit. Bob's adventures, so eloquently chronicled in Lightning Flashes were the talk of the fleet.

After an organizational meeting which made plans for the eight race regatta in mid-June, racing got underway on July 9th and continued every weekend through August 26th.

Our weather was generally good with only one Saturday race postponed until Sunday. Most agreed the postponement was a good idea with a tornado warning up on Saturday for the western part of the state.

With winds varying from very light to 10-15 mph, our Lightning sailors were tested with a variety of courses which made the regatta a true challenge.

Ned Hinds was overall winner of the fleet championship with Bob Shapiro second and Mike Lindh third. Third place was mightily contested by Doug Walker and was not decided until the last race which Lindh squeaked out a win in an exciting duel.

Our season ended on Bow Lake with the Bow Lake "One Day" Regatta on September 16. After difficulty setting a course in winds which were 10-15 mph but shifting from Southwest to South to Southeast, the ten boat fleet got off to its first start about an hour late. We ran four races with four different courses in the next four hours. Hotly contested to the very last race a tired but well sailed group talked it over with embellishments and exaggeration at a cocktail hour/supper on the colorful, beautiful shores of Bow Lake. Ken Deyette from Lake Massabesic won the regatta with two firsts and two seconds eaking out a win over Ned Hinds from Bow Lake with a first, two seconds and a third. Nick Mercier from Lake Massabessic was third. We had boats from Newburyport and Massabesic in our ten boat regatta.

Bob Shapiro and Ned Hinds participated in several off lake regattas in the New England District as the season progressed.

We're looking forward to the 1996 season with enthusiasm high and several new members of Fleet 493 ready to join the fun. . . . Ned Hinds

Ned Hinds, 1995 Bow Lake Fleet Champion

Bob Shapiro leads the fleet out to the course.

Don't forget to buy crew memberships!

"There's a Lightning bolt at the end of that rainbow"
 my father said to me.

"A Lightning bolt on the sail of a boat,
 racing on the sea."

"Hmm. No pot of gold? No fame or glory?"
 said I with a little frown.

"Just a tubby old boat - barely keeping afloat,
 just bobbing and drifting around?"

"Tubby old boat?!! Keeping afloat?!! I said 'RACING'!
 Now listen, you jerk.

I've put your name down for the Lightning Canadians;
 you'll finally be put to some work.

You'll be on the RC the first weekend in August.
 PCYC is hosting this year.

So be there at eight. This is going to be great.
 I know you'll just love it, my dear."

So, the fifth of August rolled around
 and I got up at five.

Dad wasn't going for any excuse
 that I managed to contrive.

I reported at the dock at eight
 to Peter (Tony's brother).

We left the dock at nine o'clock
 under (thankfully) nice weather.

Well! Those Lightning sailors sure are keen
 to get out on the course.

Five generals, and round the ends
 I thought could not get worse.

An hour later we got a start
 with three boats premature.

The winds were good, the day was grey,
 and the course was long - yes sir!

We finished four races
 on that first day.

The racers were tired
 but happy, I'd say.

Then on Sunday morning
 a huge storm blew through.

We cancelled the race
 and to the club, we flew.

The rain finally stopped
 and we ran all the races.

Then back to the club
 to calculate places.

First place was Dick Hallagan
 with his crew, Greg and Dave.

And JF Simard
 topped the Canadian wave.

But, wait just a minute.
 Hold on there, you say.

Wasn't there drink
 at the end of the day!?

Yes, on Saturday night there was a small do.
 With a meeting, and speeches.

Yes, and some drinking, too.
 We welcome Dave Wood

as the new president,
 though his speech was cut short
 as on the drinks went.

A big thanks to Pharmaprix-Shoppers

for the free juices and bags,
and to St Ambroise - the beer was good
down to the dregs.
And to Corby's we give
a big thanks for the rum!
And the margarita-tasting
was awfully goood fun.
So, we'll see you all here
for the '97 Worlds.
We wish you all luck
as the next year unfurls.

Lisa Browne (and David Browne, Regatta Chairman)

Michael Carroll	First Strike	14084
Doug Fisher	First Strike	14084

This year was successful in many ways. Dave White, Bill Meyer, and Calvin Horn battled it out in Portsmouth in the 27 race Thursday night series at DIYC with Dave winning his first Club Championship. Our fleet has added several new sailors this year, but the addition of Jeff Linton, three times Sunfish North American Champion, has cast a new level of commitment for the Club and the District. In addition to winning the Florida Districts, he placed in the teens in the Lightning Midwinters, and first in the Florida Triple Crown. Bill Meyer also competed in the Triple Crown, placing 4th overall. Bill Meyer and Dave White competed in the Sarasota Labor Day Regatta finishing 2nd and 3rd respectively. Calvin Horn, in a Lightning for his freshman year, competed at Fort Myers, and the Thanksgiving Regatta at DIYC. He also managed to win a few of the Thursday night Portsmouth races at DIYC, and is a welcome addition to our fleet.

We were pleased to have Colin Park, past NA Champion join us for the Thanksgiving Regatta which he managed to win. It was an exciting regatta in which the first four boats all had a chance to win going into the last race, but the last 100 yards of the last race turned into a drifter, and the fleet was no match for Colin who drifted across the line in first place.

Our Fleet is on the verge of growing. It will only take two or three more to really get us going. . . . Bill Meyer

Steven Harris	Kwitchersniveln	13717

It is hard to look back at the '95 sailing season and remember races, names, conditions, and most importantly who WON.

Instead I would like to just comment on the Conroe Yacht Club: CYC hosts three regattas that the Lightning fleet usually participates in. Those being the *Go Texan Regatta* in February, *Commodore's Cup* in September, and *Toys for Tots* in December.

We are working hard recruiting new crew members, skippers, and youths to join in the racing. We try and split up talent on the boats to encourage learning by both skipper and crew. This also boosts the morale of that person who may never

otherwise win. The atmosphere at the club is in typical "Texas style," low key, relaxed and friendly.

We encourage all our Southern neighbors and even a few of you Northerners to visit us. (Especially in December) The competition may not always be stiff but it's friendly.

We would like to add a "Thank You" to fleets 435 and 35 for participating in our regattas throughout the year. We would also like to thank Ardis Good for her role as District Commodore, this title has been passed on to Steve Harris of Fleet 505. . . . Patty Harris

Billy Bennett, Michelle Harris and Steve Harris (s) '95 Fall Regatta

ORIENT YACHT CLUB (506) Long Island District Sailing on Orient Harbor Orient, New York

Lightning Fleet Captain George Koch called the '95 season, "Terrific." He went on to say that there was ". . . good competition, and days of outstanding sailing."

The fleet counts eleven boats on it's roster, though six were DNC this year (Did Not Compete). The Orient Yacht Club and the fleet hosted the Long Island Districts July 8th. Seven boats from three fleets dueled on Orient Harbor for the right to attend the nationals.

George Koch, sailing MISSY, with crew members Keith Cummings and Ed Caufield, took fifth, fourth and third place finishes which gave them a fourth overall. Bob Hungerford, sailing QUARK, had an excellent view of the event along with his able bodied crew -- John Holzapfel and Bob Dumas.

Race Committee Chairman Bob Mills had near perfect conditions and set three different and intriguing courses that tested the skippers and their crews. Bob's committee, Bill Gillooly, Chris Constant, Aubrey Mayer and Richard Gillooly performed smartly. Aubrey and Richard, both age 9, handled the shapes skillfully. The committee boat was unique - the raft with the clubhouse on it !

Beverages, burgers and dogs were beautifully presented by co-hostesses Barbara Koch and Nancy Hungerford.

At season's end, Fleet 506 standings found George Koch edging out Rachel Sorenson by a mere 1 1/4 points, while Bob Hungerford nosed out John Holzapfel by 2 points. Keen competition!

We're regressing -- two capsizes this year! . . . Bob Hungerford

Editor's Message

The editor has sincerely enjoyed producing the yearbook the last few years and **would like to thank all** the district and fleet commodores, captains, secretaries and dedicated class members who made an effort to send reports, articles, and photos, so that this yearbook could be as complete a book as possible about "a year" in the International Lightning Class Association.

If you read all the reports you will also be enthusiastic and wish you could meet "those members," sail "that regatta," and share some of "that fun" in all corners of the Lightning world.

I'm still convinced that the yearbook could be delivered before the Southern Circuit, but it takes the cooperation of all the districts, fleets and members. This year at the deadline date a list of 20 districts and 100 fleets that had not sent reports was sent to Karen, to whom she sent follow-up letters, in addition to the reminders in the *Flashes*. At the last check, eleven districts and 37 fleets had responded.

Plan ahead - Encourage someone in your fleet to be the "yearbook representative." The district secretary or commodore should check with their fleets. Clarify that now. There should definitely be a district report. In all cases photos help to make pages more interesting and readable.

Plan ahead - What special articles should be included? A "special article committee" is needed to plan those. If they, and the "continental championship articles," as well as any photos from **all** the championships - and the advertising space commitments, were in to the office **by September 1st**, the whole middle section could be done by November 1st when the district and fleet reports start coming in. The front section could be finished in September and the back in January.

Plan ahead - There must be a deadline, a definite, "plan ahead or be left out" deadline. (It has been proven that a "No Report" can be historically significant to your fleet.) All of you would probably have been shocked and disappointed if this "yearbook" had been produced after an adhered-to-deadline. (It would only take one year to wake everyone up.) I'm sorry that I didn't have the intestinal fortitude to do it, and that delivery is so late.

Again, **a sincere thanks to everyone who has helped me over the years.** Good Luck to the next and future editors.

1995 Registry of Lightning Boats

This is boat information which has been computerized to this date. In the future this information will be collated with the general boat number list. If you have specific questions, call the I.L.C.A. office in Worthington, OH, 614-885-0475. You will note that the address of the owner is omitted. This you will find under the alphabetical listing if the owner was an I.L.C.A. member in good standing last year. Fleet affiliation is noted following the owner's name. If the name is followed by a "U", this signifies the owner is unaffiliated.

1	John C. Ryan	U	70	Ruth Ault	450	138	Lost Boat	208	R. H./Eric C. Schneider	U	276	Sold To Unknown Owner

I.L.C.A. ADDRESSING SERVICE

Most of the Fleet and District officers listed in this Year Book held office during the calendar year 1995. Names and addresses of current officers may be obtained from I.L.C.A. Headquarters.

Some of the Members listed in the Active and Associate Members - 1995 Season - have moved since the Registry was prepared. Current addresses may be obtained from I.L.C.A. Headquarters.

We offer addressing service to Fleets, Districts, and Yacht Clubs. We will address labels at 10¢ per name for any District. Additional charge is made for the amount of postage required to mail them to you. Names available are those of Lightning owners who are in good standing for 1995 and 1996.

This service is also available to Lightning builders and sailmakers at 15¢ per name.

Contact I.L.C.A. Headquarters, 808 High Street, Worthington, Ohio 43085, voice 614-885-0475, fax 614-885-4219, E-mail: ilcahq@aol.com, giving sufficient lead time.

LIGHTNING FAST

CHED PROCTOR

BRIAN HAYES

FAST SAILS...GOOD PEOPLE

GREG FISHER

DAVID STARCK

Finish fast as lightning with North Sails' R-2 full radical spinnaker. This durable, easy to trim sail will put you in that special circle of North Sails winners; and the circle grows every season because of North Sails' exhaustive testing and product development.

YOU RACE WITH OUR SAILS, BUT YOU WIN WITH PEOPLE...THE GOOD PEOPLE AT NORTH SAILS.

Ched, Brian, David and Greg are highly competitive champions on the water, but on land, they're cooperative, expert sailors always ready to share their knowledge, experiences and the good times of every event.

North Sails' superior sails can make you a front runner, but a few minutes with our people can make you a winner.
